inspection results and recommended repairs. See Read Fay Verified Statement annexed hereto as Exhibit Payne 4.

18. GNP on 26 August 2010 received a quotation for the scope of work required from RAILWORKS Track Systems, a nationally recognized rail contactor who currently performs work for Sound Transit and other regional railways in the Seattle Area. The estimated labor and material cost of the immediate repairs to restore the lines on the Redmond Spur to excepted service is [REDACTED] and could be accomplished in one month. The incremental cost of improving the line from excepted track status to Class 1 standard would be [REDACTED] and could be accomplished with a further month's work. See RAILWORKS Track System labor quotation, annexed hereto as Exhibit Payne 5. See Harmer Steel Product tie quotation, annexed hereto as Exhibit Payne 6.

19. There are no currently identified bridge repairs required on the Redmond Spur which are necessary or requisite for the reestablishment of freight traffic on the Redmond Spur.

20. GNP would support inclusion in any railroad operating agreement terms requiring the reactivation of the trail use should GNP fail to consummate or terminate rail service on any portion of the Lines.

21. GNP currently works with WSDOT, Snohomish County PUD, the City of Woodinville and the Port of Seattle, all of which are state or local agencies. GNP enjoys cooperative and efficient working relationships with them and is likewise prepared to work with Sound Transit, King County, and Redmond
