The Honorable Deb Miller
Member, United States Surface Transportation Board
395 E Street, SW
Washington, DC 20423-0001

Dear Chairman Elliott and Surface Transportation Board Members,

I am writing you today, to express our support regarding Canadian Pacific Railway Limited’s (CP) proposal for a CP-Norfolk Southern Corporation (NS) combination.

Wheaton-Dumont Coop Elevator (WDCE) relies on CP to provide competitive grain-shuttle service at our Grain Terminal in Tenney, MN. WDCE believes a CP-NS combination will create a transcontinental railroad with the scale and reach to deliver improved levels of service to us and enable us to better serve our own customers and communities, while improving safety and enhancing competition. Specifically, our Company needs improved access to competitive destination markets. We believe this combination will support that end.

CP’s proposal is timely and will provide several positive benefits. We believe the proposal is in the public interest as it would improve overall service while meaningfully enhancing competition amongst the Class 1s and with other transportation modes. Specifically, we believe the following points in CP’s proposal are key:

- alleviating the long-standing issue of congestion in Chicago
- providing flexibility to avoid choke points as they arise on the network whether at Chicago or elsewhere
- increasing capacity for all shippers without creating the need for more infrastructure
- creating efficient, reliable single-line service thereby reducing shipper equipment costs and inventory carry requirements
- opening up new market opportunities
- eliminating the "bottleneck approach" when quoting rates and instead quoting rates to the gateway the shipper requests
- reducing highway congestion while lowering fuel consumption on the joint network
- offering unparalleled customer service and competitive rates
- allowing another railroad access to CP-NS served shippers in terminal areas if service is not adequate and/or rates are non-competitive

For the above reasons, WDCE supports the proposed CP-NS combination. Should the combination be presented to the Surface Transportation Board for consideration, we urge you to judge the proposal on its merits.

Please contact us at 320-563-8152 for more information.

Sincerely,

Philip Deal
CEO
Wheaton-Dumont Coop Elevator
