W I T N E S S E T H:

That, in consideration of the sum of One Dollar (\$1.00) and other good and valuable consideration paid by the Assignee to the Manufacturers, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained:

(a) All the right, title and interest of such Manufacturer in and to each Item of Equipment to be built by it when and as delivered and accepted and upon payment by the Assignee to such Manufacturer of the amount required to be paid under Section 5 hereof with respect thereto;

(b) All the right, title and interest of such Manufacturer in and to the Conditional Sale Agreement and in and to any and all amounts which may be or become due or owing to the Manufacturer under the Conditional Sale Agreement on account of the indebtedness in respect of the Purchase Price (as defined in the Conditional Sale Agreement) of the Equipment and interest thereon, and in and to any other sums becoming due from the Trustee-Vendee under the Conditional Sale Agreement, other than the following rights which are hereby expressly reserved and excluded from the foregoing assignment namely:

(i) the right to construct and deliver the Items of Equipment to be built by it and to receive the payments specified in Section 3.3 A1 and B1 and in Section 12.7 of the Conditional Sale Agreement;

(ii) the right to reimbursement for taxes paid or incurred by the Manufacturer; and

without any recourse, however, against such Manufacturer for or on account of the failure of the Trustee-Vendee to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of such Manufacturer to deliver the various Items of Equipment to be built by it in accordance with the Conditional Sale Agreement or with respect to its warranties and agreements contained in Sections 10.3 and 11 of the Conditional Sale Agreement or relieve the Trustee-Vendee from its obligations to such Manufacturer under Sections 10, 11 and

12 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Section 12.4 of the Conditional Sale Agreement, all obligations of such Manufacturer to the Trustee-Vendee shall be and remain enforceable by the Trustee-Vendee, its successors and assigns, against and only against such Manufacturer. In furtherance of the foregoing assignment and transfer, such Manufacturer hereby authorizes and empowers the Assignee in the Assignee's own name, or in the name of the Assignee's nominee, or in the name of and as attorney, hereby irrevocably constituted, for such Manufacturer to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Trustee-Vendee with the terms and agreements on their parts to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

Section 2. Each of the Manufacturers covenants and agrees that it will construct and deliver the various Items of Equipment to be built by it to the Trustee-Vendee, in accordance with the provisions of the Conditional Sale Agreement, and that, notwithstanding this Assignment, it will perform and fully comply with each and all of the covenants and conditions of the Conditional Sale Agreement set forth to be performed and complied with by such Manufacturer. Each Manufacturer further covenants and agrees that it will warrant to the Assignee and the Trustee-Vendee that at the time of delivery of each Item of Equipment to be built by it to the Trustee-Vendee under the Conditional Sale Agreement it had legal title to such Item and good and lawful right to sell such Item and the title to such Item was free of all claims, liens and encumbrances of any nature except only the rights of the Trustee-Vendee under the Conditional Sale Agreement and the rights of the Lessee under the Lease; and each Manufacturer further covenants and agrees that it will defend the title to such Item built by it against the demands of all persons whomsoever based on claims originating prior to said delivery of such Item by such Manufacturer to the Trustee-Vendee; all subject, however, to the provisions of the Conditional Sale Agreement and the rights of the Trustee-Vendee thereunder and the Lessee under the Lease.

Each of the Manufacturers covenants and agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any installment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the Conditional Sale Agreement, such Manufacturer will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, set-off, counterclaim or recoupment whatsoever of the Trustee-Vendee arising out of a breach

by such Manufacturer of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or under Sections 10 and 11 of the Conditional Sale Agreement, or by reason of any defense, set-off, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Trustee-Vendee by such Manufacturer. Any and all such obligations shall be and remain enforceable by the Trustee-Vendee against and only against such Manufacturer and shall not be enforceable against the Assignee or any party or parties in whom title to the Equipment or any unit thereof or any of the rights of such Manufacturer under the Conditional Sale Agreement shall vest by reason of this Assignment or of successive assignments. The Assignee will give notice to such Manufacturer of any suit, proceeding or action by the Assignee herein described.

Except in cases of designs specified by the Lessee and not developed or purported to be developed by such Manufacturer, and articles and materials specified by the Lessee and not manufactured by such Manufacturer, each Manufacturer agrees to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, demands, costs, charges and expenses, including reasonable royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the Equipment, or any Item thereof, of any design, article or material infringing or claimed to infringe on any patent or other right.

Each of the Manufacturers agrees that any amount payable to it by the Trustee-Vendee or the Lessee, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien or charge on any Items of the Equipment.

Section 3.
