1. The Agreements are hereby amended as follows:

(a) Section 5.08 of each of the Agreements is hereby amended to read as follows:

Section 5.08. Maintenance of Trust Equipment.
The Company agrees that it will maintain and keep or

cause others to maintain and keep the Trust Equipment in good running order and proper repair without cost or expense to the Trustee, unless and until it becomes worn out, unsuitable for use, lost, destroyed or taken or requisitioned by condemnation or otherwise. Whenever any of the Trust Equipment shall become worn out, unsuitable for use, lost, destroyed or taken or requisitioned by condemnation or otherwise, the Company shall, at its option:

(1) Forthwith deliver to the Trustee an Engineer's Certificate describing such Trust Equipment and stating the fair value thereof as of the date such Trust Equipment became worn out, unsuitable for use, lost, destroyed or taken or requisitioned by condemnation or otherwise, and shall deposit with the Trustee an amount in cash equal to such fair value (as determined under subparagraph (1) of the fifth paragraph of Section 5.06 hereof). Cash deposited with the Trustee pursuant to this subparagraph (1) of this first paragraph of Section 5.08 shall be held and applied as provided for in the fourth paragraph of Section 5.06 hereof; or

(2) Forthwith deliver to the Trustee an Engineer's Certificate describing such Trust Equipment and stating the depreciated value thereof (as computed on a reproduction cost basis in accordance with the regulations of the Association of American Railroads presently in effect, except that the reproduction cost used in such computation shall be in accordance with such regulations then in effect) as of the date such Trust Equipment became worn out, unsuitable for use, lost, destroyed or taken or requisitioned by condemnation or otherwise, and shall deposit with the Trustee an amount in cash equal to such depreciated value. If payment for such Trust Equipment is to be made to the Company by a third party, except as is otherwise provided herein, the Company shall not be required to deposit with the Trustee the depreciated value until such payment is received by the Company. The Company agrees to make all reasonable efforts to obtain payment from such third party at the earliest possible date. Anything contained herein to the contrary notwithstanding: (i) the amounts

deposited with the Trustee pursuant to this subparagraph (2) shall be treated in the same manner as rental paid to the Trustee pursuant to Section 5.04(b)(4) hereof and, at the next succeeding sinking fund redemption date, shall be applied pursuant to Sections 3.02 and 3.03 hereof to redeem a principal amount of the Trust Certificates equal to such depreciated value; and (ii) such deposits and redemptions called for by this subparagraph (2) shall be in addition to the compulsory sinking fund and the redemption provisions set forth in Article Three and Section 5.04(b)(4) hereof. Until applied to redeem a portion of the Trust Certificates as provided herein, amounts deposited pursuant to this subparagraph (2) shall be invested by the Trustee, on Request, in Investment Securities in accordance with Section 9.05 hereof. Actions by the Company in complying with the provisions of this subparagraph (2) shall relieve the Company of any further obligation to replace such Trust Equipment or to deposit cash in lieu thereof under subparagraph (1) of this first paragraph of this Section 5.08; provided, however, that in any event, payment of the depreciated value pursuant to this subparagraph (2) shall be made by the Company no later than 180 days following the date of the Engineer's Certificate delivered pursuant hereto.

The rights and remedies of the Trustee to enforce this Agreement or to recover any of the rental payments shall not be affected by reason of any such occurrence as described above in this Section 5.08.

The Company covenants and agrees to furnish to the Trustee and to the Long-Term Purchaser whenever required by either the Trustee or the Long-Term Purchaser, but at least once on or before April 30 in every calendar year following 1982 and during the continuance of the lease provided for herein, an Officers' Certificate, dated as of the preceding February 1 stating (1) the number of units of the Trust Equipment then covered hereby and under sublease, together with a list and description of sublessees thereunder, the units of Trust Equipment (identified by car number) covered by each sublease and the term and monthly rental under each sublease, (2) the amount, description and numbers of all Trust Equipment that may have become worn out, unsuitable

for use, lost, destroyed or taken or requisitioned by condemnation or otherwise since the date of the last preceding statement (or January 1, 1981 in case of the first statement), (3) the number of units of the Trust Equipment which the Company has been notified are then undergoing repairs, other than running repairs, or then withdrawn from use for such repairs, (4) that in the case of all the Trust Equipment repainted or repaired since the date of the last preceding statement (or January 1, 1981 in the case of the first statement), the marks required by Section 5.07 hereof have been preserved, or that such Trust Equipment when repainted or repaired has been again marked as required thereby, (5) all normal maintenance and repair work on the Trust Equipment has been done and all such Trust Equipment is in good condition and repair and in proper running order, and (6) based on the most recent reports provided to the Company by the lessee (or sublessee) under any lease (or sublease) of the units of Trust Equipment, the location of all units of Trust Equipment which are outside of the United States of America (or any state thereof or the District of Columbia) as of the most recent date reflected in such reports. The Officers' Certificate shall be accompanied by a certificate or letter from the Company's independent certified public accountants of nationally recognized standing, prepared in connection with their audit for the fiscal year ended on the preceding December 31, and stating that they have examined the Existing Leases and subleases entered into pursuant to Section 5.09 hereof, and that they have received such confirmations as they deem appropriate in accordance with generally accepted auditing standards from lessees under the Existing Leases, or subleases entered into pursuant to Section 5.09 hereof, that such lessees have possession of the specified portion of the Equipment subject to the Existing Leases, or subleases entered into pursuant to Section 5.09 hereof, entered into between the Company and such lessees. The Trustee, by its agents, shall have the right once in each calendar year, but shall be under no duty, to inspect the Trust Equipment at the then existing locations thereof.

(b) Section 6.01 of each of the Agreements is hereby amended by adding the following new subparagraph (h) at the end of the first paragraph thereof:

(h) any representation, warranty or statement made by the Company in the Purchase Agreement or in this Agreement, or in any certificate or other instrument delivered hereunder or thereunder shall be incorrect in any material respect as of the time when made,

2. Each of the Agreements, as hereby amended, remains in full force and effect mutatis mutandis.

3. Each of the Agreements, as hereby amended, is in all respects ratified and confirmed, and all rights and powers created or granted thereby or thereunder shall remain in full force and effect.

4. Terms used in this Supplemental Agreement, unless otherwise defined herein or unless the context otherwise requires, shall have the respective meanings ascribed to them in the Agreements.

5. The terms "Trust Agreement," "Agreement" or "Equipment Trust Agreement" as used in each of the Agreements and all Exhibits thereto shall be construed to mean the Agreements as amended by this Supplemental Agreement.

6. This Supplemental Agreement shall in all respects be governed by, and construed and enforced in accordance with, the laws of the State of Texas, including all matters of construction, validity and performance.

7. This Supplemental Agreement may be signed by each party hereto upon a separate copy in which event all of said copies shall constitute a single counterpart of this Supplemental Agreement. This Supplemental Agreement may be

executed in several counterparts each of which shall be deemed an original, and all such counterparts shall together constitute but one and the same instrument. It shall not be necessary in making proof of this Supplemental Agreement to produce or account for more than one such counterpart.

IN WITNESS WHEREOF, the parties have caused their names to be signed hereto by their respective officers thereunto duly authorized and their respective corporate seals, duly attested, to be hereunto affixed effective as of the date first written above.
