**AFFIDAVIT OF CLAIM FOR
MECHANIC'S AND MATERIALMAN'S LIEN**

STATE OF TEXAS §
 §
COUNTY OF TARRANT §

Before me, the undersigned authority, on this day personally appeared Joe Poe, who upon oath did state, swear and affirm that the following is within his personal knowledge and is true and correct:

1. My name is Joe Poe. I am the President and Director of EnviroCleanse Operating, LLC ("Claimant"). The facts set forth herein are true and correct, and I am competent and authorized to make this affidavit. This affidavit is made on behalf of Claimant to perfect a security interest in the form of a mechanic's and materialman's lien against certain railcars pursuant to Article 16, Section 37 of the Texas Constitution and 49 U.S.C. Section 11301.

2. On December 19, 2014, Claimant entered into a Railcar Cleaning Agreement with Vitol Inc. ("Debtor"). A fully executed copy of the Railcar Cleaning Agreement is attached hereto as Exhibit A and incorporated herein for all purposes (the "Contract"). The parties to the Contract are the Claimant and Debtor. Debtor is the entity by whom Claimant was employed or to whom Claimant furnished the labor and materials.

3. Pursuant to the Contract, Claimant provided labor and materials for the purpose of cleaning certain rail cars containing crude oil residue, checking gaskets and valves, and disposing of certain designated waste material. The labor and services were provided to Debtor in Bexar County, Texas and are specifically described in the invoices attached hereto and incorporated herein by reference as Exhibit B.

4. Claimant has an unpaid claim in the amount of One Hundred Forty-Five Thousand, Three Hundred Forty-Five and No/100 Dollars (\$145,345.00). That claim remains unpaid and is due and owing to Claimant under the Contract with Debtor.

5. The claim is, within my personal knowledge, just and true, the same is due and unpaid, and all just and lawful offsets, payments, and credits have been allowed. The claim is for labor and materials furnished as described herein.

6. Claimant claims a security interest in the form of a mechanic's and materialman's lien against the leasehold interest on sixty-one (61) railcars to the extent the leasehold exists. The sixty-one (61) railcars are listed in Exhibit C and incorporated herein for all purposes and secure payment of Claimant's claim in accordance with Article 16, Section 37 of the Texas Constitution and 49 U.S.C. Section 11301.

7. The name and last known address of owner or reputed owner of the railcars are listed in Exhibit C.

Further affiant saith not.

RAILCAR CLEANING AGREEMENT

THIS AGREEMENT entered into as of this 19th day of December, 2014, by and between EnviroCleanse Operating, LLC, a Limited liability company with offices located at 6451 Camp Bowie Blvd., Fort Worth, TX 76116 (hereinafter called "Contractor"), and Vitol Inc., a Delaware corporation with offices located at 1100 Louisiana St, Suite 5500, Houston, TX 77002 (hereinafter called "Client"), for the purpose of cleaning railcars containing crude oil residue and disposing of certain designated waste material.

ARTICLE I - DELIVERY OF RAILCARS

Contractor agrees that it will accept and the Client agrees that it will deliver, pursuant to the terms of this Agreement, to Contractor, crude oil railcars to be cleaned as generally described in the December 19, 2014, Contractor proposal to Client as attached hereto and incorporated for all purposes as "Exhibit A". Notwithstanding anything to the contrary contained herein, Client shall not be obligated to deliver any minimum quantity of railcars to Contractor.

ARTICLE II - TITLE

Title to the waste material associated with the railcars shall remain with the Client until such time that the railcars are delivered to and accepted by Contractor at the designated facility described in Exhibit A or otherwise agreed to by the parties, at which time custody of the railcars and title to the waste material shall pass from the Client to Contractor.

ARTICLE III - FACILITY, SERVICES AND EQUIPMENT

Contractor will provide all services and equipment necessary for cleaning the railcars and arranging and transporting the waste material to the facility designated and selected by Contractor in its sole discretion (the "Services"). Contractor represents and warrants that any facility it selects for disposition of the waste material shall have all federal, state and local permits required to perform the work contracted for by Contractor. Contractor will pay all costs associated with disposal directly to the designated facility.

Contractor shall comply with all applicable federal, state and local laws, rules, regulations and permits in conducting the Services; provided that such compliance shall in no way relieve Contractor of any responsibility or liability created by the Agreement.

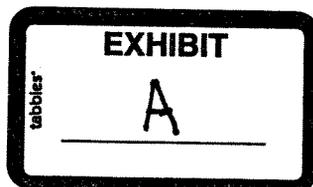

Contractor shall deliver the waste material only to the facility and shall do so in a careful, workmanlike and lawful manner and in a manner which will not create a risk of harm to public health or the environment.

ARTICLE IV - CLEANING RATES

The rate for the Services is set forth in Exhibit A.

ARTICLE V - INDEPENDENT CONTRACTOR

The Services herein provided for shall be performed and furnished by Contractor as an independent contractor and under the sole supervision, management, direction and control of Contractor in

A handwritten signature in black ink, consisting of a stylized, cursive script.

accordance with the terms and conditions of this Agreement.

ARTICLE VI - STANDARD OF CARE; WARRANTY

Contractor shall perform Services in an expeditious and economical manner consistent with the best interests of Client. Contractor warrants that Services shall be performed in a good and workmanlike manner in accordance with the highest professional standards, and in compliance with the specifications and requirements set forth in this Agreement or any Services request. Contractor warrants that the equipment furnished under the terms and conditions of this Agreement will conform to Contractor's published specifications and be in good working order. Contractor may, from time to time, sub-contract all or part of the actual work being performed on railcars.

ARTICLE VII - ASSIGNMENT

Contractor may neither assign nor subcontract this Agreement except to Contractor's parents, subsidiaries, affiliates and/or successors at any time without prior written notice to Client. Client may assign this Agreement at any time upon written notice to the Contractor.

ARTICLE VIII - PAYMENT

Client agrees to pay Contractor's invoice within thirty (30) days after date of service.

ARTICLE IX - INDEMNITY

(a.) Indemnification by Client.

Client agrees to indemnify, save harmless, and defend Contractor, its employees, agents and affiliates from and against any and all claims, causes of action, suits, penalties, losses, damages, injuries, judgments, costs, expenses and other liabilities of any kind (including, without limitation, costs of defense, settlement and reasonable attorney, consultant or other professional fees and the reasonable costs of investigation, containment and cleanup and any remedial actions required by law, whether currently in effect or enacted in the future), which any or all of them may suffer or incur as a result of: (i) Client's breach of any representation, warranty, term or provision of this Agreement; or (ii) the negligence, intentional misconduct or violation of any law by Client, its employees, agents, or subcontractors in the performance of this Agreement

(b.) Indemnification by Contractor.

Contractor agrees to indemnify, save harmless, and defend Client, its employees, agents and affiliates from and against any and all claims, causes of action, suits, penalties, losses, damages, injuries, judgments, costs, expenses and other liabilities of any kind (including, without limitation, costs of defense, settlement and reasonable attorney, consultant or other professional fees and the reasonable costs of investigation, containment and cleanup and any remedial actions required by law, whether currently in effect or enacted in the future) which any or all of them may suffer or incur as a result of: (i) Contractor's breach of any representation, warranty, term or provision of this Agreement; or (ii) the negligence, intentional misconduct or violation of any law by Contractor, its employees, agents, or subcontractors in the performance of this Agreement.

ARTICLE X - [INTENTIONALLY BLANK]

ARTICLE XI - TERMINATION

Either party shall have the right to terminate this Agreement if the other party is in breach, becomes insolvent, makes an assignment for the benefit of creditors, has a bankruptcy petition filed by or against it (and such petition is not dismissed within sixty (60) days of filing) or has an environmental order filed against it by a court or regulatory agency which has the effect of rendering it unable to perform pursuant to this Agreement. If either party elects to terminate this Agreement, Contractor shall, nevertheless, remain responsible for and properly process the waste material already in its possession in accordance with all applicable laws and Client shall pay all unpaid invoices due and payable.

ARTICLE XII - NOTICES

All notices hereunder shall be given in writing and addressed to the party at its address shown above.

ARTICLE XIII - TERM AND SURVIVAL -

Except as otherwise provided herein, the initial term of this Agreement shall be for a period of 12 months from the day and year first above written and shall be renewed on a month to month basis thereafter. Either party shall have the right to terminate this Agreement after the initial twelve month term or the end of any renewal period, with or without cause, upon thirty (30) days' prior written notice to the other. Notice shall be sent using Certified Mail to the addresses listed in this agreement. The terms and provisions of Articles II, and IX shall survive the termination of this Agreement.

ARTICLE XIV - AMENDMENT

This Agreement may be amended from time to time only by an instrument in writing signed by the parties to this Agreement.

ARTICLE XV - ENTIRE AGREEMENT

This Agreement constitutes the entire understanding between the parties, and cancels and supersedes all prior negotiations, understandings and agreements, oral or written. In the event of a conflict between the terms encompassed in Exhibit A and in this Agreement, the terms of Exhibit A shall govern.

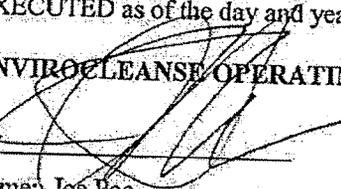

ARTICLE XVI - GOVERNING LAW

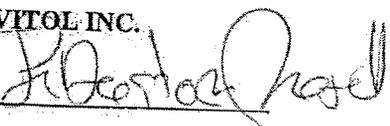

This Agreement shall be construed according to, and the obligations of the parties hereunder governed by the law of the State of Texas.

EXECUTED as of the day and year first above written.

Re: EnviroCleanse Operating, LLC
Crude Oil Rail Car Cleaning

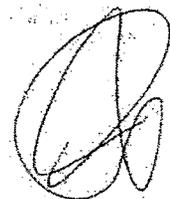

Mr. Guerrero,

EnviroCleanse Operating, LLC is pleased to provide this proposal for the cleaning of rail cars impacted with residual crude oil and its associated sludge.

The following proposal includes a brief description of our approach to the work, a pricing schedule, a section of terms and conditions, and an acceptance form for you to complete and return. If you have any questions about the proposal or would like to discuss our approach to the work or our qualifications to complete the project in a timely, professional, and efficient manner, please do not hesitate to contact me. We appreciate the opportunity to submit a bid for this work.

Our approach to the work will be as follows:

- When applicable, mobilization and demobilization charges will apply depending on project, from Minden, Louisiana.
- EnviroCleanse Operating employees will have received specialized training in Confined Space Entry and Rescue.
- EnviroCleanse Operating, LLC will mobilize an air mover when required, steam heated pressure washer, supplied air trailer and the necessary crew needed to complete project.
- Each tank will be entered under supplied air due to low oxygen and the presence of benzene, in order to remove the solids from within each rail car (estimated two barrels of solids per car). Once solids have been removed, a rinse of the residual crude oil will be conducted under air. The air quality within the vessel will be monitored, and if deemed acceptable, the final washout will be conducted without supplied air.
- EnviroCleanse Operating, LLC estimates that it can clean 4-5 rail cars per day depending on railcar condition and/or inclement weather.

- Additionally, EnviroCleanse Operating LLC will provide for the removal of liquid waste from the site. The waste will be transported under appropriate manifest to an approved disposal facility.

Pricing Schedule:

> EnviroCleanse Operating, LLC Standard cleaning rate per car\$	2,350.00	
> Excess waste over 2 barrels per car\$	95.00	per barrel
> Labor charges for any hours worked over two hours per car\$	95.00	per hour

Prices quoted above exclude any railroad charges such as switching or storage fees.

Terms and Conditions:

- The pricing above is strictly an estimate to be used for budgetary purposes. Rates plus any applicable taxes or fees. Please provide your tax exemption certificate if applicable.
- Pricing schedule is based on a 10 hour working day. EnviroCleanse Operating, LLC assumes that solids within each car will average approx. two barrels.
- If excessive solids are discovered in a car, additional charges as noted above for excess waste and excess labor may apply.
- Any additional analytical testing requested by the disposal facility or any other state or federal agency will be invoiced at cost plus 20%.
- If at any time during the project it is deemed that the scope of work has changed, work will be ceased until a change order/price estimate is approved and signed.
- Payment for services rendered to be made within 30 days from invoice date.
- Proposal pricing is valid for 30 days from the date of this proposal.

Formatted Table

This proposal shall be incorporated into and part of the Railcar Cleaning Contract entered into by the parties as of the date hereof.

If you have any questions about our approach to the work or our qualifications to complete the project in a prompt, professional manner, please do not hesitate to contact myself. Upon your approval, please complete the attached acceptance form, authorizing approval of the proposal. Please identify

the P.O. number used for this project, and return the signed proposal for processing and scheduling.
Once again, EnviroCleanse Operating appreciates the opportunity to provide our services to Vitol.

Regards,

Joe Poe
