AGREEMENT AND ASSIGNMENT

Dated as of March 1, 1993

Between

TRINITY INDUSTRIES, INC.,

as Builder,

And

**MORGAN GUARANTY TRUST COMPANY OF NEW YORK,
AS TRUSTEE OF A COMMINGLED PENSION TRUST,**

as Investor.

Filed with the Interstate Commerce Commission pursuant to 49
U.S.C. § 11303 on March __, 1993, at ____ .m., recordation
number _____.

AGREEMENT AND ASSIGNMENT dated as of March 1, 1993 ("Assignment") between TRINITY INDUSTRIES, INC., a Delaware corporation ("Builder"), and MORGAN GUARANTY TRUST COMPANY OF NEW YORK, as Trustee of a Commingled Pension Trust, as the Investor under a Participation Agreement dated as of the date hereof ("Participation Agreement"), said Investor, together with its successors and assigns, being hereinafter called "Assignee".

WHEREAS the Builder and STATE STREET BANK AND TRUST COMPANY OF CONNECTICUT, NATIONAL ASSOCIATION, a national banking association, not in its individual capacity but solely as trustee ("Trustee") under a Trust Agreement dated as of the date hereof with UNIONBANC LEASING CORPORATION, a California corporation ("Owner"), have entered into a Conditional Sale Agreement dated as of the date hereof ("CSA") covering the manufacture, sale and delivery, on the conditions therein set forth, by the Builder and the purchase by the Trustee of the railroad equipment described in Annex B to the CSA ("Equipment"); and

WHEREAS the Trustee and GEORGIA POWER COMPANY, a Georgia corporation ("Lessee"), have entered into a Lease of Railroad Equipment dated as of the date hereof ("Lease") providing for the lease to the Lessee of the Equipment;

NOW, THEREFORE, THIS ASSIGNMENT WITNESSETH: That for good and valuable consideration, the receipt of which is hereby acknowledged, including the mutual covenants herein contained, the parties hereto agree as follows:

SECTION 1. The Builder hereby assigns, transfers and sets over unto the Assignee:

(a) all the right, title and interest and obligations of the Builder in and to each unit of the Equipment when and as severally delivered to and accepted by the Trustee, subject to payment by the Assignee to the Builder of the amounts required to be paid pursuant to Section 4 hereof and to payment by the Owner to the Builder of the amounts required to be paid pursuant to Section 4.3(a) of the CSA;

(b) all the right, title and interest and obligations of the Builder in and to the CSA (except the right and obligation to construct and deliver the Equipment and the right to receive the payments specified in Section 4.3(a) thereof), and except as aforesaid in and to any and all amounts which may be or become due or owing to the Builder under the CSA on account of the indebtedness in respect of the Purchase Price (as defined in the CSA) of the Equipment

and interest and premium (if any) thereon, and in and to any other sums becoming due from the Trustee under the CSA, other than those hereinabove excluded; and

(c) except as limited by subparagraph (b) of this Section, all the Builder's rights, titles, powers, privileges, remedies and obligations under the CSA;

without any recourse hereunder, however, against the Builder for or on account of the failure of the Trustee to make any of the payments provided for in, or otherwise to comply with, any of the provisions of the CSA; provided, however, that this Assignment shall not subject the Assignee to, or transfer, or pass, or in any way affect or modify, the obligations of the Builder to construct and deliver the Equipment in accordance with the CSA or with respect to its warranties and agreements referred to in Articles 2 and 20 of the CSA or relieve the Trustee from its obligations to the Builder contained in Articles 2, 3 and 4 of the CSA (subject to Article 23 of the CSA), it being understood and agreed that, notwithstanding this Assignment, or any subsequent assignment pursuant to the provisions of Article 15 of the CSA, all obligations of the Builder to the Trustee with respect to the Equipment shall be and remain enforceable by the Trustee, its successors and assigns, against and only against the Builder; provided, further, that this Assignment shall not result in any diminution of any of the Trustee's or the Owner's rights or remedies, or any increase in any of the Trustee's obligations (no such limitation being necessary in respect of the Owner as it does not have any obligations), under the CSA or any document related thereto. In furtherance of the foregoing assignment and transfer, the Builder hereby authorizes and empowers the Assignee in the Assignee's own name, or in the name of the Assignee's nominee, or in the name of and as attorney, hereby irrevocably constituted, for the Builder, to ask, demand, sue for, collect, receive and enforce any and all sums to which the Assignee is or may become entitled under this Assignment and (except as limited by the second proviso in the preceding sentence) compliance by the Trustee with the terms and agreements on its part to be performed under the CSA, but at the expense and liability and for the sole benefit of the Assignee.

SECTION 2. The Builder agrees that it shall construct the Equipment in full accordance with the CSA and will deliver the same upon completion to the Trustee in accordance with the provisions of the CSA; and that, notwithstanding this Assignment, it will perform and fully comply with each of and all the covenants and conditions of the CSA set forth to be performed and complied with by the Builder. The Builder further agrees that it will warrant to the Assignee and the Trustee that at the time of delivery of each unit of the Equipment under the CSA it had legal title to such unit and good and lawful right to sell such unit to the Trustee and that such unit was free of all claims, liens,

security interests and other encumbrances of any nature, except only claims, liens, security interests and other encumbrances arising from, through or under the Owner, the Trustee, the Assignee or the Lessee, including but not limited to the rights of the Trustee and the Assignee under the CSA and the rights of the Lessee and the Assignee under the Lease; and the Builder further agrees that it will defend the title to such unit against the demands of all persons whomsoever based on claims originating prior to the delivery of such unit by the Builder under the CSA; all subject, however, to the provisions of the CSA and the rights of the Trustee thereunder. The Builder will not deliver any Equipment to the Trustee under the CSA until the CSA, the Lease, this Assignment and the Lease Assignment (as defined in the CSA) have been filed with the Interstate Commerce Commission pursuant to 49 U.S.C. § 11303 (the Builder and its counsel being entitled to rely on advice from special counsel for the Assignee or for the Owner that such filing and recordation have occurred).

SECTION 3. The Builder agrees with the Assignee that in any suit, proceeding or action brought by the Assignee under the CSA for any installment of, or interest or premium (if any) on, indebtedness in respect of the Purchase Price of the Equipment or to enforce any provision of the CSA, the Builder will indemnify, protect and hold harmless the Assignee from and against all expenses, loss or damage suffered by reason of any defense, setoff, counterclaim or recoupment whatsoever claimed by the Trustee or the Lessee arising out of a breach by the Builder of any obligation with respect to the Equipment or the manufacture, construction, delivery or warranty thereof, or by reason of any defense, setoff, counterclaim or recoupment whatsoever arising by reason of any other indebtedness or liability at any time owing to the Trustee or the Lessee by the Builder. The Builder's obligation so to indemnify, protect and hold harmless the Assignee is conditional upon (a) the Assignee's timely motion or other appropriate action as directed by the Builder, on the basis of Article 15 of the CSA, to strike any defense, setoff, counterclaim or recoupment asserted by the Trustee or the Lessee in any such suit, proceeding or action and (b) if the court or other body having jurisdiction in such suit, proceeding or action denies such motion or other action and accepts such defense, setoff, counterclaim or recoupment as a triable issue in such suit, proceeding or action, the Assignee's prompt notification to the Builder of the asserted defense, setoff, counterclaim or recoupment and the Assignee's giving the Builder the right, at the Builder's expense, to compromise, settle or defend against such defense, setoff, counterclaim or recoupment.

The Builder agrees, except as otherwise specifically provided in Annex A to the CSA, to indemnify, protect and hold harmless the Assignee from and against any and all liability, claims, costs, charges and expenses, including royalty payments and counsel fees, in any manner imposed upon or accruing against

the Assignee or its assigns because of the use in or about the construction or operation of any of the Equipment of any design, system, process, formula, combination, article or material which infringes or is claimed to infringe on any patent or other right. The Assignee will give prompt notice to the Builder of any claim actually known to the Assignee which is based upon any such alleged infringement and will give the Builder the right, at the Builder's expense, to compromise, settle or defend against such claim. The Builder agrees that any amounts payable to it by the Trustee or the Lessee with respect to the Equipment, whether pursuant to the CSA or otherwise, not hereby assigned to the Assignee, shall not be secured by any lien, charge or security interest upon the Equipment or any unit thereof.

SECTION 4. The Assignee, on each Closing Date fixed as provided in Article 4 of the CSA, shall pay to the Builder an amount equal to the portion of the Purchase Price of the units of Equipment then being settled for which, under the terms of Section 4.3(b) of said Article 4, is payable in installments; provided that the conditions specified in Section 7 of the Participation Agreement have been satisfied, and there shall have been delivered to the Assignee and the Owner, on or prior to such Closing Date, the following documents, in form and substance satisfactory to them and to their respective special counsel, in such number of counterparts as may be reasonably requested by said special counsel:

(a) a bill or bills of sale from the Builder to the Trustee and the Assignee transferring to the Trustee all right, title and interest of the Builder in and to such units, subject to the security interest in such units created by the CSA, and transferring to the Assignee such security interest, warranting to the Assignee and to the Trustee that, at the time of delivery of such units under the CSA, the Builder had and transferred to the Trustee good and lawful title to such units and had good and lawful right to sell such units, and such units, were free of all claims, liens, security interests and other encumbrances of any nature, except only claims, liens, security interests and other encumbrances arising from, through or under the Owner, the Trustee, the Assignee or the Lessee, including but not limited to the rights of the Trustee under the CSA, the rights of the Lessee under the Lease and the rights of the Assignee under this Assignment, and covenanting to defend such title to such units against demands of all persons whomsoever based on claims originating prior to the delivery of such units by the Builder under the CSA or originating thereafter and attributable to the Builder or anyone claiming by, through or under the Builder;

(b) a Certificate or Certificates of Acceptance with respect to each unit of such Equipment as contemplated by Article 3 of the CSA and Section 2 of the Lease;

(c) an invoice of the Builder for the units of such Equipment accompanied by or having endorsed thereon a certification by the Trustee and the Lessee as to their approval thereof;

(d) an opinion of counsel for the Builder, dated such Closing Date, addressed to the Assignee, the Owner and the Trustee, to the effect that the aforesaid bill or bills of sale have been duly authorized, executed and delivered by the Builder and the form of such bill or bills of sale is valid and effective to convey good and lawful title to the units of such Equipment to the Trustee, free from all claims, liens, security interests and other encumbrances (excepting claims, liens, security interests and other encumbrances arising from, through or under the Trustee, the Owner, the Assignee or the Lessee, including but not limited to those created by the CSA, the rights of the Lessee under the Lease and the rights of the Assignee under this Assignment);

(e) a receipt from the Builder for any payment (other than the payment being made by the Assignee pursuant to this Section 4) required to be made on such Closing Date to the Builder with respect to such Equipment; and

(f) such other documents as the Assignee may reasonably request with reasonable advance notice.

The obligation of the Assignee hereunder to make payment for any of the Equipment assigned hereunder is hereby expressly conditioned upon payment by the Owner of the amount required to be paid by it pursuant to Section 4.3(a) of the CSA. In the event that the Assignee shall not make any such payment, the Assignee shall reassign to the Builder, without recourse to the Assignee, all right, title and interest of the Assignee in and to the units of the Equipment with respect to which payment has not been made by the Assignee.

SECTION 5. Subject to the CSA and the Participation Agreement, the Assignee may assign all or any of its rights under the CSA, including the right to receive any payments due or to become due to it from the Trustee thereunder. In the event of any such assignment, any such subsequent or successive assignee or assignees shall, to the extent of such assignment, and upon giving the written notice required in Article 15 of the CSA and otherwise fully complying therewith, enjoy all the rights and privileges and be subject to all the obligations of the Assignee hereunder. Each of the Builder and the Assignee hereby

respectively agree that each of the Trustee and the Owner are beneficiaries of, and may rely upon, any and all of the representations, warranties and agreements made by the Builder and the Assignee in this Agreement.

SECTION 6. The Builder hereby:

(a) represents and warrants to the Assignee, the Owner and the Trustee that the CSA and this Assignment were duly authorized, executed and delivered by it for a valid consideration, that, assuming due authorization, execution and delivery by the Trustee and the Assignee, the CSA and this Assignment are legal, valid and existing agreements binding upon and enforceable against the Builder in accordance with their terms and that they are now in force without amendment thereto;

(b) agrees that it will from time to time, at the request of the Assignee, the Owner or the Trustee, make, execute and deliver all such further instruments of assignment, transfer and assurance and do all such further acts and things as may be reasonably necessary and appropriate in the premises to give effect to the provisions hereinabove set forth and more perfectly to confirm the rights, titles, interests and obligations hereby assigned and transferred to the Assignee, or retained by the Builder, as the case may be, or intended so to be; and

(c) agrees that, upon request of the Assignee, the Owner or the Trustee, it will execute any and all instruments which may be reasonably necessary or proper in order to discharge of record the CSA or any other instrument evidencing any interest of the Builder therein or in the Equipment.

SECTION 7. The terms of this Assignment and all rights and obligations hereunder shall be governed by the laws of the State of Georgia; provided, however, that the parties shall be entitled to all the rights conferred by 49 U.S.C. § 11303, such additional rights arising out of the filing, recording or depositing of the CSA and this Assignment as shall be conferred by the laws of the several jurisdictions in which the CSA or this Assignment shall be filed, recorded or deposited, or in which any unit of the Equipment shall be located, and any rights arising out of the marking on the units of Equipment.

SECTION 8. This Assignment may be executed in any number of counterparts, but the counterpart delivered to the Assignee shall be deemed to be the sole original counterpart. Although for convenience this Assignment is dated as of the date first above written, the actual date or dates of execution hereof by the parties hereto is or are, respectively, the date or dates stated in the acknowledgments hereto annexed.

IN WITNESS WHEREOF, the parties hereto, each pursuant to due corporate authority, have caused this instrument to be executed in their respective corporate names by duly authorized officials, all as of the date first above written.
