Dated as of April 1, 1972

among

BETHLEHEM STEEL CORPORATION

THE BANK OF NEW YORK

and

CANADIAN NATIONAL RAILWAY COMPANY

Covering 43 70-ton 89'4" Flush Deck Flat Cars

MANUFACTURING AGREEMENT dated as of April 1, 1972, among Bethlehem Steel Corporation, a Delaware corporation, named in Item 1 of Schedule I hereto (hereinafter called the Manufacturer), THE BANK OF NEW YORK, a New York corporation (hereinafter called the Company) and CANADIAN NATIONAL RAILWAY COMPANY, a corporation under the laws of Canada (hereinafter called the Lessee).

WHEREAS the Manufacturer agrees to construct, sell and deliver to the Company and the Company agrees to purchase the units of new, standard gauge railroad equipment described in Schedule II attached hereto (hereinafter called the Equipment); and

WHEREAS in consideration of the execution and delivery of this Agreement, the purchase agreements or purchase orders, if any, heretofore executed between the Lessee, the Manufacturer or others covering the Equipment are hereby canceled in so far as they relate to the Equipment; and

WHEREAS the Company proposes to enter into an Equipment Trust Agreement dated as of the date hereof (hereinafter called the Equipment Trust Agreement) with First Security Bank of Utah, N.A., as Trustee (hereinafter called the Trustee); and

WHEREAS it is contemplated that, pursuant to the Equipment Trust Agreement, there will be paid by the Trustee and the Company to the Manufacturer on one or more Closing Dates (as hereinafter defined) the Purchase Price (as hereinafter defined) of all the Equipment; and

WHEREAS the Company, as lessor, is executing a lease of the Equipment dated as of the date hereof to the Lessee in substantially the form annexed to the Equipment Trust Agreement as Annex B (hereinafter called the Lease) and the Lessee has joined in this Agreement for the purpose of making certain agreements as hereinafter set forth.

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreement hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Construction and Sale. Subject to the terms and conditions hereinafter set forth, the Manufacturer will construct the Equipment at its plant set forth in Schedule II hereto and will sell and deliver the Equipment as hereinbelow provided and the Company will pay or cause the Trustee to pay to the Manufacturer the Purchase Price of the Equipment, each unit of which will be constructed in accordance with the specifications referred to in Schedule II hereto and in accordance with such modifications thereof

as may have been agreed upon in writing by the Manufacturer and the Lessee (which specifications and modifications, if any, are hereinafter called the Specifications) and will, at or before delivery thereof to the Lessee pursuant to Article 2 hereof, have the following ownership markings stencilled on each side thereof in a conspicuous place in letters not less than three-eighths inch in height:

"OWNED BY FIRST SECURITY BANK OF UTAH, N.A.,
79 SOUTH MAIN, SALT LAKE CITY, UTAH, AS TRUSTEE
UNDER THE TERMS OF AN EQUIPMENT TRUST AGREEMENT".

The Manufacturer agrees that the design, quality and component parts of the Equipment except as to design quality and component parts specified or supplied by the Lessee will conform to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads reasonably interpreted as being applicable to new railroad equipment of the character of such units of the Equipment as of the date of delivery thereof.

The Lessee agrees that the design, quality and component parts of the Equipment specified by it will conform to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads, reasonably interpreted as being applicable to

new railroad equipment of the character of such units of Equipment as of the date of delivery thereof.

ARTICLE 2. Delivery. The Manufacturer will deliver the Equipment to the Lessee, as agent of the Trustee, freight charges, if any, prepaid, at such point or points as shall be specified in Schedule II hereto, and in accordance with the time of delivery schedule set forth in Schedule II hereto, provided, however, that no unit of the Equipment shall be delivered under this Agreement until the Equipment Trust Agreement and the Lease, together with the Assignment, including the Consent (both as defined in the Equipment Trust Agreement), shall have been filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and deposited with the Registrar General of Canada (notice of such deposit to be forthwith hereafter given in the Canada Gazette) pursuant to Section 86 of the Railway Act of Canada (and in delivering the Equipment, the Manufacturer may rely upon telegraphic advice from counsel for the Lessee that the Equipment Trust Agreement, the Lease and the Assignment (including the Consent) have been so filed and recorded or deposited).

The Manufacturer and the Lessee each severally represents and warrants that, to the best of its knowledge, at the time of the delivery of the Equipment to the Lessee,

as agent of the Trustee, the Equipment will be new railroad equipment, not having been used by any person after completion of manufacture and prior to delivery, and no amortization, depreciation or investment credit will have been claimed by any person with respect thereto.

The Manufacturer's obligation as to time of delivery is subject to delays resulting from causes beyond the Manufacturer's reasonable control, including, but not limited to, acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, labor shortages, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities or delays in receiving necessary materials.

Notwithstanding the preceding provisions of this Article 2, any unit of the Equipment not delivered, accepted and settled for pursuant to Article 3 hereof on or before July 1, 1972, shall be excluded from this Agreement and not included in the term "Equipment" as used in this Agreement. If the Manufacturer's failure to deliver the units of the equipment so excluded from this Agreement resulted from one or more of the causes set forth in the immediately preceding paragraph, a separate agreement shall be entered into between the Manufacturer and the Lessee providing for the purchase of

such excluded equipment by the Lessee on the terms herein specified, payment to be made in cash in accordance with the terms of this Agreement after delivery of such excluded equipment either directly or by means of a conditional sale, equipment trust or such other appropriate method of financing the purchase as the Lessee and the Manufacturer shall mutually determine.

The Equipment shall be subject to inspection and approval prior to delivery by inspectors or other authorized representatives of the Company (who may be employees or authorized representatives of the Lessee), and the Manufacturer shall grant to any such inspector or other authorized representative reasonable access to its plant. From time to time upon the completion of the construction of each unit or a number of units of the Equipment, such unit or units shall thereupon be presented to an inspector or other authorized representative of the Company and the Lessee for inspection at the Manufacturer's plant and, if each such unit conforms to the Specifications and the other requirements, specifications and standards set forth or referred to in Article 1 hereof, such inspector or authorized representative shall promptly execute and deliver to the Manufacturer, in such number of counterparts or copies as may reasonably be requested, a certificate of acceptance (hereinafter called a Certificate of Acceptance)

stating that such unit or units have been inspected and accepted on behalf of the Company and the Trustee and are marked in accordance with Article 1 hereof; provided, however, that the Manufacturer shall not thereby be relieved of its warranty contained in Item 4 of Schedule I hereto.

On acceptance of each of the units of the Equipment pursuant to this Article 2 on behalf of the Company and the Trustee as aforesaid, the Company assumes with respect thereto the responsibility and risk of loss or damage and the Manufacturer shall deliver to the Trustee (i) an invoice describing such unit and stating that such unit is new standard gauge railroad equipment (other than passenger or work equipment) first put into service no earlier than the date of such delivery and acceptance, and that the Purchase Price of such unit is an amount therein specified in U.S. dollars and (ii) a bill of sale transferring title to such unit to the Trustee and warranting to the Trustee, the Company and to the Lessee that at the time of such delivery the Manufacturer had legal title to such unit and good and lawful right to sell the same and that title to such unit was, at the time of such delivery of such unit, free from all claims, liens, security interests and other encumbrances of any nature except as created by this Agreement, the Equipment Trust Agreement or as permitted by Section 6.01 thereof and

except for the rights of the Lessee under the Lease.

ARTICLE 3. Purchase Price and Payment. The base price per unit of the Equipment, stated in U.S. dollars, is set forth in Schedule II hereto. Such base price shall include freight charges, if any, prepaid by the Manufacturer, from the Manufacturer's plant to the point of delivery, and is subject to such increase or decrease as may be or has been agreed to by the Manufacturer and the Lessee whether such prior agreement is canceled hereby or not. The term "Purchase Price" as used herein shall mean the base price or prices as so increased or decreased. If on any Closing Date the aggregate of the Invoiced Purchase Prices (as hereinafter defined in this Article 3) for which settlement has theretofore been and is then being made under this Agreement, would, but for the provisions of this sentence, exceed \$800,000 (U.S.) (or such larger amount as the Company may at its option agree to), the Manufacturer and the Lessee will, upon request of the Company, enter into an agreement excluding from this Agreement such unit or units of the Equipment then proposed to be settled for as specified by the Company, as will, after giving effect to such exclusion, reduce such aggregate Invoiced Purchase Prices to not more than \$800,000 (U.S.) (or such larger amount as aforesaid); and the Lessee agrees to purchase on the terms

herein specified any such unit or units of the Equipment so excluded from this Agreement from the Manufacturer for cash on such Closing Date, or on such other date to which the Manufacturer and the Lessee shall mutually agree, either directly or, if the Manufacturer and the Lessee shall mutually agree, by means of a conditional sale, equipment trust or other appropriate method of financing; in which event the Company shall execute such instruments and take such other action as shall be reasonably requested by the Lessee to vest in the Lessee or its designee, full title to such unit or units.

The Equipment shall be settled for on one or more Closing Dates (fixed as hereinafter provided) as specified in Item 3 of Schedule I hereto (the Equipment settled for on each Closing Date being hereinafter called a Group).

Subject to the provisions of Article 4 hereof, the Company hereby promises to pay or cause to be paid in cash to the Manufacturer at such place as the Manufacturer may designate, on each Closing Date with respect to a Group, an amount equal to (x) the Purchase Price of all units of the Equipment in the Group as set forth in the invoice or invoices therefor (such invoiced prices being herein called the Invoiced Purchase Prices), less (y) the amount paid to the Manufacturer by the Trustee pursuant to Section 3.02 of the Equipment Trust Agreement.

The term "Closing Date" with respect to any Group of the Equipment shall mean July 1, 1972, or such earlier date following the date of deposit of the net proceeds of the sale of the Equipment Trust Certificates (hereinafter called the Equipment Trust Certificates) issued pursuant to Section 2.01 of the Equipment Trust Agreement, following presentation by the Manufacturer to the Lessee of the invoice and the Certificate or Certificates of Acceptance for such Group, as shall be fixed by the Company and the Lessee by written notice delivered to the Manufacturer and the Trustee at least five business days prior to the Closing Date designated therein. The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and legal holidays or days on which banking institutions are authorized by law to close in Salt Lake City, Utah, or New York, New York.

If the Manufacturer shall not receive on the Closing Date with respect to a Group of the Equipment the amounts payable to the Manufacturer in respect of such Group pursuant to the third paragraph of this Article 3 and Section 3.02 of the Equipment Trust Agreement, the Manufacturer will promptly notify the Company and the Lessee of such event and, if such amount shall not have been previously paid and the Manufacturer shall have otherwise complied with the conditions of this Agreement to entitle the Manufacturer to

receive payment hereunder and thereunder, the Lessee will, not later than 90 days after the Closing Date, make payment to the Manufacturer of such amounts, together with interest on the Invoiced Purchase Prices from such Closing Date to the date of payment by the Lessee at a rate to be established by mutual agreement between the Manufacturer and the Lessee or the maximum rate permitted by law, whichever is the lesser; in which event the Company shall execute such instruments and take such other action as shall be reasonably requested by the Lessee to vest in the Lessee or its designee full title to such Equipment. If the Lessee shall not make payment as aforesaid, the Company shall execute such instruments and take such other action as shall be reasonably requested by the Manufacturer to vest in the Manufacturer or its designee full title to such Equipment, whereupon the Manufacturer may, at its election, sell, lease, retain or otherwise dispose of such Equipment as may be permitted by law, provided, however, that the Lessee shall not thereby be relieved of its obligations to make payment to the Manufacturer as aforesaid.

Upon payment to the Manufacturer for any Group of Equipment as provided for in this Agreement, any and all claims, liens, security interests or other encumbrances of any nature of the Manufacturer with respect to title to

such Group of Equipment under this Agreement shall forthwith cease and determine.

ARTICLE 4. Conditions to Obligations of the Company. The obligation of the Company under this Agreement to pay or cause to be paid to the Manufacturer any amount required to be paid pursuant to the third paragraph of Article 3 hereof with respect to any Group of the Equipment is subject to the conditions (a) that prior thereto or concurrently therewith the Trustee shall have paid to the Manufacturer the amount agreed to be paid under Section 3.02 of the Equipment Trust Agreement and (b) that the Company shall have received, on or prior to the Closing Date, the following documents in such number of counterparts or copies as may reasonably be requested in form and substance satisfactory to it:

(i) the bill or bills of sale from the Manufacturer to the Trustee referred to in the last paragraph of Article 2 hereof, with respect to the Equipment in such Group;

(ii) the Certificate or Certificates of Acceptance with respect to the Equipment in such Group, referred to in the fifth paragraph of Article 2 hereof and the Certificate or Certificates of Acceptance with respect thereto referred to in § 1 of the Lease;

(iii) the invoice or invoices with respect to the Equipment in such Group referred to in the last paragraph of Article 2 hereof, accompanied by or having endorsed thereon a certification by the Lessee as to the correctness of the prices of such Equipment as set forth in said invoices;

(iv) a signed copy of the opinion of counsel for the Lessee required by Section 3.04(d) of the Equipment Trust Agreement;

(v) a signed copy of the opinion of counsel for the Manufacturer required by Section 3.04(e) of the Equipment Trust Agreement;

(vi) a signed copy of the opinion of Messrs. McCarthy & McCarthy, special Canadian counsel for the Company, required by Section 3.04(f) of the Equipment Trust Agreement;

(vii) a Lessee's Certificate (as defined in the Equipment Trust Agreement) dated the Closing Date to the effect that no Event of Default (as defined in the Equipment Trust Agreement) which relates to the Lessee nor an Event of Default (as defined in the Lease), nor any event which with the lapse of time and/or notice provided for in the Equipment Trust Agreement or in the Lease would constitute such an Event of Default

thereunder shall have occurred and be continuing; and

(viii) such other documents as the Company may reasonably request.

ARTICLE 5. Warranties. The agreement of the parties relating to the Manufacturer's warranty of materials and workmanship is set forth in Item 4 of Schedule I hereto, which said Item 4 is by this reference made a part hereof.

ARTICLE 6. Patent Indemnities. Except in cases of articles or materials specified by the Lessee and not manufactured by the Manufacturer and in cases of designs, systems, processes, formulae or combinations specified by the Lessee and not developed or purported to be developed by the Manufacturer, the Manufacturer agrees to indemnify, protect and hold harmless the Lessee, the Company and the Trustee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Lessee, the Company and the Trustee, their assigns or the users of the Equipment because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Lessee likewise will

indemnify, protect and hold harmless the Manufacturer, the Trustee and the Company from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Manufacturer, the Trustee and the Company because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Lessee and not manufactured by the Manufacturer or of any design, system, process, formula or combination specified by the Lessee and not developed or purported to be developed by the Manufacturer which infringes or is claimed to infringe on any patent or other right. The Manufacturer agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, assign, set over and deliver to the Lessee every claim, right and cause of action which the Manufacturer has or hereafter shall have against the seller or sellers of any designs, systems, processes, formulae, combinations, articles or materials specified by the Lessee and purchased or otherwise acquired by the Manufacturer for use in or about the construction or operation of any of the Equipment, on the ground that any such design, system, process, formula, combination, article or material or operation thereof infringes or is claimed to

infringe on any patent or other right. The Manufacturer further agrees to execute and deliver to the Lessee or the users of the Equipment all and every such further assurance as may be reasonably requested by the Lessee more fully to effectuate the assignment and delivery of every such claim, right and cause of action. The Manufacturer will give notice to the Lessee of any claim known to the Manufacturer from which liability may be charged against the Lessee hereunder and the Lessee, the Company and the Trustee, respectively, will give notice to the Manufacturer of any claim known to the Lessee, the Company and the Trustee, as the case may be, on the basis of which liability may be charged against the Manufacturer hereunder.

ARTICLE 7. Taxes. All payments to be made or caused to be made by the Company or the Lessee hereunder will be free of expense to the Manufacturer with respect to the amount of any local, state, provincial, or federal United States, Canadian or Mexican taxes (other than net income, gross receipts, franchise taxes measured by net income based on such receipts, excess profits and similar taxes), assessments, license fees, charges, fines or penalties levied or imposed upon, or in connection with, or measured by, this Agreement or any use, payment, shipment, delivery or transfer of title under the terms hereof, all of which taxes, assessments,

license fees, charges, fines or penalties the Company or the Lessee, as the case may be, assumes and agrees to pay on demand in addition to the Purchase Price of the Equipment; provided, however, that the Company will have no obligation to pay any such taxes, assessments, license fees, charges, fines or penalties unless it shall have received payment thereof from the Lessee pursuant to § 5 of the Lease.

ARTICLE 8. Notice. Any notice hereunder to the party designated below shall be deemed to be properly served if delivered or mailed to it at the following specified addresses:

(a) to the Company, 48 Wall Street, New York, N.Y. 10015, attention of Peter O'Connor, Vice President,

(b) to the Lessee, at P. O. Box 8100, Montreal 101, Quebec, Canada, attention of the Treasurer,

(c) to the Manufacturer, at its address set forth in Item 5 of Schedule I hereto,

or at such other addresses as may have been furnished in writing by such party to the other parties to this Agreement.

ARTICLE 9. Article Headings. All article headings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

ARTICLE 10. Effect and Modification of Agreement. This Agreement, and the Schedules relating hereto, exclusively and completely state the rights and agreements of the Manufacturer, the Company and the Lessee with respect to the Equipment and supersede all other agreements, oral or written, with respect to the Equipment. No variation of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and duly executed on behalf of the Company, the Manufacturer and the Lessee.

ARTICLE 11. Law Governing. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of New York.

ARTICLE 12. Successors and Assigns. As used herein the terms Manufacturer, Company, Trustee and Lessee shall be deemed to include the successors and assigns of the Manufacturer, the Company, the Trustee and the Lessee.

ARTICLE 13. Execution. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart.

IN WITNESS WHEREOF, the parties hereto, each pur-

suant to due corporate authority, have caused this Agree-
ment to be duly executed as of the date first above
written.

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreement hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Construction and Sale. Subject to the terms and conditions hereinafter set forth, the Manufacturer will construct the Equipment at its plant set forth in Schedule II hereto and will sell and deliver the Equipment as hereinbelow provided and the Company will pay or cause the Trustee to pay to the Manufacturer the Purchase Price of the Equipment, each unit of which will be constructed in accordance with the specifications referred to in Schedule II hereto and in accordance with such modifications thereof

as may have been agreed upon in writing by the Manufacturer and the Lessee (which specifications and modifications, if any, are hereinafter called the Specifications) and will, at or before delivery thereof to the Lessee pursuant to Article 2 hereof, have the following ownership markings stencilled on each side thereof in a conspicuous place in letters not less than three-eighths inch in height:

"OWNED BY FIRST SECURITY BANK OF UTAH, N.A.,
79 SOUTH MAIN, SALT LAKE CITY, UTAH, AS TRUSTEE
UNDER THE TERMS OF AN EQUIPMENT TRUST AGREEMENT".

The Manufacturer agrees that the design, quality and component parts of the Equipment except as to design quality and component parts specified or supplied by the Lessee will conform to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads reasonably interpreted as being applicable to new railroad equipment of the character of such units of the Equipment as of the date of delivery thereof.

ARTICLE 2. Delivery. The Manufacturer will deliver the Equipment to the Lessee, as agent of the Trustee, freight charges, if any, prepaid, at such point or points as shall be specified in Schedule II hereto, and in accordance with the time of delivery schedule set forth in Schedule II hereto, provided, however, that no unit of the Equipment shall be delivered under this Agreement until the Equipment Trust Agreement and the Lease, together with the Assignment, including the Consent (both as defined in the Equipment Trust Agreement), shall have been filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and deposited with the Registrar General of Canada (notice of such deposit to be forthwith hereafter given in the Canada Gazette) pursuant to Section 86 of the Railway Act of Canada (and in delivering the Equipment, the Manufacturer may rely upon telegraphic advice from counsel for the Lessee that the Equipment Trust Agreement, the Lease and the Assignment (including the Consent) have been so filed and recorded or deposited).

Notwithstanding the preceding provisions of this Article 2, any unit of the Equipment not delivered, accepted and settled for pursuant to Article 3 hereof on or before July 1, 1972, shall be excluded from this Agreement and not included in the term "Equipment" as used in this Agreement. If the Manufacturer's failure to deliver the units of the equipment so excluded from this Agreement resulted from one or more of the causes set forth in the immediately preceding paragraph, a separate agreement shall be entered into between the Manufacturer and the Lessee providing for the purchase of

such excluded equipment by the Lessee on the terms herein specified, payment to be made in cash in accordance with the terms of this Agreement after delivery of such excluded equipment either directly or by means of a conditional sale, equipment trust or such other appropriate method of financing the purchase as the Lessee and the Manufacturer shall mutually determine.

The Equipment shall be subject to inspection and approval prior to delivery by inspectors or other authorized representatives of the Company (who may be employees or authorized representatives of the Lessee), and the Manufacturer shall grant to any such inspector or other authorized representative reasonable access to its plant. From time to time upon the completion of the construction of each unit or a number of units of the Equipment, such unit or units shall thereupon be presented to an inspector or other authorized representative of the Company and the Lessee for inspection at the Manufacturer's plant and, if each such unit conforms to the Specifications and the other requirements, specifications and standards set forth or referred to in Article 1 hereof, such inspector or authorized representative shall promptly execute and deliver to the Manufacturer, in such number of counterparts or copies as may reasonably be requested, a certificate of acceptance (hereinafter called a Certificate of Acceptance)

stating that such unit or units have been inspected and accepted on behalf of the Company and the Trustee and are marked in accordance with Article 1 hereof; provided, however, that the Manufacturer shall not thereby be relieved of its warranty contained in Item 4 of Schedule I hereto.

except for the rights of the Lessee under the Lease.

ARTICLE 3. Purchase Price and Payment. The base price per unit of the Equipment, stated in U.S. dollars, is set forth in Schedule II hereto. Such base price shall include freight charges, if any, prepaid by the Manufacturer, from the Manufacturer's plant to the point of delivery, and is subject to such increase or decrease as may be or has been agreed to by the Manufacturer and the Lessee whether such prior agreement is canceled hereby or not. The term "Purchase Price" as used herein shall mean the base price or prices as so increased or decreased. If on any Closing Date the aggregate of the Invoiced Purchase Prices (as hereinafter defined in this Article 3) for which settlement has theretofore been and is then being made under this Agreement, would, but for the provisions of this sentence, exceed \$800,000 (U.S.) (or such larger amount as the Company may at its option agree to), the Manufacturer and the Lessee will, upon request of the Company, enter into an agreement excluding from this Agreement such unit or units of the Equipment then proposed to be settled for as specified by the Company, as will, after giving effect to such exclusion, reduce such aggregate Invoiced Purchase Prices to not more than \$800,000 (U.S.) (or such larger amount as aforesaid); and the Lessee agrees to purchase on the terms

herein specified any such unit or units of the Equipment so excluded from this Agreement from the Manufacturer for cash on such Closing Date, or on such other date to which the Manufacturer and the Lessee shall mutually agree, either directly or, if the Manufacturer and the Lessee shall mutually agree, by means of a conditional sale, equipment trust or other appropriate method of financing; in which event the Company shall execute such instruments and take such other action as shall be reasonably requested by the Lessee to vest in the Lessee or its designee, full title to such unit or units.

The Equipment shall be settled for on one or more Closing Dates (fixed as hereinafter provided) as specified in Item 3 of Schedule I hereto (the Equipment settled for on each Closing Date being hereinafter called a Group).

Subject to the provisions of Article 4 hereof, the Company hereby promises to pay or cause to be paid in cash to the Manufacturer at such place as the Manufacturer may designate, on each Closing Date with respect to a Group, an amount equal to (x) the Purchase Price of all units of the Equipment in the Group as set forth in the invoice or invoices therefor (such invoiced prices being herein called the Invoiced Purchase Prices), less (y) the amount paid to the Manufacturer by the Trustee pursuant to Section 3.02 of the Equipment Trust Agreement.

The term "Closing Date" with respect to any Group of the Equipment shall mean July 1, 1972, or such earlier date following the date of deposit of the net proceeds of the sale of the Equipment Trust Certificates (hereinafter called the Equipment Trust Certificates) issued pursuant to Section 2.01 of the Equipment Trust Agreement, following presentation by the Manufacturer to the Lessee of the invoice and the Certificate or Certificates of Acceptance for such Group, as shall be fixed by the Company and the Lessee by written notice delivered to the Manufacturer and the Trustee at least five business days prior to the Closing Date designated therein. The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and legal holidays or days on which banking institutions are authorized by law to close in Salt Lake City, Utah, or New York, New York.

If the Manufacturer shall not receive on the Closing Date with respect to a Group of the Equipment the amounts payable to the Manufacturer in respect of such Group pursuant to the third paragraph of this Article 3 and Section 3.02 of the Equipment Trust Agreement, the Manufacturer will promptly notify the Company and the Lessee of such event and, if such amount shall not have been previously paid and the Manufacturer shall have otherwise complied with the conditions of this Agreement to entitle the Manufacturer to

receive payment hereunder and thereunder, the Lessee will, not later than 90 days after the Closing Date, make payment to the Manufacturer of such amounts, together with interest on the Invoiced Purchase Prices from such Closing Date to the date of payment by the Lessee at a rate to be established by mutual agreement between the Manufacturer and the Lessee or the maximum rate permitted by law, whichever is the lesser; in which event the Company shall execute such instruments and take such other action as shall be reasonably requested by the Lessee to vest in the Lessee or its designee full title to such Equipment. If the Lessee shall not make payment as aforesaid, the Company shall execute such instruments and take such other action as shall be reasonably requested by the Manufacturer to vest in the Manufacturer or its designee full title to such Equipment, whereupon the Manufacturer may, at its election, sell, lease, retain or otherwise dispose of such Equipment as may be permitted by law, provided, however, that the Lessee shall not thereby be relieved of its obligations to make payment to the Manufacturer as aforesaid.

Upon payment to the Manufacturer for any Group of Equipment as provided for in this Agreement, any and all claims, liens, security interests or other encumbrances of any nature of the Manufacturer with respect to title to

such Group of Equipment under this Agreement shall forthwith cease and determine.

ARTICLE 4. Conditions to Obligations of the Company. The obligation of the Company under this Agreement to pay or cause to be paid to the Manufacturer any amount required to be paid pursuant to the third paragraph of Article 3 hereof with respect to any Group of the Equipment is subject to the conditions (a) that prior thereto or concurrently therewith the Trustee shall have paid to the Manufacturer the amount agreed to be paid under Section 3.02 of the Equipment Trust Agreement and (b) that the Company shall have received, on or prior to the Closing Date, the following documents in such number of counterparts or copies as may reasonably be requested in form and substance satisfactory to it:

(i) the bill or bills of sale from the Manufacturer to the Trustee referred to in the last paragraph of Article 2 hereof, with respect to the Equipment in such Group;

(ii) the Certificate or Certificates of Acceptance with respect to the Equipment in such Group, referred to in the fifth paragraph of Article 2 hereof and the Certificate or Certificates of Acceptance with respect thereto referred to in § 1 of the Lease;

(iii) the invoice or invoices with respect to the Equipment in such Group referred to in the last paragraph of Article 2 hereof, accompanied by or having endorsed thereon a certification by the Lessee as to the correctness of the prices of such Equipment as set forth in said invoices;

(iv) a signed copy of the opinion of counsel for the Lessee required by Section 3.04(d) of the Equipment Trust Agreement;

(v) a signed copy of the opinion of counsel for the Manufacturer required by Section 3.04(e) of the Equipment Trust Agreement;

(vi) a signed copy of the opinion of Messrs. McCarthy & McCarthy, special Canadian counsel for the Company, required by Section 3.04(f) of the Equipment Trust Agreement;

(vii) a Lessee's Certificate (as defined in the Equipment Trust Agreement) dated the Closing Date to the effect that no Event of Default (as defined in the Equipment Trust Agreement) which relates to the Lessee nor an Event of Default (as defined in the Lease), nor any event which with the lapse of time and/or notice provided for in the Equipment Trust Agreement or in the Lease would constitute such an Event of Default

thereunder shall have occurred and be continuing; and
(viii) such other documents as the Company may
reasonably request.

ARTICLE 5. Warranties. The agreement of the
parties relating to the Manufacturer's warranty of
materials and workmanship is set forth in Item 4 of
Schedule I hereto, which said Item 4 is by this reference
made a part hereof.

ARTICLE 6. Patent Indemnities. Except in cases
of articles or materials specified by the Lessee and not
manufactured by the Manufacturer and in cases of designs,
systems, processes, formulae or combinations specified by
the Lessee and not developed or purported to be developed
by the Manufacturer, the Manufacturer agrees to indemnify,
protect and hold harmless the Lessee, the Company and the
Trustee from and against any and all liability, claims,
costs, charges and expenses, including royalty payments and
counsel fees, in any manner imposed upon or accruing against
the Lessee, the Company and the Trustee, their assigns or
the users of the Equipment because of the use in or about
the construction or operation of any of the Equipment of
any design, system, process, formula, combination, article
or material which infringes or is claimed to infringe on
any patent or other right. The Lessee likewise will

indemnify, protect and hold harmless the Manufacturer, the Trustee and the Company from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Manufacturer, the Trustee and the Company because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Lessee and not manufactured by the Manufacturer or of any design, system, process, formula or combination specified by the Lessee and not developed or purported to be developed by the Manufacturer which infringes or is claimed to infringe on any patent or other right. The Manufacturer agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, assign, set over and deliver to the Lessee every claim, right and cause of action which the Manufacturer has or hereafter shall have against the seller or sellers of any designs, systems, processes, formulae, combinations, articles or materials specified by the Lessee and purchased or otherwise acquired by the Manufacturer for use in or about the construction or operation of any of the Equipment, on the ground that any such design, system, process, formula, combination, article or material or operation thereof infringes or is claimed to

infringe on any patent or other right. The Manufacturer further agrees to execute and deliver to the Lessee or the users of the Equipment all and every such further assurance as may be reasonably requested by the Lessee more fully to effectuate the assignment and delivery of every such claim, right and cause of action. The Manufacturer will give notice to the Lessee of any claim known to the Manufacturer from which liability may be charged against the Lessee hereunder and the Lessee, the Company and the Trustee, respectively, will give notice to the Manufacturer of any claim known to the Lessee, the Company and the Trustee, as the case may be, on the basis of which liability may be charged against the Manufacturer hereunder.

ARTICLE 7. Taxes. All payments to be made or caused to be made by the Company or the Lessee hereunder will be free of expense to the Manufacturer with respect to the amount of any local, state, provincial, or federal United States, Canadian or Mexican taxes (other than net income, gross receipts, franchise taxes measured by net income based on such receipts, excess profits and similar taxes), assessments, license fees, charges, fines or penalties levied or imposed upon, or in connection with, or measured by, this Agreement or any use, payment, shipment, delivery or transfer of title under the terms hereof, all of which taxes, assessments,

license fees, charges, fines or penalties the Company or the Lessee, as the case may be, assumes and agrees to pay on demand in addition to the Purchase Price of the Equipment; provided, however, that the Company will have no obligation to pay any such taxes, assessments, license fees, charges, fines or penalties unless it shall have received payment thereof from the Lessee pursuant to § 5 of the Lease.

ARTICLE 8. Notice. Any notice hereunder to the party designated below shall be deemed to be properly served if delivered or mailed to it at the following specified addresses:

(a) to the Company, 48 Wall Street, New York, N.Y. 10015, attention of Peter O'Connor, Vice President,

(b) to the Lessee, at P. O. Box 8100, Montreal 101, Quebec, Canada, attention of the Treasurer,

(c) to the Manufacturer, at its address set forth in Item 5 of Schedule I hereto,

or at such other addresses as may have been furnished in writing by such party to the other parties to this Agreement.

ARTICLE 9. Article Headings. All article headings are inserted for convenience only and shall not affect any construction or interpretation of this Agreement.

ARTICLE 10. Effect and Modification of Agreement. This Agreement, and the Schedules relating hereto, exclusively and completely state the rights and agreements of the Manufacturer, the Company and the Lessee with respect to the Equipment and supersede all other agreements, oral or written, with respect to the Equipment. No variation of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and duly executed on behalf of the Company, the Manufacturer and the Lessee.

ARTICLE 11. Law Governing. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of the State of New York.

ARTICLE 12. Successors and Assigns. As used herein the terms Manufacturer, Company, Trustee and Lessee shall be deemed to include the successors and assigns of the Manufacturer, the Company, the Trustee and the Lessee.

ARTICLE 13. Execution. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart.

IN WITNESS WHEREOF, the parties hereto, each pur-

suant to due corporate authority, have caused this Agree-
ment to be duly executed as of the date first above
written.

CANADIAN NATIONAL RAILWAY COMPANY

Covering 43 70-ton 89'4" Flush Deck Flat Cars

MANUFACTURING AGREEMENT dated as of April 1, 1972, among Bethlehem Steel Corporation, a Delaware corporation, named in Item 1 of Schedule I hereto (hereinafter called the Manufacturer), THE BANK OF NEW YORK, a New York corporation (hereinafter called the Company) and CANADIAN NATIONAL RAILWAY COMPANY, a corporation under the laws of Canada (hereinafter called the Lessee).

WHEREAS the Manufacturer agrees to construct, sell and deliver to the Company and the Company agrees to purchase the units of new, standard gauge railroad equipment described in Schedule II attached hereto (hereinafter called the Equipment); and

WHEREAS in consideration of the execution and delivery of this Agreement, the purchase agreements or purchase orders, if any, heretofore executed between the Lessee, the Manufacturer or others covering the Equipment are hereby canceled in so far as they relate to the Equipment; and

WHEREAS the Company proposes to enter into an Equipment Trust Agreement dated as of the date hereof (hereinafter called the Equipment Trust Agreement) with First Security Bank of Utah, N.A., as Trustee (hereinafter called the Trustee); and

WHEREAS it is contemplated that, pursuant to the Equipment Trust Agreement, there will be paid by the Trustee and the Company to the Manufacturer on one or more Closing Dates (as hereinafter defined) the Purchase Price (as hereinafter defined) of all the Equipment; and

WHEREAS the Company, as lessor, is executing a lease of the Equipment dated as of the date hereof to the Lessee in substantially the form annexed to the Equipment Trust Agreement as Annex B (hereinafter called the Lease) and the Lessee has joined in this Agreement for the purpose of making certain agreements as hereinafter set forth.

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreement hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Construction and Sale. Subject to the terms and conditions hereinafter set forth, the Manufacturer will construct the Equipment at its plant set forth in Schedule II hereto and will sell and deliver the Equipment as hereinbelow provided and the Company will pay or cause the Trustee to pay to the Manufacturer the Purchase Price of the Equipment, each unit of which will be constructed in accordance with the specifications referred to in Schedule II hereto and in accordance with such modifications thereof

as may have been agreed upon in writing by the Manufacturer and the Lessee (which specifications and modifications, if any, are hereinafter called the Specifications) and will, at or before delivery thereof to the Lessee pursuant to Article 2 hereof, have the following ownership markings stencilled on each side thereof in a conspicuous place in letters not less than three-eighths inch in height:

"OWNED BY FIRST SECURITY BANK OF UTAH, N.A.,
79 SOUTH MAIN, SALT LAKE CITY, UTAH, AS TRUSTEE
UNDER THE TERMS OF AN EQUIPMENT TRUST AGREEMENT".

The Manufacturer agrees that the design, quality and component parts of the Equipment except as to design quality and component parts specified or supplied by the Lessee will conform to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads reasonably interpreted as being applicable to new railroad equipment of the character of such units of the Equipment as of the date of delivery thereof.

The Lessee agrees that the design, quality and component parts of the Equipment specified by it will conform to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads, reasonably interpreted as being applicable to

new railroad equipment of the character of such units of Equipment as of the date of delivery thereof.

ARTICLE 2. Delivery. The Manufacturer will deliver the Equipment to the Lessee, as agent of the Trustee, freight charges, if any, prepaid, at such point or points as shall be specified in Schedule II hereto, and in accordance with the time of delivery schedule set forth in Schedule II hereto, provided, however, that no unit of the Equipment shall be delivered under this Agreement until the Equipment Trust Agreement and the Lease, together with the Assignment, including the Consent (both as defined in the Equipment Trust Agreement), shall have been filed and recorded with the Interstate Commerce Commission in accordance with Section 20c of the Interstate Commerce Act and deposited with the Registrar General of Canada (notice of such deposit to be forthwith hereafter given in the Canada Gazette) pursuant to Section 86 of the Railway Act of Canada (and in delivering the Equipment, the Manufacturer may rely upon telegraphic advice from counsel for the Lessee that the Equipment Trust Agreement, the Lease and the Assignment (including the Consent) have been so filed and recorded or deposited).

The Manufacturer and the Lessee each severally represents and warrants that, to the best of its knowledge, at the time of the delivery of the Equipment to the Lessee,

as agent of the Trustee, the Equipment will be new railroad equipment, not having been used by any person after completion of manufacture and prior to delivery, and no amortization, depreciation or investment credit will have been claimed by any person with respect thereto.

The Manufacturer's obligation as to time of delivery is subject to delays resulting from causes beyond the Manufacturer's reasonable control, including, but not limited to, acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, labor shortages, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities or delays in receiving necessary materials.

Notwithstanding the preceding provisions of this Article 2, any unit of the Equipment not delivered, accepted and settled for pursuant to Article 3 hereof on or before July 1, 1972, shall be excluded from this Agreement and not included in the term "Equipment" as used in this Agreement. If the Manufacturer's failure to deliver the units of the equipment so excluded from this Agreement resulted from one or more of the causes set forth in the immediately preceding paragraph, a separate agreement shall be entered into between the Manufacturer and the Lessee providing for the purchase of

such excluded equipment by the Lessee on the terms herein specified, payment to be made in cash in accordance with the terms of this Agreement after delivery of such excluded equipment either directly or by means of a conditional sale, equipment trust or such other appropriate method of financing the purchase as the Lessee and the Manufacturer shall mutually determine.

The Equipment shall be subject to inspection and approval prior to delivery by inspectors or other authorized representatives of the Company (who may be employees or authorized representatives of the Lessee), and the Manufacturer shall grant to any such inspector or other authorized representative reasonable access to its plant. From time to time upon the completion of the construction of each unit or a number of units of the Equipment, such unit or units shall thereupon be presented to an inspector or other authorized representative of the Company and the Lessee for inspection at the Manufacturer's plant and, if each such unit conforms to the Specifications and the other requirements, specifications and standards set forth or referred to in Article 1 hereof, such inspector or authorized representative shall promptly execute and deliver to the Manufacturer, in such number of counterparts or copies as may reasonably be requested, a certificate of acceptance (hereinafter called a Certificate of Acceptance)

stating that such unit or units have been inspected and accepted on behalf of the Company and the Trustee and are marked in accordance with Article 1 hereof; provided, however, that the Manufacturer shall not thereby be relieved of its warranty contained in Item 4 of Schedule I hereto.

On acceptance of each of the units of the Equipment pursuant to this Article 2 on behalf of the Company and the Trustee as aforesaid, the Company assumes with respect thereto the responsibility and risk of loss or damage and the Manufacturer shall deliver to the Trustee (i) an invoice describing such unit and stating that such unit is new standard gauge railroad equipment (other than passenger or work equipment) first put into service no earlier than the date of such delivery and acceptance, and that the Purchase Price of such unit is an amount therein specified in U.S. dollars and (ii) a bill of sale transferring title to such unit to the Trustee and warranting to the Trustee, the Company and to the Lessee that at the time of such delivery the Manufacturer had legal title to such unit and good and lawful right to sell the same and that title to such unit was, at the time of such delivery of such unit, free from all claims, liens, security interests and other encumbrances of any nature except as created by this Agreement, the Equipment Trust Agreement or as permitted by Section 6.01 thereof and

except for the rights of the Lessee under the Lease.

ARTICLE 3. Purchase Price and Payment. The base price per unit of the Equipment, stated in U.S. dollars, is set forth in Schedule II hereto. Such base price shall include freight charges, if any, prepaid by the Manufacturer, from the Manufacturer's plant to the point of delivery, and is subject to such increase or decrease as may be or has been agreed to by the Manufacturer and the Lessee whether such prior agreement is canceled hereby or not. The term "Purchase Price" as used herein shall mean the base price or prices as so increased or decreased. If on any Closing Date the aggregate of the Invoiced Purchase Prices (as hereinafter defined in this Article 3) for which settlement has theretofore been and is then being made under this Agreement, would, but for the provisions of this sentence, exceed \$800,000 (U.S.) (or such larger amount as the Company may at its option agree to), the Manufacturer and the Lessee will, upon request of the Company, enter into an agreement excluding from this Agreement such unit or units of the Equipment then proposed to be settled for as specified by the Company, as will, after giving effect to such exclusion, reduce such aggregate Invoiced Purchase Prices to not more than \$800,000 (U.S.) (or such larger amount as aforesaid); and the Lessee agrees to purchase on the terms

herein specified any such unit or units of the Equipment so excluded from this Agreement from the Manufacturer for cash on such Closing Date, or on such other date to which the Manufacturer and the Lessee shall mutually agree, either directly or, if the Manufacturer and the Lessee shall mutually agree, by means of a conditional sale, equipment trust or other appropriate method of financing; in which event the Company shall execute such instruments and take such other action as shall be reasonably requested by the Lessee to vest in the Lessee or its designee, full title to such unit or units.

The Equipment shall be settled for on one or more Closing Dates (fixed as hereinafter provided) as specified in Item 3 of Schedule I hereto (the Equipment settled for on each Closing Date being hereinafter called a Group).

Subject to the provisions of Article 4 hereof, the Company hereby promises to pay or cause to be paid in cash to the Manufacturer at such place as the Manufacturer may designate, on each Closing Date with respect to a Group, an amount equal to (x) the Purchase Price of all units of the Equipment in the Group as set forth in the invoice or invoices therefor (such invoiced prices being herein called the Invoiced Purchase Prices), less (y) the amount paid to the Manufacturer by the Trustee pursuant to Section 3.02 of the Equipment Trust Agreement.

The term "Closing Date" with respect to any Group of the Equipment shall mean July 1, 1972, or such earlier date following the date of deposit of the net proceeds of the sale of the Equipment Trust Certificates (hereinafter called the Equipment Trust Certificates) issued pursuant to Section 2.01 of the Equipment Trust Agreement, following presentation by the Manufacturer to the Lessee of the invoice and the Certificate or Certificates of Acceptance for such Group, as shall be fixed by the Company and the Lessee by written notice delivered to the Manufacturer and the Trustee at least five business days prior to the Closing Date designated therein. The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and legal holidays or days on which banking institutions are authorized by law to close in Salt Lake City, Utah, or New York, New York.

If the Manufacturer shall not receive on the Closing Date with respect to a Group of the Equipment the amounts payable to the Manufacturer in respect of such Group pursuant to the third paragraph of this Article 3 and Section 3.02 of the Equipment Trust Agreement, the Manufacturer will promptly notify the Company and the Lessee of such event and, if such amount shall not have been previously paid and the Manufacturer shall have otherwise complied with the conditions of this Agreement to entitle the Manufacturer to

receive payment hereunder and thereunder, the Lessee will, not later than 90 days after the Closing Date, make payment to the Manufacturer of such amounts, together with interest on the Invoiced Purchase Prices from such Closing Date to the date of payment by the Lessee at a rate to be established by mutual agreement between the Manufacturer and the Lessee or the maximum rate permitted by law, whichever is the lesser; in which event the Company shall execute such instruments and take such other action as shall be reasonably requested by the Lessee to vest in the Lessee or its designee full title to such Equipment. If the Lessee shall not make payment as aforesaid, the Company shall execute such instruments and take such other action as shall be reasonably requested by the Manufacturer to vest in the Manufacturer or its designee full title to such Equipment, whereupon the Manufacturer may, at its election, sell, lease, retain or otherwise dispose of such Equipment as may be permitted by law, provided, however, that the Lessee shall not thereby be relieved of its obligations to make payment to the Manufacturer as aforesaid.

Upon payment to the Manufacturer for any Group of Equipment as provided for in this Agreement, any and all claims, liens, security interests or other encumbrances of any nature of the Manufacturer with respect to title to

such Group of Equipment under this Agreement shall forthwith cease and determine.

ARTICLE 4. Conditions to Obligations of the Company. The obligation of the Company under this Agreement to pay or cause to be paid to the Manufacturer any amount required to be paid pursuant to the third paragraph of Article 3 hereof with respect to any Group of the Equipment is subject to the conditions (a) that prior thereto or concurrently therewith the Trustee shall have paid to the Manufacturer the amount agreed to be paid under Section 3.02 of the Equipment Trust Agreement and (b) that the Company shall have received, on or prior to the Closing Date, the following documents in such number of counterparts or copies as may reasonably be requested in form and substance satisfactory to it:

(i) the bill or bills of sale from the Manufacturer to the Trustee referred to in the last paragraph of Article 2 hereof, with respect to the Equipment in such Group;

(ii) the Certificate or Certificates of Acceptance with respect to the Equipment in such Group, referred to in the fifth paragraph of Article 2 hereof and the Certificate or Certificates of Acceptance with respect thereto referred to in § 1 of the Lease;

(iii) the invoice or invoices with respect to the Equipment in such Group referred to in the last paragraph of Article 2 hereof, accompanied by or having endorsed thereon a certification by the Lessee as to the correctness of the prices of such Equipment as set forth in said invoices;

(iv) a signed copy of the opinion of counsel for the Lessee required by Section 3.04(d) of the Equipment Trust Agreement;

(v) a signed copy of the opinion of counsel for the Manufacturer required by Section 3.04(e) of the Equipment Trust Agreement;

(vi) a signed copy of the opinion of Messrs. McCarthy & McCarthy, special Canadian counsel for the Company, required by Section 3.04(f) of the Equipment Trust Agreement;

(vii) a Lessee's Certificate (as defined in the Equipment Trust Agreement) dated the Closing Date to the effect that no Event of Default (as defined in the Equipment Trust Agreement) which relates to the Lessee nor an Event of Default (as defined in the Lease), nor any event which with the lapse of time and/or notice provided for in the Equipment Trust Agreement or in the Lease would constitute such an Event of Default

thereunder shall have occurred and be continuing; and

(viii) such other documents as the Company may reasonably request.

ARTICLE 5. Warranties. The agreement of the parties relating to the Manufacturer's warranty of materials and workmanship is set forth in Item 4 of Schedule I hereto, which said Item 4 is by this reference made a part hereof.

ARTICLE 6. Patent Indemnities. Except in cases of articles or materials specified by the Lessee and not manufactured by the Manufacturer and in cases of designs, systems, processes, formulae or combinations specified by the Lessee and not developed or purported to be developed by the Manufacturer, the Manufacturer agrees to indemnify, protect and hold harmless the Lessee, the Company and the Trustee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Lessee, the Company and the Trustee, their assigns or the users of the Equipment because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Lessee likewise will

indemnify, protect and hold harmless the Manufacturer, the Trustee and the Company from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Manufacturer, the Trustee and the Company because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Lessee and not manufactured by the Manufacturer or of any design, system, process, formula or combination specified by the Lessee and not developed or purported to be developed by the Manufacturer which infringes or is claimed to infringe on any patent or other right. The Manufacturer agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, assign, set over and deliver to the Lessee every claim, right and cause of action which the Manufacturer has or hereafter shall have against the seller or sellers of any designs, systems, processes, formulae, combinations, articles or materials specified by the Lessee and purchased or otherwise acquired by the Manufacturer for use in or about the construction or operation of any of the Equipment, on the ground that any such design, system, process, formula, combination, article or material or operation thereof infringes or is claimed to

infringe on any patent or other right. The Manufacturer further agrees to execute and deliver to the Lessee or the users of the Equipment all and every such further assurance as may be reasonably requested by the Lessee more fully to effectuate the assignment and delivery of every such claim, right and cause of action. The Manufacturer will give notice to the Lessee of any claim known to the Manufacturer from which liability may be charged against the Lessee hereunder and the Lessee, the Company and the Trustee, respectively, will give notice to the Manufacturer of any claim known to the Lessee, the Company and the Trustee, as the case may be, on the basis of which liability may be charged against the Manufacturer hereunder.

ARTICLE 7. Taxes. All payments to be made or caused to be made by the Company or the Lessee hereunder will be free of expense to the Manufacturer with respect to the amount of any local, state, provincial, or federal United States, Canadian or Mexican taxes (other than net income, gross receipts, franchise taxes measured by net income based on such receipts, excess profits and similar taxes), assessments, license fees, charges, fines or penalties levied or imposed upon, or in connection with, or measured by, this Agreement or any use, payment, shipment, delivery or transfer of title under the terms hereof, all of which taxes, assessments,
