17.-COMPENSATING BALANCES AND SHORT-TERM BORROWING ARRANGEMENTS

Using the following notes as a guideline, show the requirements of compensating balances and short-term borrowing airangements if operating revenues are \$10 million or more. Footnote disclosure is required even though the arrangement is not reduced to writing.

- 1. Disclose compensating balances not legally restricted, lines of credit used and unused, average interest rate of those outstanding at balance sheet date, maximum amount of outstanding borrowings during the period and the weighted average rate of those borrowings.
 - 2. Time deposits and certificates of deposit constituting compensating balances not legally restricted should be disclosed.
 - 3. Compensating balance arrangements need only be disclosed for the latest fiscal year.
- 4 Compensating balances under an agreement which legally restricts the use of such funds, and which constitute support for short-term borrowing arrangements, should be included in section 18, account 101, Special cash deposits.
- 5. Compensating balances under an agreement which legally restricts the use of such funds and which constitute support for long-term borrowing arrangements and are reported in account 121, Special deposits, should also be separately disclosed below.
- 6. Compensating balance arrangements are sufficiently material to require disclosure in footnotes when the aggregate of written and oral agreement balances amount to 15 percent or more of liquid assets (current cash balances, restricted and unrestricted plus marketable securities).
- 7. When a carrier is not in compliance with a compensating halance requirement, that fact should be disclosed along with stated and possible sanctions whenever such possible sanctions may be immediate (not vague or unpredictable) and material.

NOTE As used in sections 24 through 28, a "financing lease" is defined as a lease which, during the noncancellable k-sse period, either (a) covers 75% or more of the economic life of the property or (b) has terms which assure the lessor a full recovery of the fair market value (which would normally be represented by his investment) of the property at the inception of the lease plus a reasonable return on the use of the assets invested cubject only to limited eigh is, the realization of the residual interest in the property and the credit risks generally associated with secured loans.

25.-MINIMUM RENTAL COMMITMENTS

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Show the minimum rental commitments under all noncancellable leases, as of the date of the latest balance sheet presented, in the aggregate (with disclosure of the amounts applicable to noncapitalized (nancing leases) for (a) each of the five succeeding fiscal years; (b) each of the next three five year periods, and, (c) the remainder as a single amount. The amount is no determined should be reduced by rentals to be received from existing noncancellable subleases (with disclosure of the amounts of such rentals). For purposes of this rule, a noncancellable lease is defined as one that has an initial or remaining term of more than one year and is noncancellable, or is cancellable only upon the occurrence of some remote contingency or upon the payment of a substantial penalty.

24.--LESSEE DISCLOSURE

Complete this schedule only if carrier operating revenues are \$10 million or more.

Relate in general terms: (a) the basis for calculating rental payments if dependent upon factors other than the lapse of time; (b) existence and terms of renewal or purchase options, escalation clauses, etc., (c) the nature and amount of related guarantees made or obligations assumed; (d) restrictions on paying dividends, incurring additional debt, further leasing, etc.; and. (e) any other information necessary to assess the effect of lease commitments upon the financial position, results of operations, and changes in financial position of the lessee.

27.-LEASE COMMITMENTS-PRESENT VALUE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if the present value of the minimum lease commitments are more than five percent of the sum of the long-term debt, stockholders' equity and the present value of the minimum lease commitments, or if the impact on net income (as computed in section 28, Income impact—Leasee) is three percent or more of the average net income for the most recent three years.

Show all noncapitalized financing leases, the present value of the minimum lease commitments in the aggregate and by major categories of properties. Present values shall be computed by discounting net lease payments (after subtracting, if practicable, estimated, or actual amounts, if any, applicable to taxes, insurance, maintenance and other operating expenses) at the interest rate implicit in the terms of each lease at the time of entering into the lease.

Show either the weighted average interest rate (based on present value) and range of rates or specific interest rates for all lease commitments.

28.-INCOME IMPACT-LESSEE

Complete this schedule only if carrier operating revenues are \$10 million or more.

If the impact on net income is less than three percent of the average net income for the most recept three years, a statement to that effect will suffice to complete this schedule. Otherwise, show the impact on net income for each period for which an income statement is presented if all noncapitalized financing leases were capitalized, related assets were amortized on a straight-line basis and interest cost was accrued on the basis of the obstanding lease liability. The amounts of amortization and interest cost shall be separately identified.

In calculating average net income, loss-years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test.

Schedule 42.—SUMMARY OF FREIGHT LOSS AND DAMAGE CLAIMS

This schedule was adopted by the Commission in No. 35345 (Sub-No. 2) July 1, 1977

Approved by GAO Effective 12-23-77

Exclude from this schedule the revenues and claims insurred in connection with freight forwarder services and ship and is which have a prior or subsequent movement by air. Line I should show all freight forwarder revenue in Account 501. Line 2 should show the number of claims paid during the year for robbery, theft and pilferage, and other shortage as defined below

Robbery - Failure to deliver all or part of a shipment as the result of stealing, including hijacking, with the use of force or threat of force against a person or persons. Claims for physical damage to freight in the same or other shipments resulting from robbery should be reported under

Robbery

Theft and Pilfereage - Failure to deliver all or part of a shipment as the result of known stealing, or under circumstances indicating the probable cause was stealing, without use of force or threat of force against a person or persons, when it is known the freight was in the carrier's custody. Claims for physical damage to freight in the same or other shipments resulting directly from theft or pilferage should be reported under Theft and Pilferage.

Other Shortage - Failure to deliver all or part of a shipment for unknown reasons. This includes the unexplained disappearance of all or part of a shipment for reasons other than robbery or theft and pitferage as defined above

Line 3 should show the number of all other claims paid in full or in part during the year not reported on line 2.

Line 4 should include the ner dollar amount of claims paid during the year. This includes claims paid in full or paid in part, less amounts recovered from underlying carriers, salvage, insurance, and claim refund cancellations.

Line should show the ratio in percentage form (two decimal places).
