*Use the initial word the when (and only when) it is a part of the name, and distinguish between the words railroad and railway and between company and corporation.

In July, 1903, \$15,000.00 in common stock and \$2,000.00 of First Mortgage Bonds were issued and sold, and with the proceeds, two miles of road were built, from Sanford, N. C. to Jonesboro, N. C. and the same put in operation in the year 1903.

In March, 1903, the issue of common stock was increased to \$53,400.00 and the First Mortgage Bonds to \$100,000.00 for the purpose of extending the road to Broadway, N. C., a distance of 6.18 miles, and for additional equipment. The extension was completed and put in operation in July, 1905.

In April, 1912 all outstanding stock and bonds were bought by Middendorf, William & Company of Baltimore, Maryland, and a new Board of Directors and Officers were elected, and the same as shown on Page 1, schedules 106 and 107 of the respondents annual report to the Commission for the year ended June 30, 1914. All previous issues of stock and bonds were cancelled and a new issue of \$1,500,000. common stock and \$1,500,000 of First Mortgage Bonds were authorized to provide for the improvement of the road purchased and the extension of the same from Broadway, N. C. to Lillington, N. C., a distance of 16 miles.

For additions and equipment, \$300,000.00 common stock and \$300,000.00 First Mortgage Bonds were issued by May 1, 1912, as explained in the respondent's report to the Commission for the year ended June 30, 1913. The extension from Broadway to Lillington, N.C. was put in operation in April, 1913.

On September 15, 1913, an additional issue of common stock of \$12,000.00 and of First Mortgage Bonds was made to take up loans of money borrowed to complete the extension and to equip the road. This issue was taken into account, during the fiscal year, ended June 30, 1914.

On April 19, 1915, a further issue of \$20,000.00 of common stock and \$20,000.00 of First Mortgage Bonds was authorized to be sold or used as collateral on loans to secure money when needed for operation.

Only \$3,000.00 in stock and \$3,000.00 in bonds of the issue, referred to in the paragraph above, was sold, and the balance being only nominally used and held by our Treasurer.

On December 8, 1926 the Company was placed into the hands of Receiver by Action of the Bondholders.

On August 1, 1927 the property owned by the Atlantic and Western Railroad Company was sold at public auction by the Fidelity Trust Company, Baltimore, Maryland, acting as trustee for the bondholders. Effective as of that date, the purchasers reorganized and adopted the Charter of the Atlantic and Western Railroad Company and changed the corporate name to ATLANTIC AND WESTERN RAILWAY COMPANY.

Due to continued and increased operating losses 1959 \$1,736.54, 1960 \$10,983.45 and first five months 1961 \$7,151.46 the Management recommended to the Stockholders and to the Board of Directors that the bigger portion of the line be abandoned. At a meeting of the Board of Directors duly called and held at the Corporation's Offices, Sanford, N.C. on July 3, 1961, it was RESOLVED that this Corporation, subject to such approval by the Interstate Commerce Commission as may be required by law abandon approximately 20.62 miles of its line of railroad, beginning at Lillington, N. C. and extending westward to a point about half way between mile post 4 and 3 just east of Jonesboro, N. C. RESOLVED, That the proper Officers of this Corporation be and they hereby are authorized and directed, in the name and on behalf of this Corporation and to the extent appropriate under its Corporate seal, to apply to the Interstate Commerce Commission pursuant to paragraphs (18) to (26), inclusive, of Section of the Interstate Commerce Act, as amended for a certificate that the present or future public convenience and necessity permit of the abandonment of said line, and to take all other steps necessary or appropriate to effectuate such abandonment.

The necessary information was assembled and on August 7, 1961 application was filed with the I.C.C. seeking authority to abandon 20.62 miles beginning at the N.C. Railroad interchange track and extending westward to a point about half way between mile Post 4 and 3 east of Jonesboro, N. C.

At a Session of the I.C.C. Finance Board No. 3 held at its office in Washington, D. C. on the last day of November 1961 in Service Order November 8, 1961 the application was granted effective Dec. 15, 1961 Finance Docket No. 21713. Operations were discontinued on December 15, 1961 and since that date 3.38 miles only have been operated.

During the year 1963 the rails and other track materials were dismantled and removed completing the abandonment.

On December 15, 1967 all outstanding stock was purchased by the Atlantic and Western Corporation with the exception of 302 shares which were purchased by the Atlantic and Western Railway Co. and are being held as Treasurer shares, and a new Board of Directors and Officers were elected.

Effective January 1, 1970 the Atlantic and Western Railway Company merged into Atlantic & Western Corporation. Recorded in Department of State, Raleigh, N. C. January 9, 1970. Authority Finance Docket No. 25076 dated October 24, 1969. Capital Stock of the new Corporation amounts to \$50,000.

On December 31, 1977 all outstanding Capital Stock of Atlantic and Western Corporation was owned by Atlantic and Western Financial Corporation, a Delaware Corporation. The parent Corporation was chartered in October 1977 and has outstanding Capital Stock of \$1,000,000.

107. STOCKHOLDERS

Give the names of the 30 security holders of the respondent who, at the date of the latest closing of the stock book or compilation of list of stockholders of the respondent (if within 1 year prior to the actual filing of this report), had the highest voting powers in the respondent, showing for each his address, the number of votes which he would have had a right to cast (on that date) had a meeting then been in order, and the classification of the number of votes to which he was entitled, with respect to securities held by him, such securities being classified as common stock, second preferred stock, first preferred stock, and other securities, stating in a footnote the names of such other securities (if any). If any such holder held in trust, give (in a footnote) the particulars of the trust. In the case of voting trust agreements give, as supplemental information in schedule No. 708, the names and addresses of the 30 largest holders of the voting trust certificates and the amount of their individual holdings. If the stock book was not closed or the list of stockholders compiled within such year, show such 30 security holders as of the close of the year.

6. All stocks issued, giving (a) purposes for which issued, (b) names of stocks, and (c) amounts issued, and describing (d) the actual consideration realized, giving (e) amounts and (f) values; give similar information concerning all stocks retired (if any).
7. All funded debt issued, giving (a) purposes for which issued, (b) names of securities and (c) amounts issued, and describing (d) the actual consideration realized, giving (e) amounts and (f) values; also give particulars concerning any funded debt paid or otherwise retired, stating (a) date acquired, (b) date retired or canceled, (c) par value of amount retired.
8. All other important financial changes.
9. All changes in and all additions to franchise rights, describing fully (a) the actual consideration given therefor, and stating (b) the parties from whom acquired; *if no consideration was given, state that fact.*
10. In case the respondent has not yet begun operation, and no construction has been carried on during the year, state fully the reasons therefor.
11. All additional matters of fact (not elsewhere provided for) which the respondent may desire to include in its report.

*If returns under items 1 and 2 include any first main track owned by respondent representing new construction or permanent abandonment give the following particulars:

Miles of road constructed

Miles of road abandoned

The item "Miles of road constructed" is intended to show the mileage of first main track laid to extend respondent's road, and should not include tracks relocated and tracks laid to shorten the distance between two points, without serving any new territory.

710. INVENTORY OF EQUIPMENT

INSTRUCTIONS

1. Give particulars of each of the various classes of equipment which respondent owned or leased during the year.
2. In column (c) give the number of units of equipment purchased, built in company shops, or otherwise acquired.
3. Units leased to others for a period of one year or more are reportable in column (i); units temporarily out of respondent's service and rented to others for less than one year are to be included in column (e); units rented from others for a period less than one year should not be included in column (f). Units installed during the year and subsequently leased to others for a year or more should be shown as added in column (c), as retired in column (d), and included in column (i).
4. For reporting purposes, a "locomotive unit" is a self-propelled vehicle generating or converting energy into motion, and designed solely for moving other equipment. An "A" unit is the least number of wheel bases with superstructure designed for use singly or as a lead locomotive unit in combination with other locomotive units. A "B" unit is similar to an "A" unit, but not equipped for use singly or as a lead locomotive unit. A "B" unit may be equipped with hostler controls for independent operating at terminals.
5. A "self-propelled car" is a rail motor car propelled by electric motors receiving power from third rail or overhead, or internal combustion engines located on the car itself. Trailers equipped for use only in trains of cars that are self-propelled are to be included as self-propelled equipment.
6. A "Diesel" unit includes all units propelled by diesel internal combustion engines (irrespective of final drive, and whether power may at times be supplied from external conductor. Units other than diesel-electric, e.g., diesel-hydraulic, should be identified in a footnote giving the number and a brief description. An "Electric" unit includes all units which receive electric power from an overhead contact wire or third rail, and use the power to drive one or more electric motors that propel the vehicle. An "Other self-powered unit" includes all units other than diesel or electric, e.g., steam, gas turbine. Show the type of unit, service and number, as appropriate, in a brief description sufficient for positive identification. An "Auxiliary unit" includes all units used in conjunction with locomotives but which draw their power from the "mother" unit, e.g., boosters, slugs, etc.
7. Column (h) should show aggregate capacity for all units reported in column (g), as follows: For locomotive units, report the manufacturers' rated horsepower (the maximum continuous power output from the diesel engine or engines delivered to the main generator or generators for tractive purposes); or tractive effort of steam locomotive units; for freight-train cars report the nominal capacity (in tons of 2,000 lbs.) as provided for in Rule 86 of the AAR Code of Rules Governing Cars in Interchange. Convert the capacity of tank cars to capacity in tons of the commodity which the car is intended to carry customarily; for passenger-train cars report the number of passenger seats available for revenue service, counting one passenger to each berth in sleeping cars.
