Re: Finance Docket No. 35316, Allied Erecting and Dismantling, Inc.,  
et al. v. Ohio Central Railroad, Inc., et al.

Dear Ms. Brown:

228651

After reviewing the Exhibits to the Opening Statement filed in this matter by Allied Erecting and Dismantling, Inc. and Allied Industrial Development Corporation, Petitioners have determined that Exhibit E, which is an overhead photograph of the "Mahoning Valley Railway Territory - West End", is practically illegible as originally filed. In order to provide the Board with a useful map, Petitioners are supplementing their initial filing by enclosing herewith an original and 10 copies of an oversize version of said Exhibit E. Because this map was previously introduced in litigation, it also bears the legend "Defendant's Exhibit 4-109", which should be disregarded.

A copy of this Supplemental Filing has been served on all parties of record. If you have any questions, please call me at the above number.

Regards,
