BEFORE THE  
SURFACE TRANSPORTATION BOARD  
AB-303 (SUB-NO. 26X)  
WISCONSIN CENTRAL LTD. --  
NOTICE OF EXEMPTION FOR ABANDONMENT--  
IN ASHLAND COUNTY, WISCONSIN

**CITY OF ASHLAND WISCONSIN  
MOTION TO EXTEND TIME TO  
NEGOTIATE A NOTICE OF INTERIM TRAIL USE**

**BACKGROUND**

On a service date of June 3, 2004, the Surface Transportation Board (STB or Board) served notice that Wisconsin Central LTD (WCL) filed with the Surface Transportation Board a Notice of Exemption pursuant to 49 U.S.C. § 10502 and the Board's regulations at 49 C.F.R. § 1152.50. That Notice of Exemption is for WCL's abandonment of a .48 mile portion of its line of railroad between milepost 435.35 on Ashland's Lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland, Ashland County, WI. The line traverses through United States postal zip code 54806.

On June 8, 2004, the City of Ashland (ASH) signed a Statement of Willingness to Accept Financial Responsibility pursuant to 49 C.F.R. § 1152.29. This statement is for the segment of WCL railroad from milepost 435.35 on Ashland's Lake Superior lakefront, traveling southwest along the lakefront 2,552 feet to a point where it connects with a private spur that used to serve C. Reiss Coal Company, a total of approximately 0.48 miles.

The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on July 1, 2004, allowing the ASH until December 30, 2004, to negotiate a rail banking agreement with WCL.

In a joint petition filed on December 6, 2004, WCL and WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a

NITU under 49 C.F.R. § 1152.29, which was served on December 17, 2004 allowing ASH until June 28, 2005, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on June 16, 2005, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on June 28, 2005 allowing ASH until December 25, 2005, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on December 14, 2005, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on December 20, 2005 allowing ASH until June 23, 2006, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on May 24, 2006, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on June 9, 2006 allowing ASH until December 20, 2006, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on December 6, 2006, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on December 15, 2006 allowing ASH until June 22, 2007, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on May 24, 2007, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on June 15, 2007 allowing ASH until December 15, 2007, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

On June 9, 2008, ASH filed a request for an additional extension of the negotiating period for the right-of-way. The Board granted a 90-day extension until September 10, 2008 by decision dated June 16, 2008.

By decision served September 11, 2008, the Board granted ASH's subsequent request for an additional extension of the negotiating period for 90 days until December 9, 2008. Because of a scheduling error on my part, this request for an extension of 180 days is now submitted.

Negotiations are currently continuing in good faith between ASH and WCL. The parties have secured a memorandum of understanding, and are drafting final sales documents. However, more time is needed to finalize negotiations. WCL is agreeable to an extension of time to continue negotiations under an NITU condition for the rail corridor between milepost 435.35 on Ashland's Lake Superior lakefront, traveling southwest along the lakefront 2,552 feet to a point where it

connects with a private spur that used to serve C. Reiss Coal Company, a total of approximately 0.48 miles in the City of Ashland, in Ashland County.

Since the last extension, a deed for the western portion of the rail segment, from Ellis Avenue west to Vaughn Avenue has been recorded. The eastern portion, from Ellis Avenue east to where 5<sup>th</sup> Avenue East would intersect the rail segment, is still under negotiation in good faith.

On May 8, 2009, WCL advised it would concur with a request for an extension of the negotiating period, and on May 18, 2009, ASH advised Wisconsin DOT to submit such a request due to ongoing negotiations in good faith.

#### **MOTION**

Therefore, ASH moves that the period prescribed to negotiate an interim trail use/rail banking agreement be extended for 180 days for the rail corridor between milepost 435.35 on Ashland's Lake Superior lakefront, traveling southwest along the lakefront 2,552 feet to a point where it connects with a private spur that used to serve C. Reiss Coal Company, a total of approximately 0.48 miles in the City of Ashland, in Ashland County.

Respectfully submitted,
