Interstate Commerce Commission
for the year ended December 31, 1979

NOTICE

All switching and terminal companies will be designated class III railroads.

Switching and terminal companies are further classified as:

Class I. Exclusively switching. This class of companies includes all those performing switching service only, whether for joint account or for revenue.

Class S2. Exclusively terminal. This class of companies includes all companies furnishing terminal trackage or terminal facilities only. Such as union passenger or freight stations, stockyards, etc., for which a charge is made, whether operated for joint account or for revenue. In case a bridge or ferry is part of the facilities operated by a terminal company, it should be included under this heading.

Class S3. Both switching and terminal. Companies which perform both a switching and a terminal service. This class of companies includes all companies whose operations cover both switching and terminal service, as defined above.

Class S4. Bridge and ferry. This class of companies is confined to those whose operations are limited to bridges and ferries exclusively.

Class S5. Mixed. Companies performing primarily a switching or a terminal service, but which also conduct a regular freight or passenger traffic. The revenues of this class of companies include, in addition to switching or terminal revenues, those derived from local passenger service, local freight service, participation in through movement of freight or passenger traffic, other transportation operations, and operations other than transportation.

200. COMPARATIVE STATEMENT OF FINANCIAL POSITION - EXPLANATORY NOTES

The notes listed below are provided for the purpose of disclosing supplementary information concerning matters which have an important effect on the financial condition of the carrier. The carrier shall give the particulars called for herein and where there is nothing to report, insert the word "none", and in addition thereto shall enter in separate notes with suitable particulars other matters involving material aspects of the character commonly disclosed in financial statements under generally accepted accounting and reporting principles, except as shown in other schedules. This includes explanatory statements explaining (1) service interruption insurance policies and indicate the amount of indemnity to which respondent will be entitled for work stoppage losses and the maximum amount of additional payments respondent may be obligated to pay in the event such losses are sustained by other railroads; (2) particulars concerning obligations for stock purchase options granted to officers and employees; and (3) what entries have been made for net income or retained income restricted under provisions of mortgages and other arrangements.

1. Amount (estimated, if necessary) of net income or retained income which has to be provided for capital expenditures, and for sinking and other funds pursuant to provisions of reorganization plans, mortgages, deeds of trust, or other contracts. Y None

2. Estimated amount of future earnings which can be realized before paying Federal income taxes because of unused and available net operating loss carryover on January 1 of the year following that for which the report is made. Y None

3. (a) Explain the procedure in accounting for pension funds and recording in the accounts the current and past service pension costs, indicating whether or not consistent with the prior year. None

(b) State amount, if any, representing the excess of the actuarially computed value of vested benefits over the total of the pension fund. Y

(c) Is any part of pension plan funded? Specify: Yes No

(i) If funding is by insurance, give name of insuring company

(ii) If funding is by trust agreement list trustee(s)

Date of trust agreement or latest amendments

If respondent is affiliated in any way with the trustee(s), explain affiliation

(d) List affiliated companies which are included in the pension plan funding agreement and describe basis for allocating charges under the agreement

(e) Is any part of the pension plan fund invested in stock or other securities of the respondent or any of its affiliates? Specify: Yes No

If yes, give number of the shares for each class of stock or other security

(f) Are voting rights attached to any securities held by the pension plan? Specify: Yes No If yes, who determines how stock is voted?

4. State whether a segregated political fund has been established as provided by the Federal Election Campaign Act of 1971 (18 U.S.C. 600): YES NO See footnote on Page 7 of Southern Railway Company Annual Report

705. IMPORTANT CHANGES DURING THE YEAR

Hereunder state the following matters, comparing the statements or certificates with the inquiries, and if no changes or the character herein indicated occurred during the year state that fact. Changes or mistakes should be stated to the nearest hundredth of a mile. If any changes reportable on this schedule occurred under authority granted by the Commission or certificates of construction and tracks issued under paragraphs (18) to (21) of section 7 of the Interstate Commerce Act or otherwise, specific reference to such authority should in each case be made by check number or otherwise, as may be appropriate.

- 1. All portions of road put in operation, or abandoned, giving full terms, the length of road, and the dates of beginning operations or of abandonment.
- 2. All other important physical changes, including hereon all new tracks built.
- 3. All branch lines acquired by surrenders, giving full dates, the length of terms, the names of parties, full terms, and all other conditions.
- 4. All agreements for trackage rights acquired or surrendered, giving full dates, the length of terms, the names of parties, full terms, and all other conditions.
- 5. All consolidations, mergers, and reorganizations effected, giving particulars.
- 6. All stocks issued, giving for purposes for which issued, the names of stocks, and in companies issued, and describing full the actual consideration received, giving full amounts and all other full similar information concerning all stocks received or paid.
- 7. All bonded debt issued, giving for purposes for which issued, the names of securities, and full amounts issued, and describing full the actual consideration received, giving full amounts and all other full particulars concerning any bonded debt paid or otherwise received, stating full date acquired, the date received or cancelled, full full terms, full amounts received.
- 8. All other important financial changes.
- 9. All changes in and all additions to franchise rights, describing fully full the actual consideration given therefor, and stating full the parties from whom acquired, if any consideration was given, state that fact.
- 10. For use the respondent hereon to begin operation, and no construction has been started, including the year state, full the reasons therefor.
- 11. All additional matters of fact from elsewhere, provided full which the respondent may desire to include, or as report.

None

If systems under items 1 and 2 include any first main track owned by respondent representing new construction or permanent abandonment of grade, following conditions:

Make of road construction

Make of road abandoned

The main Make of road construction and is required to show the mileage of first main track and to extend respondent's road, and should not include tracks abandoned and tracks and to show the distance between two points, without writing any new territory.

THE INVENTORY OF EQUIPMENT

INSTRUCTIONS

1. Give particulars of each of the various classes of equipment which respondents owned or leased during the year.
2. In column (c) give the number of units of equipment purchased, built in company shops, or otherwise acquired.
3. Units leased to others for a period of one year or more are reportable in column (f); units temporarily used by respondent's service and rented to others for less than one year are to be included in column (c); units rented from others for a period less than one year should not be included in column (f). Units installed during the year and subsequently leased to others for a year or more should be shown as added in column (c), as retired in column (d), and included in column (f).
4. For reporting purposes, a "locomotive unit" is a self-propelled vehicle generating or converting energy into motion, and designed solely for moving other equipment. An "A" unit is the least number of wheel bases with superstructure designed for use singly or as a lead locomotive unit in combination with other locomotive units. A "B" unit is similar to an "A" unit, but not equipped for use singly or as a lead locomotive unit. A "C" unit may be equipped with booster controls for independent operating at terminals.
5. A "self-propelled car" is a rail motor car propelled by electric motors receiving power from third rail or overhead, or internal combustion engines located on the car itself. Tractors equipped for use only in trains of cars that are self-propelled are to be included as self-propelled equipment.
6. A "Diesel" unit includes all units propelled by diesel internal combustion engines (irrespective of final drive, and whether power may at times be supplied from external conductor. Units other than diesel-electric, e.g. diesel-hydraulic, should be identified in a footnote giving the number and a brief description. An "Electric" unit includes all units which receive electric power from an overhead contact wire or third rail, and use the power to drive one or more electric motors that propel the vehicle. An "Other self-powered unit" includes all units other than diesel or electric, e.g. steam, gas turbines. Show the type of unit, service and number, as appropriate, in a brief description sufficient for positive identification. An "Auxiliary unit" includes all units used in conjunction with locomotives but which draw their power from the "mother" unit, e.g. boosters, slugs, etc.
7. Column (h) should show aggregate capacity for all units reported in column (g), as follows: For locomotive units, report the manufacturer's rated horsepower (the maximum continuous power output from the diesel engine or engines delivered to the main generator or generators for tractive purposes), or tractive effort of steam locomotive units; for freight train cars report the nominal capacity (in tons of 2,000 lbs.) as provided for in Rule 86 of the N.A.R. Code of Rules Governing Cars in Interchange. Convert the capacity of tank cars to capacity in tons of the commodity which the car is intended to carry customarily.

VERIFICATION

The foregoing report must be verified by the oath of the officer having control of the accounting of the respondent. It should be verified, also by the oath of the president or other chief officer of the respondent, unless the respondent states on the last preceding page of this report that such chief officer has no control over the accounting of the respondent. The oath required may be taken before any person authorized to administer an oath by the laws of the State in which the report is made. While the President and Bd. of Directors have the right to exercise control of the accounting of this Company, they have delegated to the Vice President and Comptroller the supervision of the books of account and the control of the manner in which such books are kept.
