The Honorable Ann Begeman  
Chairman  
Surface Transportation Board  
395 E Street, SW  
Washington, DC 20423

Dear Chairman Begeman,

Thank you for your December 17, 2018 letter. I very much appreciate your interest in the U.S. rail operating subsidiaries of Canadian National Railway Company ("CN") and our continued efforts to meet the growing needs of our customers.

You have asked Class I railroads to informally report demurrage and accessorial revenues on a quarterly basis for years 2018 and 2019. While this information is currently reflected in financial reports filed with the STB, CN will provide the information on a voluntary basis, as requested. As my staff discussed with the STB’s Rail Customer Public Assistance (RCPA) office, CN will provide these informal reports on the last day of the month following the end of a quarter, with the first report to be provided on January 31, 2019. This is consistent with the timing when CN formally reports quarterly financial information to the STB and financial regulators.

You have also asked Class Is for tariffs concerning demurrage and accessorial charges. CN will provide the RCPA office with those public documents. If you or the RCPA office has any technical questions regarding those public tariffs, please do not hesitate to contact my staff.

As you know, CN has worked to build resiliency and minimize the impacts of difficult operating conditions on the CN rail network. CN made an overall capital investment of $2.65 billion USD for 2018. CN remains focused on service and fluidity of the network in 2019 and looks forward to continuing to strive to meet the needs of our customers.

Sincerely,

[Signature]

J.J. Ruest
