STB Ex Parte No.586

JAN 11 2002

Petition to The Honorable Surface Transportation Board

Part of
Public Record

Attached is a late filed up-date of my qualifications for placement on a roster of arbitrators described in the September 18, 2001 decision in this matter. I submitted a detailed description of my qualifications in 1997 under your earlier decision in Ex Parte No. 560 served September 2, 1997. I should be on the service list for that proceeding. I received no mailed notice of the instant proceeding, and as a result I am tardy in responding. I request that the attached up-dated description of my arbitration qualifications be accepted for consideration and listing on your register of arbitrators.

Respectfully,

Paul S. Cross
