Re. Finance Docket No. 34890, *PYCO Industries, Inc. - Feeder Line Application - South Plains Switching, Ltd. Co*

Dear Ms Quinlan

On February 9, 2008, PYCO Industries, Inc (PYCO) filed a Motion for Enforcement or Clarification and Other Appropriate Relief in the above proceeding

One of the subjects of PYCO's Motion is the switch to Track 310 (Switch 310) which PYCO uses to provide rail service to Attebury Grain and Farmers Compress PYCO has asked for expedited treatment of its Motion on the ground that South Plains Switching, Ltd Co (SAW) is seeking a Temporary Restraining Order (TRO) in a Texas Court to prevent PYCO from using Switch 310

This is to notify the Board and PYCO that SAW is relinquishing its claim that PYCO cannot use Switch 310. SAW will not seek a TRO or take any other legal action seeking to prevent PYCO's use of that Switch. SAW will explain its reasoning in its Reply to PYCO's Motion, which will be filed in due course

SAW's position in regard to Switch 310 negates a need for expedited treatment of PYCO's Motion Pursuant to 49 C F R § 1104 13(a), SAW's Reply to that Motion can be filed within 20 days of the filing of that Motion, or by February 29, 2008. SAW intends to file its Reply to PYCO's Motion on or before that date

Accordingly, the Board is urged to refrain from acting on PYCO's Motion until SAW has had an opportunity to file its Reply and the Board has had an opportunity to consider SAW's Reply

Very truly yours,
