All Collateral delivered to or held by or on behalf of the Collateral Agent pursuant hereto shall be held in the Cash Concentration Account in accordance with the provisions hereof.

2.10. Cash Management System; Deposits to the Cash Concentration Account. (a) The Assignor has established a cash management system whereby the Assignor and each of its Subsidiaries (i) have established various local depository accounts and various local disbursement accounts into which cash, checks, drafts, securities, certificates and instruments received by the Assignor and its Subsidiaries (and not otherwise deposited directly into the Cash Concentration Account) are deposited on a daily basis, and, at the end of each Business Day, such cash and/or other collected funds held in such depository accounts are transferred by wire to the Cash Concentration Account and (ii) maintain their respective local disbursement accounts on a zero "book balance" basis.

(b) Neither the Assignor nor any of its Subsidiaries maintain any bank accounts other than the Cash Concentration Account and such local depository accounts and local disbursement accounts described in clause (a) of this Section 2.10.

(c) The Assignor covenants and agrees to, and cause its Subsidiaries to, continue to operate its cash management system in a manner that is consistent with the

representations and warranties contained in clauses (a) and (b) of this Section 2.10.

(d) All cash, checks, drafts, securities, certificates and instruments received by the Assignor and its Subsidiaries and deposited into the local depository accounts and disbursement accounts shall be held by the Assignor or such Subsidiary therein in a constructive trust for the benefit of Collateral Agent hereunder and subject to the Collateral Agent's security interest and lien hereunder.

2.11. Investment of Funds Deposited in the Cash Concentration Account. Unless and until there shall have occurred and be continuing any Event of Default and to the extent the Collateral has not previously been applied pursuant to Article VII hereof, the Collateral Agent will (and after the occurrence and during the continuance of any Event of Default the Collateral Agent may unless otherwise directed by the Required Secured Creditors) from time to time, at the request of the Assignor, invest funds on deposit in the Cash Concentration Account in (x) certificates of deposit of the Collateral Agent, (y) commercial paper that is rated at least P-1 by Moody's Investors Service, Inc. ("Moody's") and A-1+ by Standard & Poor's Corporation ("S&P") (provided that the long-term unsecured debt ratings issued by Moody's and S&P for the issuer or the guarantor thereof are at least Aa3 and AA-, respectively), or (z) such other investments in Cash Equivalents as may be requested by the Assignor, and acceptable to the Collateral Agent in its sole discretion (collectively the "Permitted Investments"). All investments made pursuant to this Section 2.11 (and any instruments evidencing same), and all proceeds thereof, shall be held in the Cash Concentration Account as part of the Collateral. All such investments shall be made in the name of the Collateral Agent. All risk of loss in respect of investments made pursuant to this Section 2.11 shall be on the Assignor.

2.12. Withdrawals and Applications from the Cash Concentration Account. (a) To the extent the Collateral has not previously been applied pursuant to Article VII hereof, the Assignor shall have the right to withdraw amounts from the Cash Concentration Account from time to time for its general corporate purposes; provided that upon the occurrence and continuance of (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting

at the direction of the Required Secured Creditors) has so notified the Assignor, the Assignor shall no longer be able to withdraw amounts from the Cash Concentration Account and the Collateral Agent shall have the sole right to make withdrawals from time to time from the Cash Concentration Account and liquidate any Permitted Investments.

(b) Collateral may only be withdrawn by the Assignor from the Cash Concentration Account at the times set forth in clause (a) of this Section 2.12 and Collateral shall remain in the Concentration Account until (x) such Collateral is so withdrawn, (y) such Collateral is applied as provided by Article VII hereof or (z) such Collateral is released as provided in Section 10.9 hereof.

(c) Notwithstanding anything to the contrary contained in the preceding Section 2.12(a), all Collateral in the Cash Concentration Account shall be subject, at any time when there shall have occurred and be continuing any Event of Default, to any prior application provided by Article VII hereof.

2.13. Recourse. This Agreement is made with full recourse to the Assignor and pursuant to and upon all the warranties, representations, covenants, and agreements on the part of the Assignor contained herein, in the other Credit Documents, in the Revolving Credit Documents, in the Senior Note Documents, in the Exchange Note Documents, in the Interest Rate Protection Agreements and otherwise in writing in connection herewith or therewith.

ARTICLE III

SPECIAL PROVISIONS CONCERNING RECEIVABLES; CONTRACT RIGHTS; INSTRUMENTS

3.1. Additional Representations and Warranties. As of the time when each of its Receivable arises, the Assignor shall be deemed to have represented and warranted that such Receivable, and all records, papers and documents relating thereto (if any) are genuine and in all respects what they purport to be, and that all papers and documents (if any) relating thereto (i) will represent the genuine, legal, valid and binding obligation of the account debtor, evidencing indebtedness unpaid and owed by the respective account debtor arising out of the performance of labor or services or the sale or lease and delivery of the merchandise listed therein, or both, (ii) will be the only

original writings evidencing and embodying such obligation of the account debtor named therein (other than copies created for general accounting purposes), (iii) will evidence true and valid obligations, enforceable in accordance with their respective terms, except to the extent that the enforceability thereof may be limited by applicable bankruptcy, insolvency, reorganization, moratorium or similar laws generally affecting creditors' rights and by equitable principles (regardless of whether enforcement is sought in equity or at law), and (iv) will be in compliance and will conform in all material respects with all applicable federal, state and local laws and applicable laws of any relevant foreign jurisdiction.

3.2. Maintenance of Records. The Assignor will keep and maintain at its own cost and expense satisfactory and complete records of its Receivables and Contracts, including, but not limited to, the originals of all documentation (including each Contract) with respect thereto, records of all payments received, all credits granted thereon, all merchandise returned and all other dealings therewith, and the Assignor will make the same available to the Collateral Agent for inspection, at the Assignor's own cost and expense, at any and all reasonable times upon demand. At any time that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, and in each such case upon the request of the Collateral Agent, the Assignor shall, at its own cost and expense, deliver all tangible evidence of its Receivables and Contract Rights (including, without limitation, copies of all documents evidencing the Receivables and all Contracts, such copies, if requested by the Collateral Agent, to be certified as true and complete by an appropriate officer of the Assignor) and such books and records to the Collateral Agent or to its representatives (copies of which evidence and books and records may be retained by the Assignor). In the event that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, the Assignor shall legend, in form and manner reasonably satisfactory to the Collateral Agent, the Receivables and Contracts, as well as books, records and documents of the Assignor evidencing or pertaining to such Receivables with an appropriate reference to the fact

that such Receivables and Contracts have been assigned to the Collateral Agent and that the Collateral Agent has a security interest therein.

3.3. Direction to Account Debtors; Contracting Parties; etc. In the event that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, the Assignor agrees (x) to cause all payments on account of the Receivables and Contracts to be made directly to the Cash Concentration Account and (y) that the Collateral Agent may, at its option, directly notify the obligors with respect to any Receivables and/or under any Contracts to make payments with respect thereto as provided in preceding clause (x). Without notice to or assent by the Assignor, the Collateral Agent may apply any or all amounts then in, or thereafter deposited in, the Cash Concentration Account in the manner provided in Section 7.4 of this Agreement. The costs and expenses (including reasonable attorneys' fees) of collection, whether incurred by the Assignor or the Collateral Agent, shall be borne by the Assignor.

3.4. Modification of Terms, etc. The Assignor shall not rescind or cancel any indebtedness evidenced by any Receivable or under any Contract, or modify any material term thereof or make any material adjustment with respect thereto, or extend or renew the same, or compromise or settle any material dispute, claim, suit or legal proceeding relating thereto, or sell any Receivable, or Contract, or interest therein except in the ordinary course of business. The Assignor will duly fulfill all obligations on its part to be fulfilled under or in connection with the Receivables and Contracts and will do nothing to impair the rights of the Collateral Agent in the Receivables or Contracts.

3.5. Instruments. If the Assignor owns or acquires any Instrument constituting Collateral and representing Indebtedness in an aggregate principal amount of more than \$50,000 and such Instrument is not otherwise pledged under another Security Document, the Assignor will within sixty (60) days notify the Collateral Agent thereof, and upon request by the Collateral Agent promptly deliver such Instrument to the Collateral Agent appropriately endorsed to the order of the Collateral Agent as further security hereunder.

ARTICLE IV

SPECIAL PROVISIONS CONCERNING TRADEMARKS

4.1. Additional Representations and Warranties. Subject to the license agreements listed on Annex H hereto, the Assignor represents and warrants that it is the true and lawful exclusive owner of the Marks listed in Annex G hereto and that said listed Marks constitute all the significant marks registered in the United States Patent and Trademark Office that the Assignor now owns or uses in connection with its business. The Assignor represents and warrants that it owns or is licensed to use all Marks that it uses. The Assignor further warrants that it is aware of no significant third party claim that any aspect of the Assignor's present or contemplated business operations infringes or will infringe any trademark or service mark. The Assignor represents and warrants that it is the owner of record of all United States Trademark registrations and applications listed in Annex G hereto and that said registrations are valid, subsisting, have not been cancelled and that the Assignor is not aware of any third-party claim that any of said registrations is invalid or unenforceable. The Assignor hereby grants to the Collateral Agent an absolute power of attorney to sign, at the times provided in Sections 4.3 and 7.1 hereof, any document which may be required by the United States Patent and Trademark Office in order to effect an absolute assignment of all right, title and interest in each Mark, and record the same.

4.2. Future Registered Marks. If any mark registration issues hereafter to the Assignor as a result of any application now or hereafter pending before the United States Patent and Trademark Office, within sixty (60) days of receipt of such certificate the Assignor shall deliver a copy of such certificate, and a grant of security in such mark to the Collateral Agent, confirming the grant thereof hereunder, the form of such confirmatory grant to be substantially the same as the form hereof.

4.3. Remedies. In the event that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, the Collateral Agent may, by written notice to the Assignor, take any or all of the following

actions: (i) declare the entire right, title and interest of such Assignor in and to each of the Marks, together with all trademark rights and rights of protection to the same, vested, in which event such rights, title and interest shall immediately vest, in the Collateral Agent for the benefit of the Secured Creditors, in which case the Collateral Agent shall be entitled to exercise the power of attorney referred to in Section 4.1 hereof to execute, cause to be acknowledged and notarized and record said absolute assignment with the applicable agency; (ii) take and use or sell the Marks and the goodwill of the Assignor's business symbolized by the Marks and the right to carry on the business and use the assets of the Assignor in connection with which the Marks have been used; and (iii) direct the Assignor to refrain, in which event the Assignor shall refrain, from using the Marks in any manner whatsoever, directly or indirectly, and, if requested by the Collateral Agent, change the Assignor's corporate name to eliminate therefrom any use of any Mark and execute such other and further documents that the Collateral Agent may request to further confirm this and to transfer ownership of the Marks and registrations and any pending trademark application in the United States Patent and Trademark Office to the Collateral Agent.

ARTICLE V

SPECIAL PROVISIONS CONCERNING PATENTS AND COPYRIGHTS

5.1. Additional Representations and Warranties.

Subject to the license agreements listed on Annex H hereto, the Assignor represents and warrants that it is the true and lawful exclusive owner of all rights in the Patents listed in Annex I hereto and in the Copyrights listed in Annex J hereto, that said Patents constitute all the United States patents and applications for United States patents that the Assignor now owns and that said Copyrights constitute all the United States copyrights registered with the United States Copyright Office and applications for United States copyrights that the Assignor now owns. The Assignor represents and warrants that it owns or is licensed to practice under all Patents and Copyrights that it now owns, uses or practices under. The Assignor further warrants that it is aware of no significant third party claim that any aspect of the Assignor's present or contemplated business operations infringes or will infringe any Patent or any Copyright. The Assignor hereby grants to

the Collateral Agent an absolute power of attorney to sign, at the times provided in Sections 5.3 and 7.1 hereof, any document which may be required by the United States Patent and Trademark Office or the United States Copyright Office in order to effect an absolute assignment of all right, title and interest in each Patent and Copyright, and record the same.

5.2. Other Patents and Copyrights. Within sixty (60) days of acquisition of a United States Patent or Copyright, or of filing of an application for a United States Patent or Copyright, the Assignor shall deliver to the Collateral Agent a copy of said Patent or Copyright, as the case may be, with a grant of security as to such Patent or Copyright, as the case may be, confirming the grant thereof hereunder, the form of such confirmatory grant to be substantially the same as the form hereof.

5.3. Remedies. In the event that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, the Collateral Agent may, by written notice to the Assignor, take any or all of the following actions: (i) declare the entire right, title, and interest of the Assignor in each of the Patents and Copyrights vested, in which event such right, title, and interest shall immediately vest in the Collateral Agent for the benefit of the Secured Creditors, in which case the Collateral Agent shall be entitled to exercise the power of attorney referred to in Section 5.1 hereof to execute, cause to be acknowledged and notarized and record said absolute assignment with the applicable agency; (ii) take and practice or sell the Patents and Copyrights; and (iii) direct the Assignor to refrain, in which event the Assignor shall refrain, from practicing the Patents and Copyrights directly or indirectly, and the Assignor shall execute such other and further documents as the Collateral Agent may request further to confirm this and to transfer ownership of the Patents and Copyrights to the Collateral Agent for the benefit of the Secured Creditors.

ARTICLE VI

PROVISIONS CONCERNING ALL COLLATERAL

6.1. Protection of Collateral Agent's Security.

The Assignor will do nothing to impair the rights of the Collateral Agent in the Collateral. The Assignor will at all times keep its Inventory and Equipment (including the Railcars and Vehicles) insured in conformity with the provisions of the Term Credit Agreement, the Revolving Credit Agreement, the Senior Note Agreement and the Exchange Note Indenture, in favor of the Collateral Agent, at the Assignor's own expense. All policies or certificates with respect to such insurance shall (i) be endorsed to the Collateral Agent's satisfaction for the benefit of the Collateral Agent (including, without limitation, by naming the Collateral Agent as loss payee), (ii) state that such insurance policies shall not be cancelled or revised without 30 days' prior written notice thereof by the insurer to the Collateral Agent, (iii) provide that the respective insurers irrevocably waive any and all rights of subrogation with respect to the Collateral Agent and the Secured Creditors and (iv) be deposited with the Collateral Agent. If the Assignor shall fail to insure its Inventory and Equipment in accordance with the preceding sentence, or if the Assignor shall fail to so endorse and deposit all policies or certificates with respect thereto, the Collateral Agent shall have the right (but shall be under no obligation) to procure such insurance and the Assignor agrees to reimburse the Collateral Agent for all costs and expenses of procuring such insurance. In the event that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii) only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, the Collateral Agent may apply any proceeds of such insurance in accordance with Section 7.4 hereof. The Assignor assumes all liability and responsibility in connection with the Collateral acquired by it and the liability of the Assignor to pay its Obligations shall in no way be affected or diminished by reason of the fact that such Collateral may be lost, destroyed, stolen, damaged or for any reason whatsoever unavailable to the Assignor.

6.2. Warehouse Receipts Non-negotiable. The Assignor agrees that if any warehouse receipt or receipt in the nature of a warehouse receipt is issued with respect to any of its Inventory, such warehouse receipt or receipt in

the nature thereof shall not be "negotiable" (as such term is used in Section 7-104 of the Uniform Commercial Code as in effect in any relevant jurisdiction or under other relevant law).

6.3. Further Actions. The Assignor will, at its own expense, make, execute, endorse, acknowledge, file and/or deliver to the Collateral Agent from time to time such lists, descriptions and designations of its Collateral, bills of lading, documents of title (including, without limitation, original certificates of title, and other registrations with respect to the Vehicles), vouchers, invoices, schedules, confirmatory assignments, conveyances, financing statements, transfer endorsements, powers of attorney, certificates, reports and other assurances or instruments and take such further steps relating to the Collateral and other property or rights covered by the security interest hereby granted, which the Collateral Agent deems reasonably appropriate or advisable to perfect, preserve or protect its security interest in the Collateral.

6.4. Further Assurances. The Assignor agrees to execute and deliver to the Collateral Agent such financing statements or certificates of title, in form acceptable to the Collateral Agent, as the Collateral Agent may from time to time reasonably request or as are necessary or desirable in the opinion of the Collateral Agent to establish and maintain a valid, enforceable, first priority security interest in the Collateral as provided herein and the other rights and security contemplated hereby all in accordance with the Uniform Commercial Code as enacted in any and all relevant jurisdictions or any other relevant law. The Assignor will pay any applicable filing fees and related expenses. The Assignor authorizes the Collateral Agent to file any such financing statements without the signature of the Assignor where permitted by law. The Assignor further agrees to, at any time and from time to time, at its own expense, promptly execute and deliver all further agreements, instruments and other documents and take all further action that may be necessary or that the Collateral Agent may reasonably request in order to perfect and protect the security interest purported to be created hereby or otherwise to enable the Collateral Agent to exercise and enforce its rights and remedies hereunder.

ARTICLE VII

REMEDIES UPON OCCURRENCE OF EVENT OF DEFAULT

7.1. Remedies; Obtaining the Collateral Upon Default. The Assignor agrees that, in the event that there shall have occurred and be continuing (i) a Bankruptcy Event or (ii) any other Event of Default, but in the case of this clause (ii), except as otherwise provided in the last sentence of this Section 7.1, only to the extent the Collateral Agent (acting at the direction of the Required Secured Creditors) has so notified the Assignor, then and in every such case, subject to any mandatory requirements of applicable law then in effect, the Collateral Agent, in addition to any rights now or hereafter existing under applicable law, shall have all rights as a secured creditor under the Uniform Commercial Code in all relevant jurisdictions and may also:

(a) personally, or by agents or attorneys, immediately take possession of the Collateral or any part thereof, from the Assignor or any other Person who then has possession of any part thereof with or without notice or process of law, and for that purpose may enter upon the Assignor's premises where any of the Collateral is located and remove the same and use in connection with such removal any and all services, supplies, aids and other facilities of the Assignor; and

(b) instruct the obligor or obligors on any agreement, instrument or other obligation (including, without limitation, the Receivables and the Contracts) constituting the Collateral to make any payment required by the terms of such agreement, instrument or other obligation directly to the Collateral Agent and may exercise any and all remedies of the Assignor in respect of such Collateral; and

(c) withdraw all monies, securities and instruments in the Cash Concentration Account and liquidate any or all Permitted Investments for application to the Obligations in accordance with Section 7.4 hereof; and

(d) sell, assign or otherwise liquidate, or direct the Assignor to sell, assign or otherwise liquidate, any or all of the Collateral or any part

thereof, and take possession of the proceeds of any such sale, assignment or liquidation; and

(e) take possession of the Collateral or any part thereof, by directing the Assignor in writing to deliver the same to the Collateral Agent at any place or places designated by the Collateral Agent, in which event the Assignor shall at its own expense:

(i) forthwith cause the same to be moved to the place or places so designated by the Collateral Agent and there delivered to the Collateral Agent,

(ii) store and keep any Collateral so delivered to the Collateral Agent at such place or places pending further action by the Collateral Agent as provided in Section 7.2 hereof, and

(iii) while the Collateral shall be so stored and kept, provide such guards and maintenance services as shall be necessary to protect the same and to preserve and maintain them in good condition; and

(f) license or sublicense, whether on an exclusive or nonexclusive basis, any Marks, Patents or Copyrights included in the Collateral for such term and on such conditions and in such manner as the Collateral Agent shall in its sole judgment determine;

it being understood that the Assignor's obligation so to deliver the Collateral is of the essence of this Agreement and that, accordingly, upon application to a court of equity having jurisdiction, the Collateral Agent shall be entitled to a decree requiring specific performance by the Assignor of said obligation. In the event that there shall have occurred and be continuing any Event of Default, the Collateral Agent may take any of the actions referred to in Section 7.1(c) prior to any direction to do so by the Required Secured Creditors.

7.2. Remedies; Disposition of the Collateral.
Any Collateral repossessed by the Collateral Agent under or pursuant to Section 7.1 hereof and any other Collateral whether or not so repossessed by the Collateral Agent, may be sold, assigned, leased or otherwise disposed of under one or more contracts or as an entirety, and without the necessity of gathering at the place of sale the property to

be sold, and in general in such manner, at such time or times, at such place or places and on such terms as the Collateral Agent may, in compliance with any mandatory requirements of applicable law, determine to be commercially reasonable. Any of the Collateral may be sold, leased or otherwise disposed of, in the condition in which the same existed when taken by the Collateral Agent or after any overhaul or repair which the Collateral Agent shall determine to be commercially reasonable. Any such disposition which shall be a private sale or other private proceedings permitted by such requirements shall be made upon not less than 10 days' written notice to the Assignor specifying the time at which such disposition is to be made and the intended sale price or other consideration therefor, and shall be subject, for the 10 days after the giving of such notice, to the right of the Assignor or any nominee of the Assignor to acquire the Collateral involved at a price or for such other consideration at least equal to the intended sale price or other consideration so specified. Any such disposition which shall be a public sale permitted by such requirements shall be made upon not less than 10 days' written notice to the Assignor specifying the time and place of such sale and, in the absence of applicable requirements of law, shall be by public auction (which may, at the Collateral Agent's option, be subject to reserve), after publication of notice of such auction not less than 10 days prior thereto in two newspapers in general circulation in the City of New York. To the extent permitted by any such requirement of law, the Collateral Agent may bid for and become the purchaser of the Collateral or any item thereof, offered for sale in accordance with this Section without accountability to the Assignor (except to the extent of surplus money received as provided in Section 7.4 hereof). If, under mandatory requirements of applicable law, the Collateral Agent shall be required to make disposition of the Collateral within a period of time which does not permit the giving of notice to the Assignor as hereinabove specified, the Collateral Agent need give such Assignor only such notice of disposition as shall be reasonably practicable in view of such mandatory requirements of applicable law. The Assignor agrees to do or cause to be done all such other acts and things as may be reasonably necessary to make such sale or sales of all or any portion of the Collateral valid and binding and in compliance with any and all applicable laws, regulations, orders, writs, injunctions, decrees or awards of any and all courts, arbitrators or governmental instrumentalities, domestic or foreign, having jurisdiction over any such sale or sales, all at the Assignor's expense.

7.3. Waiver of Claims. Except as otherwise provided in this Agreement, THE ASSIGNOR HEREBY WAIVES, TO THE EXTENT PERMITTED BY APPLICABLE LAW, NOTICE AND JUDICIAL HEARING IN CONNECTION WITH THE COLLATERAL AGENT'S TAKING POSSESSION OR THE COLLATERAL AGENT'S DISPOSITION OF ANY OF THE COLLATERAL, INCLUDING, WITHOUT LIMITATION, ANY AND ALL PRIOR NOTICE AND HEARING FOR ANY PREJUDGMENT REMEDY OR REMEDIES AND ANY SUCH RIGHT WHICH ASSIGNOR WOULD OTHERWISE HAVE UNDER THE CONSTITUTION OR ANY STATUTE OF THE UNITED STATES OR OF ANY STATE, and the Assignor hereby further waives, to the extent permitted by law:

(a) all damages occasioned by such taking of possession except any damages which are the direct result of the Collateral Agent's gross negligence or willful misconduct;

(b) all other requirements as to the time, place and terms of sale or other requirements with respect to the enforcement of the Collateral Agent's rights hereunder; and

(c) all rights of redemption, appraisement, valuation, stay, extension or moratorium now or hereafter in force under any applicable law in order to prevent or delay the enforcement of this Agreement or the absolute sale of the Collateral or any portion thereof, and the Assignor, for itself and all who may claim under it, insofar as it or they now or hereafter lawfully may, hereby waives the benefit of all such laws.

Any sale of, or the grant of options to purchase, or any other realization upon, any Collateral shall operate to divest all right, title, interest, claim and demand, either at law or in equity, of the Assignor therein and thereto, and shall be a perpetual bar both at law and in equity against the Assignor and against any and all Persons claiming or attempting to claim the Collateral so sold, optioned or realized upon, or any part thereof, from, through and under such Assignor.

7.4. Application of Proceeds. The proceeds of any Collateral obtained pursuant to Section 7.1 or disposed of pursuant to Section 7.2 and all other moneys collected by the Collateral Agent hereunder shall be applied in the manner provided in Section 9 of the Intercreditor Agreement.

7.5. Remedies Cumulative. Each and every right, power and remedy hereby specifically given to the Collateral Agent shall be in addition to every other right, power and remedy specifically given under this Agreement, the Intercreditor Agreement, the other Credit Documents, the Revolving Credit Documents, any Interest Rate Protection Agreement, the Senior Note Documents, the Exchange Note Documents or now or hereafter existing at law or in equity, or by statute and each and every right, power and remedy whether specifically herein given or otherwise existing may be exercised from time to time or simultaneously and as often and in such order as may be deemed expedient by the Collateral Agent. All such rights, powers and remedies shall be cumulative and the exercise or the beginning of exercise of one shall not be deemed a waiver of the right to exercise of any other or others. No delay or omission of the Collateral Agent in the exercise of any such right, power or remedy, nor any course of dealing between the Assignor and the Collateral Agent, nor any renewal or extension of any of the Obligations shall impair any such right, power or remedy or shall be construed to be a waiver of any Default or Event of Default or an acquiescence therein. No notice to or demand on the Assignor in any case shall entitle the Assignor to any other or further notice or demand in similar or other circumstances or constitute a waiver of the rights of the Collateral Agent to any other further action in any circumstances without notice or demand. In the event that the Collateral Agent shall bring any suit to enforce any of its rights hereunder and shall be entitled to judgment, then in such suit the Collateral Agent may recover reasonable expenses, including attorneys' fees, and the amounts thereof shall be included in such judgment.

7.6. Discontinuance of Proceedings. In case the Collateral Agent shall have instituted any proceeding to enforce any right, power or remedy under this Agreement by foreclosure, sale, entry or otherwise, and such proceeding shall have been discontinued or abandoned for any reason or shall have been determined adversely to the Collateral Agent, then and in every such case the Assignor, the Collateral Agent and each holder of any of the Obligations shall be restored to their former positions and rights hereunder with respect to the Collateral subject to the security interest created under this Agreement, and all rights, remedies and powers of the Collateral Agent shall continue as if no such proceeding had been instituted.

ARTICLE VIII

INDEMNITY

8.1. Indemnity. (a) The Assignor agrees to indemnify, reimburse and hold the Collateral Agent, each Secured Creditor and their respective successors, assigns, employees, agents and servants (hereinafter in this Section 8.1 referred to individually as "Indemnatee," and collectively as "Indemnitees") harmless from any and all liabilities, obligations, damages, injuries, penalties, claims, demands, actions, suits, judgments and any and all costs and expenses (including reasonable attorneys' fees and expenses) (for the purposes of this Section 8.1 the foregoing are collectively called "expenses") of whatsoever kind and nature imposed on, asserted against or incurred by any of the Indemnitees in any way relating to or arising out of this Agreement, any Interest Rate Protection Agreement, any other Credit Document, any Revolving Credit Document, any Senior Note Document, any Exchange Note Document or any other document executed in connection herewith and therewith or in any other way connected with the administration of the transactions contemplated hereby and thereby or the enforcement of any of the terms of, or the preservation of any rights under any thereof, or in any way relating to or arising out of the manufacture, ownership, ordering, purchase, delivery, control, acceptance, lease, financing, possession, operation, condition, sale, return or other disposition, or use of the Collateral (including, without limitation, latent or other defects, whether or not discoverable), the violation of the laws of any country, state or other governmental body or unit, any tort (including, without limitation, claims arising or imposed under the doctrine of strict liability, or for or on account of injury to or the death of any Person (including any Indemnatee), or property damage), or contract claim; provided that no Indemnatee shall be indemnified pursuant to this Section 8.1(a) for losses, damages or liabilities to the extent caused by the gross negligence or wilful misconduct of such Indemnatee. The Assignor agrees that upon written notice by any Indemnatee of the assertion of such a liability, obligation, damage, injury, penalty, claim, demand, action, judgment or suit, the Assignor shall assume full responsibility for the defense thereof. Each Indemnatee agrees to use its best efforts to promptly notify the Assignor of any such assertion of which such Indemnatee has knowledge.

(b) Without limiting the application of Section 8.1(a) above, the Assignor agrees to pay, or reimburse the Collateral Agent for (if the Collateral Agent shall have incurred fees, costs or expenses because the Assignor shall have failed to comply with its obligations under this Agreement, any other Credit Document, any Interest Rate Protection Agreement, any Revolving Credit Document, any Senior Note Document or any Exchange Note Document), any and all reasonable fees, costs and expenses of whatever kind or nature incurred in connection with the creation, preservation or protection of the Collateral Agent's Liens on, and security interest in, the Collateral, including, without limitation, all fees and taxes in connection with the recording or filing of instruments and documents in public offices, payment or discharge of any taxes or Liens upon or in respect of the Collateral, premiums for insurance with respect to the Collateral and all other fees, costs and expenses in connection with protecting, maintaining or preserving the Collateral and the Collateral Agent's interest therein, whether through judicial proceedings or otherwise, or in collecting, selling, taking possession of or liquidating any of the Collateral or in defending or prosecuting any actions, suits or proceedings arising out of or relating to the Collateral.

(c) Without limiting the application of Section 8.1(a) or (b) above, the Assignor agrees to pay, indemnify and hold each Indemnitee harmless from and against any loss, costs, damages and expenses which such Indemnitee may suffer, expend or incur in consequence of or growing out of any misrepresentation by the Assignor in this Agreement, any Interest Rate Protection Agreement, any other Credit Document, any Revolving Credit Documents, any Senior Note Document, any Exchange Note Document or in any writing contemplated by or made or delivered pursuant to or in connection with this Agreement, any Interest Rate Protection Agreement, any other Credit Document, any Revolving Credit Document, any Senior Note Document, or any Exchange Note Document.

(d) If and to the extent that the obligations of the Assignor under this Section 8.1 are unenforceable for any reason, the Assignor hereby agrees to make the maximum contribution to the payment and satisfaction of such obligations which is permissible under applicable law.

8.2. Indemnity Obligations Secured by Collateral; Survival. Any amounts paid by any Indemnitee as to which such Indemnitee has the right to reimbursement shall constitute Obligations secured by the Collateral.

The indemnity obligations of the Assignor contained in this Article VIII shall continue in full force and effect notwithstanding the full payment of all the Term Notes, the Revolving Notes, the Initial Senior Notes and the Exchange Notes and all of the other Obligations and notwithstanding the discharge thereof.
