

RAILING FEE WAIVED

BEFORE THE
SURFACE TRANSPORTATION BOARD
- AB-303 (SUB-NO. 26X)
WISCONSIN CENTRAL LTD. --
NOTICE OF EXEMPTION FOR ABANDONMENT--
IN ASHLAND COUNTY, WISCONSIN

228273

**CITY OF ASHLAND WISCONSIN
MOTION TO EXTEND TIME TO
NEGOTIATE A NOTICE OF INTERIM TRAIL USE**

BACKGROUND

On a service date of June 3, 2004, the Surface Transportation Board (STB or Board) served notice that Wisconsin Central LTD (WCL) filed with the Surface Transportation Board a Notice of Exemption pursuant to 49 U.S.C. § 10502 and the Board's regulations at 49 C.F.R. § 1152.50. That Notice of Exemption is for WCL's abandonment of a .48 mile portion of its line of railroad between milepost 435.35 on Ashland's Lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland, Ashland County, WI. The line traverses through United States postal zip code 54806.

On June 8, 2004, the City of Ashland (ASH) signed a Statement of Willingness to Accept Financial Responsibility pursuant to 49 C.F.R. § 1152.29. This statement is for the segment of WCL railroad from milepost 435.35 on Ashland's Lake Superior lakefront, traveling southwest along the lakefront 2,552 feet to a point where it connects with a private spur that used to serve C. Reiss Coal Company, a total of approximately 0.48 miles.

The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on July 1, 2004, allowing the ASH until December 30, 2004, to negotiate a rail banking agreement with WCL.

In a joint petition filed on December 6, 2004, WCL and WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on December 17, 2004 allowing ASH until June 28, 2005, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on June 16, 2005, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on June 28, 2005 allowing ASH until December 25, 2005, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on December 14, 2005, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on December 20, 2005 allowing ASH until June 23, 2006, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on May 24, 2006, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on June 9, 2006 allowing ASH until December 20, 2006, to negotiate a rail banking agreement with WCL for the right-of-way between milepost

435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on December 6, 2006, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on December 15, 2006 allowing ASH until June 22, 2007, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

In a petition filed on May 24, 2007, WisDOT for ASH filed a request for an additional 180-day extension of the negotiating period for the right-of-way. The Board issued a NITU under 49 C.F.R. § 1152.29, which was served on June 15, 2007 allowing ASH until December 15, 2007, to negotiate a rail banking agreement with WCL for the right-of-way between milepost 435.35 on Ashland's lakefront and traveling 2,552 feet to a point where it connects to a private spur that used to serve C. Reiss Coal Company in Ashland.

On June 9, 2008, ASH filed a request for an additional extension of the negotiating period for the right-of-way. The Board granted a 90-day extension until September 10, 2008 by decision dated June 16, 2008. By decision served September 11, 2008, the Board granted ASH's subsequent request for an additional extension of the negotiating period for another 90 days until December 9, 2008.

By decision served December 10, 2009, the Board granted ASH's most recent request to extend the negotiating period for 180 days, and did extend the negotiating period until June 2, 2010. ASH and WCL are still engaged in active negotiations for this rail line, and ASH hereby

submits this request that the Board again grant an extension for the NITU negotiating period for 180 days.

Negotiations have continued in good faith between ASH and WCL. Since the parties have secured a memorandum of understanding, they have drafted and executed a purchase sale option. WCL is agreeable to an extension of time to continue negotiations under an NITU condition for the rail corridor between milepost 435.35 on Ashland's Lake Superior lakefront, traveling southwest along the lakefront 2,552 feet to a point where it connects with a private spur that used to serve C. Reiss Coal Company, a total of approximately 0.48 miles in the City of Ashland, in Ashland County.

A deed for the western portion of the rail segment, from Ellis Avenue west to Vaughn Avenue had been recorded. The negotiations are still affected by the Superfund clean-up costs and findings by the United States Environmental Protection Agency, (EPA). The City still wants to acquire the property, and the Railroad is actively negotiating to sell it.

The EPA issued a Record of Decision on the clean-up of the Superfund site on September 30, 2010, which begins the process of identifying Responsible Parties for the clean-up. EPA believes that "special notice letters" will be issued within 120 days from issuance of the Record of Decision, which will allow the RP's to negotiate a settlement. ASH continues to actively engage in the environmental process, and continues to negotiate in good faith with WCL for the property.

On November 18, 2010, ASH asked Wisconsin DOT to submit a request to extend the negotiating period due to ongoing negotiations in good faith.

MOTION

Therefore, ASH moves that the period prescribed to negotiate an interim trail use/rail banking agreement be extended for 180 days for the rail corridor between milepost 435.35 on Ashland's Lake Superior lakefront, traveling southwest along the lakefront 2,552 feet to a point where it connects with a private spur that used to serve C. Reiss Coal Company, a total of approximately 0.48 miles in the City of Ashland, in Ashland County.

Respectfully submitted,

Kathleen Chung
