The undersigned (hereinafter referred to as Purchaser) whose name and address are given above, hereby agrees on the terms and conditions described herein to purchase the equipment described below:

Quantity	Serial Number	Description	Purchase Price
----------	---------------	-------------	----------------

69 Covered Hopper Railcars identified on Exhibit A hereto for a purchase price of \$ 16,600 per car (or an aggregate purchase price of \$ 1,145,400).

The Purchaser agrees to pay the Seller the total purchase price as follows:

\$1,000

(a) ~~\$400~~ per car (or an aggregate of \$ 69,000) payable to the Seller upon execution of this Conditional Sale Contract;

(b) \$600 per car (or an aggregate of \$ 41,400) payable to the Seller in cash on June 30, 1982;

(c) \$3,600 per car (or an aggregate of \$ 248,400), together with interest at the rate of 15% per annum from and after the date of this Conditional Sale Agreement, payable to the Seller in 22 equal monthly installments of \$185 (principal and interest), payable on the first day of each month commencing January 1, 1982 (with additional interest on any overdue installment at 15% per annum commencing 90 days after the due date thereof), and

Title to said equipment and any replacements, additions and accessions thereto shall remain in Seller or Seller's assigns, irrespective of any retaking and redelivery thereof to Purchaser, until the indebtedness due hereunder is fully and timely paid in lawful money of the United States in compliance with the foregoing and until all other obligations hereunder are fully performed, at which time only shall ownership pass to Purchaser..Said equipment shall remain chattels and personal property at all times and shall not become part of any realty or freehold.

Purchaser's principal place of business is as given above, and Purchaser agrees to notify Seller by registered mail at Seller's address given below at least ten days before changing the location of its principal place of business.

Purchaser further agrees to execute any documents, including a new agreement containing terms substantially similar to this agreement, if Seller deems it necessary in order to protect its rights and priority after such removal. Purchaser agrees that the equipment will not be used for any unlawful purpose.

If at any time Purchaser should become insolvent, or make or attempt or agree to make any general assignment for the benefit of creditors or if any bankruptcy proceedings are at any time commenced either by or against Purchaser, or if Purchaser disposes of or encumbers any or allof said equipment or attempts to do so, or if for any reason or cause any or all of said equipment is attached or subjected to lien of any kind, or if Purchaser should fail to make any of the payments herein provided or fail to perform any or all of the other provisions hereof, either in the manner or within the time herein specified, or both, then in any one or more or all of such cases, and without any demand of notice whatsoever to Purchaser, and without any writing or other formality, or particular act or conduct being required of Seller, at any time or at all, other than those specifically required by law and which under the law cannot be waived by Purchaser. Seller may in its sole discretion and at its option: Declare all unpaid amounts immediately due and payable and sue therefore without passing title to the equipment and without waiving Seller's title to the equipment or Seller's right to retake the equipment or to exercise any other remedy reserved to Seller hereunder or provided by law; or retake immediate possession of said equipment, remove the same to Seller's address shown above, or to such other place as Seller may deem most safe and convenient, and resell the same at such place or wherever else is deemed most convenient at one or more private or public sales at such time or times, and in such manner and under such conditions as Seller may deem advisable, with or without the said equipment being present (at which sale Seller or Seller's assigns may be purchaser and which sale may be for cash and/or credit and/or goods); and after deducting all lawful expenses (including but not limited to expenses of retaking, repairing, holding and reselling said equipment, together with reasonable attorneys' fees and court costs incurred therein, and the actual amount of any sales commission incurred by Seller in connection with such sale not to exceed 10% of the sale price, or such of these as are permitted by law), credit the net proceeds thereof to the unpaid balance due under this agreement, and Purchaser agrees to pay Seller of Seller's assigns any difference or deficiency remaining due hereunder after such sale is completed and the net proceeds so

applied, provided, however, that if the net proceeds of such sale exceed the unpaid balance under this agreement, such excess shall be paid to Purchaser; or retake immediate possession of said equipment, in which event, at Seller's option (and still without any notice, declaration, formality or other particular act or conduct being required of Seller other than those specifically required by law and which under the law cannot be waived by Purchaser), all of Purchaser's right, title and equity in, to and under said equipment and this agreement shall cease and terminate, and Seller shall forthwith be released from all obligations to transfer title or possession of said equipment to Purchaser, and all sums theretofore paid by Purchaser hereunder shall be and remain Seller's property, not as a penalty but as part compensation for Purchaser's prior use of said equipment and for the depreciation thereof. In addition to the remedies specifically provided for under this agreement, Seller may at its option take advantage of any additional remedies available under the applicable laws and statutes, provided always that Seller shall abide by and follow all remedies or procedures which are made mandatory by applicable laws and statutes. Pursuant to the foregoing Purchaser hereby promises, covenants, agrees, warrants and represents that Purchaser shall yield and surrender possession of said equipment to Seller or Seller's assigns promptly upon demand; and that any such retaking of possession of said equipment by Seller or Seller's assigns may be done or effected, with or without legal process, wherever the same may be found and without any inability to Seller. Seller's agents, employees, or assigns for trespass, from which liability, Purchaser hereby expressly agrees to hold Seller, Seller's agents, employees and assigns forever free and harmless; and Seller may take possession of any article or articles in said equipment and Purchaser agrees to give Seller notice by registered mail within 24 hours after Seller retakes possession of said equipment of any claim or interest in the articles, and failure to do so shall constitute a waiver and a bar to any subsequent claim for the return of any of said articles, and Seller may hold and dispose of said articles in the same manner as the equipment, and Purchaser waives, on his own behalf and agrees to indemnify and save harmless the Seller against any claims for damages by reason of the taking, storage or sale of any such article or articles; and that in the event of any delinquency in the payment of any one or more installments hereunder, interest on each past due installment shall accrue after its due date at the highest rate permitted by law, or, if not permitted by law, Purchaser shall pay Seller or Seller's assignee delinquency and collection charges at the highest lawful rate; and that in the event of any such delinquency, Purchaser shall pay Seller or Seller's assignee all reasonable collection expenses incurred or paid by Seller or Seller's assignee, including attorney's fees, if referred to an attorney not a salaried employee of the holder of this contract for collection, and court costs, if permitted by law. If any action or litigation or proceeding is at any time brought by Seller against Purchaser, or by Purchaser against Seller, in which any of the rights, interests, liabilities and obligations of Seller or Purchaser, or both Seller and Purchaser, under this agreement shall in any way be or become an issue, and if Seller shall prevail in whole or in part therein, then Purchaser shall pay to Seller on demand Seller's reasonable attorney's fees, costs and reasonable additional expenses incurred therein, if permitted by law, and in every case in which Seller recovers judgment therein, such attorney's fees, costs and expenses may be made and become a part of such judgment. If at any time Seller shall deem it necessary in order to protect its rights and/or priority under or by virtue of this agreement, to institute or intervene in any litigation or proceeding, or if Seller shall be made a part, to any litigation or proceeding in any way involving this agreement, the

said equipment, or Seller's or Purchaser's respective rights hereunder or if Seller shall be required, or deem it necessary in order to protect its rights hereunder, to respond or answer to, compromise, settle, or negotiate for the settlement, or compromise of any claim or demand by any person which is or may become a lien upon all or any part of said equipment, including claims for tax or other public charges by any state or bona fide political entity, then Purchaser agrees to promptly pay and reimburse Seller for all costs hereof, together with reasonable charges and expenses, including attorney's fees, if permitted by law, incurred or paid by Seller or imposed upon Seller as a result thereof or in connection therewith.

This agreement is not assignable by Purchaser except by and with the written consent of Seller and/or Seller's assigns, and all of the terms and conditions herein contained shall apply to and bind Purchaser's heirs, executors, administrators, successors, assigns and legal representatives and shall inure to the benefit of Seller's successors and assigns. Seller's acceptance of any installment or payment after it or the full amount hereof may have become due and payable hereunder or, except as provided therein, the granting of renewals or extensions shall not be deemed to alter or affect Purchaser's obligations or Seller's rights hereunder. Waiver or condonation of any breach or default shall not constitute a waiver of any other or subsequent breach or default. Purchaser admits notice of Seller's intended assignment of this agreement and agrees to settle all claims against Seller, directly with Seller. Seller hereby agreeing to remain responsible therefore.

It is understood and agreed that Purchaser may be required to give its promissory note or notes or trade acceptances for the instalment payments due hereunder, but that such notes or trade acceptances shall merely be evidence of Purchaser's contractual obligations hereunder and shall not be given by Purchaser nor accepted by Seller as payment thereof or any part thereof or in lieu of any part of Purchaser's contractual obligation hereunder or as a waiver of any of the express terms hereof.

Any monies hereafter paid to Seller by Purchaser or on Purchaser's behalf may be applied by Seller to the instalment or obligation hereunder earliest in date of maturity or longest overdue, or upon any other obligation or obligations (secured or unsecured) then due to Seller from Purchaser upon or in connection with any other separate and distinct transaction or transactions in Seller's sole discretion and without the necessity of notice, election, or proof, and Purchaser hereby expressly waives any right Purchaser may have, insofar as permitted by law, to make or manifest any binding direction upon or to Seller as to the manner of application of such payment of such monies other than as herein provided.

Any notice provided for in this agreement or by law, to be given to Purchaser, addressed to Purchaser's last known address shall be conclusively deemed to have been given and received by Purchaser on the day the same was mailed.

It is understood that Seller or Seller's assigns shall not be bound by any oral agreements, guarantees, representations or warranties, past, present or future, representing said equipment or Purchaser's obligations hereunder not contained in this agreement which Purchaser has read and understands, and that future modifications hereof may be made only in writing signed by Seller. Seller may correct parent errors herein Purchaser represents that no credit except that set forth herein has been made or is to be made.

The risk of loss of said equipment shall be on the Purchaser. The loss, injury or destruction of the equipment shall not release Purchaser from any of Purchaser's obligations hereunder. Purchaser agrees to assume all responsibility and all liability arising from the possession, and or operation of the equipment either for negligence or otherwise, by whomsoever used or operated and agrees to indemnify and save Sellers harmless from all claim of all persons and entities, arising out of or in any manner connected with the possession, use or operation of the equipment described above.

Purchaser expressly waives all exemptions and Homestead laws.

Time is of the essence of this agreement. Purchaser, if more than one person or entity, agrees that the obligation to perform each of the conditions and provisions of this agreement shall be joint and several.

It is agreed that each condition and provision contained in this agreement shall be divisible and separate from all other conditions and provisions and if any conditions or provisions are prohibited by law, it is the express intention of the parties hereto that such conditions or provisions shall be inoperative without impairing or invalidating any other condition or provision.

This agreement may be executed, acknowledged and delivered in any number of counterparts each of which shall be deemed to be an original.

All rights of the Seller in, to and under this agreement and in and to the equipment shall pass to and may be exercised by any assignee thereof. The Purchaser agrees that if the Seller gives notice to the Purchaser (a) of an intended assignment of said rights and thereafter such an assignment is made or (b) of such assignment having been made, then, in either event, the liability of the Purchaser to the assignee shall be immediate and absolute and the Purchaser will not set up any claim against the Seller as a defense, counterclaim or set-off to any action brought by any such assignee for the unpaid balance owed hereunder or for possession of the Goods.

It is understood and agreed that the sale of the equipment is on an "AS IS" and "WHERE IS" basis, and Seller neither assumes or authorizes any person to assume for it any liability of any kind whatsoever in connection with such sale. It is further understood and agreed that Seller shall not be liable for any indirect or consequential damages of any kind whatsoever.
