RAILWAY LABOR EXECUTIVES' ASSOCIATION

RAILWAY LABOR BUILDING, 400 1st ST., N. W., WASHINGTON, D. C. 20001

July 24, 1984

Mr. James H. Bayne, Secretary
Interstate Commerce Commission
Washington, D. C. 20423

Dear Mr. Bayne:

Please refer to the application filed with the I.C.C. by Missouri-Kansas-Texas Railroad Company System, identified as Finance Docket No. 30400 (Sub-No.9).

Upon investigation we find that the application, if granted, may well have an adverse effect on the employees of the applicant, as well as employees of other railroad carriers affected. Therefore, the Railway Labor Executives' Association, representing all of the standard railway labor organizations enters its protest in opposition to approval of this application and prays that the application will be denied. The Association also respectfully requests that the application be sent down for oral hearing and the Association receive copies of notices and/or orders issued in connection with this application.

Should the application ultimately be approved by the Commission, the Association requests that the I.C.C. impose the same conditions as imposed in New York Dock-Control-Brooklyn Eastern District Terminal, I.C.C. (1979).

Sincerely yours,

R. I. Kilroy
