Re BNSF Line Segment 0018 North of Kearney (STB) Clay County, Missouri

Dear Mr DeBoever

Thank you for submitting information on the above referenced project for our review pursuant to Section 106 of the National Historic Preservation Act (P L 89-665, as amended) and the Advisory Council on Historic Preservation's regulation 36 CFR Part 800, which requires identification and evaluation of cultural resources

We have reviewed the November 2007 report entitled *Cultural Resource Investigations, Phase I Survey, BNSF Line Segment 0018 North of Kearney, Clay County, Missouri* by the Environmental Research Center of Missouri, Inc Based on this review it is evident that a thorough and adequate cultural resources survey has been conducted of the project area We concur with the investigator's recommendation that 23CL418 is not eligible for inclusion in the National Register of Historic Places and that there will be **no historic properties affected**. We have no objection to the initiation of project activities

Please be advised that, should project plans change, information documenting the revisions should be submitted to this office for further review In the event that cultural materials are encountered during project activities, all construction should be halted, and this office notified as soon as possible in order to determine the appropriate course of action

If you have any questions, please write Judith Deel at State Historic Preservation Office, P O Box 176, Jefferson City, Missouri 65102 or call 573/751-7862 Please be sure to include the SHPO Log Number (041-CL-07) on all future correspondence or inquiries relating to this project
