Dear Mr. Williams:

Enclosed please find a Status Report notifying the Board that YILA and Yakima County have reached (and both signed) an agreement for interim trail use and railbanking in AB 600 (Sub-no. 1X). This moots a pending petition to reopen of Kershaw Sunnyside Ranches (KSR) that although filed in AB 600 (Sub-no. 1X), evidently is intended to reopen the AB 600 proceeding. This also moots KSR's pending petition for review (No. 05-76384) in the U.S. Court of Appeals for the Ninth Circuit involving AB 600. Because the Status Report thus bears in a timely fashion on matters relating to two dockets, we request that it be filed in both. Because it is responsive to KSR's misfiled petition to reopen in AB 600, we do not believe a showing for reopening on our part is necessary for filing the Status Report in that docket. To the extent a showing is required for the purpose of AB 600, the execution of the interim trail use and railbanking agreement is new evidence and a changed circumstance bearing on AB 600.

Thank you for your assistance in this matter.

Very truly

Charles Montange

Town of Naches, and YILA

STATUS REPORT ON RAILBANKING

Yakima County, City of Yakima, Town of Naches, and Yakima Interurban Lines Association (YILA) previously advised this Board that the County had signed a contract providing for acquisition of the Naches Branch (at issue in this proceeding) from YILA, but were awaiting action by YILA. Yakima County further advised that it would inform the Board when and if YILA signed the contract. County, City, Town and YILA are collectively pleased to submit herewith a copy of a contract (Exhibit A) between Yakima County and YILA signed by both parties as of 19 March 2007.

Railbanking Agreement

Under the contract, Yakima County will acquire all assets of YILA, subject to certain contingencies, including (A) the continued effectiveness of the Notice of Interim Trail Use (NITU) previously issued by this Board in AB 600 (Sub-no. 1X), and (B) "no limitation" imposed by STB on alienation of all or portions of the Naches Branch.¹ In this Board's Decision in AB 600 (Sub-no. 1X) served Feb. 17, 2006 at p. 4, ordering ¶6(f), this Board did impose a limitation barring alienation of

¹ See Exhibit A, para. 3.2.

portions of the Branch. That limitation reads as follows:

"YILA shall retain its interest in and take no further steps to alter the historic integrity of all sites and structures on the right-of-way that are eligible for listing or are listed in the National Register of Historic places until completion of the section 106 process..."

Based on Exhibit D to our opposition to reopening filed March 15 in AB 600 (Sub-no. 1X), this limitation should be removed. Since we do not believe any other conditions imposed by the Board in AB 600 (Sub-no. 1X) are limitations, the removal of condition 6(f) will satisfy one of the contingencies in the contract attached hereto as Exhibit A.

The contract attached as Exhibit A constitutes an agreement for purposes of the NITU, which by its terms accordingly now extends indefinitely. The contingencies are specific in nature and do not cause the contract to amount to a mere option, nor do they otherwise rob it of its status as a railbanking agreement.

The fact that Yakima County and YILA have reached an agreement moots the opposition to an extension filed by Kershaw Sunnyside Ranches (KSR) in AB 600 (Sub-no. 1X). However, as previously indicated, YILA and the County nonetheless request that this Board formally extend the NITU period an additional 180 days. This would permit all contingencies in the contract attached as Exhibit A to be worked out, and thus further obviate any claim by KSR that the NITU negotiation period has somehow expired prior to satisfaction or waiver of contingencies.

Entry into this agreement moots KSR's petition to reopen its adverse abandonment application proceeding (AB 600). KSR incorrectly filed that petition in the wrong docket [i.e., in AB 600 (Sub-no. 1X)]. County, et al. have previously indicated numerous grounds to deny the petition, but now that a railbanking agreement has been reached, KSR has simply lost all basis for maintaining an adverse abandonment proceeding. The Naches Branch is now railbanked under 16 U.S.C. § 1247(d). By the terms of the statute, railbanking is intended to preserve intact currently unused rail lines for interim trail and possible future rail purposes. See Preseault v. ICC, 494 U.S. 1 (1990); Dave v. RTC, 79 F.3d 940 (9th Cir. 1996). The gravamen of KSR's argument in AB 600 was and remains that the Naches Branch has not been in use for current rail purposes. Given the application of 16 U.S.C. § 1247(d) to the Naches Branch, that argument is now clearly irrelevant, and there thus is nothing left of KSR's adverse abandonment application against the line. There certainly is no basis to reopen a prior proceeding in that regard.

Application of 16 U.S.C. § 1247(d) also moots KSR's pending petition for judicial review (9th Cir. No. 05-76384, Kershaw Sunnyside Ranches v. STB). It is well-established that STB does not "determine" abandonments but rather grants abandonment authority, and that the agency acts in that regard prospectively only. E.g., Phillips Co. v. Denver & R.G. W. R. Co., 97 F.3d 1375 (10th Cir. 1996), cert. denied, 521 U.S. 1104 (1997).

Thus, even if the Ninth Circuit were to vacate STB's refusal to authorize adverse abandonment and remand the proceeding, the agency does not grant retroactive authority to abandon, and could not authorize adverse abandonment now because the line has been railbanked pursuant to final orders in another proceeding, namely, AB 600 (Sub-no. 1X). Moreover, the 60-day period for judicial review of those final orders insofar as relevant has already expired.

The situation parallels key facts in the agency proceedings underlying Preseault v. ICC, supra. In that case, ICC properly dismissed an adverse abandonment proceeding in light of its decision to railbank a line under 16 U.S.C. § 1247(d) in a subsequently filed "exemption" proceeding.

Conclusion

By this Status Report, YILA and County notify the agency that they have reached an interim trail use and railbanking agreement pursuant to 16 U.S.C. § 1247(d) and this Board's orders in AB 600 (Sub-no. 1X). This moots KSR's pending motion to reopen and, for that matter, KSR's pending petition for review against this agency in the Ninth Circuit in AB 600.

Respectfully submitted,

RECITALS:

A. YILA is the owner of certain real and personal property in Yakima County, Washington, and more particularly described on *Exhibit "A"* attached hereto and hereby incorporated by reference (the "Naches Branch" herein). As a matter of public record, the Naches Branch, or portions thereof, is subject to claims of liens of judgment creditors and other creditors asserting liens.

B. YILA was organized as a nonprofit corporation under the laws of the state of Washington, for the purpose of operating a railroad.

C. In Yakima Interurban Lines Association – Exemption – in Yakima County, STB dkt. AB 600 (Sub-no. 1X), decision served April 5, 2006, the Surface Transportation Board (STB) authorized Yakima County and YILA to negotiate an agreement for the preservation of the Naches Branch pursuant to 16 U.S.C. 1247(d) ("interim trail use" or "railbanking" agreement) providing for continued use as a trail and preservation of the railroad corridor for possible future rail reactivation.

D. Yakima County desires to purchase the Naches Branch pursuant to the referenced authorization from the STB and pursuant to 16 U.S.C. 1247(d), provided the contingencies hereinafter set forth can be satisfied to the satisfaction of Yakima County.

E. The sale by YILA and purchase by the Yakima County of the Naches Branch would be consistent with possible future restoration of rail service on the line, as well as allow interim trail use, or alternatively rail with trail use.

F. YILA desires to transfer the ownership of the Naches Branch to Yakima County pursuant to the referenced STB authorization and pursuant to 16 USC 1247(d), subject to completion or satisfaction of all environmental and historic preservation conditions imposed by STB.

IN CONSIDERATION of the covenants herein contained and for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. **AGREEMENT TO SELL/PURCHASE: DESCRIPTION OF NACHES BRANCH:** Subject to the terms of this Agreement, YILA shall sell to Yakima County, and Yakima County shall purchase from YILA, the Naches Branch. The Naches Branch, is further defined as follows:

“Naches Branch” shall mean the real estate, improvements and property, together with the right to reactivate service (unless, and except to the extent, already required to be transferred by prior agreements), easements, rights of way, privileges and benefits related or appurtenant thereto, more fully described on *Exhibit “A”*. The parties authorize the Closing Agent to correct and conform the description of the Naches Branch to the description as determined by survey, if deemed necessary by Yakima County.

Other than the right to reactivate, which is covered by another agreement, YILA shall also assign to Yakima County, effective on the date of Closing, any and all assignable rights and obligations of YILA that are related to the Naches Branch to the extent such rights and obligations are effective after Closing and are set forth in any agreement identified on *Exhibit “B”* attached hereto. Yakima County shall accept the assignment of all such rights and obligations of YILA, effective on the date of Closing, in accordance with the terms of each applicable agreement and the terms of this Agreement. YILA, and not Yakima County, shall be responsible for performing all of YILA’s duties in assigned agreements which are required to be performed on or before the date of Closing. Yakima County, and not YILA, shall be responsible for performing all assigned duties in assigned agreements which are required to be performed after the date of Closing. BNSF Acquisition, Inc. (“BNSF” herein) has reserved all rights and obligations set forth in any agreement identified in *Exhibit “B”* to the extent those rights or obligations are related to property owned by BNSF or The Burlington Northern and Sante Fe Railway Company (“Railway” herein). Nothing herein shall be construed to modify the prior agreement by which YILA agreed to transfer the right to reactivate rail service to Yakima County. Yakima County shall

comply with environmental and historic preservation conditions imposed by STB in STB dkt. AB 600 (Sub-no. 1X), including post-closing conditions.

2. **PURCHASE PRICE; PAYMENT:** The purchase price for the Naches Branch shall be *Two Hundred Thirty Nine Thousand Dollars (\$239,000.00)* and shall be paid in cash or collected funds at Closing.
3. **CONTINGENCIES:** This Purchase and Sale Agreement is subject to the following conditions being satisfied on or before closing:
 - 3.1 Authorization of grant funds in the amount of One Hundred and Ninety-Two Thousand Dollars (\$192,000.00) from the Washington State Department of Transportation to fund the purchase price.
 - 3.2 Continued effectiveness of the orders in STB dkt. AB 600—(Sub-no. 1X) authorizing YILA to transfer the Naches Branch to Yakima County pursuant to 16 U.S.C. 1247(d) and no limitation imposed by STB which prevents sale or transfer of the Naches Branch or some portion thereof until completion of some condition.
 - 3.3 Satisfaction of all liens, judgments and warrants against YILA and the Naches Branch, as shown by a Plant Information Guarantee. Yakima County is hereby authorized to contact and negotiate with such lien holders for satisfaction of such liens, judgments and warrants, but by doing so is acting solely in the interests of Yakima County and assumes no liability for payment of such obligations. Any agreement to satisfy such obligations shall be subject to the approval of YILA.
 - 3.4 BNSF and Railway, as parties to Agreement for Donation of Certain Assets, Rights and Obligations ("Donation Agreement" herein) between BNSF, Railway and YILA dated February 18, 1999, consenting to this purchase and sale and agreeing to modify and amend the Donation Agreement to the satisfaction of Yakima County in its sole discretion. Yakima County is hereby authorized to contact and negotiate with BNSF and Railway to obtain its consent modify and amend the Donation Agreement, but by doing so is acting solely in the interests of Yakima County and assumes no liability under such Donation Agreement, except as Yakima County may agree in writing. Any agreement to modify and amend the Donation Agreement shall be subject to the approval of YILA.

With the exception of the conditions in subparagraphs 3.1 and 3.2 above, Yakima County, at its option, may waive in whole or in part any of the above conditions.

4. **CONDITION OF TITLE:** The status of YILA's title will be shown in a Plant Information Guarantee. ("Title Report" herein) issued by Valley Title Guarantee, which Title Report will be ordered by Yakima County. Yakima County will pay the cost for such Title Report. Said Title Report shall have attached photocopies of all documents shown as encumbrances to YILA's title. Title shall be free of all encumbrances, conditions or defects, except those approved by Yakima County. Encumbrances, conditions or defects not approved by Yakima County shall be discharged by YILA and paid from YILA's funds at Closing. If YILA is unable to discharge encumbrances, conditions or defects as required by Yakima County in its sole discretion, this Agreement shall terminate and be of no force or effect. Nothing herein shall be construed to require YILA to secure fee title in property in which it originally acquired a lesser interest for purposes of satisfaction of its obligations to Yakima County pursuant to this contract. Nothing herein shall require YILA to transfer the Naches Branch other than by quitclaim deed invoking 16 U.S.C. 1247(d) and STB orders in STB dkt. AB 600 (Sub-no. 1X) authorizing the application of 16 U.S.C. 1247(d) to this transaction.
5. **POSSESSION:** Yakima County shall be granted possession of the Naches Branch at the time of Closing.
