Fee \$ 50.00

ICC Washington, D. C.

Ms. Agatha L. Mergenovich, Secretary
Interstate Commerce Commission
Washington, D. C. 20423

Dear Ms. Mergenovich:

Enclosed are executed counterparts Nos. 1, 2, 3, 4, and 5 (of 6) of a Conditional Sale Agreement dated as of February 1, 1979, between The Chessie Corporation, P. O. Box 6419, Cleveland, Ohio 44101 (Seller) and The Chesapeake and Ohio Railway Company, P. O. Box 6419, Cleveland, Ohio 44101 (Buyer); and an Agreement and Assignment dated as of February 1, 1979, between the Metropolitan Life Insurance Company, One Madison Avenue, New York, N. Y. 10010 (the Assignee) and the Seller (as Assignor).

The equipment covered by the above documents consists of:

- 112 100-ton open top hopper cars
To bear the Buyer's Road Nos. 189300-189411, inclusive,
AAR Mechanical Designation HT.

The above equipment will be lettered "Chessie System", "C&O" or in some other appropriate manner, and will also be marked:

"OWNERSHIP SUBJECT TO A SECURITY AGREEMENT
FILED WITH THE INTERSTATE COMMERCE COMMISSION"

Also enclosed is a draft of The Chesapeake and Ohio Railway Company in the amount of \$50 representing the required recording fee.

Pursuant to the Commission's rules and regulations for the recordation of certain documents under 49 U.S.C. §11303 (former Section 20c of the Interstate Commerce Act), you are hereby requested to file one of the enclosed counterparts for record in your office and to return the remaining four copies to me at my above address.

Very truly yours,

Michael C. Bynane

SCHEDULE A--Miscellaneous	
SCHEDULE B--Specifications	

CONDITIONAL SALE AGREEMENT dated as of February 1, 1979, between The Chessie Corporation (the "Builder" or the "Vendor" as the context may require as more particularly set forth in Article 1 hereof), and THE CHESAPEAKE AND OHIO RAILWAY COMPANY, a Virginia corporation (the "Railroad").

Heretofore the Railroad entered into a Conditional Sale Agreement dated as of February 1, 1979, with ACF Industries, Incorporated, Fruit Growers Express Company ("Fruit Growers") and General Electric Company (hereinafter collectively called the "Other Builders" and said agreement hereinafter called the "Other Agreement"). Certain rights of the Other Builders under the Other Agreement were assigned to Metropolitan Life Insurance Company ("Metropolitan") pursuant to an Agreement and Assignment dated as of February 1, 1979, between the Other Builders and Metropolitan (the "Other Assignment"). The Other Agreement and the Other Assignment were filed with the Interstate Commerce Commission on January 30, 1979, at 10:00 a.m., Recordation No. 10064.

Fruit Growers will be unable to deliver all of its equipment pursuant to the Other Agreement prior to April 30, 1980. Metropolitan has agreed to exclude certain of the equipment of Fruit Growers from the Other Agreement, and in substitution therefor the Railroad will enter into this Agreement with the Builder and the Builder will assign certain rights under this Agreement to Metropolitan.

The Builder has agreed to construct, sell and deliver to the Railroad, and the Railroad has agreed to purchase, the equipment described in Schedule B hereto (the "Equipment").

NOW, THEREFORE, in consideration of the mutual promises, covenants and agreements hereinafter set forth, the parties hereto do hereby agree as follows:

ARTICLE 1. Certain Definitions. The term "Vendor", whenever used in this Agreement, means, before any assignment of any of its rights hereunder, the corporation named in Item 1 of Schedule A hereto and any successor or successors for the time being to its manufacturing properties and businesses, and, after any such assignment, both any assignee or assignees for the time being of such particular assigned

rights as regards such rights, and also any assignor as regards any rights hereunder that are retained or excluded from any assignment. The term "Builder", whenever used in this Agreement, means, both before and after any such assignment, the corporation named in Item 1 of Schedule A hereto and any successor or successors for the time being to its manufacturing properties and businesses.

Additional agreements, if any, set forth in Schedule A hereto shall be deemed to be a part of this Agreement as fully as though set forth in full in this instrument.

ARTICLE 2. Construction and Sale. Pursuant to this Agreement, the Builder shall construct the units of the Equipment and will sell and deliver to the Railroad, and the Railroad will purchase from the Builder and accept delivery of and pay for (as hereinafter provided), such Equipment, each unit of which shall be constructed in accordance with the specifications set forth therefor in Schedule B hereto and in accordance with such modifications thereof as may be agreed upon in writing between the Builder and the Railroad (which specifications and modifications, if any, are hereinafter called the "Specifications"). The design, quality and component parts of each unit of the Equipment shall conform, on the date of completion of manufacture of each thereof, to all Department of Transportation and Interstate Commerce Commission requirements and specifications and to all standards recommended by the Association of American Railroads reasonably interpreted as being applicable to equipment of the character of such units of the Equipment and each unit of the Equipment (except to the extent, if any, referred to in Schedule A hereto and/or in Article 8 hereof) will be new railroad equipment.

ARTICLE 3. Inspection and Delivery. The Builder will deliver the units of Equipment to the Railroad at the place or places specified in Schedule B hereto (or if Schedule B does not specify a place or places, at the place or places designated from time to time by the Railroad), freight charges, if any, prepaid and for the account of the Railroad, in accordance with the delivery schedule set forth in Schedule B hereto; provided, however, that the Builder shall have no obligation to deliver any unit of Equipment hereunder at any time after the commencement of any proceedings specified in clause (c) or (d) of Article 16 hereof or if any

event of default (as described in Article 16 hereof), or event which with the lapse of time and/or demand or failure to take action could constitute such an event of default, shall have occurred and be continuing.

The Builder's obligation as to time of delivery is subject, however, to delays resulting from causes beyond the Builder's reasonable control, including but not limited to acts of God, acts of government such as embargoes, priorities and allocations, war or war conditions, riot or civil commotion, sabotage, strikes, differences with workmen, accidents, fire, flood, explosion, damage to plant, equipment or facilities, delays in receiving necessary materials or delays of carriers or subcontractors.

Notwithstanding the preceding provisions of this Article 3, (1) any Equipment not delivered, accepted and settled for pursuant to Article 4 hereof on or before the Cut-Off Date (as defined in Article 4 hereof) shall be excluded herefrom and (2) if the aggregate Invoiced Purchase Price (as defined in Article 4 hereof) of all Equipment previously settled for under this Agreement exceeds \$4,424,000, the Railroad may exclude herefrom any units of Equipment not theretofore settled for under this Agreement. If any unit or units of Equipment shall be excluded from this Agreement pursuant to the immediately preceding sentence, the Builder and the Railroad shall execute an agreement supplemental hereto limiting this Agreement to the units of Equipment not so excluded herefrom. If the Builder's failure to deliver Equipment so excluded from this Agreement resulted from one or more of the causes set forth in the immediately preceding paragraph, the Railroad shall nevertheless be obligated to accept such Equipment and pay the full purchase price therefor, determined as provided in this Agreement, if and when such Equipment shall be completed and delivered by the Builder, such payment to be in cash on the later of the delivery of, or the presentation of the invoice for, such Equipment, either directly or, in case the Railroad shall arrange therefor, by means of a conditional sale agreement, equipment trust or such other appropriate method of financing as the Railroad shall determine and as shall be reasonably acceptable to the Builder.

During construction, the Equipment shall be subject to inspection and approval by the authorized inspectors of the Railroad and the Builder shall grant to such authorized inspectors reasonable access to its plant. The Builder

agrees to inspect all materials used in the construction of the Equipment in accordance with the standard quality control practices of the Builder. Upon completion of each unit or of a number of units of the Equipment, such unit or units shall be presented to an inspector of the Railroad for inspection at the place specified for delivery of such unit or units, and if each such unit conforms to the Specifications, requirements and standards applicable thereto, such inspector or an authorized representative of the Railroad shall execute and deliver to the Builder a certificate of acceptance (the "Certificate of Acceptance") stating that such unit or units have been inspected and accepted on behalf of the Railroad and are marked in accordance with Article 7 hereof; provided, however, that the Builder shall not thereby be relieved of its warranty referred to in Article 14 hereof.

On delivery of each such unit hereunder at the place specified for delivery, the Railroad will assume the responsibility and risk of, and shall not be released from its obligations hereunder in the event of, any damage to or the destruction or loss of such unit.

ARTICLE 4. Purchase Price and Payment. The base price or prices per unit of the Equipment are set forth in Schedule B hereto. Such base price or prices are subject to such increase or decrease as is agreed to by the Builder and the Railroad. The term "Purchase Price" as used herein shall mean the base price or prices as so increased or decreased, including without limitation any increase pursuant to the presentation of a supplemental invoice as hereinafter provided.

For the purpose of making settlement, the Equipment shall be divided into such number of groups of units of the Equipment, delivered to and accepted by the Railroad (each such group being hereinafter called a "Group"), as the Builder and the Railroad may agree to.

The Railroad hereby acknowledges itself to be indebted to the Vendor in the amount of, and hereby promises to pay in cash to the Vendor at such place as the Vendor may designate, the Purchase Price of the Equipment, as follows:

(a) on each Closing Date (as hereinafter defined) with respect to such Group the amount, if any, by which (x) the Purchase Price of all units of the Equipment for which settlement has theretofore and is then being made, as stated in the invoice or invoices presented (including

any supplemental invoice or invoices hereinafter provided for) in respect of such Closing Date (said invoiced prices being herein called the "Invoiced Purchase Prices"), exceeds (y) the sum of \$4,424,000 and any amount or amounts previously paid or payable with respect to the Invoiced Purchase Prices pursuant to this subparagraph (a); and

(b) in 14 consecutive equal (except for appropriate adjustment of the final installment in case the amount payable pursuant to this subparagraph (b) shall not, when divided by 14, result in an amount ending in an integral cent) annual installments, as hereinafter provided, an amount equal to the aggregate of the Invoiced Purchase Prices for all the Equipment less the amount paid or payable with respect thereto pursuant to subparagraph (a) of this paragraph (the aggregate of said installments being hereinafter called the "CSA Indebtedness").

In the event that on any Closing Date the final Purchase Price of any Group has not been finally determined, the invoice presented may be for an estimated Purchase Price, subject to adjustment upon determination of the final Purchase Price, and a supplemental invoice may be presented by the Builder at least 10 days prior to any subsequent Closing Date for settlement on such subsequent Closing Date for any increase in the Purchase Price; it being agreed by the Builder that any prior preliminary invoice or invoices presented by the Builder shall be in amount not in excess of the final Purchase Price of such Group. If a supplemental invoice is presented by the Builder after the last Closing Date, it shall be paid in cash by the Railroad to the Builder in accordance with its original purchase order.

The installments of the CSA Indebtedness shall be payable annually, in immediately available funds, on February 1 in each year commencing on February 1, 1981, to and including February 1, 1994. The unpaid portion of the CSA Indebtedness shall bear interest from the respective Closing Dates on which such indebtedness was incurred at the rate of 9.70% per annum. Such interest shall be payable, to the extent accrued, on February 1 and August 1 in each year, commencing August 1, 1980.

The term "Closing Date" with respect to any Group of the Equipment shall mean such date (on or after April 1,

1980, and prior to the Cut-Off Date as set forth in Item 2 of Schedule A), not more than 10 days following presentation by the Builder to the Railroad of its invoice and the Certificate or Certificates of Acceptance for such Group, as shall be fixed by the Railroad by written notice delivered to the Vendor at least 5 business days prior to the Closing Date designated therein. Such notice shall set forth the number and Invoiced Purchase Price of the units of Equipment to be settled for on such Closing Date and the amount or amounts payable by the Vendor to the Builder pursuant to the terms of any assignment by the Builder of its rights hereunder.

The term "business days" as used herein means calendar days, excluding Saturdays, Sundays and any other days on which banking institutions in New York, New York, are authorized or obligated to be closed.

All interest under this Agreement shall be calculated on the basis of a 360-day year of 12 30-day months.

The Railroad will pay, to the extent legally enforceable, interest at the rate of 10.70% per annum upon all amounts remaining unpaid after the same shall have become due and payable pursuant to the terms hereof, anything herein to the contrary notwithstanding.

All payments provided for in this Agreement shall be made in such coin or currency of the United States of America as at the time of payment shall be legal tender for the payment of public and private debts. Except as provided in Article 8 hereof, the Railroad shall not have the privilege of prepaying any installment of CSA Indebtedness hereunder prior to the date it becomes due.

In the event the Vendor, pursuant to Article 15 hereof, assigns the right to receive the payments herein provided to be made by the Railroad, the assignee thereof may request the Railroad to make and the Railroad shall make such payments to it at such address as shall be supplied to the Railroad by the assignee.

ARTICLE 5. Taxes. All payments to be made by the Railroad hereunder will be free of expense to the Vendor for collection or other charges and will be free of expense to the Vendor with respect to the amount of any local, state, Federal or foreign taxes (other than net income, gross

receipts [except gross receipts taxes in the nature of or in lieu of sales or use taxes], excess profits and similar taxes) or license fees, assessments, charges, fines or penalties hereafter levied or imposed upon or in connection with or measured by, this Agreement or any sale, use, payment, shipment, delivery or transfer of title under the terms hereof (all such expenses, taxes, license fees, assessments, charges, fines and penalties being hereinafter called "impositions"), all of which impositions the Railroad assumes and agrees to pay on demand. The Railroad will also pay promptly all impositions which may be imposed upon the Equipment delivered to it or for the use or operation thereof or upon the earnings arising therefrom or upon the Vendor solely by reason of its interest therein and will keep at all times all and every part of the Equipment free and clear of all impositions which might in any way affect the security title of the Vendor or result in a lien upon any part of the Equipment; provided, however, that the Railroad shall be under no obligation to pay any impositions of any kind so long as it is contesting in good faith and by appropriate legal proceedings such impositions and the nonpayment thereof does not, in the opinion of counsel for the Vendor, adversely affect the interest or rights of the Vendor in or to the Equipment or otherwise under this Agreement. If any such impositions shall have been charged or levied against the Vendor directly and paid by the Vendor, the Railroad shall reimburse the Vendor upon presentation of an invoice therefor, and any amounts so paid by the Vendor shall be secured by and under this Agreement; provided, however, that the Railroad shall not be obligated to reimburse the Vendor for any impositions so paid unless the Vendor shall have been legally liable with respect thereto (as evidenced by an opinion of counsel for the Vendor) or unless the Railroad shall have approved the payment thereof.

ARTICLE 6. Security Title in the Equipment.

The Vendor shall and hereby does retain security title and a security interest in the Equipment until the Railroad shall have made all its payments under this Agreement and shall have kept and performed all its agreements herein contained, notwithstanding the delivery of the Equipment to and the possession and use thereof by the Railroad as provided in this Agreement. Any and all additions to the Equipment and any and all replacements of the Equipment and of parts thereof and additions thereto shall constitute accessions to the Equipment and shall be subject to all the terms and conditions of this Agreement and included in the term "Equipment" as used in this Agreement.

Except as otherwise specifically provided in Article 8 hereof, when and only when the full indebtedness in respect of the Purchase Price of the Equipment, together with interest and all other payments as herein provided, shall have been paid, and all the Railroad's obligations herein contained shall have been performed by the Railroad, absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad without further transfer or action on the part of the Vendor. However, the Vendor, if so requested by the Railroad at that time, will (a) execute a bill or bills of sale for the Equipment transferring and releasing its interest therein to the Railroad, or upon its order, free of all claims, liens, security interests and other encumbrances created or retained hereby and deliver such bill or bills of sale to the Railroad at its address referred to in Article 21 hereof, (b) execute and deliver at the same place, for filing, recording or depositing in all necessary public offices, such instrument or instruments in writing as may be necessary or appropriate in order then to make clear upon the public records the release of the security title of the Vendor in the Equipment and (c) pay to the Railroad any money paid to the Vendor pursuant to Article 8 hereof and not theretofore applied as therein provided. The Railroad hereby waives and releases any and all rights, existing or that may be acquired, in or to the payment of any penalty, forfeit or damages for failure to execute and deliver such bill or bills of sale or instrument or instruments or to file any certificate of payment in compliance with any law or statute requiring the filing of the same, except for failure to execute and deliver such bill or bills of sale or instrument or instruments or to file such certificate within a reasonable time after written demand by the Railroad.

ARTICLE 7. Marking of the Equipment. The Railroad will cause each unit of the Equipment to be kept numbered with its identifying number as set forth in Schedule B hereto, or in the case of Equipment not there listed such identifying number as shall be set forth in any amendment or supplement hereto extending this Agreement to cover such Equipment, and will keep and maintain, plainly, distinctly, permanently and conspicuously marked on each side of each unit, in letters not less than one inch in height, the words "Ownership Subject to a Security Agreement Filed With the Interstate Commerce Commission", with appropriate changes thereof and additions thereto as from time to time may be required by law in order to protect the Vendor's interest in the Equipment and its rights under this Agreement. The

Railroad will not place any such unit in operation or exercise any control or dominion over the same until such markings have been made thereon and will replace promptly any such markings which may be removed, defaced, obliterated or destroyed. The Railroad will not change the number of any unit of the Equipment except in accordance with a statement of new number or numbers to be substituted therefor, which statement previously shall have been filed with the Vendor by the Railroad and filed, recorded and deposited by the Railroad in all public offices where this Agreement shall have been filed, recorded and deposited.

Except as provided in the immediately preceding paragraph, the Railroad will not allow the name of any person, association or corporation to be placed on any unit of the Equipment as a designation that might be interpreted as a claim of ownership; provided, however, that the Railroad may cause the Equipment to be lettered with the names or initials or other insignia of the Railroad or its affiliates.

ARTICLE 8. Casualty Occurrences; Replacement Equipment; Prepayment of CSA Indebtedness; Insurance.

A. Casualty Occurrences. In the event that any unit of the Equipment shall be worn out, lost, stolen, destroyed, irreparably damaged, or damaged beyond economical repair in the opinion of the Railroad, or otherwise rendered permanently unfit for use from any cause whatsoever, or taken or requisitioned by condemnation or otherwise (other than by way of a requisition for use by any government or instrumentality or agency thereof not exceeding 180 days) or if compliance with any law or regulation of any Federal, state or local governmental authority or legislative, executive or judicial body having authority or jurisdiction or with the interchange or other rules of the Association of American Railroads would require the change or replacement or addition of any equipment or appliance to any unit or units of the Equipment and such compliance would in the opinion of the Railroad be uneconomical or in the event that the Purchase Price of any unit (or a portion thereof) shall have been refunded by the Builder pursuant to the Builder's patent indemnities referred to or set forth in Article 14 hereof (such occurrences being hereinafter called "Casualty Occurrences"), and in the event that the total Casualty Value (as hereinafter defined) of units that shall have suffered a Casualty Occurrence under this Agreement and under the Other Agreement shall exceed \$50,000 (exclusive of units having

suffered a Casualty Occurrence with respect to which a written notice shall have been given to the Vendor pursuant to this Article 8), the Railroad shall promptly (after it has knowledge of such Casualty Occurrence) and fully inform the Vendor in regard thereto by written notice. When the aggregate Casualty Value of all units having suffered a Casualty Occurrence (exclusive of units having suffered a Casualty Occurrence with respect to which a payment shall have been made to the Vendor pursuant to this paragraph A or with respect to which the Railroad shall have received credit pursuant to paragraph B of this Article 8 to the extent of such credit) under this Agreement and under the Other Agreement shall exceed \$300,000 (or such lesser amount as the Railroad may elect), the Railroad, after it has knowledge of such event, shall promptly pay to the Vendor a sum equal to the aggregate Casualty Value of such units of the Equipment as of the date of such payment and shall file with the Vendor a certificate of an officer of the Railroad setting forth the Casualty Value of each unit of the Equipment suffering a Casualty Occurrence; provided, however, that if any proceedings specified in clause (c) or (d) of Article 16 hereof shall have been commenced or if a Default, as hereinafter defined, shall have occurred and be continuing, the Railroad shall forthwith after it has knowledge of the Casualty Occurrence pay to the Vendor a sum equal to the aggregate Casualty Value of such units of the Equipment as of the date of such payment. Any money paid to the Vendor pursuant to this paragraph A shall be applied on the date of receipt thereof to the prepayment of the installments of the CSA Indebtedness in the inverse order of maturity, without premium. The Railroad shall also pay to the Vendor on the date of any such prepayment the unpaid interest accrued hereunder in respect of the CSA Indebtedness so prepaid.

B. Replacement. So long as no proceedings specified in clause (c) or (d) of Article 16 hereof shall have been commenced and no event of default or event which with notice, lapse of time and/or demand or failure to take action provided for in Article 16 hereof shall have occurred and be continuing (any such commencement, event of default or event being herein called a "Default") the Railroad may, at any time after it has informed the Vendor in regard to a Casualty Occurrence, cause to be transferred to the Vendor a replacement unit or units of standard-gauge railroad rolling stock (other than passenger or work equipment of a type other than locomotives) first put into service no earlier than April 1,

1980, and receive credit therefor in an amount equal to the lesser of the cost or fair value thereof (as evidenced by the certificate described in the next paragraph) against any Casualty Value payment it might otherwise be required to make in respect of the unit which shall have suffered the Casualty Occurrence. The fair value of any replacement unit of Equipment shall be deemed to be the lesser of the actual fair market value thereof or the cost thereof to the Railroad less depreciation accrued thereon computed by the straight-line method at the rate of 1/14th of said cost for each full year (but not pro rata for any part of a year) from the date on which the unit was first acquired by the Railroad to the date as of which such unit shall become replacement equipment hereunder. Such unit or units of replacement equipment shall have a remaining useful life at least as long as the Equipment described in Schedule B hereto would have had on the date of such replacement but for the Casualty Occurrence.

Whenever the Railroad shall transfer any unit of replacement equipment to the Vendor in lieu of making all or any part of any Casualty Value payment, the Railroad shall file with the Vendor at the time of transfer of such replacement unit:

(1) a certificate of an officer of the Railroad certifying (i) that such replacement unit is standard-gauge railroad rolling stock (other than work or passenger equipment of a type other than locomotives), (ii) the date such unit was first put into service, (iii) that such unit has a remaining useful life at least as long as the Equipment of the type described in Schedule B hereto would have had but for the Casualty Occurrence and has been marked as required by the provisions of this Article 8 and (iv) the cost and fair value thereof (in accordance with the definition thereof in the next preceding paragraph);

(2) an opinion of counsel for the Railroad that title to such replacement unit is vested in the Vendor free and clear from all claims, liens, security interests and other encumbrances except the rights of the Railroad under this Agreement, and that such unit has come under and become subject to this Agreement pursuant to a supplement hereto and all necessary filings have been made to perfect the interests of the Vendor therein; and

(3) an executed counterpart of the supplement referred to in clause (2) above stamped to show filing under 49 U.S.C. § 11303.

C. Definition of Casualty Value. The Casualty Value of each unit of the Equipment (other than a replacement unit) shall be deemed to be that amount which bears the same ratio to the original Purchase Price thereof (less, in the event that the Railroad shall have made any payment or payments under the provisions of subparagraph (a) of the third paragraph of Article 4 hereof, an amount which bears the same ratio to the aggregate of all such payments as the original Purchase Price of such unit bears to the original aggregate Purchase Price of all the Equipment) as the unpaid CSA Indebtedness (without giving effect to any prepayments then or theretofore made pursuant to paragraph A of this Article 8) as of the date such Casualty Value is determined bears to the total CSA Indebtedness originally incurred under Article 4 hereof. The Casualty Value of each replacement unit shall be deemed to be that amount which bears the same ratio to the fair value thereof (determined as provided in paragraph B of this Article 8) as of the date of acquisition by the Vendor of such replacement unit as the unpaid CSA Indebtedness (without giving effect to any prepayments then or theretofore made pursuant to paragraph A of this Article 8) as of the date such Casualty Value is determined bears to the unpaid CSA Indebtedness (without giving effect to any such prepayments) as of the date of acquisition by the Vendor of such replacement unit.

D. Title to Replacement Units. The Railroad will cause any replacement unit or units to be marked as provided in Article 7 hereof. Any and all replacements of Equipment or parts thereof shall constitute accessions to the Equipment and shall be subject to all appropriate terms and conditions of this Agreement as though part of the original Equipment delivered hereunder and shall be included in the term "Equipment" as used in this Agreement; provided, however, that nothing herein shall result in the Builder having any liability or obligation with respect to any replacement unit or units or parts thereof not manufactured by it. Title to all such replacement units and parts shall be free and clear of all liens and encumbrances except the liens permitted by the second paragraph of Article 12 hereof and shall be taken initially and shall remain in the name of the Vendor subject to the provisions hereof, and the Railroad shall execute, acknowledge, deliver, file, record or deposit all such

documents and do any and all such acts as may be necessary to cause such replacement units to come under and be subject to this Agreement. All such replacement units and parts shall be guaranteed and warranted by the builder of such replacement units or parts in like manner as is customary for such builder at the time for similar equipment.

In order to facilitate the sale or other disposition of any Equipment suffering a Casualty Occurrence, the Vendor shall, upon request of the Railroad, after full satisfaction by the Railroad of its obligations hereunder with respect to the Casualty Value of such Equipment, execute and deliver to the Railroad or the Railroad's vendee, assignee or nominee, a bill of sale (without warranties) for such Equipment, and such other documents as may be required to release such Equipment from the terms and scope of this Agreement, in such form as may be reasonably requested by the Railroad.

The Railroad will at all times prior to the payment of the full indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon and all other payments required hereby, at its own expense, cause to be carried and maintained insurance and public liability insurance in respect of the Equipment at the time subject hereto in amounts and against risks customarily insured against by railroad companies on similar equipment, and in any event in amounts and against risks comparable to those insured against by the Railroad on similar equipment owned by it.

ARTICLE 9. Maintenance; Compliance with Laws and Rules. The Railroad will at all times maintain the Equipment or cause the Equipment to be maintained in good order and repair at its own expense.

During the term of this Agreement, the Railroad will at all times comply in all respects with all laws of the jurisdictions in which its operations involving the Equipment may extend, with the interchange rules of the Association of American Railroads and with all lawful rules of the Department of Transportation, Interstate Commerce Commission and any other legislative, executive, administrative or judicial body exercising any power or jurisdiction over the Equipment, to the extent that such laws and rules affect the title, operation or use of the Equipment, and in the event that such laws or rules require any alteration, replacement or addition of any part on any unit of the

Equipment, the Railroad will conform therewith, at its own expense; provided, however, that the Railroad may, in good faith, contest the validity or application of any such law or rule in any reasonable manner which does not, in the opinion of the Vendor, adversely affect the property or rights of the Vendor under this Agreement.

ARTICLE 10. Reports and Inspections. On or before November 1 in each year, commencing with the year 1981, the Railroad shall furnish to the Vendor an accurate statement signed by an officer of the Railroad (a) setting forth as at the preceding June 30 the amount, description and numbers of all units of the Equipment that have suffered a Casualty Occurrence during the preceding 12 months (or since the date of this Agreement in the case of the first such statement) or that have been withdrawn from use pending repairs (other than running repairs) and such other information regarding the condition and state of repair of the Equipment as the Vendor may reasonably request and (b) stating that, in the case of all Equipment repaired or repainted during the period covered by such statement, the numbers and markings required by Article 7 hereof have been preserved or replaced. The Vendor shall have the right, by its agents, to inspect the Equipment and the Railroad's records with respect thereto at such reasonable times as the Vendor may request during the term of this Agreement.

So long as any CSA Indebtedness shall be unpaid, the Railroad will deliver to the Vendor, (i) as soon as available, the reports of the Railroad filed with the Interstate Commerce Commission annually on Form R-1 and quarterly on Forms CBS and RE&I; (ii) as soon as practicable after the end of each fiscal year of the Railroad, and in any event within 120 days thereafter, two copies of the consolidated balance sheet of the Railroad and its consolidated subsidiaries as at the end of such year, and consolidated statements of income and of surplus of the Railroad and its consolidated subsidiaries for such year, setting forth in each case in comparative form the figures for the previous fiscal year, all in reasonable detail, certified as complete and correct by a principal financial officer of the Railroad and accompanied by a report thereon of certified independent public accountants; (iii) promptly upon becoming available, copies of any registration statement, prospectus or annual or quarterly report filed by the Railroad, any parent of the Railroad or any consolidated subsidiary of the Railroad with any securities exchange or with the Securities and Exchange Commis-

sion or any successor agency; (iv) immediately upon becoming aware of the existence of a Default (as defined in Article 8 hereof), a written notice which specifies the nature of the Default and what action the Railroad is taking or proposes to take with respect thereto; and (v) with reasonable promptness, such other data as from time to time reasonably may be requested by the Vendor.

The Railroad will permit any representatives of the Vendor to examine all books and accounts, records and reports and other papers of the Railroad or any subsidiary reasonably relating to the transactions contemplated by this Agreement, to make copies and extracts therefrom and to discuss its affairs, finances and accounts reasonably relating to the transactions contemplated by this Agreement with its officers, employees and independent public accountants (and the Railroad hereby authorizes its accountants to so discuss its affairs) all at such reasonable times and as often as may be reasonably requested.

ARTICLE 11. Possession and Use. The Railroad, so long as an event of default shall not have occurred under this Agreement and be continuing, shall be entitled to the possession of the Equipment and the use thereof upon the lines of railroad owned or operated by it either alone or jointly with others and whether under lease or otherwise, or upon the lines of railroad owned or operated by any railroad company controlled by, or under common control with, the Railroad, or over which it has trackage rights, or upon connecting and other carriers in the usual interchange of traffic or pursuant to run-through agreements, from and after delivery of the Equipment by the Builder to the Railroad, but only upon and subject to all the terms and conditions of this Agreement. The Railroad will not assign any of the Equipment for use outside the United States of America.

ARTICLE 12. Prohibition Against Liens. The Railroad will pay or discharge any and all sums claimed by any party from, through or under the Railroad or its successors or assigns which, if unpaid, might become a lien, charge or security interest on or in the Equipment, or any unit thereof, equal or superior to the Vendor's interest therein; provided, however, that the Railroad shall be under no obligation to pay or discharge any such claim so long as it is contesting in good faith and by appropriate legal proceedings such claim and the nonpayment thereof does not, in the opinion of counsel for the Vendor, adversely affect the property or rights

of the Vendor in or to the Equipment or otherwise under this Agreement. Any amounts paid by the Vendor in discharge of liens, charges or security interests upon the Equipment shall be secured by and under this Agreement.

This covenant will not be deemed breached by reason of liens for taxes, assessments or governmental charges or levies, in each case not due and delinquent, or undetermined or inchoate materialmen's, mechanics', workmen's, repairmen's or other like liens arising in the ordinary course of business and, in each case, not delinquent.

ARTICLE 13. Railroad's Indemnities. The Railroad agrees to indemnify, protect and hold harmless the Vendor from and against all losses, damages, injuries, liabilities, claims and demands whatsoever, regardless of the cause thereof, and expenses in connection therewith, including counsel fees, arising out of retention by the Vendor of a security title in the Equipment, the use and operation thereof by the Railroad during the period when said security title remains in the Vendor or the transfer of said security title in the Equipment by the Vendor pursuant to any of the provisions of this Agreement. This covenant of indemnity shall continue in full force and effect notwithstanding the full payment of all sums due under this Agreement, or the satisfaction, discharge or termination of this Agreement in any manner whatsoever.

ARTICLE 14. Patent Indemnities; Builder's Warranties of Material and Workmanship. Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or purported to be developed by the Builder, the Builder agrees to indemnify, protect and hold harmless the Railroad from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Railroad, its assigns or the users of the Equipment because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Railroad likewise will indemnify, protect and hold harmless the Vendor from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against

the Vendor because of the use in or about the construction or operation of any of the Equipment of any article or material specified by the Railroad and not manufactured by the Builder or of any design, system, process, formula or combination specified by the Railroad and not developed or purported to be developed by the Builder which infringes or is claimed to infringe on any patent or other right. The Builder agrees to and hereby does, to the extent legally possible without impairing any claim, right or cause of action hereinafter referred to, assign, set over and deliver to the Railroad every claim, right and cause of action which the Builder has or hereafter shall have against the seller or sellers of any designs, systems, processes, formulae, combinations, articles or materials specified by the Railroad and purchased or otherwise acquired by the Builder for use in or about the construction or operation of any of the Equipment on the ground that any such design, system, process, formula, combination, article or material or operation thereof infringes or is claimed to infringe on any patent or other right. The Builder further agrees to execute and deliver to the Railroad or the users of the Equipment all and every such further assurance as may be reasonably requested by the Railroad more fully to effectuate the assignment and delivery of every such claim, right and cause of action. The Builder will give notice to the Railroad of any claim known to the Builder from which liability may be charged against the Railroad hereunder and the Railroad will give notice to the Builder of any claim known to the Railroad from which liability may be charged against the Builder hereunder. Such covenants of indemnity herein or in Schedule A hereto shall continue in full force and effect notwithstanding the full payment of all sums due under this Agreement, or the satisfaction, discharge or termination of this Agreement in any manner whatsoever.

The Builder's warranty of material and workmanship is set forth in Item 3 of Schedule A hereto.

ARTICLE 15. Assignments. The Railroad will not sell, assign, transfer or otherwise dispose of its rights under this Agreement or, except as provided in Article 11 hereof, transfer the right to possession of any unit of the Equipment without first obtaining the written consent of the Vendor. A sale, assignment, transfer or disposition to a railroad company organized under the laws of the United States of America or any of the states thereof which shall acquire all or substantially all the lines of railroad of

the Railroad, and which, by execution of an appropriate instrument satisfactory to the Vendor, shall assume and agree to perform each of, and all, the obligations and covenants of the Railroad under this Agreement, shall not be deemed a breach of this covenant, provided such railroad company shall have capital and surplus aggregating at least that of the Railroad immediately after such acquisition.

All or any of the rights, benefits and advantages of the Vendor under this Agreement, including the right to receive the payments herein provided to be made by the Railroad, may be assigned by the Vendor and reassigned by any assignee at any time or from time to time. No such assignment shall subject any assignee to, or relieve the Builder from, any of its obligations to construct and deliver the Equipment in accordance with this Agreement or to respond to its warranties and indemnities contained or referred to in Article 14 hereof and Schedule A hereto, or relieve the Railroad of any of its obligations to the Builder under Articles 2, 3, 4, 5, 13 and 14 hereof, and this Article 15 or of any other obligation which, according to its terms or context, is intended to survive an assignment.

Upon any such assignment either the assignor or the assignee shall give written notice to the Railroad, together with a counterpart or copy of such assignment, stating the identity of the assignee, and such assignee shall by virtue of such assignment acquire all the assignor's right, title and interest in and to the Equipment and this Agreement, or in and to a portion thereof, as the case may be, subject only to such reservations as may be contained in such assignment. From and after the receipt by the Railroad of the notification of any such assignment, all payments thereafter to be made by the Railroad under this Agreement to the Vendor shall, to the extent so assigned, be made to the assignee in such manner as it may direct.

The Railroad recognizes that it is the custom of railroad equipment manufacturers to assign conditional sale agreements and understands that the assignment of this Agreement, or of some of or all the rights of the Vendor hereunder, is contemplated. The Railroad expressly represents, for the purpose of assurance to any person, firm or corporation considering the acquisition of this Agreement or of all or any of the rights of the Vendor hereunder and for the purposes of inducing such acquisition, that in the event

of such assignment by the Vendor as hereinbefore provided, the rights of such assignee to the entire unpaid indebtedness in respect of the Purchase Price or such part thereof as may be assigned, together with interest thereon, as well as any other rights hereunder which may be so assigned, shall not be subject to any defense, setoff, counterclaim or recoupment whatsoever arising out of any breach of any obligation of the Builder with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or with respect to any indemnity herein contained, nor subject to any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. Any and all such obligations, howsoever arising, shall be and remain enforceable by the Railroad against and only against the Builder.

The Railroad will (a) in connection with each settlement for the Equipment subsequent to such assignment, deliver to the assignee, at least five business days prior to the Closing Date for the Group fixed in the notice by the Railroad, all documents required by the terms of such assignment to be delivered by the Railroad to such assignee in connection with such settlement, in such number of counterparts or copies as may reasonably be requested, and (b) furnish to such assignee such number of counterparts of any other certificate or document required by the Vendor as may reasonably be requested.

If this Agreement shall have been assigned by the Builder and if the assignee shall not make payment to the Builder with respect to units of its Equipment as provided in the instrument making such assignment, the Builder will promptly notify the Railroad of such event and, if such amount shall not have been previously paid by such assignee, the Railroad will, not later than 90 days after the date such payment was due, pay or cause to be paid to the Builder the aggregate unpaid Purchase Price of such units of its Equipment, together with interest from the day such payment was due to the date of payment by the Railroad at the highest prime rate of interest charged by any of the four New York City banks having the largest total assets on the date such payment was due.

ARTICLE 16. Defaults. In the event that any one or more of the following events of default shall occur and be continuing, to wit:

(a) the Railroad shall fail to pay in full any

indebtedness in respect of the Purchase Price of the Equipment or any other sum payable by the Railroad as provided in this Agreement within 10 days after payment thereof shall be due hereunder; or

(b) the Railroad shall, for more than 30 days after the Vendor shall have demanded in writing performance thereof, fail or refuse to comply with any covenant, agreement, term or provision of this Agreement or of any agreement entered into concurrently herewith relating to the financing of the Equipment on its part to be kept or performed or to make provision satisfactory to the Vendor for such compliance; or

(c) a petition for reorganization under Title 11 of the United States Code, as now constituted or as hereafter amended, shall be filed by or against the Railroad and, unless such petition shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Railroad under this Agreement shall not have been (and shall not continue to have been) duly assumed in writing, pursuant to a court order or decree, by a trustee or trustees appointed (whether or not subject to ratification) in such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees within 60 days after such petition shall have been filed or the proceedings commenced; or

(d) any other proceedings shall be commenced by or against the Railroad for any relief under any bankruptcy or insolvency law, or law relating to the relief of debtors, readjustments of indebtedness, reorganizations, arrangements, compositions or extensions (other than a law which does not permit any readjustment of the indebtedness payable hereunder), and, unless such proceedings shall have been dismissed, nullified, stayed or otherwise rendered ineffective (but then only so long as such stay shall continue in force or such ineffectiveness shall continue), all the obligations of the Railroad under this Agreement shall not have been (and shall not continue to have been) duly assumed in writing, pursuant to a court order or decree,

by a trustee or trustees or receiver or receivers appointed (whether or not subject to ratification) for the Railroad or for its property in connection with any such proceedings in such manner that such obligations shall have the same status as obligations incurred by such trustee or trustees or receiver or receivers, within 60 days after such proceedings shall have been commenced; or

(e) the Railroad shall make or suffer any unauthorized assignment or transfer of this Agreement or any interest herein or any unauthorized transfer of the right to possession of any unit of the Equipment; or

(f) an event of default shall occur under the Other Agreement;

then at any time after the occurrence of such an event of default the Vendor may, upon written notice to the Railroad and upon compliance with any mandatory legal requirements then in force and applicable to such action by the Vendor, declare (hereinafter called a "Declaration of Default") the entire indebtedness in respect of the Purchase Price of the Equipment, together with the interest thereon then accrued and unpaid, immediately due and payable, without further demand, and thereafter the aggregate of the unpaid balance of such indebtedness and interest shall bear interest from the date of such Declaration of Default at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after becoming due and payable, to the extent legally enforceable. The Vendor shall thereupon be entitled to recover judgment for the entire unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment so payable, with interest as aforesaid, and to collect such judgment out of any property of the Railroad wherever situated. The Railroad shall promptly notify the Vendor of any event which has come to its attention which constitutes, or which with the lapse of time and/or demand or failure to take action could constitute, an event of default under this Agreement.

The Vendor may at its election waive any such event of default and its consequences and rescind and annul any Declaration of Default by notice to the Railroad in writing to that effect, and thereupon the respective rights of the parties shall be as they would have been if no such event of default had occurred and no Declaration of Default had been made. Notwithstanding the provisions of this paragraph, it is expressly understood and agreed by the Railroad that time is of the essence of this Agree-

ment and that no such waiver, rescission or annulment shall extend to or affect any other or subsequent default or impair any rights or remedies consequent thereon.

ARTICLE 17. Remedies. At any time during the continuance of a Declaration of Default, the Vendor may, subject to compliance with any mandatory legal requirements then in force and applicable to the action to be taken by the Vendor, take or cause to be taken by its agent or agents immediate possession of the Equipment, or one or more of the units thereof, without liability to return to the Railroad any sums theretofore paid and free from all claims whatsoever, except as hereinafter in this Article 17 expressly provided, and may remove the same from possession and use of the Railroad or any other person and for such purpose may enter upon the Railroad's premises or any other premises where the Equipment may be located and may use and employ in connection with such removal any supplies, services and aids and any available trackage and other facilities or means of the Railroad.

In case the Vendor shall demand possession of the Equipment pursuant to this Agreement and shall reasonably designate a point or points upon the premises of the Railroad for the delivery of the Equipment to the Vendor, the Railroad shall, at its own expense, forthwith and in the usual manner (including, but not by way of limitation, giving prompt telegraphic and written notice to the Association of American Railroads and all railroads to which any part of the Equipment has been interchanged to return the Equipment so interchanged), cause (a) the Equipment to be moved to such point or points on its lines as shall be designated by the Vendor and shall there deliver the Equipment or cause it to be delivered to the Vendor and (b) the Equipment to be moved to such interchange point or points of the Railroad as shall be designated by the Vendor upon any sale, lease or other disposal of all or any part of the Equipment by the Vendor. At the option of the Vendor, the Vendor may keep the Equipment on any of the lines or premises of the Railroad until the Vendor shall have leased, sold or otherwise disposed of the same, and for such purpose the Railroad agrees to furnish, without charge for rent or storage, the necessary facilities at any point or points selected by the Vendor reasonably convenient to the Railroad and, at the Railroad's risk, to permit inspection of the Equipment by the Vendor, the Vendor's representatives and prospective purchasers, lessees

and users. This agreement to deliver the Equipment and furnish facilities as hereinbefore provided is of the essence of the agreement between the parties, and, upon application to any court of equity having jurisdiction in the premises, the Vendor shall be entitled to a decree against the Railroad requiring specific performance hereof. The Railroad hereby expressly waives any and all claims against the Vendor and its agent or agents for damages of whatever nature in connection with any retaking of any unit of the Equipment in any reasonable manner.

At any time during the continuance of a Declaration of Default, the Vendor (after retaking possession of the Equipment as hereinbefore in this Article 17 provided) may at its election and upon such notice as is hereinafter set forth retain the Equipment in satisfaction of the entire unpaid indebtedness in respect of the Purchase Price of the Equipment and make such disposition thereof as the Vendor shall deem fit. Written notice of the Vendor's election to retain the Equipment shall be given to the Railroad by telegram or registered mail, addressed as provided in Article 21 hereof, and to any other persons to whom the law may require notice, within 30 days after such Declaration of Default. In the event that the Vendor should elect to retain the Equipment and no objection is made thereto within the 30-day period described in the second proviso below, all the Railroad's rights in the Equipment shall thereupon terminate and all payments made by the Railroad may be retained by the Vendor as compensation for the use of the Equipment by the Railroad; provided, however, that if the Railroad, before the expiration of the 30-day period described in the proviso below, should pay or cause to be paid to the Vendor the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing and storing the Equipment and the Vendor's reasonable attorneys' fees, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad; provided, further, that if the Railroad or any other persons notified under the terms of this paragraph object in writing to the Vendor within 30 days from the receipt of notice of the Vendor's election to retain the Equipment, then the Vendor may not so retain the Equipment, but shall sell, lease or otherwise dispose of it or continue to hold it pending sale, lease or other disposition as hereinafter

provided or as may otherwise be permitted by law. If the Vendor shall have given no notice to retain as hereinabove provided or notice of intention to dispose of the Equipment in any other manner, it shall be deemed to have elected to sell the Equipment in accordance with the provisions of this Article 17.

At any time during the continuance of a Declaration of Default, the Vendor, with or without retaking possession thereof, at its election and upon reasonable notice to the Railroad and to any other persons to whom the law may require notice of the time and place, may sell the Equipment, or any unit thereof, free from any and all claims of the Railroad or any other party claiming from, through or under the Railroad, at law or in equity, at public or private sale and with or without advertisement as the Vendor may determine; provided, however, that if, prior to such sale and prior to the making of a contract for such sale, the Railroad should tender full payment of the total unpaid balance of the indebtedness in respect of the Purchase Price of the Equipment, together with interest thereon accrued and unpaid and all other payments due under this Agreement as well as expenses of the Vendor in retaking possession of, removing, storing, holding and preparing the Equipment for, and otherwise arranging for, the sale and the Vendor's reasonable attorneys' fees, then in such event absolute right to the possession of, title to and property in the Equipment shall pass to and vest in the Railroad. The proceeds of such sale, less the attorneys' fees and any other expenses incurred by the Vendor in retaking possession of, removing, storing, holding, preparing for sale and selling the Equipment, shall be credited on the amount due to the Vendor under the provisions of this Agreement.

Any sale hereunder may be held or conducted at such place or places and at such time or times as the Vendor may specify, in one lot and as an entirety or in separate lots and without the necessity of gathering at the place of sale the property to be sold, and in general in such manner as the Vendor may determine. The Vendor or the Railroad may bid for and become the purchaser of the Equipment, or any unit thereof, so offered for sale. The Railroad shall be given written notice of such sale not less than ten days prior thereto, by telegram or registered mail addressed to the Railroad as provided in Article 21 hereof. If such sale shall be a private sale (which shall be deemed

to mean only a sale where an advertisement for bids has not been published in a newspaper of general circulation or a sale where less than 40 offerees have been solicited in writing to submit bids), it shall be subject to the right of the Railroad to purchase or provide a purchaser, within ten days after notice of the proposed sale price, at the same price offered by the intending purchaser or a better price. In the event that the Vendor shall be the purchaser of the Equipment, it shall not be accountable to the Railroad (except to the extent of surplus money received as hereinafter provided in this Article 17), and in payment of the purchase price therefor the Vendor shall be entitled to have credited on account thereof all or any part of the sums due to the Vendor from the Railroad hereunder. From and after the date of any such sale, the Railroad shall pay to the Vendor the per diem interchange for each unit of Equipment which shall not have been assembled, as hereinabove provided, by the date of such sale for each day from the date of such sale to the date of delivery to the purchaser at such sale.

Each and every power and remedy hereby specifically given to the Vendor shall be in addition to every other power and remedy hereby specifically given or now or hereafter existing at law or in equity, and each and every power and remedy may be exercised from time to time and simultaneously and as often and in such order as may be deemed expedient by the Vendor. All such powers and remedies shall be cumulative, and the exercise of one shall not be deemed a waiver of the right to exercise any other or others. No delay or omission of the Vendor in the exercise of any such power or remedy and no renewal or extension of any payments due hereunder shall impair any such power or remedy or shall be construed to be a waiver of any default or an acquiescence therein. Any extension of time for payment hereunder or other indulgence duly granted to the Railroad shall not otherwise alter or affect the Vendor's rights or the Railroad's obligations hereunder. The Vendor's acceptance of any payment after it shall have become due hereunder shall not be deemed to alter or affect the Railroad's obligations or the Vendor's rights hereunder with respect to any subsequent payments or default therein.

If, after applying all sums of money realized by the Vendor under the remedies herein provided, there shall remain any amount due to it under the provisions of this Agreement, the Railroad shall pay the amount of such deficiency to the Vendor upon demand, together with inter-

est from the date of such demand to the date of payment by the Railroad at the rate per annum specified in Article 4 hereof as being applicable to amounts remaining unpaid after becoming due and payable. If the Railroad shall fail to pay such deficiency, the Vendor may bring suit therefor and shall be entitled to recover a judgment therefor against the Railroad. If, after applying as aforesaid all sums realized by the Vendor, there shall remain a surplus in the possession of the Vendor, such surplus shall be paid to the Railroad.

The Railroad will pay all reasonable expenses, including attorneys' fees, incurred by the Vendor in enforcing its remedies under the terms of this Agreement. In the event that the Vendor shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Vendor may recover reasonable expenses, including attorneys' fees, and the amount thereof shall be included in such judgment.

The foregoing provisions of this Article 17 are subject in all respects to all mandatory legal requirements at the time in force and applicable thereto.

ARTICLE 18. Applicable State Laws. Any provision of this Agreement prohibited by any applicable law of any jurisdiction shall as to such jurisdiction be ineffective, without modifying the remaining provisions of this Agreement. Where, however, the conflicting provisions of any such applicable law may be waived, they are hereby waived by the Railroad to the full extent permitted by law, it being the intention of the parties hereto that this Agreement shall be deemed to be a conditional sale and enforced as such.

Except as otherwise provided in this Agreement, the Railroad, to the full extent permitted by law, hereby waives all statutory or other legal requirements for any notice of any kind, notice of intention to take possession of or to sell or lease the Equipment or any unit thereof, and any other requirements as to the time, place and terms of the sale or lease thereof, any other requirements with respect to the enforcement of the Vendor's rights under this Agreement and any and all rights of redemption.

ARTICLE 19. Recording. The Railroad will cause this Agreement, any assignments hereof and any amendments or supplements hereto or thereto to be filed with the Inter-

state Commerce Commission pursuant to 49 U.S.C. § 11303; the Railroad will from time to time do and perform any other act and will execute, acknowledge, deliver, file, register, deposit and record any and all further instruments required by law or reasonably requested by the Vendor for the purpose of proper protection, to the satisfaction of counsel for the Vendor, of its interest in the Equipment and its rights under this Agreement or for the purpose of carrying out the intention of this Agreement; and the Railroad will promptly furnish to the Vendor certificates or other evidence of such filing, registering, depositing and recording satisfactory to the Vendor.

ARTICLE 20. Payment of Expenses. The Railroad will pay all reasonable costs and expenses (other than the fees and expenses of counsel for the Builder) incident to this Agreement and the first assignment of this Agreement (including the fees and expenses of an agent, if the first assignee is an agent), and any instrument supplemental or related hereto or thereto, including all fees and expenses of Messrs. Cravath, Swaine & Moore, special counsel for the first assignee of this Agreement and for any party acquiring interests in such first assignment, and all reasonable costs and expenses in connection with the transfer by any party of interests acquired in such first assignment. If the first assignee is not an agent, such assignee may, so long as any CSA Indebtedness shall be unpaid, appoint a bank or trust company located in the Borough of Manhattan, City and State of New York, having capital and surplus aggregating at least \$50,000,000 or Mercantile-Safe Deposit and Trust Company, in Baltimore, Maryland, to act as agent on its behalf to hold all the right, title and interest of the Vendor under this Agreement assigned to it, all upon and subject to the terms and conditions provided for in a written agreement to be entered into by the first assignee and such agent in form and substance satisfactory to the first assignee and such agent; and the Railroad hereby agrees to pay all reasonable fees, costs and expenses of such agent.

ARTICLE 21. Notice. Any notice hereunder to any of the parties designated below shall be deemed to be properly served if delivered or mailed to it at its chief place of business at the following specified addresses:

(a) to the Railroad, at Room 2012, One Charles Center, Baltimore, Maryland 21201, Attention: Treasurer,

(b) to the Builder, at its address specified in Item 1 of Schedule A hereto, and

(c) to any assignee of the Vendor or of the Railroad, at such address as may have been furnished in writing to each of the other parties hereto by such assignee,

or at such other address as may have been furnished in writing by such party to the other parties to this Agreement.

ARTICLE 22. Article Headings; Effect and Modification of Agreement. All article headings are inserted for convenience only and shall not affect the construction or interpretation of this Agreement.

This Agreement, including the Schedules hereto, exclusively states the rights of the Vendor and the Railroad with respect to the Equipment and supersedes all other agreements, oral or written, with respect to the Equipment except insofar as specific reference may be made in this Agreement to the purchase order or orders between the Railroad and the Builder. No variation or modification of this Agreement and no waiver of any of its provisions or conditions shall be valid unless in writing and signed by duly authorized officers of the Vendor and the Railroad.

ARTICLE 23. Law Governing. The Railroad warrants that its chief place of business and its chief executive offices are located in the state specified in clause (a) of Article 21 hereof. The terms of this Agreement and all rights and obligations hereunder shall be governed by the laws of such state; provided, however, that the parties shall be entitled to all rights conferred by 49 U.S.C. § 11303 and such additional rights arising out of the filing, recording or deposit hereof, if any, and of any assignment hereof as shall be conferred by the laws of the several jurisdictions in which this Agreement or any assignment hereof shall be filed, recorded or deposited.

ARTICLE 24. Execution. This Agreement may be executed in any number of counterparts, each of which so executed shall be deemed to be an original, and such counterparts together shall constitute but one and the same contract, which shall be sufficiently evidenced by any such original counterpart. Although this Agreement is dated, for convenience, as of the date first set forth above, the

actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by their officers or other persons, thereunto duly authorized, and their respective corporate seals to be hereunto affixed, duly attested, all as of the date first above written.

SCHEDULE A

- Item 1: The Chessie Corporation, a Delaware corporation, P. O. Box 6419, Cleveland, Ohio 44101.
- Item 2: April 30, 1980.
- Item 3: THE CHESSIE CORPORATION ("Chessie") warrants that its Equipment will be built in accordance with the Specifications and the standards and requirements set forth in Article 2 of the Conditional Sale Agreement to which this Schedule A is attached (the "CSA") and warrants its Equipment will be free from defects in material (except as to specialties incorporated therein which were specified or supplied by the Railroad and not manufactured by Chessie) and workmanship under normal use and service, Chessie's obligation under this Item 3 being limited to making good at its plant any part or parts of any unit of its Equipment which shall, within one year after the delivery of such unit to the Railroad, be returned to Chessie with transportation charges prepaid and which Chessie's examination shall disclose to its satisfaction to have been thus defective.

The foregoing warranty of Chessie is expressly in lieu of all other warranties, expressed or implied, including any implied warranty of merchantability or fitness for a particular purpose, and of all other obligations or liabilities on the part of Chessie, except for its obligations under Articles 2, 3, 4 and 14 of the CSA, and Chessie neither assumes nor authorizes any person to assume for it any other liability in connection with the construction and delivery of its Equipment, except as aforesaid. It is further understood that in no event shall Chessie be liable for indirect or consequential damages of any kind.

Chessie further agrees with the Railroad that neither the inspection as provided in Article 3 of the CSA, nor any examination, nor the acceptance of any units of its Equipment as provided in said Article 3 shall be deemed a waiver or a modification by the Railroad of any of its rights under this Item 3.

ACKNOWLEDGMENT OF NOTICE OF ASSIGNMENT	11

AGREEMENT AND ASSIGNMENT, dated as of February 1, 1979, between METROPOLITAN LIFE INSURANCE COMPANY (the "Assignee"), and THE CHESSIE CORPORATION (the "Builder").

The Builder and The Chesapeake and Ohio Railway Company (the "Railroad") have entered into a Conditional Sale Agreement dated as of the date hereof (the "CSA"), covering the construction, sale and delivery, on the conditions therein set forth, by the Builder and the purchase by the Railroad of the railroad equipment described in Schedule B to the CSA (the "Equipment");

NOW, THEREFORE, THIS AGREEMENT AND ASSIGNMENT WITNESSETH: That, in consideration of the sum of One Dollar and other good and valuable consideration paid by the Assignee to the Builder, the receipt of which is hereby acknowledged, as well as of the mutual covenants herein contained:

SECTION 1. The Builder hereby assigns, transfers and sets over unto the Assignee, its successors and assigns:

(a) all the right, title and interest of the Builder in and to each unit of its Equipment when and as delivered to and accepted by the Railroad, subject to payment by the Assignee to the Builder of the amount required to be paid under Section 4 hereof (it being expressly understood and agreed that any obligation to make any payment to the Builder by the Railroad pursuant to any supplemental invoice shall not constitute indebtedness secured by a lien on any unit of Equipment);

(b) all the right, title and interest of the Builder in and to the CSA (except the right to construct and deliver its Equipment and the right to receive the payments specified in the third paragraph of Article 3 thereof, in subparagraph (a) of the third paragraph of Article 4 thereof, in the last sentence of the third paragraph of Article 4 thereof and in the last paragraph of Article 15 thereof and reimbursements for taxes paid or incurred by the Builder as provided in Article 5 thereof), and in and to any and all amounts which may be or become due or owing by the Railroad to the Builder under the CSA in respect of the Purchase Price (as defined in the CSA) of the Equipment and

interest thereon, and in and to any other sums becoming due from the Railroad under the CSA, other than those hereinabove excluded; and

(c) except as limited by subparagraph (b) hereof, all the Builder's rights, powers, privileges and remedies under the CSA;

without any recourse against the Builder for or on account of the failure of the Railroad to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the CSA; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the liability of the Builder to construct and deliver its Equipment in accordance with the CSA or with respect to its obligations contained or referred to in Article 14 of the CSA, or relieve the Railroad from its obligations to the Builder contained or referred to in Articles 2, 3, 4, 5, 13, 14 and 15 of the CSA, it being agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Article 15 of the CSA, all obligations of the Builder to the Railroad with respect to its Equipment shall be and remain enforceable by the Railroad, its successors and assigns, against and only against the Builder. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee, in the Assignee's own name or in the name of the Assignee's nominee, or in the name of and as attorney hereby irrevocably constituted for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and to ask, demand, sue for and enforce compliance by the Railroad with the terms and agreements on its part to be performed under the CSA, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 2. The Builder agrees that it shall construct its Equipment in full accordance with the CSA and will deliver the same upon completion to the Railroad in accordance with the provisions of the CSA; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the CSA set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Railroad that at the time of delivery of each unit of its Equipment under the CSA it had legal title

to such unit and good and lawful right to sell such unit and that title to such unit was free of all claims, liens, security interests and other encumbrances (other than those created by the CSA); and the Builder further agrees that it will defend the title to each unit of its Equipment against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the CSA; all subject, however, to the provisions of the CSA and the rights of the Railroad thereunder. The Builder will not deliver any of its Equipment to the Railroad under the CSA until the filings referred to in Article 19 of the CSA have been effected (the Builder and its counsel being entitled to rely on advice from special counsel for the Assignee that such filings have been effected).

SECTION 3. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the CSA for any installment of, or interest on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the CSA, the Builder will indemnify, protect and hold harmless the Assignee from and against all expense, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever of the Railroad arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Railroad by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action, on the basis of Article 15 of the CSA, to strike any defense, setoff, counterclaim or recoupment asserted by the Railroad in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

Except in cases of articles or materials specified by the Railroad and not manufactured by the Builder and in

cases of designs, systems, processes, formulae or combinations specified by the Railroad and not developed or purported to be developed by the Builder, the Builder agrees, except as otherwise specifically provided in the CSA, to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against the Assignee or its assigns because of the use in or about the construction or operation of any of its Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give prompt notice to the Builder of any such liability or claim actually known to the Assignee and will give the Builder the right, at the Builder's expense, to compromise, settle or defend against such claim. The Builder agrees that any amounts payable to it by the Railroad with respect to its Equipment, whether pursuant to the CSA or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 4. The Assignee, on each Closing Date fixed as provided in Article 4 of the CSA with respect to a Group (as defined in said Article 4) of the Equipment, shall pay to the Builder an amount equal to the portion of the Purchase Price as shown on the invoice therefor then being settled for which, under the terms of said Article 4, is payable in installments, provided that there shall have been delivered to the Assignee, at least five business days (as defined in said Article 4) prior to such Closing Date, the following documents, in form and substance satisfactory to it and to its special counsel hereinafter mentioned, in such number of counterparts as may be reasonably requested by said special counsel:

(a) a bill of sale from the Builder to the Assignee transferring to the Assignee the security title and interest of the Builder in the units of the Equipment in such Group, warranting to the Assignee and to the Railroad that at the time of delivery of such units under the CSA the Builder had legal title to such units and good and lawful right to sell such units and that such units were free of all claims, liens, security interests and other encumbrances (other than those created by the CSA), and covenanting to defend the title to such units against the demands of all persons whomso-

ever based on claims originating prior to the delivery of such units by the Builder under the CSA;

(b) a Certificate or Certificates of Acceptance with respect to the units of Equipment in such Group as contemplated by Article 3 of the CSA;

(c) an invoice of the Builder for the units of Equipment in such Group and any supplemental invoice for which settlement is then being made, in each case accompanied by or having endorsed thereon a certification by the Railroad as to the correctness of the prices stated therein;

(d) an opinion of Messrs. Cravath, Swaine & Moore, who are acting as special counsel for the Assignee, to the effect that (i) the CSA has been duly authorized, executed and delivered by the Railroad and the Builder and is a legal, valid and binding instrument, enforceable in accordance with its terms, (ii) this Assignment has been duly authorized, executed and delivered by the Builder and is a legal, valid and binding instrument enforceable against the Builder in accordance with its terms, (iii) the Assignee is vested with all the rights, titles, interests, powers and privileges purported to be assigned to it by this Assignment, (iv) the Assignee has a valid security title to the units of the Equipment in such Group, and such units, at the time of delivery thereof to the Railroad under the CSA, were free from all claims, liens, security interests and other encumbrances (other than those created by the CSA), (v) no approval of the Interstate Commerce Commission or any other governmental authority is necessary for the valid execution, delivery and performance of the CSA or this Assignment, or if any such approval is necessary, it has been obtained, (vi) the CSA and this Assignment have been duly filed in accordance with 49 U.S.C. § 11303 and no other filing or recordation is necessary for the protection of the rights of the Assignee in any state of the United States of America or in the District of Columbia and (vii) registration of the CSA or this Assignment is not required under the Securities Act of 1933, as amended, and qualification of an indenture with respect thereto is not required under the Trust Indenture Act of 1939, as amended; such opinion shall also state that said counsel have examined the opinions being delivered on such Closing Date pursuant to subparagraphs

(e) and (f) of this Section 4, that such opinions are satisfactory in form and substance to said counsel and that said counsel believe that the Assignee is justified in relying thereon; and such opinion shall also cover such other matters as may reasonably be requested by the Assignee;

(e) an opinion of counsel for the Railroad, dated as of such Closing Date, to the effect set forth in clauses (i), (iv), (v) and (vi) of subparagraph (d) above (said counsel, in rendering such opinion, being permitted to assume due authorization, execution and delivery of this Assignment and the CSA by parties thereto other than the Railroad) and stating that the Railroad is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted;

(f) an opinion of counsel for the Builder, dated as of such Closing Date, to the effect set forth in clauses (iii) and (iv) of subparagraph (d) above in respect of the Equipment and stating that (i) the Builder is a duly organized and existing corporation in good standing under the laws of its jurisdiction of incorporation and has the power and authority to own its properties and to carry on its business as now conducted, (ii) the CSA has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms, (iii) each of this Assignment and the bill of sale referred to in subparagraph (a) above has been duly authorized, executed and delivered by the Builder and is a legal and valid instrument binding upon the Builder and enforceable against the Builder in accordance with its terms and (iv) no approval of any governmental authority is necessary for the valid execution, delivery and performance by the Builder of the CSA or this Assignment;

(g) a certificate of an officer of the Railroad, dated as of such Closing Date, to the effect that (i) no event of default, or event which with the lapse of time and/or demand or failure to take action provided for in the CSA could constitute an event of default, shall have occurred and is then continuing, (ii) no tax

liens (including tax liens filed pursuant to Section 6323 of the Internal Revenue Code of 1954, as amended) have been filed and are currently in effect which would adversely affect the security title of the Assignee in the Equipment and (iii) no taxes, assessments or governmental charges or levies are delinquent;

(h) a release or releases in recordable form discharging and terminating all claims, liens, security interests and other encumbrances, if any, in the units of the Equipment in such Group and in any of the materials used in the construction thereof which originated prior to the filing of the CSA pursuant to Article 19 thereof; and

(i) a receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to the first paragraph of this Section 4) required to be made on such Closing Date to the Builder with respect to the Equipment, unless such payment is made by the Assignee with funds furnished to it for that purpose by the Railroad.

In giving the opinions specified in subparagraphs (d), (e) and (f) of the first paragraph of this Section 4, counsel may qualify any opinion to the effect that any agreement is a legal, valid and binding instrument enforceable in accordance with its terms by a general reference to limitations as to enforceability imposed by bankruptcy, insolvency, reorganization, moratorium or other similar laws affecting the enforcement of creditors' rights generally. In giving the opinion specified in said subparagraphs (d) and (e), counsel may rely on the opinion of counsel for the Builder as to due organization, existence and good standing of the Builder and the authorization, execution and delivery by the Builder of the documents executed by the Builder and as to title to the Equipment at the time of delivery thereof under the CSA; in giving the opinion specified in said subparagraph (d), counsel may rely as to any matter governed by the law of any jurisdiction other than New York or the United States of America, on the opinion of counsel for the Builder or the opinion of counsel for the Railroad as to such matter; in giving the opinion specified in said subparagraph (f), counsel may assume that the CSA and this Assignment have been duly filed in accordance with 49 U.S.C. § 11303, and may rely as to any matter governed by the law of any jurisdiction other than New York or the United States

of America, on the opinion of counsel for the Railroad as to such matter.

The Assignee shall not be required to make payment for the Equipment assigned hereunder:

(i) on any Closing Date, unless the interests acquired by the Assignee on such Closing Date shall be a legal investment under Section 81(2)(a), 81(2)(b) or 81(4)(b) of the New York Insurance Law; or

(ii) at any time after the commencement of any proceedings specified in clause (c) or (d) of Article 16 of the CSA or if an event of default, or any event which with the lapse of time and/or demand provided for in the CSA could constitute an event of default, shall have occurred and be continuing under the CSA.

In the event that the Assignee shall not make payment for any Group of the Equipment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

SECTION 5. The Assignee may assign all or any of its rights under the CSA, including the right to receive any payments due or to become due to it from the Railroad thereunder. In the event of any such assignment any such subsequent or successive assignee or assignees shall, to the extent of such assignment, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder.

In compliance with Article 21 of the CSA, the address of the Assignee is One Madison Avenue, New York, N. Y. 10010, attention of Treasurer.

SECTION 6. The Builder hereby:

(a) represents and warrants to the Assignee, its successors and assigns, that the CSA was duly authorized by it and lawfully executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Railroad, the CSA is, insofar as the Builder is concerned, a valid and existing agreement binding upon it and the Railroad

in accordance with its terms and that it is now in force without amendment thereto;

(b) agrees that it will from time to time and at all times, at the request of the Assignee or its successors or assigns, make, execute and deliver all such further instruments of assignment, transfer and assurance and do such further acts and things as may be necessary or appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles and interests hereby assigned and transferred to the Assignee or intended so to be; and

(c) agrees that, upon request of the Assignee, its successors and assigns, it will execute any and all instruments which may be necessary or proper in order to discharge of record the CSA or any other instrument evidencing any interest of the Builder therein or in the Equipment.

SECTION 7. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of New York; provided, however, that the parties shall be entitled to all the rights conferred as provided in Article 23 of the CSA.

SECTION 8. The Assignee agrees to deliver an executed counterpart of this Assignment to the Railroad, which delivery shall constitute due notice of the assignment hereby made. Although this Assignment is dated for convenience as of the date first set forth above, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

SECTION 9. This Assignment may be executed in any number of counterparts, all of which together shall constitute a single instrument, but the counterpart delivered to the Assignee shall be deemed to be the original and all other counterparts shall be deemed to be duplicates thereof.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by duly authorized officers, and their respective corporate seals

to be hereunto affixed and duly attested, all as of the date first above written.
