NOTICE

1. This form for annual report should be filled out in triplicate and two copies returned to the Interstate Commerce Commission, Bureau of Accounts, Washington, D.C. 20423, by March 31 of the year following that for which the report is made. Attention is specially directed to the following provisions of Part I of the Interstate Commerce Act:

SEC. 20. (1) The Commission is hereby authorized to require annual, periodical, or special reports from carriers, lessors, * * * (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, lessors, * * * specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary, classifying such carriers, lessors, * * * as it may deem proper for any of these purposes. Such annual reports shall give an account of the affairs of the carrier, lessor, * * * in such form and detail as may be prescribed by the Commission.

(2) Said annual reports shall contain all the required information for the period of twelve months ending on the 31st day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which report is made, unless additional time be granted in any case by the Commission. * * *

(7) (b). Any person who shall knowingly and willfully make, cause to be made, or participate in the making of, any false entry in any annual or other report required under this section to be filed, * * * or shall knowingly or willfully file with the Commission any false report or other document shall be deemed guilty of a misdemeanor and shall be subject, upon conviction in any court of the United States of competent jurisdiction to a fine of not more than five thousand dollars or imprisonment for not more than two years, or both such fine and imprisonment: * * *

(7) (c). Any carrier, or lessor, * * * or any officer, agent, employee, or representative thereof, who shall fail to make and file an annual or other report with the Commission within the time fixed by the Commission, or to make specific and full, true, and correct answer to any question within thirty days from the time it is lawfully required by the Commission so to do, shall forfeit to the United States the sum of one hundred dollars for each and every day it shall continue to be in default with respect thereto. * * *

(8) As used in this section * * * the term "carrier" means a common carrier subject to this part, and includes a receiver or trustee of such carrier; and the term "lessor" means a person owning a railroad, a water line, or a pipe line, leased to and operated by a common carrier subject to this part, and includes a receiver or trustee of such lessor, * * *.

Each respondent is further required to send to the Bureau of Accounts, immediately upon preparation, two copies of its latest annual report to stockholders.

2. The instructions in this form should be carefully observed, and each question should be answered fully and accurately, whether it has been answered in a previous annual report or not. Except in cases where they are specifically authorized, cancellations, arbitrary check marks, and the like should not be used either as partial or as entire answers to inquiries. If any inquiry, based on a preceding inquiry in the present report form, is, because of the answer rendered to such preceding inquiry, inapplicable to the person or corporation in whose behalf the report is made, such notation as "Not applicable; see page _____, schedule (or line) number _____" should be used in answer thereto, giving precise reference to the portion of the report showing the facts which make the inquiry inapplicable. Where the word "none" truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of an inquiry. Where dates are called for, the month and day should be stated as well as the year. Customary abbreviations may be used in stating dates.

3. Every annual report should, in all particulars, be complete in itself, and references to the returns of former years should not be made to take the place of required entries except as herein otherwise specifically directed or authorized.

4. If it be necessary or desirable to insert additional statements, type-written or other, in a report, they should be legibly made on durable paper and, wherever practicable, on sheets not larger than a page of the form. Inserted sheets should be securely attached, preferably at the inner margin; attachment by pins or clips is insufficient.

5. All entries should be made in a permanent black ink. Those of a contrary character should be indicated in parenthesis. Items of an unusual character should be indicated by appropriate symbol and footnote.

6. Money items, except averages, throughout the annual report form should be shown in Whole dollars adjusted to accord with footings. Totals for amounts reported in subsidiary accounts included in supporting schedules must be in agreement with related primary accounts.

7. Each respondent should make its annual report to this Commission in triplicate, retaining one copy in its files for reference in case correspondence with regard to such report becomes necessary. For this reason three copies of the form are supplied.

8. Railroad corporations, mainly distinguished as operating companies and lessor companies, are for the purpose of report to the Interstate Commerce Commission divided into classes. An operating company is one whose officers direct the business of transportation and whose books contain operating as well as financial accounts; and a lessor company, the property of which being leased to and operated by another company, is one that maintains a separate legal existence and keeps financial but not operating accounts. (In making reports, lessor companies use Annual Report Form R-4).

Operating companies (including switching and terminal) are broadly classified, with respect to their operating revenues, according to the following general definitions:

Class I companies are those having annual operating revenues of \$50,000,000, or more. For this class, Annual Report Form R-1 is provided.

Class II companies are those having annual operating revenues less than \$50,000,000 but in excess of \$10,000,000. For this class, Annual Report Form R-2 is provided.

Class III companies are those having annual operating revenues of \$10,000,000 or less. For this class, Annual Report Form R-3 is provided.

In applying this classification to any switching or terminal company which is operated as a joint facility of owning or tenant railways, the sum of the annual railway operating revenues, the joint facility rent income, and the returns to joint facility credit accounts in operating expenses, shall be used in determining its class.

9. Except where the context clearly indicates some other meaning, the following terms when used in this form have the meanings below stated:

Commission means the Interstate Commerce Commission. **Respondent** means each person or corporation in whose behalf the report is made. **The year** means the year ended December 31 for which the report is made. **The close of the year** means the close of business on December 31 of the year for which the report is made; or, in the case the report is made for a shorter period than one year, it means the close of the period covered by the report. **The beginning of the year** means the beginning of business on January 1 of the year for which the report is made; or, in case the report is made for a shorter period than one year, it means the beginning of the period covered by the report. **The preceding year** means the year ended December 31 of the year next preceding the year for which the report is made. **The Uniform System of Accounts for Railroad Companies** means the system of accounts in Part 1201 of Title 49, Code of Federal Regulations, as amended.

The Cincinnati Southern Railway was built by the City of Cincinnati under direction of a Board of five trustees appointed by Superior Court of the City of Cincinnati, under authority and by virtue of an Act of the General Assembly of Ohio, passed May 4, 1869, (66 OL 80) and was leased by said Board of Trustees, as required by said Act, October 12, 1881, to The Cincinnati, New Orleans and Texas Pacific Railway Company for a period of twenty five years, divided into five periods of five years each; the Company paying the City as and for rental the sums of:

\$ 800,000.00 per annum during first said period; the sum of
 \$ 900,000.00 per annum during second said period; the sum of
 \$ 1,000,000.00 per annum during the third said period; the sum of
 \$ 1,090,000.00 per annum during fourth said period; the sum of
 \$ 1,250,000.00 per annum during fifth (and last) period; and in addition the sum of \$12,000.00 during each and every year of the lease for the purpose of defraying the expense of said Board in conducting their trust.

Under and by virtue of the authority of an Act of the General Assembly of Ohio, passed April 13, 1898 (93 OL 637) and the said Board of Trustees on June 7, 1902, executed contract of modification and extension of the lease of October 12, 1881; also supplemental agreement relating to the issuance for Terminal Facilities and Permanent Betterments, upon the following terms and conditions, to-wit:

1. Rental according to the terms of the present lease to be paid to and including July 12, 1902; the rental subsequent to that period becoming due under the present lease, \$1,250,000.00 per annum for a period of five years, to be paid at the rate of \$1,050,000.00 in cash quarterly payments, and the remainder of the \$50,000.00 per quarter to be deferred from time to time as it accrues, and to be paid in quarterly payments of \$10,000.00 per quarter, being at the rate of \$40,000.00 per annum, with interest on all deferred payments at the rate of three (3%) percent per annum, payable quarterly until paid, such quarterly payments of \$10,000.00 to begin October 12, 1902.

2. The lease to be extended for a period of sixty (60) years from the date of expiration of the present lease, that is to say until October 12, 1966.

3. The annual rental for the extended period to be:

During the first period of twenty years	1,050,000.00
During the second period of twenty years	1,100,000.00
During the third period of twenty years	1,200,000.00

payable quarterly

4. Overdue installments of rent and amount payable under Clause 9 of the lease (expenses of the Trust) to bear interest at the rate of three (3%) percent per annum.

5. The original lease to remain in full force during the terms therein granted.

With the payment of the deferred rental due October 1933, the entire obligation of the Lessee Company, arising under the modification and extension of June 8, 1902, as to deferred rental, \$800,000.00 was completed settled and extinguished. The fixed rental increased to \$1,100,000.00 per annum on October 12, 1926.

Under the supplemental agreement the said Trustee shall issue bonds of the City of Cincinnati, to the extent of \$2,500,000. the Lessee Company agreeing to pay by way of additional rental the amount which will equal the interest upon said bonds and the further sum of one (1%) percent per annum on said bonds to provide a sinking fund for their final redemption at maturity.

The Trustees issued the \$2,500,000.00 bonds under the Act of April 23, 1898 (93 OL 637).

By an Act of the General Assembly of Ohio, supplementary to the Act passed April 23, 1898 (93 OL 637) passed May 11, 1911, approved May 18, 1911 (102 OL 111) the Trustees were authorized to borrow a sum for completing the Terminal Facilities and making Permanent Improvements on the line of railway, in addition to the sum heretofore authorized, a sum not to exceed \$500,000.00 and issue Municipal Bonds therefore, provided, that not more than \$100,000.00 shall be borrowed or bonds issued in any one year.

Under and by virtue of the authority of said Act of May 11, 1911, (102 OL 111) said Board of Trustees on November 19, 1912, executed additional supplementary agreement relating to the issuance of bonds for Terminal Facilities, etc. the Lessee Company agreeing to pay as further additional rental for the line of Railway, such sum as will equal the interest upon the bonds issued in pursuance thereof, or such part as may from time to time be issued, to provide a sinking fund for their redemption at maturity.

The Trustees have issued \$500,000.00 bonds under the act of May 11, 1911 (102 OL 111).

By an Act of the General Assembly of Ohio, passed April 9, 1915, (105 OL 140) the said Board of Trustees, on November 16, 1915,

executed an additional supplementary agreement with the Lessee Company, the Lessee obligating itself as further additional rental for the line of railway, to pay such sums annually as will equal the interest charge upon the bonds and provide a sinking fund for their redemption at maturity.

The Trustees have issued \$2,500,000.00 bonds under the Act of April 6, 1915 (106 OL 140).

By an act of the General Assembly of Ohio, passed January 16, 1920 (108 OL 1135) the Trustees were authorized to borrow as a fund for Permanent Betterment of the line of Railway, in addition to the sums heretofore authorized, the sum of \$1,000,000.00 and to issue bonds of the City of Cincinnati therefore.

Under and by virtue of the authority of said Act of January 15, 1920, (108 OL 1135) the said Board of Trustees on November 15, 1921, executed an additional supplementary contract with the Lessee Company, the Lessee Company obligating itself to pay as further additional rental for the line of railway, such sum annually as will equal the interest charges upon the bonds and provide sinking fund for their redemption at maturity.

The Trustees have issued \$1,000,000.00 bonds under the Act of January 15, 1920 (108 OL 1135).

By an Act of the General Assembly of Ohio, passed March 30, 1923, approved April 11, 1923 (110 OL 158) the said Trustees were authorized to borrow as a fund for the construction and completion of Terminal Facilities and Permanent Betterments for the line of Railway in addition to the sums heretofore authorized, the sum not to exceed \$2,000,000.00 and issue bonds of the City of Cincinnati therefore.

Under and by virtue of an authority of said Act of April 11, 1923 (110 OL 158) the said Board of Trustees on November 20, 1923, executed an additional supplementary agreement with the Lessee Co., the Lessee Company agreeing to pay as further additional rental for the line of railway such sum as will equal the interest charges upon the bonds annually and provide a sinking fund for their redemption at maturity.

The Trustees have issued \$400,000.00 of bonds under the said Act of April 11, 1923 (110 OL 158).

On July 1, 1927, the Lessee Company applied to the Trustees for an extension of the term of the lease at a modified and increased rental, the Lessee asked for an extension of sixty years and eighty days from the termination of the present lease, or from October 12, 1966, so that it will continue in effect for ninety nine years from January 1, 1928. After due consideration given the application and with the approval of the Trustees of the Sinking Funde for the City of Cincinnati, the lease was extended for sixty years and eighty days from October 12, 1966 and dating from January 1, 1928 for the payment of increased rental, plus Trustees' expense of organization as provided in present lease and upon the Lessee agreeing to pay a progressively increased rental plus a progressively share increasing of profits as follows:

Telegraph and telephone companies are not meant to be included.

7. Non-carrier companies should, for the purpose of these schedules, include telephone companies, telegraph companies, mining companies, manufacturing companies, hotel companies, etc. Purely "holding companies" are to be classed as noncarrier companies, even though the securities held by such companies are largely or entirely those issued or assumed by carriers.

8. By an active corporation is meant one which maintains an organization for operating property or administering its financial affairs. An inactive corporation is one which has been practically absorbed in a controlling corporation and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

9. Combine, in one amount, investments in which the original cost or present equity in total assets is less than \$10,000.

10. Include investments in unincorporated entities such as lessee organizations. Exclude amounts normally settled on a current basis.

11. Do not include the value of securities issued or assumed by respondent.

2. Enter the name of a reporting lessor company in the body of the schedule and give thereunder particulars of its investments in affiliated companies before listing those of a second lessor. These names should be listed in the order in which they appear on the balance sheet.

3. Entries in this schedule should be made in accordance with the definitions and general instructions given on page 21, classifying the investments by means of letters, figures, and symbols in columns (a), (b), and (c).

4. Indicate by means of an arbitrary mark in column (d) the obligation in support of which any security is pledged, mortgaged, or otherwise encumbered, giving names and other important particulars of such obligations in footnote.

5. Give totals for each class and for each subclass and a grand total for each account.

6. Entries in column (d) should show date of maturity of bonds and other evidences of indebtedness. In case obligations of the same designation mature serially, the date in column (d) may be reported as "Serially 19__ to 19__." Abbreviations in common use in standard financial publications may be used to conserve space.

7. If any of the companies included in this schedule are controlled by respondent, the percent of control should be given in

If during the year property was acquired from some other company, state in a footnote the name of the company, the mileage acquired, and the date of acquisition, giving termini and the cost of the property to the respondent. Also furnish a statement of the amount included in each primary account representing such property acquired, referring to the column or columns in which the entries appear.

5. Notes referring to entries in this schedule should be shown on page 22.

6. Report on line 35 amounts not includable in the primary road accounts. The items reported

should be briefly identified and explained in a footnote on page 22. 360A. ABSTRACT OF TERMS AND CONDITIONS OF LEASES

Give brief abstracts of the terms and conditions of the leases under which the above stated rents are derived, showing particularly (1) the name of lessor, (2) the name of lessee, (3) the date of the grant, (4) the chain of title (in case of assignment or subletting) and dates of transfer connecting the original parties with the

present parties, (5) the basis on which the amount of the annual rent is determined, and (6) the date when the lease will terminate, or, if the date of termination has not yet been fixed, the provisions governing the termination of the lease. Also give reference to the Commission's authority for the lease, if any. If none, state

the reasons therefor.

Copies of leases may be filed in lieu of abstracts above called for. References to copies filed in prior years should be specific.

NOTE.—Only changes during the year are required.—Indicate the year in which reference was made to the original lease, and also the years in which any changes in lease were mentioned.

INSTRUCTIONS CONCERNING RETURNS TO BE MADE IN SCHEDULE 380

Give particulars of the various issues of securities in accounts Nos. 765, "Funded debt unmatured," 768, "Debt in default," 767, "Receivers' and Trustees' securities," 766, "Equipment obligations," and 764 "Equipment obligations and other debt due within 1 year," at the close of the year, together with interest accrued and interest paid during the year and total amount of matured interest in default. Include receipts outstanding for funded debt with their respective issues.

In column (a) enter the name of a reporting lessor company and give, thereunder, the name of each of its bonds or other obligations before listing those of a second lessor. The names of the lessors should be listed in the order in which they appear on the balance sheet. Classify the funded debt and securities of each lessor by accounts and according to the following designations in the numerical order given:

- (1) Mortgage bonds:
 - (a) With fixed interest.
 - (b) With contingent interest.
- (2) Collateral trust bonds:
 - (a) With fixed interest.
 - (b) With contingent interest.
- (3) Unsecured bonds (Debentures):
 - (a) With fixed interest.
 - (b) With contingent interest.
- (4) Equipment obligations (Corporation):
 - (a) Equipment securities.
 - (b) Conditional or deferred payment contracts.
- (5) Miscellaneous obligations.
- (6) Receivers' and trustees' securities:
 - (a) Equipment obligations.
 - (b) Other than equipment obligations.
- (7) Short-term notes in default.

Give totals for each group and subgroup of bonds or other obligations. Columns (f), (g), (h), (i), and (j) are intended further to classify the obligations of the company and are to be answered "Yes" or "No."

If an issue is a serial issue, the last date of maturity should be shown in column (c) preceded by the letter "S." If the payments required in the contracts for equipment obligations are unequal in amount (except for the last payment) or are to be made at irregular intervals, show a symbol against the entry made in column (c) opposite the name of such obligation and give particulars in a footnote.

If the issue is an income bond, the entry in column (d) should be the annual maximum rate of interest specified by the indenture. In column (k) show the approximate number of miles of road on which the mortgage is a direct first lien and in column (l) the approximate number of miles of road on which the mortgage is a direct junior lien. Do not consider any road or other property indirectly subject to either a first or junior lien through the pledge of collateral, leaseholds, or other contractual rights in making the returns required in columns (i), (j), (k), and (l).

In column (n) enter the amount of bonds both nominally and actually issued up to the date of the report and not the amount authorized.

Matured obligations amounting to less than \$50,000 which have not been presented for payment may be combined into a single entry designated "Minor items of matured obligations, each less than \$50,000," and the total of such items shown in a footnote.

No entries shall be made in this schedule with respect to issues of matured obligations nominally issued or nominally outstanding when no parts of such issues are actually outstanding.

For definitions of "nominally issued," "nominally outstanding," "actually issued," and "actually outstanding," see Schedule 230.

Entries in columns (v) and (w) should include interest accrued on funded debt reacquired, matured during the year, even though no portion of the issue is outstanding at the close of the year.

In column (y) enter the total in account No. 781, "Interest in default," at the close of the year.

In schedule 380, give particulars of changes during the year in funded debt and other obligations, following the same order in which they appear in the prior pages of this schedule.

In column (z) state whether issued for construction of new properties, for additions and betterments, for purchase of railroad or other property for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. Also give the number and date of authorization by the public authority under whose control such issue was made, naming such authority. For nominally issued securities, show returns in columns (z) and (aa) only.

For each class of securities actually issued, the sum of the entries in columns (bb) and (cc), plus discounts or less premiums, such discounts or premiums to be shown in a footnote applicable to each issue, should equal the entry in column (aa). For definition of expense, reportable in column (cc), see Definition 10 in the Uniform System of Accounts for Railroad Companies.

Particulars concerning the reacquirement of securities that were actually outstanding should be reported in columns (a), (dd), and (ee).

Include those securities that have been called for payment during the year for which liability has been transferred to account No. 763, "Other current liabilities."

All funds for the construction of the railway were furnished by the City of Cincinnati, to the Trustees of the Cincinnati Southern Railway. The Trustees are the investment organization of the City. 450. RAILWAY TAX ACCRUALS-Continued

C. Analysis of Federal Income Taxes

1. In column (a) are listed the particulars which most often cause a differential between taxable income and pretax accounting income. Other particulars which cause such a differential should be listed under the caption "Other", including State and other taxes deferred if computed separately. Minor items each less than \$100,000 may be combined in a single entry under "Other".

2. Indicate in column (b) the beginning of the year total of accounts 714, 744, 762 and 786 applicable to each particular item in column (a).

3. Indicate in column (c) the net change in accounts 714, 744, 762 and 786 for the net tax effect of timing differences originating and reversing in the current accounting period.

4. Indicate in column (d) any adjustments, as appropriate, including adjustments to eliminate or reinstate deferred tax effects (credits or debits) due to applying or recognizing a loss carry-forward or a loss carry-back.

5. The total of line 10 in columns (c) and (d) should agree with the total of the contra charges (credits) to account 55, Provision for deferred taxes, and account 591, Provision for deferred taxes - extraordinary and prior period items, for the current year.

6. Indicate in column (e) the cumulative total of columns (b), (c), and (d). The total of column (e) must agree with the total of accounts 714, 744, 762 and 786.

470. PAYMENTS FOR SERVICES RENDERED BY OTHER THAN EMPLOYEES AND AFFILIATES

1. In the form below give information concerning payments, fees, retainers, commissions, gifts, contributions, assessments, bonuses, pensions, subscriptions, allowance for expenses, or any form of payments amounting in the aggregate to \$50,000 or more during the year to any corporation, institution, association, firm, partnership, committee, or any person, except:

(a) Payments to employees of the respondent shall be reported in Schedule 900.

(b) Payments for services rendered by affiliates.

(c) Payments for accounting and audit fees must be reported in full regardless of the \$50,000 limitation. These fees must not be included with management fees paid to parent companies.

2. The aggregate of payments to be reported in column (c) shall include amounts paid and/or accrued during the year which are applicable to the year.

3. When contributions under \$50,000 are made in common with other carriers under a joint arrangement in payment for the performance of services or as a donation, each such contribution shall be reported, irrespective of the amount thereof, if the total amount paid by all contributors for the performance of the particular service is equal to the sum of \$100,000 or more.

4. Payments to the independent public accountant reporting on the respondent's annual report shall be subdivided to show separately the amount paid for auditing and the total amount paid for other types of management services such as, but not limited to, compensation plans, pension plans, forecasts and budgets, and tax advice. All carriers, whether payments aggregate more or less than \$50,000, shall answer the following question.

Did the independent accountant reporting on the respondent's annual report provide any management services other than auditing?

Specify, Yes ☐ No ☐

5. To be included are, among others, payments, directly or indirectly, for legal, medical, engineering, advertising, valuation,

accounting, statistical, financial, educational, entertainment, charitable, advisory, defensive, detective, developmental, research, appraisal, registration, purchasing, architectural, and hospital services; payments for expert testimony and for handling wage disputes; and payments for services of banks, bankers, trust companies, insurance companies, brokers, trustees, promoters, solicitors, consultants, actuaries, investigators, inspectors, and efficiency engineers. Payments to the various railroad associations, commissions, committees, bureaus, boards, and other organizations maintained jointly by railroads shall also be included. The enumeration of these kinds of payments should not be understood as excluding other payments for services not excluded below.

6. To be excluded are: Rent of buildings or other property, taxes payable to the Federal, State, or local Governments, payments for heat, light, power, telephone, and telephone services, and payments to other carriers on the basis of lawful tariff charges or for the interchange of equipment between carriers, as well as other payments for services which both as to their nature and amount may reasonably be regarded as ordinarily connected with the routine operation, maintenance, or construction of a railroad, but any special and unusual payments for services should be reported. Payments of \$50,000 or more to organizations maintained jointly by railroads with other railroads are not to be excluded even if their services are regarded as routine.

7. If more convenient, this schedule may be filled out for a group of roads considered as one system and shown only in the report of the principal road in the system, with references thereto in the reports of the other roads. When the respondent is reporting on a system basis, audit fees must be reported separately for each individual railroad included in the system.

8. If any doubt exists in the mind of the reporting officer as to the reportability of any type of payment, request should be made for a ruling before filing this report.

700. TRACKS OWNED AT CLOSE OF YEAR
(For lessors to other than switching and terminal companies)

Give particulars of the mileage owned by each lessor company included in this report. If a company of this class controls any mileage by lease, and, in turn, subleases such mileage to another company, give particulars in a footnote. In giving "Miles of road", column (c), state the actual single-track distance between termini.

The classes of tracks are defined as follows:

Running tracks.—Running tracks, passing track, cross-overs, etc., including turn-outs from those tracks to clearance points.

Way switching tracks.—Station, team, industry, and other switching tracks for which no separate switching service is maintained.

Yard switching tracks.—Yards where separate switching services are maintained, including classification, house, team, industry, and other

tracks switched by yard locomotives.

In the lower table, classify the mileage of road owned at close of year by States and Territories. The figures should apply to single-track mileage only. Enter names of States or Territories in the column headings. Lengths should be stated to the nearest WHOLE mile adjusted to accord with footings, i.e. counting one-half mile and over as a whole mile and disregarding any fraction less than one-half mile.

705. CHANGES DURING THE YEAR

Hereunder state the matters called for. Make the statements explicit and precise, and number them in accordance with the inquiries; each inquiry should be fully answered, and if the word "none" truly states the fact it may be used in answering any particular inquiry. Changes in mileage should be reported by classes and stated to the nearest hundredth of a mile.

If any changes reportable in this schedule occurred under authority granted by the Commission in certificates of convenience and necessity, issued under paragraphs (18) to (22) of section 1 of the Interstate Commerce Act or otherwise, specific reference to such authority should in each case be made by docket number or otherwise as may be appropriate.
3. All consolidations, mergers, and reorganizations effected, giving particulars.
 This statement should show the mileage, equipment, and cash value

of property of each company as well as the consideration received by each company party to the action. State the dates on which consolidated, etc., and whether the prior companies have been dissolved. Copies of the articles of consolidation, merger, or reorganization should be filed with this report.

4. Adjustments in the book value of securities owned, and reasons therefor.
5. Other financial changes of more than \$50,000, not elsewhere provided for, giving full particulars.
