B. N. Trust No. 3

AGREEMENT AND ASSIGNMENT dated as of April 1, 1971, by and between Burlington Equipment Company, an Illinois corporation (the "Manufacturer") and Wells Fargo Bank, N.A., acting as Agent and Assignee under Finance Agreement dated as of April 1, 1971 (the "Finance Agreement") said Bank as so acting being hereinafter called the "Assignee".

WHEREAS, the Manufacturer, D. E. Mundell and Ben Maushardt, not in their individual capacities but solely as Trustees (the "Trustee-Vendee") under a Trust Agreement dated as of April 1, 1971 (the "Trust Agreement"), UNITED STATES LEASING INTERNATIONAL, INC., a California corporation, as Agent for the Trustee-Vendee (the "Agent"), and BURLINGTON NORTHERN INC., a Delaware corporation (the "Guarantor"), have entered into a Conditional Sale Agreement dated as of April 1, 1971 (the "Conditional Sale Agreement"), covering the construction, sale and delivery on the conditions therein set forth, by the Manufacturer and the purchase by the Trustee-Vendee of the railroad equipment described in the Schedules to the Conditional Sale Agreement (the "Equipment") and including the unconditional guaranty by the Guarantor of all the obligations of the Trustee-Vendee under the Conditional Sale Agreement.

NOW, THEREFORE, THIS AGREEMENT AND ASSIGNMENT (the "Assignment"),

W I T N E S S E T H:

That, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by the Assignee to the Manufacturer, the receipt of which is hereby acknowledged as well as of the mutual covenants herein contained:

Section 1. The Manufacturer hereby assigns, transfers, and sets over unto the Assignee, its successors and assigns:

(a) All the right, title and interest of the Manufacturer in and to each unit of the Equipment to be built by it when and as delivered and accepted and upon payment by the Assignee to the Manufacturer of the amount required to be paid under Section 5 hereof with respect thereto;

(b) All the right, title and interest of the Manufacturer in and to the Conditional Sale Agreement (except the right to construct and deliver the Equipment and the right to receive the payments specified in subparagraph (a) of Section 3.3 thereof and in Section 13.7 thereof and

reimbursement for taxes paid or incurred by the Manufacturer and the right to indemnity from the Guarantor as provided in Sections 11.1 and 12 thereof), and in and to any and all amounts which may be or become due or owing to the Manufacturer under the Conditional Sale Agreement on account of the indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Trustee-Vendee or the Guarantor under the Conditional Sale Agreement, other than those hereinabove excluded; and

(c) Except as limited above in subparagraph (b) hereof, all the Manufacturer's rights, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse, however, against the Manufacturer for or on account of the failure of the Trustee-Vendee or the Guarantor to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Manufacturer to deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its warranties and agreements contained in Sections 11.3, 12 and 13.5 (with respect to marking) of the Conditional Sale Agreement or relieve the Trustee-Vendee or the Guarantor from their respective obligations to the Manufacturer under Sections 2, 11, 12 and 13 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Section 13.5 of the Conditional Sale Agreement, all obligations of the Manufacturer to the Trustee-Vendee with respect to the Equipment to be built by it shall be and remain enforceable by the Trustee-Vendee, its successors and assigns, against and only against the Manufacturer. In furtherance of the foregoing assignment and transfer, the manufacturer hereby authorizes and empowers the Assignee in the Assignee's own name, or in the name of the Assignee's nominee, or in the name of and as attorney, hereby irrevocably constituted, for the Manufacturer, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Trustee-Vendee and the Guarantor with the terms and agreements on their parts to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

Section 2. The Manufacturer covenants and agrees that it will construct and deliver the Equipment to the Trustee-Vendee in accordance with the provisions of the Conditional Sale Agreement; and that, notwithstanding this Assignment, it will perform and fully comply with each and all of the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by the Manufacturer. The Manufacturer further covenants and agrees that it will warrant to the Assignee and the Trustee-Vendee that at the time of delivery of each unit of the Equipment to be built by it to the Trustee-Vendee under the Conditional Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and the title to such unit was free of all claims, liens and encumbrances of any nature except only the rights of the Trustee-Vendee under the Conditional Sale Agreement and the rights of the Guarantor under the Lease (as defined in the Conditional Sale Agreement); and the Manufacturer further covenants and agrees that it will defend the title to such unit built by it against the demands of all persons whomsoever based on claims originating prior to said delivery of such unit by the Manufacturer to the Trustee-Vendee; all subject, however, to be the provisions of the Conditional Sale Agreement and the rights of the Trustee-Vendee thereunder and the Guarantor under the Lease.

The Manufacturer covenants and agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any installment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, the Manufacturer will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, set-off, counterclaim or recoupment whatsoever of the Trustee-Vendee arising out of a breach by the Manufacturer of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or under Sections 11 and 12 of the Conditional Sale Agreement, or by reason of any defense, set-off, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Trustee-Vendee or the Guarantor by the Manufacturer. Any and all such obligations shall be and remain enforceable by the Trustee-Vendee or the Guarantor against and only against the Manufacturer and shall not be enforceable against the Assignee or any party or parties in whom title to the Equipment or any unit thereof or any of the rights of the Manufacturer under the Conditional Sale Agreement shall vest by reason of this Assignment or of successive assignments. The Assignee will give notice to the Manufacturer of any suit, proceeding or action by the Assignee herein described.

Except in cases of designs specified by the Trustee-Vendee or the Guarantor and not developed or purported to be developed by the Manufacturer, and articles and materials specified or furnished by the Trustee-Vendee or the Guarantor and not manufactured by the Manufacturer, the Manufacturer agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, demands, costs, charges and expenses, including reasonable royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the Equipment, or any unit thereof, of any design, article or material infringing or claimed to infringe on any patent or other right.

The Manufacturer agrees that any amount payable to it by the Trustee-Vendee or the Guarantor, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien or charge on any units of the Equipment.

Section 3. The Manufacturer will cause to be plainly, distinctly, permanently and conspicuously marked on each side of each unit of the Equipment, at the time of delivery thereof to the Trustee-Vendee, in letters not less than one-half inch in height, the following legend:

"Leased through United States Leasing International, Inc., as Agent for Trustee-Vendee, and subject to a Security Interest recorded with the I.C.C."

Section 4.
