Dear Congressman Costello:

Thank you for your recent letter sent jointly with Senator Christopher Bond, Senator John Ashcroft, and Congresswoman Pat Danner concerning the status of the petition filed by AmerenUE (UE) for clarification and enforcement of conditions that the Board imposed on the merger of Union Pacific and Southern Pacific railroads in Finance Docket No. 32760. You urge the Board to consider, as quickly as possible, UE’s request that its coal-fired electric generating station in Labadie, MO, be restored to its prior position as a shipper served by two competing rail carriers.

UE filed its petition with the Surface Transportation Board (Board) on January 19, 2000. The record closed on March 3, 2000. UE’s petition is under active consideration, and a decision addressing the issues raised in the petition will be issued as soon as possible. Because the matter is pending before the Board, it would be inappropriate for me to comment on the merits of the proceeding.

I have had your letter and my response placed in the public docket for this proceeding, and your name has been added to the service list so that you will receive copies of all future Board decisions issued in this case.

I appreciate your interest in this matter, and if I may be of further assistance, please do not hesitate to contact me.

Re: AmerenUE's "2-to-1" status resulting from the Union Pacific Corp. et al—Control and Merger—Southern Pacific Rail Corp. et al. proceeding, STB Finance Docket No. 32760

Dear Chairman Morgan:

We are writing to express our interest in the above-referenced matter. We request that AmerenUE ("UE") receive prompt attention to its concerns. The Surface Transportation Board should consider, as quickly as possible, UE’s request that it be restored to its prior position as a shipper with two rail carrier access at its Labadie plant.

UE’s coal-fired electric generating station in Labadie, Missouri is UE’s largest plant, shipping nearly 9 million tons of coal annually. UE provides energy service and electricity to 1.2 million customers in Missouri and Illinois. The Labadie plant currently is a "captive" shipper, serviced by the Union Pacific Railroad ("UP"). AmerenUE’s Labadie plant previously was not a captive shipper. Prior to the merger of the UP and the Southern Pacific Railroad ("SP"), the Labadie plant had direct rail service from both UP and SP, making Labadie a "2-to-1" shipper.

In the interest of the Missouri and Illinois electricity customers served by AmerenUE’s Labadie plant, we ask that you rule on AmerenUE’s petition as soon as possible and in accordance with established administrative law procedure. Restoring two rail carrier access to the Labadie coal-fired electric generating plant could benefit all the Missouri and Illinois electricity consumers served by Labadie.
Thank you for your attention to this matter and please keep us informed on the progress of your action on AmerenUE’s "2-to-1" status.

Sincerely,

Dear Mr. Dupree:

Thank you for the letter from you and your colleagues regarding the implementation of the Union Pacific (UP) and Southern Pacific (SP) railroad merger and the continued adverse effects on certain clerical employees represented by the Transportation-Communications Union (TCU). You disagree with the December 31, 1999 letter prepared by Mr. J.J. Marchant, Vice President for Labor Relations at UP, responding to the clerks’ concerns.

In particular, you oppose the contracting out of work in the Southern California Area, and you have filed a number of complaints with the carrier regarding this matter. Your collective bargaining or implementing agreement should cover the carrier’s right to contract out work. You should work with your union in pursuing your claims. The Board remains ready to exercise its review authority where warranted.

I appreciate your interest in this matter. As in the past, I will have your letter and my response made a part of the public docket for the UP/SP proceeding.

Sincerely,

Ms. Linda Morgan, Chairwoman
Surface Transportation Board
1925 K Street, NW
Washington, DC 20423-0001

Dear Ms. Morgan,

This letter is in reference to Mr. Merchant's letter dated December 13, 1999 from Union Pacific's Labor Relation's Office in Omaha, Nebraska. He responded to ASD/TCU Chairman Richard Cota's letter dated September 27, 1999 regarding crew hauling positions and other positions at West Colton and City of Industry, California.

Mr. Cota only wrote you because the Union Pacific is violating our Labor Agreement. They are continuing to cut our Clerical positions and hiring outside contractors. At West Colton, we were awarded two (2) crew hauling positions each shift plus relief positions by the Public Law Board. The positions were guaranteed to haul crews within a two (2) hour radius from West Colton yard, but with only two (2) positions, we agreed to haul crews to Loma Linda to the East, So. Fontana to the west, Highland to the north and all areas within the Colton yard. This was in 1995 when we were still Southern Pacific R.R..

Since the Union Pacific has taken over, (this was not a merger, it was a sellout), we, the clerical employees have been getting screwed ever since. They moved the majority of our positions to Omaha and St. Louis. All the Clerks were informed at West Colton, Monterey Park, Los Angeles, Bakersfield and City of Industry, that if you don't bid on these positions, you will not have a job with the Union Pacific Railroad. Of course, everyone bided to positions in those two areas, but in 1998, the Union Pacific hired twenty-six (26) new clerks in Southern California to cover their rear ends during the crisis. Now they are cutting them off and hiring Renzenberger drivers at less pay and no benefits to do the same job we were doing. At the present time, the U.P. has a Renzenberger dispatcher in the office with us, with several drivers around the clock, dispatching them to the same locations and in-yard pickups that were guaranteed to us.

We have complained to management over and over again about this abuse of the agreement, but their only reply is "file a claim". We have filed so many claims, that if we ever get paid for them, we can all retire.

Mr. Marchant's letter dated December 13, 1999 is totally false. West Colton is now the hub areas for crews in Southern California, which means an increase of crews to haul. If there were less crews to haul, why would we need Renzenberger, an outside contractor, on the property 24 hours a day, seven days a week with several drivers? More than the two (2) we were guaranteed, waiting to do our work. If Mr. Marchant really wanted to abide by our agreement, he would get Renzenberger off the property immediately, and if two (2) drivers is not enough, he would hire more clerks like the agreement states, not an outside contractor.

Respectfully,

C.A. Duke - Clerk - West Colton

Don W. Steinman - Clerk Colton

R. Santos - Clerk - WC

Dear Secretary Williams:

This letter responds to the filings recently submitted by the National Industrial Transportation League ("NIT League") and the Society of the Plastics Industry ("SPI") in support of the petition for access to Four Star Sugar filed by Burlington Northern and Santa Fe Railway Company ("BNSF").

Although the two filings purport to be "replies" to BNSF’s petition, they are actually support statements. If the Board considers those filings, we ask that it also consider this brief reply.

The NIT League and SPI filings simply parrot BNSF’s arguments without providing any additional factual information or analysis. They thus suffer from the same two basic flaws that UP identified in its reply to BNSF’s petition.

These two filings were served by mail, and thus we did not receive them until last Thursday in the case of NIT League, and last Friday in the case of SPI. In fact, we never received SPI’s original filing and were unaware that any such filing existed until we received a copy of SPI’s "corrected" filing.
First, NIT League and SPI wrongly suggest that UP is preventing BNSF from filling the role that the Board envisioned when it approved the UP/SP merger as conditioned. The evidence from two years of oversight proceedings, and the evidence that will be presented in this year's annual oversight proceeding, establishes that UP has complied with all of the merger conditions and that BNSF is providing intense competition using the rights it obtained in the merger. Any claim that UP has “frustrated” (NITL. p. 2) BNSF’s ability to compete under the merger conditions is false. Disputes have been few and far between, and UP has gone out of its way to ensure that BNSF is able to fill the competitive role envisioned by the Board. See Applicants’ Reply to Comments (UP/SP-361), filed Sept. 30, 1998, pp. 43-57. If NIT League or SPI had any contrary factual evidence, they surely would have presented it.

Second, NIT League and SPI fail to recognize that Four Star’s specific circumstances make the situation different from the others in which UP has agreed that BNSF may access a new facility, and make it clear that Four Star is not located “on” a trackage rights line. As BNSF’s own filing demonstrates, UP has not adopted a restrictive definition of what it means to be located “on” a trackage rights line. UP has agreed on several occasions that BNSF may access new facilities located along industrial leads. In responding to BNSF requests for access, UP has, as SPI urges, given “consideration to the practicalities of both facility location and railroad operations” (SPI, p. 4). As UP’s reply shows, when the “practicalities” are considered, it is clear that the Four Star facility is not located “on” a trackage rights line — it is located in the back of an active rail yard and can only be accessed by using an active, multipurpose line of railroad over which BNSF does not have trackage rights.

The recent filings by NIT League and SPI serve only the unnecessary and unfortunate role of heating up the level of rhetoric. They add nothing of substance to the fact-specific dispute between UP and BNSF regarding access to Four Star.

Sincerely,

Michael L. Rosenthal

COMMENTS
OF
GEORGETOWN RAILROAD COMPANY and
TEXAS CRUSHED STONE COMPANY

Protestants, Georgetown Railroad Company of Georgetown, Texas ("GRR"), and Texas Crushed Stone Company of Georgetown, Texas, respond in opposition to the schedule proposed by the Commission's decision, served September 1, 1995, Decision No. 1, as follows:

1. The foremost consideration whether a proposed merger of two Class I railroads should be authorized by the Commission, pursuant to the provisions of 49 U.S.C. 11344(b)(1), is whether the transaction would have an adverse effect on competition among rail carriers in the affected region.

2. As portrayed by the Applicants themselves, no proposed railroad merger potentially will be as anticompetitive as that of the UP and SP; unless the Applicants were to make significant concessions not yet disclosed or the Commission were to impose meaningful conditions unlike those recently attached, the UP will
control the only railroad routes along the Gulf Coast, between Corpus Christi and New Orleans, the only railroad routes along the Pacific Coast, between Seattle and San Diego, and the only central corridor routes, between Denver and San Francisco.

3. A transaction as destructive of railroad competition as the proposed merger promises to be does not warrant the rush to judgment that the Applicants' suggested procedural schedule would effect and that the Commission's further abbreviation of it would exacerbate. It is one thing for the Commission to have taken twelve years to decide the Rock Island case -- a procedural disaster that obviously continues to haunt the Commission; it is an altogether different thing for the Commission to commit itself, as well as whatever agency will succeed it at year's end, to resolve in approximately six months' time the many difficult issues posed by the Applicants' proposal. The timetable is simply too short.

4. The statute, 49 U.S.C. 11345(b), permits parties, such as Protestants, 45 days after Federal Register publication to submit their comments on the Application and 90 days to file their inconsistent applications, if any. Applicants and presumably the Commission would not provide for the filing of comments at all; indeed, the Commission didn't see fit to allow the filing of comments in the recent BN/ATSF proceeding. Applicants at least recognize that the statute provides a 90-day period for opposition parties to file their inconsistent applications; the Commission proposes to reduce the filing time to 30 days. Presumably the Commission believes it can do so by the incantation of the section
10505 findings, but how the Commission can conclude, as it conveniently did in its decision of September 5, 1995, Decision No. 3, that in the context of this proceeding its modification of the procedural requirements that otherwise would obtain is of limited scope is unfathomable.

5. The Commission's rules, 49 C.F.R 1180.0, et seq., set out a carefully crafted timetable for processing an application in a major transaction as Applicants' proposed merger obviously is, and the Applicants have failed to make a showing of good cause why it should be shortened, as they have suggested. The BN/ATSF proceeding, contrary to Applicants' assertion, does not establish a precedent, for that transaction could not be consummated until the Commission had acted. In contrast, UP's tender offer has been successfully completed, and UP now holds 25 percent of the SP's stock, albeit in a voting trust pending the Commission's conclusion of the case. SP lacks neither the management nor the resources to continue to be able to operate successfully in the meantime. In the circumstances, the rights of opposing parties should not be trampled in the stampede to approve the Applicants' proposal.
WHEREFORE, Protestants, Georgetown Railroad Company and Texas Crushed Stone Company, oppose the procedural schedule the Applicants have proposed and its abbreviation by the Commission.

Respectfully submitted,

GEORGETOWN RAILROAD COMPANY

Pursuant to the decision, served October 19, 1995, No. 6, Magma Copper Company and its wholly owned subsidiaries, The Magma Arizona Railroad Company ("MAA") and the San Manuel Arizona Railroad Company ("SMA") advise the Board of their intention to file a responsive application herein.

The responsive application will seek overhead trackage rights over the lines heretofore operated by the Southern Pacific Transportation Company ("SP") between Magma, Arizona, and Phoenix and Nogales, Arizona, for the MAA and between Hayden (via the Copper Basin Railway Company ("CBRY"), a switching carrier for the SP operating between Hayden, Arizona, and Magma) and Phoenix and Nogales for the SMA.

Pursuant to 49 C.F.R. 1180(d)(4)(ii) and (iv), petitioners request that their responsive application be designated a minor transaction. The request, as already noted, is simply for overhead trackage rights to Phoenix and Nogales, there to
interchange traffic with the merged railroad, as well as the other connecting carriers. The trackage rights would be for a distance of about 36 miles to Phoenix and about 142 miles to Nogales. Petitioners do not anticipate that they will have more than two trains a week going to Phoenix and two to Nogales, over SP lines which have been operated at nowhere near their capacities.

Petitioners, moreover, request that the requirement that they submit an operating plan, pursuant to 49 C.F.R. 1180.9(b), be waived. The trackage rights request, if approved by the Board, will necessitate the negotiation of a mutually acceptable trackage rights agreement between petitioners and the merged railroad, including provisions governing the dispatching of MAA’s and SMA’s trains. That agreement, in effect, will constitute the operating plan. To try to devise an operating plan in the meantime would be pure conjecture and surmise and would not contribute anything of substance to the record in this proceeding.

Respectfully submitted,

This letter is to request correction of the service list attached to Decision No. 15 of the Surface Transportation Board. That service list designates Tami J. Yellico representing Pueblo County, Colorado, as VIS or interested party in the matter referenced above; however, Ms. Yellico complied with the service requirements set forth in 49 CFR 1180.4(a) and (d), and the requirements set forth in Decision No. 9. Pueblo County's original Notice of Intent to Participate as a Party of Record was filed with the I.C.C. prior to the designated deadline of January 16, 1996 along with twenty (20) copies together with a 3.5" diskette containing same on this date. The foregoing was also served on Robert T. Opal, General Attorney. Pueblo County has also served all parties of record as designated on the most current service list as required by Decision No. 15. The original Certificate of Service and five (5) copies of said service are also enclosed.

Pueblo County is requesting that its status appearing on the service list be corrected accordingly and designation be made as POR or party of record. The information as is appears on the service list is as follows:

Dear Sir or Madam:

Pursuant to Decision No. 15 and Decision No. 16 in this proceeding, enclosed for filing are the original and five (5) copies of Certificate of Service submitted on behalf of Toledo, Peoria & Western Railway Corporation. In accordance with 49 C.F.R. §1180.4(a)(2), the acronym "TPW" is selected. The enclosed document is identified as TPW-1, since the prior filing by TPW was not identified. Also enclosed is a 3.5" diskette containing the text of the pleading in WordPerfect 5.1 format.

Please time stamp the extra copy of this letter to indicate receipt and return it to me in the enclosed self-addressed stamped envelope provided for your convenience.

Respectfully,

Eric M. Hockey

RE: Request of Change of Status in Finance Docket No. 32760, ICC  
Dockets AB-12 (Sub-No. 1889) and AB-8 (Sub-No. 39)  

Dear Sir or Madam:  

The State of Colorado would like to change its status from  
interested party (VIS) to party of record (POR). As stated in  
the Notice of Intent to Participate, the State of Colorado  
intends to submit comments regarding the proposed abandonment of  
railroad lines within the State of Colorado. We believe that we  
were incorrectly listed on the service list as VIS. Please  
change our designation. The required certificate of service is  
attached.  

I further certify that the State has complied with all of  
the service requirements set forth in 49 CFR 1180.4(a) and (d),  
as well as requirements set forth in Decisions 9 and 15.  

Sincerely,  

Jane T. Feldman
