Such annual reports shall give an account of the affairs of the carrier, lessor \*\*\* in such form and detail as may be prescribed by the Commission. Said annual reports shall contain all the required information for the period of 12 months ending on the 31st day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within 3 months after the close of the year for which the report is made, unless additional time be granted in any case by the Commission. \*\*\*

SEC. 11109. Any water carrier or other person, or any officer, agent, employee, or representative thereof, who shall willfully fail or refuse to make a report to the Commission as required by this part, or to make specific and full, true, and correct answer to any question within 30 days from the time it is lawfully required by the Commission so to do, or to keep accounts, records, and memoranda in the form and manner prescribed by the Commission, or shall willfully falsify, destroy, mutilate, or alter any report, account, record, memorandum, book, correspondence, or other document, required under this part to be kept, or who shall willfully neglect or fail to make full, true, and correct entries in such accounts, records, or memoranda of all facts and transactions as required under this part, or shall willfully keep any accounts, records, or memoranda contrary to the rules, regulations, or orders of the Commission with respect thereto, or shall knowingly and willfully file with the Commission any false report, account, record, or memorandum, shall be deemed guilty of a misdemeanor, and upon conviction thereof in any court of the United States of competent jurisdiction within the district in which such offense was in whole or in part committed, be subject for each offense to a fine of not more than \$5,000. As used in this subsection, the word "keep" shall be construed to mean made, prepared, or compiled, as well as retained.

2. The instructions in this Form should be carefully observed and each question should be answered fully and accurately, except where otherwise noted to the contrary, whether it has been answered in a previous annual report or not. Except in cases where they are specifically authorized, cancellations, arbitrary check marks, and the like, should not be used either as partial or as entire answers to inquiries. If any inquiry, based on a preceding inquiry in the present report form, is, because of the answer rendered to such preceding inquiry, inapplicable to the person or corporation in whose behalf the report is made, such notation as "Not applicable; see page \_\_\_\_\_, schedule (or line) number \_\_\_\_\_" should be used in answer thereto, giving precise reference to the portion of the report showing the facts which make the inquiry inapplicable. Where the word "none" truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of an inquiry. Where dates are called for, the month and day should be stated as well as the year. Customary abbreviations may be used in stating dates.

3. Every annual report should, in all particulars, be complete in itself, and references to the returns of former years should not be made to take the place of required entries except as herein otherwise specifically directed or authorized.

4. If it be necessary or desirable to insert additional statements, type-written or other, in a report, they should be legibly made on durable paper, and wherever practicable, on sheets not larger than a page of the Form. *Inserted sheets should be securely attached, preferably at the inner margins; attachment by pins or clips is insufficient.*

5. All entries should be made in a permanent black ink, except those of a contrary character, which should be indicated in parenthesis. Items of an unusual character should be indicated by appropriate symbol and footnote.

6. Money items, except averages, throughout the annual report form should be shown in WHOLE DOLLARS adjusted to accord with footings, except Schedule 541-Freight Carried During the Year. Totals for amounts reported in subsidiary accounts included in supporting schedules must be in agreement with related primary accounts.

7. Each respondent should make its annual report to this Commission in triplicate, retaining one copy in its files for reference in case correspondence with regard to such report becomes necessary. For this reason three copies of the Form are sent to each corporation concerned.

8. The respondent is further required to send to the Bureau of Accounts, immediately upon publication, two copies of its latest printed annual report to stockholders. See page 1.

9. Water carriers are, for the purpose of report to the Interstate Commerce Commission, divided into three classes in accordance with the following definitions:

Class A carriers are those carriers by water having average annual operating revenues exceeding \$500,000.

Class B carriers are those carriers by water having average annual operating revenues exceeding \$100,000 but not more than \$500,000.

Class C carriers are those carriers by water having average annual operating revenues of \$100,000 or less.

The annexed Form is prescribed for use by water carriers of Classes A and B. Class B carriers are permitted to use the condensed schedules of operating revenues and operating expenses appearing on pages 36 and 39, respectively. In other respects the requirements of the Form are identical for water carriers of both Classes A and B.

A separate Form, designated "Form W 3," is provided for water carriers of Class C.

GENERAL INSTRUCTIONS CONCERNING RETURNS IN SCHEDULES 217 AND 218

1. Schedules 217 and 218 should give particulars of stocks, bonds, other secured obligations, unsecured notes, and investment advances of affiliated and nonaffiliated companies held by respondent at close of year specifically as investments including obligations of the United States, of a State or local government, or of an individual, so held; investments made, disposed of, or written down during the year; and dividends and interest credited to income. They should exclude securities issued or assumed by respondent. For definition of affiliated companies, see the rules governing account No. 130, "Investments in affiliated companies," in the Uniform System of Accounts.
2. These investments should be subdivided to show the par value pledged, unpledged, and held in fund accounts. Under "pledged" include the par value of securities recorded in accounts Nos. 120, "Investments in affiliated companies," and 131, "Other investments," which are deposited with some pledgee or other trustee, or held subject to the lien of a chattel mortgage, or subject to any other restriction or condition which makes them unavailable for general corporate purposes. "Unpledged" should include all securities held by or for the respondent free from any lien or restriction, recorded in the accounts mentioned above. Under "In sinking, insurance, and other special funds" include the par value of securities recorded in accounts Nos. 122, "Insurance funds"; 123, "Sinking funds"; and 124, "Other special funds."
3. List the investments in the following order and show a total for each group and each class of investments by accounts in numerical order:
  - (A) Stocks:
    - (1) Carriers—active
    - (2) Carriers—inactive
    - (3) Noncarriers—active
    - (4) Noncarriers—inactive
  - (B) Bonds (including U.S. Government Bonds):
  - (C) Other secured obligations:
  - (D) Unsecured notes:
  - (E) Investment advances:
4. The subclassification of classes (B), (C), (D), and (E) should be the same as that provided for class (A).
5. The kinds of industry represented by respondent's investments in the securities of other companies should be shown by symbol opposite the names of the issuing corporations, the symbols and industry classifications to be as follows:

Symbol	Kind of industry
I	Agriculture, forestry, and fisheries.
II	Mining.
III	Construction.
IV	Manufacturing.
V	Wholesale and retail trade.
VI	Finance, insurance, and real estate.
VII	Transportation, communications, and other public utilities.
VIII	Services.
IX	Government.
X	All other.

6. By carriers, as the term is here used, is meant companies owning or operating steam railways, facilities auxiliary thereto such as bridges, ferries, union depots, and other terminal facilities, sleeping cars, parlor cars, dining cars, freight cars, express service and facilities, electric railways, highway motor vehicles, steamboats and other marine transportation equipment, pipe lines (other than those for transportation of water), and other instrumentalities devoted to the transportation of persons or property for hire. Telegraph and telephone companies are not meant to be included.
7. Noncarrier companies should, for the purposes of these schedules, include telephone companies, telegraph companies, mining companies, manufacturing companies, hotel companies, etc. Purely "holding companies" are to be classed as noncarrier companies, even though the securities held by such companies are largely or entirely those issued or assumed by carriers.
8. By an active corporation is meant one which maintains an organization for operating property or administering its financial affairs. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

217. INVESTMENTS IN AFFILIATED COMPANIES

Give particulars of investments in stocks, bonds, other secured obligations, unsecured notes, and investment advances of companies affiliated with respondent, included in accounts Nos. 122, "Insurance funds"; 123, "Sinking funds"; 124, "Other special funds"; and 130, "Investments in affiliated companies."

Entries in this schedule should be made in accordance with the definitions and general instructions given on page 15, classifying the investments by means of letters, figures, and symbols in columns (a), (b) and (c).

Indicate by means of an arbitrary mark in column (d) the obligation in support of which any

security is pledged, mortgaged, or otherwise encumbered, giving names and other important particulars of such obligations in footnotes.

Give totals for each class and for each subclass, and a grand total for each account.

Entries in column (d) should show date of maturity of bonds and other evidences of indebtedness. In case obligations of the same designation mature serially, the date in column (d) may be reported as "Serially 19 \_\_\_\_ to 19 \_\_\_\_". In making entries in this column, abbreviations in common use in standard financial publications may be used where necessary on account of limited space.

In case any company listed is controlled other than through actual ownership of securities, give particulars in a footnote. In cases of joint control, give names of other parties and particulars of control.  
 For nonpar stock, show the number of shares in lieu of the par value in columns (f), (g), (h), (i), (k), and (m).  
 In reporting advances, columns (f), (g), (h), (i), (k), and (m) should be left blank. If any advances are pledged, give particulars in a footnote. Particulars of investments made, disposed of, or written down during the year should be given in columns (k) to (o), inclusive. If the cost of any

By "cost" is meant the consideration given minus accrued interest or dividends included therein. If the consideration given or received for such investments was other than cash, describe the transaction in a footnote. Identify all entries in column (m), which represent a reduction in the book value of securities by symbol and give full explanation in a footnote in each case.

## Schedule 250.—RENTAL EXPENSE OF LESSEE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Otherwise, show total rental expense (reduced by rentals from subleases) entering into the determination of results of operations for each period for which an income statement is presented. Rental payments under short-term leases for a month or less which are not expected to be renewed need not be included. Contingent rentals, such as those based on usage or sales, shall be reported separately from the basic or minimum rentals.

Line No.	Type of lease	Current Year	Prior Year

8	Total other leases	292,861	330,359
9	Total rental expense of lessee	1,880,537	1,515,771

NOTE: As used in schedules 250 through 254, a "financing lease" is defined as a lease which, during the noncancellable lease period, either (a) covers 75% or more of the economic life of the property or (b) has terms which assure the lessor a full recovery of the fair market value (which would normally be represented by his investments) of the property at the inception of the lease plus a reasonable return on the use of the assets invested subject only to limited risk in the realization of the residual interest in the property and the credit risks generally associated with secured loans.

## Schedule 251.—MINIMUM RENTAL COMMITMENTS

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Show the minimum rental commitments under all noncancellable leases, as of the date of the latest balance sheet presented, in the aggregate (with disclosure of the amounts applicable to noncapitalized financing leases) for (a) each of the five succeeding fiscal years, (b) each of the next three five-year periods, and (c) the remainder as a single amount. The amounts so determined should be reduced by rentals to be received from existing noncancellable subleases (with disclosure of the amounts of such rentals). For purposes of this rule, a noncancellable lease is defined as one that has an initial or remaining term of more than one year and is noncancellable, or is cancellable only upon the occurrence of some remote contingency or upon the payment of a substantial penalty.

\* The rental commitments reported in Part A of this schedule have been reduced by these amounts.

The amounts shown under column "b" above represents Minimum Rental Commitments on Noncapitalized Financing Leases.

**Schedule 252.—LEASE DISCLOSURE**

Complete this schedule only if carrier operating revenues are \$10 million or more.

Relate in general terms: (a) the basis for calculating rental payments if dependent upon factors other than the lapse of time; (b) existence and terms of renewal or purchase options, escalation clauses, etc.; (c) the nature and amount of related guarantees made or obligations assumed; (d) restrictions on paying dividends, incurring additional debt, further leasing, etc.; and, (e) any other information necessary to assess the effect of lease commitments upon the financial position, results of operations, and changes in financial position of the lessee.

Schedule 253.—LEASE COMMITMENTS—PRESENT VALUE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if the present value of the minimum lease commitments are more than five percent of the sum of the long-term debt, stockholders' equity and the present value of the minimum lease commitments, or if the impact on net income (as computed in schedule 254, Income impact—Lessee) is three percent or more of the average net income for the most recent three years.

Show all noncapitalized financing leases, the present value of the minimum lease commitments in the aggregate and by major categories of properties. Present values shall be computed by discounting net lease payments (after subtracting, if practicable, estimated, or actual amounts, if any, applicable to taxes, insurance, maintenance and other operating expenses) at the interest rate implicit in the terms of each lease at the time of entering into the lease.

Show either the weighted average interest rate (based on present value) and range of rates or specific interest rates for all lease commitments.

## Schedule 254.—INCOME IMPACT—LESSEE

Complete this schedule only if carrier operating revenues are \$10 million or more.

If the impact on net income is less than three percent of the average net income for the most recent three years, a statement to this effect will suffice to complete this schedule. Otherwise, show the impact on net income for each period for which an income statement is presented if all noncapitalized financing leases were capitalized, related assets were amortized on a straight-line basis and interest cost was accrued on the basis of the outstanding lease liability. The amounts of amortization and interest cost shall be separately identified.

In calculating average net income, loss-years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test.

This schedule should include all such direct investments in physical property as are includible in account No. 160, "Noncarrier physical property," in the Uniform System of Accounts. The description of the property in column (a) should give the location and other identification of it with a reasonable degree of particularity.

Each item amounting to \$10,000 or more should be stated, items less than \$10,000 may be combined in a single entry designated "Minor items, each less than \$10,000." If any of the property herein provided for was acquired in consideration of

stocks, or of bonds or other evidences of debt, or in exchange for other property, enter in column (c) only the actual cash or money paid, and in a note attached to this sheet describe fully the consideration actually given.

In column (e) give an analysis of the amounts included (in respect of the properties in this schedule) in the item shown on the Balance Sheet as of the close of the year against account No. 161, "Depreciation reserve—Noncarrier physical property."

## SCHEDULE 541. FREIGHT CARRIED DURING THE YEAR

## INSTRUCTIONS

Under the Commission's order of September 13, 1963, effective January 1, 1964, all carriers by water subject to the provisions of Parts I and III of the Interstate Commerce Act assigned to Class A and B are required to compile and report freight commodity statistics annually. Reports shall be filed in duplicate in the Bureau of Accounts, Interstate Commerce Commission, Washington, D.C. 20423, by March 31 of the year following that for which the report is made.

Tonnage and revenue should be on a billed basis. Classify the commodities carried by the respondent in its water-line and motor-truck operations and for the respondent in the vessels and motor-trucks of other companies (carriers) under contract, in revenue service, the domestic revenues from which are includable in accounts No. 301, "Freight revenue" and 351 "Motor-Carrier revenue" in accordance with the order of this Commission dated September 31, 1963. Maritime carriers should classify commodities the revenue from which are includable in account No. 605, "Freight-Coastwise and intercoastal". Separate the tonnage and revenue for each commodity code between "Joint rail and water traffic" and "All other traffic". The separation as to joint rail and water traffic and all other traffic may be omitted for commodity code 471, "Small packaged freight shipments".

Include under "Joint rail and water traffic" all shipments that, so far as apparent from the information on the waybills or abstracts thereof, are being transported partly by railroad and partly by water when both are used under a common control, management, or arrangement for a continuous carriage or shipment such as traffic moving on joint rail-water and rail-motor-water rates.

Include under "All other traffic" all shipments that, so far as apparent from the information on the waybills or abstracts thereof, are transported from point of origin to point of destination solely by water, solely by truck, partly by water and partly by truck, or by any other combination which does not involve the interchanging of traffic with a railroad company; also, shipments moving on water rates when the carrier by water absorbs out of its port-to-port rates certain charges for switching, terminal, drayage, or other services within a port terminal district.

"Passenger cars, assembled" is confined to vehicles carried as revenue freight on freight rates and does not include those carried as an adjunct to passenger business.

Fuel and stores carried on any vessel for the purpose of operating and maintaining it should not be included in this schedule.

Include under "Joint rail and water traffic" and "All other traffic", the revenues that are applicable to the tonnage.

"Gross freight revenue" means reporting carrier's gross revenue from freight without adjustment for absorption or corrections.

In the "Note" on page 55 show the extent of joint motor-water traffic included in columns (c) and (f).

Commodity codes 01 through 462 shall include shipments weighing 10,000 pounds or more. Shipments of less than 10,000 pounds of one commodity shall be reported under commodity code 471, "Small packaged freight shipments" unless the reporting carrier elects to distribute all revenue freight among the other designated classes.

"Classify" means to assign an article of freight to its appropriate commodity class which may be a 3, 4, or 5-digit number. Always classify an article in the highest digit level possible. Use a 5-digit code if the article may be properly assigned to it. If there is no applicable 5-digit code, use a 4-digit code if available. If there is no applicable 4-digit code, then the article is classified at the 3-digit level.

For a 5-digit code, report the sum of all freight classified thereunder. For a 4-digit code, report the sum of all freight classified thereunder plus the sum of all 5-digit codes where the first four digits match. For a 3-digit code, report the sum of all 4-digit code numbers where the first three digits match, plus 5-digit code numbers where the first three digits match (provided they are not included in 4-digit codes), plus any articles classified at the 3-digit level. Generally the 3-digit codes are used as summaries. The 2-digit level is a summary of 3-digit codes where the first two digits match.

Commodities must not be classified to the codes with a "T" designation. Codes at the 2 and 3 digit level followed by a "T" always are totals of the related higher level codes shown on the report form; codes not so designated may include commodities classified directly thereunder and may not total.

"Piggyback traffic" is classified in the applicable commodity code if the commodity can be identified; where the commodity cannot be identified, classify in code 461 and summarize in code 46.

Codes 44 and 441, "Freight Forwarder Traffic" includes freight traffic shipped by or consigned to any forwarder holding a permit under Part IV of the Interstate Commerce Act.

"Shipper Association or Similar Traffic", Codes 45 and 451, include freight traffic shipped by a non-profit shipper association where the commodity cannot be identified, where the commodity can be identified, classify in the applicable commodity code.

## 542. FREIGHT AND PASSENGERS CARRIED DURING THE YEAR (DOMESTIC AND FOREIGN)

1. Give particulars called for hereunder with respect to domestic and foreign freight and passengers carried during the year. Tonnage and revenue should be on a billed basis.

2. The term "regulated" in column (c) refers to traffic transported by the respondent in service subject to the Interstate Commerce Act.

3. The terms as herein used, (a) "Foreign traffic" means traffic trans-

ported by water between a United States port and a foreign port without transshipment at a United States port; and (b) "Domestic traffic" means traffic transported by water between two United States ports, including transshipped traffic contemplated by section 192 (1) and (3) of the Interstate Commerce Act.

## 561. EMPLOYEES, SERVICE AND COMPENSATION

1. Give particulars of persons employed by the respondent during the year (or during any portion thereof) in connection with its common and/or contract carrier operations, including incidental construction and auxiliary operations.

2. In classifying employees among the classes listed in column (a), where any individual is properly classifiable in two or more classes, assign him to that class in which the principal portion of his service was rendered at the time of the count. If any persons in the regular service of the respondent were serving without compensation, they should nevertheless be included in the returns in column (b) and the matter should be fully explained in a footnote.

3. In column (b) show, properly classified with respect to occupation, the average number of employees in the service of the respondent during the year for classes in service the year round, and during the period of navigation for classes in service only during that period. Under "Remarks" state the methods by which these averages are determined. The numbers shown in this column should include only persons directly employed by the respondent; it should not include

employees of a company or person with whom the respondent has contracts for certain classes of work, as, for example, stevedoring at a given port, etc.

4. In column (c) show the total number of hours worked (or held for work) by employees compensated on an hourly basis. This number should be accurately stated and should include time allowed for lunch hours, half holidays, holidays, vacations, sick leave, etc., even though full compensation or part compensation is allowed for such time. It should include all overtime actually spent in work for the respondent even though no additional compensation is paid for such work. If the duties of certain general officers, traveling agents, solicitors, and other classes of employees compensated on other than an hourly basis are of such a nature that it is impracticable to record accurately the number of hours during which they are on duty, such number may be fairly estimated and the estimate number included in the return, in which case the basis for the estimate for each class it to be shown in a footnote.

5. In column (d) include the total compensation paid employees for the work represented in

column (c). If any compensation was paid or is payable under labor awards of the current year, include the amount applicable to the current year in column (d) and show the portion applicable to prior years (back pay) in a footnote, by groups of employees. For purposes of this report, labor awards are intended to cover adjustments resulting from the decisions of Wage Boards and voluntary awards by the respondent in dispute thereto.  
 6. If any person is employed by two or more carriers jointly, he should be reported in column (b) by the carrier on whose payroll he is carried; if on the payrolls of more than one of the joint employers he should be reported by each carrier on whose payroll he was, and full particulars should be given in order to permit the elimination of duplications. If an officer serves two or more

corporations and receives no salary from any of them he should be reported in column (b) by the controlling or highest ranking of such corporations reporting to the Commission.  
 7. This return need not include any employees engaged solely on the construction of new property, if any such are included, that fact should be stated and particulars should be given in a footnote.  
 8. This schedule does not include old-age retirement, and unemployment insurance taxes. See schedule 130 for such taxes.

- In columns (a) and (b) enter the name and position of each of the five persons named in Schedules 102 and 103 of this report to whom the respondent paid the largest amount during the year as compensation for current or past service over and above necessary expenses incurred in discharge of duties. In addition, list all other officers, directors, pensioners or employees, if any, to whom the respondent paid \$40,000 or more in total compensation during the year.
- The salary per annum to be entered in column (c) is the annual rate at which an employee is paid rather than the amount actually paid for a part of a year. If the salary of an individual was increased or decreased during the year, show salary before each change as well as at close of year.
- If an officer, director, etc., receives compensation from one or more of the affiliated companies listed in Schedule 104, reference to this fact should be made if the aggregate compensation from all companies amounts to \$40,000 or more.
- Other compensation to be entered in column (d) includes, but is not

limited to, commissions; bonuses; shares in profits; contingent compensation; moneys paid, set aside or accrued pursuant to any pension, retirement, savings, deferred compensation, or similar plan including premiums paid for retirement annuities, or life insurance where the respondent is not the beneficiary (Premiums on group life insurance for benefits less than \$50,000 need not be reported), or any other arrangement which constitutes a form of compensation. Give the details of any plan not previously reported, the basis of determining the ultimate benefits payable, and the payments or provisions made during the year.

5. Also include in column (d) all remuneration paid, directly or indirectly, in the form of securities, options, warrants, rights or other property. **563. PAYMENTS FOR SERVICES RENDERED BY OTHER THAN EMPLOYEES**

In the form below give information concerning fees, retainers, commissions, gifts, contributions, assessments, bonuses, pensions, subscriptions allowance for expenses, or other amounts payable aggregating \$10,000 or more during the year to any corporation, institution, association, firm, partnership, committee, or any person (other than one of respondent's employees covered in Schedule 562 in this annual report) for services or as a donation. In the case of contributions of under \$10,000 which are made in common with other carriers under a joint arrangement in payment for the performance of services or as a donation, each such contribution shall be reported, irrespectively of the amount thereof, if the total amount paid by all contributors for the performance of the particular service is equal to the sum of \$10,000 or more.

To be included are, among others, payments, directly or indirectly, for legal, medical, engineering, advertising, valuation, accounting, statistical, financial, educational, entertainment, charitable, advisory, defensive, detective, developmental, research, appraisal, registration, purchasing, architectural, and hospital services; payments for expert testimony and for handling wage disputes; and payments for services of banks, bankers, trust companies, insurance companies, brokers, trustees, promoters, solicitors, consultants, actuaries, investigators, inspectors, and efficiency engineers. The enumeration of these kinds of payments should not be understood as excluding other payments for services not excluded below.

To be excluded are: Rent of buildings or other property, taxes payable to the Federal, State, or local governments, payments for heat, light, power, telegraph, and telephone services, and payments to other carriers on the basis of lawful tariff charges, as well as other payments for services which both as to their nature and amount may reasonably be regarded as ordinarily connected with the routine operation, maintenance, or construction of a waterline, but any special and unusual payments for services should be reported.

If more convenient, this schedule may be filled out for a group of companies considered as one system and shown only in the report of the principal company in the system, with references thereto in the reports of the other companies.

If any doubt exists in the mind of the reporting officer as to the reportability of any type of payment, request should be made for a ruling before filing this report.

BAREBOAT CHARTER

THIS AGREEMENT, made and entered into by and between Ingram River Equipment Inc., a corporation organized and existing under the laws of the State of Delaware, with offices in Nashville, Tennessee (hereinafter referred to as "Owner"), the owner of United States enrolled and licensed Vessels hereinafter described, which are subject to a United States first preferred fleet mortgage held by the United States of America, represented by the Secretary of Commerce, acting by and through the Assistant Secretary of Commerce for Maritime Affairs (the "Secretary"), and Ingram Industries Inc., a corporation organized and existing under the laws of the State of Delaware (hereinafter referred to as "Charterer").

WITNESSETH:

WHEREAS, Ingram River Equipment Inc. is or will be the owner of the barges listed in Schedule A hereto (hereinafter referred to as the "Vessels"); and

WHEREAS, the Charterer desires to hire said Vessels and Owner is agreeable to charter said Vessels to the Charterer for the charter period pursuant to this Charter;

NOW, THEREFORE, in consideration of the premises and the mutual undertakings of the parties hereinafter provided for, it is agreed as follows:

1. Owner agrees to let, hire and charter the said Vessels, their appurtenances, equipment, lashings and Charterer agrees to accept the said Vessels and equipment commencing upon delivery of same by the Builder at the respective builder's yard or at some other mutually designated place.
2. The charter period shall commence with respect to each Vessel upon its delivery and shall continue for a term of 25 years from the delivery of the last Vessel; said charter may be extended in accordance with the terms and conditions as may be agreed upon by Charterer and Owner.
3. (a) The Charterer shall redeliver the said Vessels, their appurtenances and inventory to Owner at the termination of this charter agreement or any extension thereof, in the same good condition and order as received, ordinary wear and tear excepted.  
(b) The Charterer shall keep the said Vessels in the good order and condition required to be maintained pursuant to Section 2.04(h) of the Security Agreement dated January 29, 1980 between Owner and the Secretary.
4. Neither Charterer, its agents, masters, servants, shore personnel or any party whatsoever shall have any right, power or authority to create, incur or permit to be imposed upon said Vessels any liens whatsoever. Charterer does by these presents agree to notify any and all persons furnishing any items chargeable to the account of Charterer which are deemed necessary to the Vessels, i.e., in connection with any modifications, alterations or structural changes which have been previously approved by Owner, that Charterer has no right to create, incur or permit to be imposed upon said Vessels any

liens whatsoever, except for salvage, and all such modifications, alterations and structural changes are to be paid for and discharged in cash by the said Charterer. No structural change or alteration of the said Vessels may be undertaken by Charterer without first obtaining the written approval of Owner and the Secretary.

5. Charterer agrees to pay to Owner as charter hire:

(a) an amount equal to the principal, interest, Title XI Guarantee Fee and Indenture Trustee Fee (all such amounts herein called "Basic Charter Hire") payable by the Owner in respect of the United States Government guaranteed obligations issued by the Owner for the financing of the Vessels and such payment of Charter Hire shall be made by the Charterer to the Owner not less than five days prior to the time any such payment of principle, interest, Title XI Guarantee Fee and Indenture Trustee Fee is payable by the Owner in respect of such Title XI Obligations.

The Charterer's obligation to make payments of such Basic Charter Hire hereunder shall be absolute and unconditional under any and all circumstances and no payment of such amounts shall be subject to any right of set-off, counterclaim, recoupment, defense, abatement, suspension, deferment or reduction, for any reason whatsoever, and the Charterer shall have no right to terminate this Charter (except as expressly provided herein) or to be released, relieved or discharged from any obligation or liability to pay such amounts for any reason whatsoever. Each payment of such amounts hereunder, shall be final, and the Charterer agrees not to seek to recover all or any part of such payments from the Owner, the Secretary, the Indenture Trustee, the Obligees on the Title XI Obligations or any other Person for any reason whatsoever. The Charterer hereby waives, to the extent permitted by applicable law, any and all rights which it may now have or which at any time hereafter it may have conferred upon it, by statute or otherwise, to terminate, cancel, quit or surrender this Charter except in accordance with the express terms hereof. Even though the Charterer shall be deprived of or limited in the use of any Vessel in any respect or for any length of time, whether or not by reason of some act, omission or breach on the part of the Owner or a third party, whether or not resulting from accident and whether or not without fault on the part of the Charterer, the Charterer will continue to make all payments of Basic Charter Hire without interruption or abatement so long as this Charter shall not have been terminated in accordance with its terms. Compliance with this section by the Charterer shall not waive or release any claim, right or remedy of the Charterer against any party named herein or any other Person and the enforcement thereof by any means available to the Charterer not inconsistent with the provisions of this section.

(b) During any period of this Charter in which the Charterer does not comply with the criteria in paragraph (6) of Article Third of the Title XI Reserve Fund and Financial Agreement, the Charterer shall pay to the Owner, in addition to the Basic Charter Hire, an amount equal to the difference between Basic Charter Hire and the

fair market charter hire of the Vessels, such fair market charter hire to be determined by agreement between the Owner and the Secretary; provided, however, that in the event the Owner and the Secretary cannot agree as to the fair market charter hire for the Vessels, the Charterer shall pay as supplemental charter hire an amount equal to the difference between the annual Basic Charter Hire and 15% of the original actual cost of the Vessels as determined by the Secretary.

6. If a Vessel is lost, Supplemental Charter Hire with respect to such Vessel shall be paid up to and including the date of loss, and if the time of loss is uncertain, then it shall be paid up to and including the day said Vessel was last heard from.

7. Charterer shall have the option to wire said payments of charter hire or forward the same through the United States mail; in either event, if payment is not received within three days from the due date during the term of this charter, Owner reserves the right to terminate this instant charter by giving Charterer forty-eight (48) hours written notice of Owner's intent to terminate. All invoices, statements and charter hire payments due and payable in Nashville, Tennessee.

8. Charterer shall at all times not abuse or misuse the said Vessels during the charter period, and Owner through its agents, officers and servants properly designated shall have the right to inspect said Vessels at any time during the term of this agreement or any extension thereof in such manner as will not interfere with the proper use thereof by Charterer, and when so requested Charterer shall advise Owner as to the whereabouts of said Vessels and facilitate Owner's inspection thereof.

9. Charterer shall in the usual operation and navigation of the said Vessels comply with all applicable federal, state, municipal and local laws and with the rules, regulations, orders, directives and requirements of any departments, commissions and bureaus, and with all local ordinances and regulations, and shall indemnify, protect, defend and hold harmless Owner and the Vessels against all libels, maritime liens, liens, claims, charges, encumbrances, fines, suits or penalties which may be imposed upon or filed against Owner or upon any Vessel by reason of Charterer's violation thereof.

10. Charterer agrees that a Vessel will not be required during any voyage to enter a zone which is dangerous as a result of actual or threatened act of war, hostility, warlike operations, acts of piracy, or of hostile or malicious damage against a Vessel or its cargo, by any person, body or state whatsoever, revolution, civil war, civil commotion or the operation of international law, nor be exposed in any way to any risks or penalties whatsoever consequent upon the imposition of sanctions, without Owner first granting permission, which is to be obtained by Charterer in writing after a full disclosure. Charterer does further covenant and warrant that it will not stow any goods upon the Vessels that may in any way expose the Vessels to any risks of seizure, capture, penalties, or any other interference of any kind whatsoever by belligerent or fighting powers or parties or by any government.

11. Charterer shall not sub-charter the Vessels without Owner's written consent and Charterer agrees to notify the Secretary in the event of any sub-charter of any of the Vessels for a period of more than 90 days. This agreement cannot be assigned, transferred, negotiated, encumbered or hypothecated in any manner by either party.

12. Charterer shall at its own cost and expense, man, operate, victual, fuel, maintain and supply the Vessels. Owner retains no possession or control whatsoever during the charter period. Charterer shall not be liable for the deterioration through normal wear and tear of any of the items which are to be enumerated and listed on the inventories which are to be annexed hereto and to comprise the inventory which the parties agree is to constitute the original inventory delivered to Charterer under the terms and conditions of this instant charter, provided that Charterer agrees to adopt and follow reasonable maintenance procedures.

13. Throughout the term hereof Owner shall maintain the documentation of the Vessels in Owner's name under the laws and flag of the United States, and Charterer shall procure and maintain in full force and effect all permits and licenses as may be required by applicable federal, state or local laws or regulations by reason of the nature or location of Charterer's use of the Vessels.

14. Charterer shall procure and maintain in full force and effect throughout the term of this Charter, at its sole cost and expense, the insurance required to be maintained by Owner on the said Vessels pursuant to Article Eighth (d) and Section 2.07 of the Security Agreement dated January 29, 1980 between Owner and the Secretary, and the said Article Eighth (d) and Section 2.07 are incorporated herein by reference and shall form a part hereof with the same force and effect as if such provisions were fully set forth herein.

15. Owner shall not be responsible for any transportation, use, sales, property or other federal, state, or local taxes levied or assessed in connection with the Vessels or the operation or use thereof during the period of this agreement, and all such taxes shall be for Charterer's account (excepting only income taxes on charter hire paid hereunder).

16. Charterer assumes all risks of loss of or damage to any Vessel insofar as the same is not covered by and collectible under the insurance described in Paragraph 14. In the event of such loss or damage Charterer agrees to repair such Vessel prior to redelivery, if feasible to do so, otherwise pay Owner the value of such Vessel less the amount of any insurance recovery and/or salvage proceeds received by Owner.

17. Charterer assumes all risk of liability for the Vessels and for the use and operation thereof, and for injuries to or deaths of persons and/or loss of or damage to property arising from or incident to such use or operation, whether such injuries or deaths involve Charterer's employees or others, and whether such loss or damage involves property of Charterer or of others.

Charterer will indemnify and hold harmless Owner (and any firm or corporation subsidiary to, affiliated with or under the same management as Owner, together with any and all vessels owned, chartered or operated by any of the foregoing) against and from all loss, damage, liability, and expense, including attorneys' fees, arising from or in connection with such injury, death, loss or damage, howsoever caused and whether resulting in whole or in part from the negligence or other fault of either party, but only insofar as said loss, damage, liability or expense arises in connection with operations performed by said vessels or said parties for Charterer's account.

18. Owner does extend to charterer the right and privilege in connection with the operation of the Vessels to fly its house pennant. Charterer is further reserved the right to cause its pennant colors to be affixed to said Vessels, all material so utilized to be approved by Owner; Charterer to bear all expenses in connection therewith.

19. Upon redelivery of any Vessel to Owner, it shall be free and clear of all maritime liens, liens, encumbrances, charges, of whatsoever nature and kind, incurred during the period and term of the charter by the Charterer. If, after redelivery of said Vessel to Owner, there shall be asserted against Owner or said Vessel any such claim, demand, lien, encumbrances or charges, of any nature or kind whatsoever, alleged to have arisen during the term of this Charter or any extension thereof, attributable to the Charterer, the Charterer shall at its sole cost and expense cause all such maritime liens, liens, encumbrances, claims, or charges to be discharged forthwith, and shall indemnify, protect, defend and hold Owner harmless against all such claims, demands, liens, encumbrances or charges.

20. Redelivery of said Vessel shall be at a mutually agreed upon port. Whether this charter be terminated in accordance with its terms and provisions and any extensions thereof because of Charterer's exercising any of the options herein contained, or should there be an untimely termination of this charter because of the operation of the provisions herein contained in connection with defaults on the part of Charterer, then Charterer shall be liable for the discharge of any and all costs experienced by Owner in connection with the delivery of the Vessels to a port.

21. Owner warrants that it is the sole and absolute owner of the Vessels, that it has the right to charter the same to Charterer, that the same is free of all encumbrances, with the exception of the United States first preferred fleet mortgage in favor of the Secretary, at the time of delivery to Charterer, that neither it nor any mortgagee or its assignees of any right hereunder will do or permit anything to disturb Charterer's full right of possession and enjoyment thereof. Except as provided herein Owner makes no warranties of any kind, express or implied, and expressly disclaims and rejects any warranty of seaworthiness, condition, merchantability, fitness or suitability for any particular purpose.

22. If at any time after delivery of any Vessel hereunder Charterer shall fail to perform any of its duties or obligations or shall violate any of the prohibitions imposed upon it by this Charter, Owner may, without

prejudice to any other rights which it may have under this Charter, withdraw and retake such Vessel wherever the same may be found, whether upon the high seas or in any port, harbor or other place and without prior demand and without legal process, and for that purpose may enter upon any dock, pier or other premises where such Vessel may be and may take possession thereof.
