VALLEY RAILROAD

Defendants.

Docket No. NOR 42121

228236

**CSX TRANSPORTATION, INC.'S AND TOTAL PETROCHEMICALS, USA, INC.'S
JOINT MOTION FOR EXTENSION OF TIME TO FILE JOINT SUBMISSION OF
OPERATING CHARACTERISTICS.**

Defendant CSX Transportation, Inc. ("CSXT") and Complainant Total Petrochemicals USA, Inc. ("TPI") respectfully request that the Board extend date set by the Procedural Schedule for submission of operating characteristics. The procedural schedule issued by the Board in this case provides for the parties to file a "Joint Submission of Operating Characteristics" on November 17, 2010. *See Decision, Total Petrochemicals, USA, Inc. v. CSX Transportation, Inc.*, STB Docket No. 42121 (served June 23, 2010). TPI has filed a Motion for Leave to File a Second Amended Complaint that is presently awaiting determination by the Board. If the Board grants the Motion, TPI's Second Amended Complaint will result in the elimination of a number of movements from the case, and modification to other movements.

Accordingly, operating characteristics submitted before the Board rules on TPI's Motion to Amend may not be properly tailored to the actual movements at issue in the case. To avoid the need for amended or supplemental operating statistics submissions, the parties hereby move that the Board amend the procedural schedule to provide that the Joint Submission of Operating Characteristics should be due to be filed within 10 days of the Board's determination of TPI's Motion for Leave to Amend its Complaint. This short internal deadline extension should not affect any other deadlines in this case or otherwise modify the Procedural Schedule for the submission of evidence and final briefs in this case.

Respectfully Submitted,

Jeffrey C. Moreno
