SURFACE TRANSPORTATION BOARD ANNOUNCES LAUNCH OF REDESIGNED WEBSITE AND E-FILING SYSTEM

The Surface Transportation Board announced today the launch of its redesigned website and electronic filing (E-filing) system.

The redesigned website and E-filing system will provide greater convenience to our stakeholders and the public, including eliminating the need for e-filers to create a log-in account. Additional features will be added to the website in the coming months.

During this transition phase, the Board encourages stakeholders and the public to explore the redesigned website. Suggestions or concerns about the redesigned website may be sent to webmaster@stb.gov.
