AGREEMENT AND ASSIGNMENT

Dated as of January 1, 1981

between

THRALL CAR MANUFACTURING COMPANY

and

THE FIRST NATIONAL BANK AND TRUST COMPANY OF OKLAHOMA CITY,

as Agent

---

---

AGREEMENT AND ASSIGNMENT dated as of January 1, 1981 between THRALL CAR MANUFACTURING COMPANY (hereinafter called the Builder) and THE FIRST NATIONAL BANK AND TRUST COMPANY OF OKLAHOMA CITY, acting as Agent (hereinafter called the Assignee) under a Participation Agreement dated as of the date hereof (hereinafter called the Participation Agreement).

WHEREAS, the Builder and WELLS FARGO EQUIPMENT LEASING CORPORATION (hereinafter, together with its successors and assigns, called the Vendee) have entered into a Conditional Sale Agreement dated as of the date hereof (hereinafter called the Conditional Sale Agreement) covering the construction, sale and delivery, on the conditions therein set forth, by the Builder and the purchase by the Vendee of the railroad equipment described in Annex A to the Conditional Sale Agreement (hereinafter called the Equipment); and

WHEREAS, the Vendee and OKLAHOMA GAS AND ELECTRIC COMPANY (hereinafter called the Lessee) have entered into a Lease of Railroad Equipment dated as of the date hereof (hereinafter called the Lease) providing for the lease to the Lessee of the Equipment, the Vendee and the Assignee have entered into an Assignment of Lease and Agreement dated as of the date hereof (hereinafter called the Lease Assignment) assigning for security purposes certain of the Vendee's rights in, to and under the Lease to the Assignee as further security for the Conditional Sale Indebtedness (as defined in the Conditional Sale Agreement) and the Lessee has acknowledged and consented to such assignment pursuant to the Consent and Agreement dated as of the date hereof (hereinafter called the Consent);

NOW, THEREFORE, THIS AGREEMENT AND ASSIGNMENT (hereinafter called this Assignment) WITNESSETH THAT, in consideration of the sum of One Dollar and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained, the parties hereto do hereby agree as follows:

SECTION 1. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) All the right, title and interest of the Builder in and to each unit of the Equipment;

(b) All the right, title and interest of the Builder in and to the Conditional Sale Agreement (except the right to construct and deliver the Equipment, the right to receive the payments specified in subparagraph (a) of the fourth paragraph of Article 4 thereof and reimbursement for taxes paid or incurred by the Builder), and, except as aforesaid, in and to any and all amounts which may be or become due or owing under

the Conditional Sale Agreement on account of the Conditional Sale Indebtedness (as defined in the Conditional Sale Agreement) with respect to the Equipment and interest and premium, if any, thereon and in and to any other sums becoming due from the Vendee under the Conditional Sale Agreement other than those hereinabove excluded; and

(c) Except as limited by subparagraph (b) of this paragraph, all the Builder's rights, powers, privileges and remedies under the Conditional Sale Agreement;

without any recourse, however, against the Builder for or on account of the failure of the Vendee to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the Conditional Sale Agreement; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Builder to sell and deliver the Equipment in accordance with the Conditional Sale Agreement or with respect to its warranties and agreements contained in Article 14 of the Conditional Sale Agreement or relieve the Vendee from its obligations to the Builder contained in Articles 2, 3, 4, 6 and 14 of the Conditional Sale Agreement, it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Article 15 of the Conditional Sale Agreement, all obligations of the Builder to the Vendee with respect to the Equipment shall be and remain enforceable by the Vendee, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee, in the Assignee's own name or in the name of the Assignee's nominee, or in the name of or as attorney hereby irrevocably constituted for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and compliance by the Vendee with the terms and agreements on its part to be performed under the Conditional Sale Agreement, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 2. The Builder covenants and agrees that it shall construct the Equipment in full accordance with the Conditional Sale Agreement and will deliver the same upon completion to the Vendee or its duly appointed agent in accordance with the provisions of the Conditional Sale Agreement; and that notwithstanding this Assignment, it will perform and fully comply with each and all of the covenants and conditions of the Conditional Sale Agreement to be performed and complied with by the Builder. The Builder further covenants and agrees that it will warrant to the Assignee, the Vendee and the Lessee that at the time of delivery of each unit of the Equipment under the Conditional

Sale Agreement it had legal title to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances of any nature except only the rights of the Vendee under the Conditional Sale Agreement and the rights of the Lessee under the Lease; and the Builder further covenants and agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the Conditional Sale Agreement; all subject, however, to the provisions of the Conditional Sale Agreement and the rights of the Vendee thereunder. The Builder will not deliver any of the Equipment to the Vendee or its duly appointed agent under the Conditional Sale Agreement until the Conditional Sale Agreement and the Lease have been filed and recorded with the Interstate Commerce Commission in accordance with 49 U.S.C. §11303.

SECTION 3. The Builder covenants and agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the Conditional Sale Agreement for any installment of, or interest or premium, if any, on, Conditional Sale Indebtedness or to enforce any provision of the Conditional Sale Agreement, the Builder will indemnify, protect and hold harmless the Assignee and/or the Vendee, as appropriate, from and against all expense (including, but not limited to, counsel fees), loss or damage suffered by reason of any defense, set-off, counterclaim or recoupment whatsoever claimed by the Vendee or the Lessee arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, sale, delivery or warranty thereof or arising by reason of any other indebtedness or liability at any time owing to the Vendee, the Assignee or the Lessee by the Builder. Any and all such obligations shall be and remain enforceable by the Vendee or the Lessee or their respective successors and assigns against and only against the Builder or its successors and assigns and shall not be enforceable against the Assignee or any person or persons in whom title to the Equipment, or any unit thereof, or any of the rights of the Builder under the Conditional Sale Agreement shall vest by reason of this assignment or of successive assignments or transfers. The Assignee will give notice to the Builder of any suit, proceeding or action by the Assignee herein described, and shall promptly move or take other appropriate action, on the basis of Article 15 of the Conditional Sale Agreement, to strike any defense, set-off, counterclaim or recoupment asserted by the Vendee or the Lessee therein; and if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, set-off, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee shall promptly notify the Builder of any such defense, set-off, counterclaim or recoupment asserted by the

Vendee or the Lessee or its successors and assigns and thereafter give the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, set-off, counterclaim or recoupment.

The Builder agrees that any amounts payable to it by the Vendee or the Lessee with respect to the Equipment, whether pursuant to the Conditional Sale Agreement or otherwise, not hereby assigned to the Assignee shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 4. The Builder will cause to be plainly, distinctly, permanently and conspicuously marked on each side of each unit of the Equipment, at the time of delivery thereof under the Conditional Sale Agreement, in letters not less than one inch in height, the words: "Owned by Wells Fargo Equipment Leasing Corporation. Ownership Subject to a Security Agreement Filed with the Interstate Commerce Commission."

SECTION 5. The Assignee, on the Closing Date as provided in Article 4 of the Conditional Sale Agreement of the Equipment, shall pay to the Builder an amount equal to the Conditional Sale Indebtedness with respect to the Equipment as provided in Article 4, provided that there shall have been delivered to the Assignee (with an executed counterpart to the Vendee), as provided in Article 15 of the Conditional Sale Agreement and at least five Business Days prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(b) A Certificate or Certificates of Acceptance with respect to the units of the Equipment as contemplated by Article 3 of the Conditional Sale Agreement and Section 2 of the Lease;

In giving the opinions specified in subparagraphs (e), (f), (g), (h) and (i) of this Section 5, counsel may qualify any opinion to the effect that any agreement is a legal, valid and binding instrument enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally and to the further limitation that the availability of the remedy of specific performance is subject to the discretion of the enforcing court and to general equitable principles limiting the availability of such remedy. In giving the opinion specified in said subparagraphs (e) and (f), counsel may rely as to the authorization, execution and delivery by the Builder of the documents executed by the Builder and, to the extent applicable, title to the Equipment at the time of delivery thereof under the Conditional Sale Agreement, on the opinion of counsel for the Builder delivered pursuant to said subparagraph (h), and as to the authorization, execution and delivery by the Vendee of the documents executed by the Vendee, on the opinion of counsel for the Vendee delivered pursuant to said subparagraph (i). In giving the opinion specified in said subparagraph (e), counsel may further rely as to the authorization, execution and delivery by the Lessee of the documents executed by the Lessee, on the opinions of counsel for the Lessee delivered pursuant to said subparagraph (g).

The obligation of the Assignee hereunder to make payment for the Equipment is hereby expressly conditioned upon the Assignee's having on deposit pursuant to the terms of the Participation Agreement sufficient funds available to make such payment. The Assignee shall not be obligated to make any of the above-mentioned payments at any time while an event of default or any event which, with notice, demand and/or lapse of time would constitute an event of default shall have occurred and be continuing under the Conditional Sale Agreement. In the event that the Assignee shall not make any such payment as aforesaid, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

SECTION 6. The Assignee may assign all or any of its rights under the Conditional Sale Agreement, including the right to receive any payments due or to become due to it from the Vendee thereunder. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, and upon giving the written notice required in Article 15 of the Conditional Sale Agreement, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

SECTION 7. The Builder hereby:

(a) represents and warrants to the Assignee and the Vendee and their respective successors and assigns, that the Conditional Sale Agreement was duly authorized by it and lawfully executed and delivered by it for good and valuable consideration; and, assuming the due authorization, execution and delivery thereof by the Vendee, the Conditional Sale Agreement is a legal, valid and binding agreement upon the Builder in accordance with its terms and it is now in full force and effect without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or the Vendee or their respective successors or assigns, make, execute and deliver all such further instruments of assignment, title, transfer and assurance and do such further acts and things as may be necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned, transferred and set over to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee or its successors or assigns, it will execute any and all instruments which may be necessary or proper in order

to discharge of record the Conditional Sale Agreement or any other instrument evidencing any interest of the Builder therein or in the Equipment.

SECTION 8. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Illinois; provided, however, that the parties shall be entitled to all rights conferred by 49 U.S.C. §11303 and such additional rights arising out of the filing, recording, registering or depositing, if any, of the Conditional Sale Agreement or this Assignment as shall be conferred by the laws of the several jurisdictions in which the Conditional Sale Agreement or this Assignment shall be filed, recorded, registered or deposited and any rights arising out of the markings on the units of the Equipment.

SECTION 9. This Assignment may be executed in any number of counterparts, but the counterpart delivered to the Assignee shall be deemed to be the original counterpart. Although this Assignment is dated as of January 1, 1981 for convenience, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this Assignment to be signed in their respective corporate names by duly authorized officers and their respective corporate seals to be hereunder affixed and duly attested, all as of the date first above written.
