Approval expires 12-31-76

ANNUAL REPORT

OF

IOWA TERMINAL RAILROAD CO.

MASON CITY, IOWA

TO THE

INTERSTATE COMMERCE COMMISSION

FOR THE

YEAR ENDED DECEMBER 31, 1971

SPECIAL NOTICE

The attention of the respondent is directed below to certain particulars, if any, in which this report form differs from the corresponding form for the preceding year. It should be understood that mention is not made of necessary substitutions of dates or, in general, such other things as simple modifications intended to make requirements clearer, other minor adjustments, and typographical corrections.

NONE

ANNUAL REPORT

OF

IOWA TERMINAL RAILROAD CO.

MASON CITY, IOWA

FOR THE

YEAR ENDED DECEMBER 31, 1971

Name, official title, telephone number, and office address of officer in charge of correspondence with the Commission regarding this report:

(Name) ROGER CORNER (Title) GENERAL MANAGER
(Telephone number) 515 423-5333
(Area code) (Telephone number)
(Office address) P. O. Box 450, Mason City, Iowa 50401
(Street and number, City, State, and ZIP code)

101. IDENTITY OF RESPONDENT

Answers to the questions asked should be made in full, without reference to data returned on the corresponding page of previous reports. In case any changes of the nature referred to under inquiry 4 or 5, on this page, have taken place during the year covered by this report, they should be explained in detail on page 408.

1. Give in full the exact name of the respondent. Use the words "The" and "Company" only when they are parts of the corporate name. Be careful to distinguish between *railroad* and *railway*. The corporate name should be given uniformly throughout the report, notably on the cover, on the title page, and in the "Verification" (p. 409). If the report is made by receivers, trustees, a committee of bondholders, or individuals otherwise in possession of the property, state names and facts with precision.

2. If incorporated under a special charter, give date of passage of the act; if under a general law, give date of filing certificate of organization; if a reorganization has been effected, give date of reorganization. If a receivership or other trust, give also date when such receivership or other possession

began. If a partnership, give date of formation and also names in full of present partners.

3. Give specific reference to laws of each State or Territory under which organized, citing chapter and section. Include all grants of corporate powers by the United States, or by Canada or other foreign country; also, all amendments to charter.

4. Give specific reference to special or general laws under which each consolidation or merger or combination of other form was effected, citing chapter and section. Specify Government, State, or Territory under the laws of which each company consolidated or merged or otherwise combined into the present company was organized; give reference to the charters of each, and to all amendments of them.

5. State the occasion for the reorganization, whether by reason of foreclosure of mortgage or otherwise, according to the fact. Give date of organization of original corporation and refer to laws under which organized.

1. Exact name of common carrier making this report Iowa Terminal Railroad Co.
2. Date of incorporation December 19, 1960
3. Under laws of what Government, State, or Territory organized? If more than one, name all. Give specific reference to each charter or statute and all amendments thereof, effected during the year. If previously effected show the year(s) of the report(s) setting forth details. If in bankruptcy, give court of jurisdiction and dates of beginning of receivership or trusteeship and of appointment of receivers or trustees
Iowa
4. If the respondent was formed as the result of a consolidation or merger during the year, name all constituent and all merged companies
No merger or consolidation
5. If respondent was reorganized during the year, give name of original corporation and state the occasion for the reorganization
No reorganization
6. State whether or not the respondent during the year conducted any part of its business under a name or names other than that shown in response to inquiry No. 1, above; if so, give full particulars
NONE
7. Give name of operating company, if any, having control of the respondent's property
NONE

1. Give particulars of the various directors and officers of the respondent at the close of the year.

2. State in column (e) of Schedule No. 102 and column (d) of Schedule No. 103, the number of voting shares of the respondent, other than directors' qualifying shares, that were beneficially owned, directly or indirectly, by each director or principal general officer at the close of the year. This includes shares owned of record, shares owned through holding companies, trusts or other mediums, and shares owned but held in the names of brokers or other nominees. Insert the word "None" where applicable.

3. In schedule No. 103 give the title, name, and address of the principal general officers having system jurisdiction by departments, as follows: Executive, Legal, Fiscal and Accounting, Purchasing, Operating (including heads of Construction, Maintenance of Way, Mechanical, and Transportation departments), and Traffic. If there are receivers, trustees, or committees, who are recognized as in the controlling management of the carrier or of some department of it, give also their names and titles, and the location of their offices.

4. If the duties of an officer extend to more than one department, or if his duties are not in accordance with the customary acceptance of his given title, state the facts briefly in a note attached to this page.

102. DIRECTORS

Line No.	Name of director (a)	Office address (b)	Date of beginning of term (c)	Date of expiration of term (d)	Number of voting shares actually or beneficially owned (e)	Remarks (f)
1	Dorothy M. Boyer	Lathrup Village, Mich.	8-10-71	8-8-72	6,500

106. VOTING POWERS AND ELECTIONS

1. State the par value of each share of stock: Common, \$ 10 per share; first preferred, \$..... per share; second preferred, \$..... per share; debenture stock, \$..... per share.
2. State whether or not each share of stock has the right to one vote; if not, give full particulars in a footnote yes
3. Are voting rights proportional to holdings? yes If not, state in a footnote the relation between holdings and corresponding voting rights.
4. Are voting rights attached to any securities other than stock? no If so, name in a footnote each security, other than stock, to which voting rights are attached (as of the close of the year), and state in detail the relation between holdings and corresponding voting rights, stating whether voting rights are actual or contingent, and if contingent showing the contingency.
5. Has any class or issue of securities any special privileges in the election of directors, trustees, or managers, or in the determination of corporate action by any method? no If so, describe fully (in a footnote) each such class or issue and give a succinct statement showing clearly the character and extent of such privileges.
6. Give the date of the latest closing of the stock book prior to the actual filing of this report, and state the purpose of such closing 8-10-71 Stockholders meeting
7. State the total voting power of all security holders of the respondent at the date of such closing, if within 1 year of the date of such filing; if not, state as of the close of the year. 6720 votes as of 8-10-71 (Date)
8. State the total number of stockholders of record, as of the date shown in answer to inquiry No. 7. 54 stockholders.
9. Give the names of the 30 security holders of the respondent who, at the date of the latest closing of the stock book or compilation of list of stockholders of the respondent (if within 1 year prior to the actual filing of this report), had the highest voting powers in the respondent, showing for each his address, the number of votes which he would have had a right to cast on that date had a meeting then been in order, and the classification of the number of votes to which he was entitled, with respect to securities held by him, such securities being classified as common stock, second preferred stock, first preferred stock, and other securities, stating in a footnote the names of such other securities (if any). If any such holder held in trust, give (in a footnote) the particulars of the trust. In the case of voting trust agreements give, as supplemental information on page 204, the names and addresses of the 30 largest holders of the voting trust certificates and the amount of their individual holdings. If the stock book was not closed or the list of stockholders compiled within such year, show such 30 security holders as of the close of the year.

Line No.	Name of security holder	Address of security holder	Number of votes to which security holder was entitled	NUMBER OF VOTES, CLASSIFIED WITH RESPECT TO SECURITIES ON WHICH BASED

10. State the total number of votes cast at the latest general meeting for the election of directors of the respondent. 6720 votes cast.
11. Give the date and place of such meeting.

8-10-71 Mason City, Iowa

107. CORPORATE CONTROL OVER RESPONDENT

1. Did any corporation or corporations, transportation or other, hold control over the respondent at the close of the year? **NO**

If control was so held, state: (a) The form of control, whether sole or joint

(b) The name of the controlling corporation or corporations

(c) The manner in which control was established

(d) The extent of control

(e) Whether control was direct or indirect

(f) The name of the intermediary through which control, if indirect, was established

2. Did any individual, association, or corporation hold control, as trustee, over the respondent at the close of the year? **NO**

If control was so held, state: (a) The name of the trustee

(b) The name of the beneficiary or beneficiaries for whom the trust was maintained

(c) The purpose of the trust

108. STOCKHOLDERS REPORTS

1. The respondent is required to send to the Bureau of Accounts, immediately upon preparation, two copies of its latest annual report to stockholders.

Check appropriate box:

☐ Two copies are attached to this report.

☐ Two copies will be submitted _____ (date)

☒ No annual report to stockholders is prepared.

110. GUARANTIES AND SURETYSHIPS

1. If the respondent was under obligation as guarantor or surety for the performance by any other corporation or other association of any agreement or obligation, show for each such contract of guaranty or suretyship in effect at the close of the year, or entered

into and expired during the year, the particulars called for hereunder.

This inquiry does not cover the case of ordinary commercial paper maturing on demand or not later than 2 years after date of issue.

211. ROAD AND EQUIPMENT

Give particulars of changes in accounts for investment in road and equipment, classified in accordance with the Uniform System of Accounts for Electric Railways.

In column (c) are to be shown disbursements made for the

specific purposes of purchasing, constructing, and equipping new lines and extensions of old lines.

In case the respondent's records are such that the amounts stated for road and equipment in "Investment to December 31, 1908," in the summary at the foot of this table include items

not provided for in the classification of Road and Equipment Accounts in the Uniform System of Accounts for Electric Railways, give a statement of such items in a footnote, and show the book values thereof at the close of the year.

Credit items in the entries hereunder should be fully explained.

Line No.	Account (a)	Investment in road and equipment, July 1, 1914, to close of preceding year (b)			Investment in new lines and extensions during year (c)			Investment in additions and betterments during the year (d)			Total investment in road and equipment during the year (e)			Total investment in road and equipment since June 30, 1914 (f)			Remarks (g)

RESPONDENT'S INVESTMENT IN ROAD AND EQUIPMENT AT CLOSE OF YEAR

Line No.	Item (a)	Amount (b)			Remarks (c)
		\$			
61	Investment to December 31, 1908.....				
62	Investment from December 31, 1908, to June 30, 1914.....				
63	Investment since June 30, 1914.....		432	452	
64	Total investment in road and equipment.....		432	452	
65	Length of road owned 24.70 miles.				
66	Average investment* per mile of road, exclusive of improvements on leased lines 17,240				
67	Length of track owned 34.50 miles.				
68	Average investment* per mile of track 12,535				

*Amount stated for investment in owned lines should be divided by number of miles of road owned or number of miles of track owned, as the case may require.

GENERAL INSTRUCTIONS CONCERNING RETURNS IN SCHEDULES 217 AND 218

1. Schedules 217 and 218 should give particulars of stocks, bonds, notes, advances, and miscellaneous securities of affiliated and nonaffiliated companies held by respondent at close of year specifically as investments; investments made or disposed of during the year; and dividends and interest credited to income. They should exclude securities issued or assumed by respondent. For definitions of affiliated companies, see the rules governing account No. 405, "Investments in affiliated companies," in the Uniform System of Accounts for Electric Railways.

2. These investments should be subdivided to show the par value pledged, unpledged, and held in fund accounts. Under "pledged" include the par value of securities recorded in accounts Nos. 405, "Investments in affiliated companies," and 406, "Other investments," which are deposited with some pledgee or other trustee, or held subject to the lien of a chattel mortgage, or subject to any other restriction or condition which makes them unavailable for general corporate purposes. "Unpledged" should include all securities held by or for the respondent free from any lien or restriction, recorded in the accounts mentioned above. Under "In sinking, insurance, and other funds" include the par value of securities recorded in accounts Nos. 402, "Sinking funds"; 403, "Deposits in lieu of mortgaged property sold"; and 414, "Insurance and other funds."

3. List the investments in the following order and show a total for each group and each class of investments by accounts in numerical order:

(A) Stocks:

- (1) Carriers—active.
- (2) Carriers—inactive.
- (3) Noncarriers—active.
- (4) Noncarriers—inactive.

(B) Bonds (including U. S. Government Bonds):

(C) Notes:

(D) Advances:

(E) Miscellaneous securities:

4. The subclassification of classes (B), (C), (D), and (E) should be the same as that provided for class (A).

5. By carriers, as the term is here used, is meant companies owning or operating steam railways, facilities auxiliary thereto such as bridges, ferries, union depots, and other terminal facilities, sleeping cars, parlor cars, dining cars, freight cars, express service and facilities, electric railways, highway motor vehicles, steamboats and other marine transportation equipment, pipe lines (other than those for transportation of water), and other instrumentalities devoted to the transportation of persons or property for hire. Telegraph and telephone companies are not meant to be included.

6. Noncarrier companies should, for the purposes of these schedules, include telephone companies, telegraph companies, mining companies, manufacturing companies, hotel companies, etc. Purely "holding companies" are to be classed as noncarrier companies, even though the securities held by such companies are largely or entirely those issued or assumed by carriers.

7. By an active corporation is meant one which maintains an organization for operating property or administering its financial affairs. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

8. In case any adjustments in book values thereof have been made during the year, a detailed statement thereof should be given on page 408 of this form.

9. Classify the securities according to the classification given above, showing the subclass by means of letters and figures in columns (a) and (b). Indicate by means of an arbitrary mark in column (c) the obligation in support of which any security is pledged, mortgaged, or otherwise encumbered, giving names and other important particulars of such obligations in footnotes.

10. Entries in column (c) should show date of maturity of bonds and other evidences of indebtedness. Obligations of the same designation which mature serially may be reported as "Serially 19..... to 19....."

11. For nonpar stock, show the number of shares in lieu of the par value in columns (e), (f), (g), (h), (j), and (l) of schedule No. 217 and in columns (d), (e), (f), (g), (i), and (k) of schedule No. 218. In reporting advances, the columns mentioned should be left blank. If any advances are pledged, give particulars in a footnote.

12. If the cost of any investment made during the year differs from the book value reported, explain the matter in a footnote. By "cost" is meant the consideration given minus accrued interest or dividends included therein.

13. Give totals for each class and for each subclass, and a grand total for each account.

14. These schedules should not include any securities issued or assumed by respondent.

15. In the case of jointly-owned companies show names and percentages of other owners.

217. INVESTMENTS IN AFFILIATED COMPANIES (See Instructions page 205)

232. OTHER DEFERRED ASSETS

Give an analysis of the balance in account No. 415, "Other deferred assets," at the close of the year, showing in detail each item or subaccount amounting to \$50,000 or more. Items less than \$50,000 may be com-

bined into a single entry designated "Minor items, each less than \$50,000." In case the character of any item is not fully disclosed by the entries in the columns hereunder, make a full explanation in a footnote.

251. CAPITAL STOCK

Give particulars of the various issues of capital stock of the respondent.

In case any "Preferred" or "Debenture" stock is outstanding the rate of dividend requirements should be shown in column (a) and it should be stated whether the dividends are cumulative or noncumulative.

In stating the date of an authorization the date of the latest assent or ratification necessary to its validity should be shown; e. g., in case an authorization is required to be ratified by stockholders after action by the board of directors, but is not required to be approved by any State or other governmental board or officer, give the date of approval by stockholders; if the assent

of a State railroad commission or other public board or officer is necessary, give the date of such assent, or if subsequent to such assent notice has to be filed with a secretary of state or other public officer and a tax or other fee has to be paid as a condition precedent to the validity of the issue, give the date of such payment. In case some condition precedent has to be complied with after the approval and ratification of the stockholders has been obtained, state, in a footnote, the particulars of such condition and of the respondent's compliance therewith.

Entries in column (d) should include stock nominally issued, nominally outstanding, and actually outstanding. For the purposes of this report, capital stock and other securities are con-

sidered to be *nominally issued* when certificates are signed and sealed and placed with the proper officer for sale and delivery or are pledged or otherwise placed in some special fund of the respondent. They are considered to be *actually issued* when sold to a bona fide purchaser for a valuable consideration, and such purchaser holds free from control by the respondent. All securities actually issued and not reacquired by or for the respondent are considered to be *actually outstanding*. If reacquired by or for the respondent under such circumstances as require them to be considered as held alive, and not canceled or retired, they are considered to be *nominally outstanding*.

A. WITH PAR VALUE

261. FUNDED DEBT

Give particulars of the various bonds and other evidences of funded debt of the respondent which were in existence at the close of the year under accounts 427 and 434, respectively, showing a total for each account.

In column (a) show the name of each bond or other obligation as it is designated in the records of the respondent, classifying each obligation under the appropriate subhead as defined in the Uniform System of Accounts for Electric Railways under account 427.

In case obligations of the same designation mature serially or otherwise at various dates, enter in column (c) the latest date of maturity and explain the matter in a footnote.

Column (d) calls for the par value of the amount of debt authorized to be incurred, as determined by the final authority whose assent is necessary to the legal validity of the issue. In case such final authority is some public officer or board, state in a footnote the name of such officer or board and the date when assent was given.

Line No.	Name and character of obligation (a)	Nominal date of issue (b)	Date of maturity (c)	Par value of extent of indebtedness authorized (d)	Total par value outstanding at close of year (e)	TOTAL PAR VALUE NOMINALLY ISSUED AND NOMINALLY OUTSTANDING AT CLOSE OF YEAR

261. FUNDED DEBT—Concluded

Entries in column (e) should include funded debt nominally issued, nominally outstanding, and actually outstanding.

Entries should conform to the definitions of "nominally issued," "actually issued," etc., as given in the fourth paragraph of instructions on page 209.

If the items of interest accrued during the year as entered in columns (l) and (m) do not aggregate the total accrual for the year on any security, explain the discrepancy. Entries in these columns should include interest accrued on funded debt reacquired or retired during the year although no portion of the issue is actually outstanding at the close of the year.

In determining the entries for column (n), do not treat any interest as paid unless the liability of the respondent in respect to it is extinguished. Deposits of cash with banks and other fiscal agents for the payment of interest coupons should not be reported as payments of such interest until actually paid to coupon holders or others under such circumstances as to relieve the respondent from further liability. In accordance with the Uniform System of Accounts for Electric Railways, interest falling due on January 1 is to be treated as matured on December 31.

273. MISCELLANEOUS ACCOUNTS PAYABLE

Give particulars of the various creditors and the character of the transactions involved in the current liability account entitled "Miscellaneous accounts payable." In column (a) show the name of each creditor in the account whose credit balance at the close of the year amounted to \$10,000 or more; for creditors whose balances were severally less than

\$10,000, a single entry for each subaccount may be made under the caption "Minor accounts, each less than \$10,000." In column (b) state the character of the transaction represented in the account between the creditor named and the respondent.

293. CONTINGENT ASSETS AND LIABILITIES

Give particulars with respect to contingent assets and contingent liabilities, at the close of the year, in accordance with Section 4 of the General Instructions to the General Balance Sheet of the Uniform System of Accounts for Electric Railways that are not reflected in the accounts of the respondent and the value of the item amounts to \$50,000 or more for Class I electric railways, or \$5,000 or more for Class II electric railways.

Items reportable in schedule 110 must not be included in this schedule.

In column (a) give a description of each item of contingent assets and liabilities under an inserted caption "CONTINGENT ASSETS" or "CONTINGENT LIABILITIES," as appropriate, and in column (b) show the amount of each item; if unknown, so state and explain by footnote.

38	Net income (or loss)-----		2	309		(59)	381

NOTE.--Deductions because of accelerated amortization of emergency facilities in excess of recorded depreciation resulted in reduction of Federal income taxes for the year of this report in the amount of \$_____. If the net effect of such deductions results in an increase in Federal income taxes so indicate by use of parentheses.

Net reduction or increase in charges to account 215, Taxes Assignable to Transportation Operations, for Federal income taxes during the current year and corresponding increase or decrease in net income because of accelerated depreciation of facilities under section 167 of the Internal Revenue Code and depreciation deductions resulting from the use of guideline lives pursuant to Revenue Procedure 62-21 in excess of recorded depreciation----- \$ NONE

Amount by which charges to account 215, Taxes Assignable to Transportation Operations, for payment of Federal income taxes during the current year were decreased and the reported net income correspondingly increased because of the investment tax credit authorized in the Revenue Act of 1962 compared with the amount that would have been payable without such investment tax credit----- \$ NONE

Net decrease (or increase) because of accelerated amortization of certain rolling stock under Section 184 of the Internal Revenue Code and basis used for book depreciation----- \$ NONE

Net decrease (or increase) because of amortization of certain rights-of-way investment under Section 185 of the Internal Revenue Code----- \$ NONE

Show in the space below the explanation of all items included in accounts 270, 280 and 290.

305. EARNED SURPLUS—UNAPPROPRIATED

Show hereunder the items of the Profit and Loss Account of the respondent for the year, classified in accordance with the Uniform System of Accounts for Electric Railways. Explain in column (d) any items in excess of \$25,000 included in accounts 306 and 317, and enter the net of assigned Federal income taxes in accounts 306 and 317.

Line No.	Item (a)	Debits (b)			Credits (c)			Remarks (d)

350. TAXES ASSIGNABLE TO TRANSPORTATION OPERATIONS

Give the various particulars called for with respect to the taxes accrued assignable to transportation operations of the respondent and charged to account No. 215 during the year.

Taxes are those annual or other payments exacted by governments (Federal, State, county, municipal, school, and other tax-district authorities) for the purpose of raising funds for public uses. They do not include payments exacted for special benefits conferred on the payor, such as special assessments for street improvements, etc.

Railway properties on which taxes are paid should be classified and grouped as follows:

(A) All railway properties owned by the respondent and its proprietary companies (showing these as a whole or in detail as the respondent may prefer);

(B) Properties held under any form of lease from other than proprietary companies and upon which respondent is required to pay the taxes in addition to the stipulated rent, showing such properties in detail;

(C) Properties held under any form of lease from other than proprietary companies and upon which the respondent is required to pay the taxes as a part of the stipulated rent, showing such properties in detail.

With respect to each of the groups or detailed properties above specified show in the upper section:

(a) The name of the road (or group),

(b) The State (or States or Federal Government) to which taxes are paid,

(c) Taxes accrued which were levied on the carrier by State Governments (or governments other than the United States) on the basis of a percentage of the compensation of employees, such as taxes for unemployment insurance under State Social Security Acts.

(d) Taxes of all other kinds accrued which were levied on the carrier by State Governments (or governments other than the United States)

(e) The sum of the returns in columns (c) and (d).

In the lower section, show separately the various kinds of U. S. Government taxes. In column (c), include taxes accrued which are payable to the U. S. Government for old-age retirement and unemployment insurance. Taxes of all other kinds accrued, such as income tax, surtax on undistributed profits, stamp tax on sale or issue of capital stock, etc., should be included in column (d). Enter totals in column (e).

This schedule should, so far as possible, be restricted to taxes on properties used in transportation operations.

This schedule should not include any taxes on joint facilities not maintained by the respondent.

397. GRADE CROSSINGS**A—RAILWAY WITH RAILWAY**

A crossing with a railway is to be regarded as comprising all the tracks within the right-of-way of the respondent, owned or leased, that are crossed by the track or tracks either of its own lines or of another steam or electric railway at a definite point of intersection. Crossings on jointly operated tracks should be reported only by the companies maintaining them.

The term "protection", as related to the table, should be so applied as: (1) To include automatic and interlocking devices

and derailing appliances at crossings of electric with other railways, hand-operated signals (not interlocking), and gates and/or watchmen; and (2) To exclude stationary signs and other cautionary fixtures that simply signify the proximity of a crossing, without regard to the approach of trains or cars, as crossings having only such safety equipment are includible in returns as "unprotected." In the classification, crossings protected by an interlocking device or by a derailing appliance on an electric line,

with or without additional protection, should be included only with "interlocking devices" or "derailing appliances on electric lines", as the case may be.

A crossing should be assigned to but one of the classes listed for enumeration, although it may have more than one of the kinds of protection defined above. Observe "NOTE" at foot of table.

Line No.	Kind of protection, etc. (a)	NUMBER AT BEGINNING OF YEAR			NUMBER ADDED DURING YEAR			NUMBER ELIMINATED DURING YEAR			NUMBER AT END OF YEAR

NOTE.—Supplementary items applicable in total irrespective of any question of protection: NEW CROSSINGS ADDED during year _____; CROSSINGS EXISTING on January 1, eliminated during year _____

B—RAILWAY WITH HIGHWAY

A highway crossing is to be regarded as a crossing comprising all the tracks within, or immediately adjacent to, the right-of-way of the respondent, owned or leased, at a definite point of intersection with a highway. The returns pertain to crossings with streets, avenues, and highways and should relate to public crossings only. Private crossings (such as farm lanes, or roads leading to or within industrial plants) are to be excluded. Highway crossings with industrial tracks, not owned or leased by the

respondent, over which it does switching should not be reported.

The general terms for signals on lines 15 to 17 are intended to cover devices that indicate the approach of trains or cars. Special fixed signs or barriers, includible on line 18, are such as "approach" or "distance" signs, special "stop" signs, and "island" or similar fixed barriers. Standard fixed signs, includible on line 19, are the common roadside signs of the simple "railway-crossing" type. On line 20 there should be entered

the number of reportable crossings, if any, without protection (as defined in sec. A), stationary signs, or other cautionary fixtures.

In the classification, a crossing should be assigned to but one of the classes listed for enumeration, although it may have more than one of the classes of protection defined. Observe "NOTE" at foot of table.

Line No.	Kind of protection, etc. (a)	Number at beginning of year (b)	Number added during year (c)	Number eliminated during year* (d)	Number at end of year (e)	Remarks (f)

NOTE.—Supplementary items applicable to total irrespective of any question of protection: NEW CROSSINGS ADDED during year _____; CROSSINGS EXISTING on January 1, eliminated during year _____

411-A. MILEAGE OPERATED AT CLOSE OF YEAR

Give particulars of all tracks operated by the respondent at the close of the year.

Classify the roads as follows:

- (1) Line owned by the respondent—(A) main line, (B) branches and spurs;
- (2) Line operated by the respondent but owned by the respondent's proprietary corporations and not formally leased to the respondent;
- (3) Line operated under lease for a specified sum, lessor being (A) an affiliated corporation, or (B) independent or not affiliated with respondent;
- (4) Line operated under contract or agreement, or where the rent is contingent upon earnings or other consideration, owner being (A) an affiliated corporation, or (B) independent or not affiliated with respondent;
- (5) Line operated under trackage rights.

Name all the roads of each class before any of a later class, and insert in column (a) before the name of each road the figure (and letter, if any) indicating its class in accordance with the preceding classification.

In column (b) give the name of the road as it is designated on the records of the respondent. For each road name its termini, and give its entire length (single or first track) and the lengths of second main track, all other main tracks, sidings, turn-outs, switches, spurs, etc. The mileage to be returned in column (d) hereunder is the single-track mileage or distance between the

termini named, two or more tracks lying in the same street being considered parts of the same portion of road, and the length of but one track being used as the length of road. If the same tracks were placed in different streets, the length of each should be taken in determining the length of road. Give also subtotals for the several numbered classes, as well as the total for all classes.

The spurs mentioned under (1B) include only those used for traffic purposes, as, e. g., a spur running from a main line to a quarry or a factory. Spurs in the nature of sidings should be shown under the head of sidings, in column (g).

Class (1) includes all lines operated by the respondent at the close of the year to which it has title in perpetuity.

Class (2) includes every line full title to which is in a proprietary corporation of the respondent (i. e., one all of whose capital stock is owned, either directly or indirectly, by the respondent), and which the respondent has seized and still holds wholly by virtue of such ownership of stock in the proprietary corporation and without any formal or express grant of the road, and which is operated by the respondent without any accounting to the said proprietary corporation. It may also include such line where the title is in a merely controlled corporation if there is no formal or express grant and no accounting to the controlled corporation, but in case of any such inclusion the facts of title and a statement showing the extent and character of the respondent's interest in the controlled corporation in which is the actual legal title to the road should be attached as a memorandum to this schedule.

Class (3) includes all road operated under a lease or formal conveyance of less than the grantor's interest in the property, with a specific and unconditional rent reserved. The fact that the lessor does or does not maintain an independent organization for financial purposes is immaterial in this connection.

Class (4) is the same as class (3) except that the rent reserved is conditioned upon earnings or other fact.

Class (5) includes every line operated and maintained by another company but over which the respondent has the right to operate some or all of its trains. In the road of this class the respondent has no proprietary rights but only the rights of a licensee. Include in this class, also, all main tracks and sidings owned by noncarrier companies and individuals when the respondent operates over them but does not have exclusive possession of them.

Lengths should be stated to the nearest hundredth of a mile.

Road held by the respondent as joint or common owner or a joint lessee or under any joint arrangement should be shown in its appropriate class and the entry of length should be of the entire length of the portion jointly held. The class symbol should have the letter (J) attached, and full particulars showing all of the joint or common title holders and the extent of their respective interests should be shown in a memorandum attached to the schedule.

Road operated by the respondent as agent for another carrier should not be included in this schedule.

Line No.	Class	Name of road or track	Termini between which road named extends	Miles of road	Miles of second main track	Miles of all other main tracks	Miles of sidings and turn-outs	Miles of track in car houses, shops, etc.	Total

411-B. MILES OF ROAD AT CLOSE OF YEAR—BY STATES AND TERRITORIES (SINGLE TRACK)

(For companies making operating reports)

Give particulars, as of the close of the year, of all road operated and of all owned but not operated. The respondent's proportion of operated road held by it as joint or common owner, or under a

joint lease, or under any joint arrangement, should be shown in columns (b), (c), (e), or (f), as may be appropriate. The remainder of jointly operated mileage should be shown in column (g).

Respondent's proportion of road jointly owned, not operated, should be shown in columns (i) and (j), as may be appropriate. Lengths should be stated to the nearest hundredth of a mile.

411-C. MILEAGE OPERATED AT CLOSE OF YEAR—CLASSIFIED BY MOTIVE POWER

Give particulars of road operated at close of year classified by types of motive power used. Under "Electric" segregate returns according to type of transmission system. Under

"Other than electric" specify the kind of power used, such as gas-electric, Diesel-electric, storage battery, gas-rail busses, auto-railers, gasoline locomotives, steam locomotives, etc. If trackage

is operated with two or more motive powers, classify the tracks according to the principal power used, and state the other powers used under "Remarks."

415. MILEAGE, TRAFFIC, AND MISCELLANEOUS STATISTICS

In making returns for items numbered 7 to 11, observe the following:

"Regular fare passengers" should include passengers from whom cash or ticket fares are collected. "Revenue transfer passengers" should include passengers from whom transfers, for which an additional charge has been made, are collected. "Free transfer passengers" should include passengers from whom transfers, issued free of charge, are collected.

Item No.	Item (a)	Rail-line operations† (b)	Motorbus operations (c)	Remarks (d)
1	Passenger car mileage.....			
2	Freight, mail, and express car mileage.....	20 609		
3	Total car mileage.....	20 609

5	Freight, mail, and express car-hours.....	4 447		
6	Total car-hours.....	4 447		
7	Regular fare passengers carried.....			
8	Revenue transfer passengers carried.....			
9	Total revenue passengers carried.....			
10	Free transfer passengers carried.....			
11	Total passengers carried.....			
12	Employees and others carried free.....			

† Do not include motorbus operations reportable separately in column (c).

416. REVENUE FREIGHT CARRIED DURING THE YEAR

Include all commodities carried by the respondent during the year, the revenue from which is includible in account No. 107, "Freight Revenue." In stating the number of tons received from connecting carriers, include all connecting carriers, whether rail or water, and whether the freight is received directly or indirectly (as through elevators).

Include forwarder traffic and traffic moved in lots of less than 10,000 pounds.

Tons of revenue freight	Number of tons (2,000 lb. each)	
Originating on respondent's road.....	43	164
Received from connecting carriers.....	81	567
Total carried.....	124	731

416A. REVENUE FREIGHT CARRIED DURING THE YEAR—LARGE ELECTRIC RAILWAYS

NOTE: Copies of Schedule 416A, Revenue Freight Carried During the Year—Large Electric Railways, are supplied carriers unbound for use in reporting as provided by order of September 13, 1963 as amended December 20, 1963, Docket No. 34206, Commodity Classification for Reporting Purposes and by order of August 10, 1964, Docket No. 34316, Commodity Statistics Reporting—Extent and Disclosure.

416B. STATISTICS OF RAIL-LINE OPERATIONS—LARGE ELECTRIC RAILWAYS

Carriers by electric railway which reported more than 1,000,000, freight, mail, and express car-miles in rail-line operations during the year 1946 should show hereunder the details of rail-line operating statistics recorded for the year in accordance with the provisions of the Interstate Commerce Commission's Order of November 25, 1946, in the Matter of Freight Commodity Statistics and Operating Statistics of Electric Railways, effective on January 1, 1947.

"Freight train-miles" include miles run by all trains between terminals or stations for the transportation of revenue and company freight; also miles run by trains consisting of empty freight cars, and by trains consisting of a locomotive and caboose running light in connection with such service. Trains which contain passenger-train cars shall be classed as freight trains whenever the number of freight-train cars is in excess of the number of passenger-train cars in them. Freight train-miles should be subdivided as follows: Ordinary freight train-miles which includes miles run by trains consisting of a locomotive, with or without caboose, with other equipment; light freight train-miles which includes miles run by trains consisting of a locomotive and caboose, running light in connection with freight-train service. Motorcar train-miles should be included.

"Freight locomotive-miles" include miles run by locomotives in freight-train service. Miles of motorcars (propelling units) should not be classed as locomotive-miles. Locomotive-miles should be subdivided as follows: Principal freight locomotive-miles, including miles run by locomotives

principal to the train, between terminals or stations, with freight trains; also miles run by locomotives between terminals or stations, with cabooses, going to or returning from such service; and miles run in hauling the second cut of freight trains doubled over grades; helper freight locomotive-miles, including miles run by locomotives as helpers over the division or that portion covered by the run, or on important grades including double-headers, triple-headers, and pushers, regardless of whether on the head end, in the middle, or on the rear of the train; light freight locomotive-miles, including miles run by locomotives light between terminals or stations in connection with freight-train service on account of unbalanced traffic; miles run light for hauling second cuts of trains doubled; miles run light between freight trains and next coaling station or water tank for coal or water; miles run light to pick up or assist freight trains between terminals; miles run light by grade helpers in returning from assisting freight trains as pushers or double-headers; and miles run light by locomotives coming from or going to engine houses or turntables from freight-train service.

"Freight-train car-miles" include the miles run by freight-train cars (including caboose cars) in transportation service. Such car-miles should be subdivided as follows: Loaded, empty, and caboose. The mileage of company service equipment, designed exclusively for work service and moved in transportation trains, should be classed as loaded freight car-miles. Car mileage of motorcar trains should be included.

METHODS OF OBTAINING AVERAGES INDICATED BY NUMBERED ITEMS

100. Miles per revenue ton.—Divide "60. Tons of revenue freight carried one mile" by "50. Number of revenue tons carried."

101. Ton-miles per car-mile.—Divide "62. Total tons of freight carried one mile" by "40. Loaded freight-train car-miles."

102. Revenue per ton.—Divide "70. Freight revenue" by "50. Number of revenue tons carried."

103. Revenue per ton-mile.—Divide "70. Freight revenue" by "60. Tons of revenue freight carried one mile."

104. Revenue per loaded car-mile.—Divide "70. Freight revenue" by "40. Loaded freight-train car-miles."

§Three decimal places required.

417. EMPLOYEES

This table should show the average number of employees of each class in service based on monthly counts and the aggregate of salaries and wages paid for the year covered by the report. The average number of employees in service for entry in column (b) is obtained by adding the number of employees on the payroll in each of the stated classes during the payroll period containing the 12th day of each month and dividing by 12. Every count should cover not only employees actually on duty during the period of the count, but also employees under pay not so on duty if absent from service on sick or other leave or held subject to call for duty.

If any compensation was paid or is payable under labor awards of the current year, include the amount applicable to the current year in column (c) and show the portion applicable to prior years (back pay) in a footnote, by groups of employees. For purposes of this report, labor awards are intended to cover adjustments resulting from the decisions of Wage Boards and voluntary awards by the respondent incident thereto. This schedule does not include old-age retirement, and unemployment insurance taxes. See schedule 350 for such taxes.

418. COMPENSATION OF OFFICERS, DIRECTORS, ETC.

Give the name, position, salary, and other compensation, such as bonus, commission, gift, reward, or fee, of each of the five persons named in Schedules 102 and 103 of this report to whom the respondent paid the largest amount during the year covered by this report as compensation for current or past service over and above necessary expenses incurred in discharge of duties, and in addition, all other officers, directors, pensioners or employees, if any, to whom the respondent similarly paid \$20,000 or more. If more convenient, this schedule may be filled out for a group of companies considered as one system and shown only in the report of the principal company in the system, with references thereto in the reports of the other companies. Any large "other compensation" should be explained in a footnote. If salary of an individual was

changed during the year, show salary before each change as well as at close of year. If an officer, director, etc., receives compensation from more than one transportation company (whether a subsidiary or not) or from a subsidiary company, reference to this fact should be made if his aggregate compensation amounts to \$20,000 or more and the detail as to division of the salary should be stated. By salary (column (c)) is meant the annual rate at which an employee is paid, rather than the amount actually paid for a part of a year when the salary is changed. Also, when a 10 percent (or other percent) reduction is made, the net rate and not the basic rate should be shown.

419. PAYMENTS FOR SERVICES NOT RENDERED BY EMPLOYEES

In the form below give information concerning payments, fees, retainers, commissions, gifts, contributions, assessments, bonuses, pensions, subscriptions, allowance for expenses, or any form of payments amounting in the aggregate to \$5,000 or more during the year to any corporation, institution, association, firm, partnership, committee, or any person (other than one of respondent's employees covered in schedule 418, or management fees and expenses covered in schedule 325 in this annual report) for services or as a donation. In the case of contributions of under \$5,000 which are made in common with other carriers under a joint arrangement in payment for the performance of services or as a donation, each such contribution shall be reported, irrespective of the amount thereof, if the total amount paid by all contributors for the performance of the particular service is equal to the sum of \$5,000 or more.

To be included are, among others, payments, directly or indirectly, for legal, medical, engineering, advertising, valuation, accounting, statistical, financial, educational, entertainment, charitable, advisory, defensive, detective, developmental, research, appraisal, registration, purchasing, architectural, and hospital services; payments for expert testimony and for handling wage disputes; and payments for services of banks, bankers, trust companies, insurance com-

panies, brokers, trustees, promoters, solicitors, consultants, actuaries, investigators, inspectors, and efficiency engineers. Payments to the various railway associations should also be included. The enumeration of these kinds of payments should not be understood as excluding other payments for services not excluded below.

To be excluded are: Rent of buildings or other property, taxes payable to the Federal, State, or local governments; payments for heat, light, power, telegraph, and telephone services; and payments to other carriers on the basis of lawful tariff charges or for the interchange of equipment between carriers as well as other payments for services which both as to their nature and amount may reasonably be regarded as ordinarily connected with the routine operation, maintenance, or construction of a railroad, but any special and unusual payments for services should be reported.

If more convenient, this schedule may be filled out for a group of roads considered as one system and shown only in the report of the principal road in the system, with references thereto in the reports of the other roads.

If any doubt exists in the mind of the reporting officer as to the reportability of any type of payment, request should be made for a ruling before filing this report.

EXPLANATORY REMARKS

591. CONTRACTS, AGREEMENTS, ETC.

Hereunder give a concise statement of each important contract, agreement, arrangement, etc., with other companies or persons, which became effective during the year, and concerned in any way the transportation of persons or things, at other than tariff rates, making such statements in the following order:

1. Express companies.
2. Mail.
3. Sleeping, parlor, and dining car companies.
4. Freight or transportation companies or lines.
5. Other railway companies.
6. Steamboat or steamship companies.
7. Telegraph companies.

8. Telephone companies.

9. Other contracts.

Information concerning contracts of minor importance may be omitted. A contract of minor importance is defined as one involving receipts or payments of less than \$1,000 per year, and which by its terms is otherwise unimportant.

In lieu of giving abstracts, copies of contracts may be filed. Every copy of a contract furnished in connection with the foregoing requirement should be listed hereunder.

The basis for computing receipts and payments should be fully stated in the case of each such contract, agreement, or arrangement.

NONE

592. CHANGES DURING THE YEAR

Hereunder state the matters called for. Make the statements explicit and precise, and number them in accordance with the inquiries; each inquiry should be fully answered, and if the word "none" truly states the fact it may be used in answering any particular inquiry. Where the particulars called for under any item are numerous, the minor particulars may be summarized by classes.

- 1. All extensions of road put in operation, giving—
 - (a) Termini,
 - (b) Length of road, and
 - (c) Dates of beginning operation.
- 2. All decreases of mileage by—
 - (a) Straightening, or
 - (b) Abandoning lines, giving particulars as above.
- 3. All other important physical changes, including herein all new tracks built, giving for each portion of such new track—
 - (a) Termini,
 - (b) Length, and
 - (c) Whether first main track, second main track, third main track, etc., spur, siding, switch, yard track, etc.
- 4. All leaseholds acquired or surrendered, giving—
 - (a) Dates,
 - (b) Length of terms,

- (c) Names of parties,
- (d) Rents, and
- (e) Other conditions.

Furnish copies of all contracts made during the year in connection with the acquisition of leasehold interests.

- 5. All consolidations, mergers, and reorganizations effected, giving particulars.

This statement should show the mileage, equipment, and cash value of property of each company as well as the consideration received by each company party to the action. State the dates on which consolidated, etc., and whether the prior companies have been dissolved. Copies of the articles of consolidation, merger, or reorganization should be filed with this report.

- 6. Adjustments in the book value of securities owned, and reasons therefor.
- 7. Other financial changes of more than \$50,000, not elsewhere provided for, giving full particulars.

VERIFICATION

The foregoing report must be verified by the oath of the officer having control of the accounting of the respondent. It should be verified, also, by the oath of the president or other chief officer of the respondent, unless the respondent states on the last preceding page of this report that such chief officer has no control over the accounting of the respondent. The oath required may be taken before any person authorized to administer an oath by the laws of the State in which the same is taken.

OATH

(To be made by the officer having control of the accounting of the respondent)

State of IOWA } ss:
County of CERRO GORDO }

ROGER CORNER makes oath and says that he is GENERAL MANAGER
(Insert here the name of the affiant) (Insert here the official title of the affiant)
of IOWA TERMINAL RAILROAD CO.
(Insert here the exact legal title or name of the respondent)

that it is his duty to have supervision over the books of account of the respondent and to control the manner in which such books are kept; that he knows that such books have, during the period covered by the foregoing report, been kept in good faith in accordance with the accounting and other orders of the Interstate Commerce Commission, effective during the said period; that he has carefully examined the said report, and to the best of his knowledge and belief the entries contained in the said report have, so far as they relate to matters of account, been accurately taken from the said books of account and are in exact accordance therewith; that he believes that all other statements of fact contained in the said report are true, and that the said report is a correct and complete statement of the business and affairs of the above-named respondent during the period of time from and including January 1, 1971, to and including December 31, 1971

Roger W. Corner
(Signature of affiant)

Subscribed and sworn to before me, a Notary Public in and for the State and
county above named, this 30th day of March, 1972
My commission expires July 4, 1972 [Use an L. S. impression seal]

Katherine L. Lator
(Signature of officer authorized to administer oaths)

SUPPLEMENTAL OATH

(By the president or other chief officer of the respondent)

State of IOWA } ss:
County of FLOYD }

M. J. KLAUS makes oath and says that he is TREASURER
(Insert here the name of the affiant) (Insert here the official title of the affiant)
of IOWA TERMINAL RAILROAD CO.
(Insert here the exact legal title or name of the respondent)

that he has carefully examined the foregoing report; that he believes that all statements of fact contained in the said report are true, and that the said report is a correct and complete statement of the business and affairs of the above-named respondent during the period of time from and including January 1, 1971, to and including December 31, 1971

M. J. Klaus
(Signature of affiant)

Subscribed and sworn to before me, a Notary public in and for the State and
county above named, this 30th day of March, 1972

415. MILEAGE, TRAFFIC, AND MISCELLANEOUS STATISTICS

In making returns for items numbered 7 to 11, observe the following:

"Regular fare passengers" should include passengers from whom cash or ticket fares are collected. "Revenue transfer passengers" should include passengers from whom transfers, for which an additional charge has been made, are collected. "Free transfer passengers" should include passengers from whom transfers, issued free of charge, are collected.

Item No.	Item (a)	Rail-line operations† (b)	Motorbus operations (c)	Remarks (d)
1	Passenger car mileage.....			
2	Freight, mail, and express car mileage.....	20 609		
3	Total car mileage.....	20 609		
4	Passenger car-hours.....			
5	Freight, mail, and express car-hours.....	4 447		
6	Total car-hours.....	4 447		
7	Regular fare passengers carried.....

11	Total passengers carried.....			
12	Employees and others carried free.....			

† Do not include motorbus operations reportable separately in column (c).

416. REVENUE FREIGHT CARRIED DURING THE YEAR

Include all commodities carried by the respondent during the year, the revenue from which is includible in account No. 107, "Freight Revenue." In stating the number of tons received from connecting carriers, include all connecting carriers, whether rail or water, and whether the freight is received directly or indirectly (as through elevator).

Include forwarder traffic and traffic moved in lots of less than 10,000 pounds.

Tons of revenue freight	Number of tons (2,000 lbs. each)	
Originating on respondent's road.....	43	164
Received from connecting carriers.....	81	567
Total carried.....	124	731

416C. GRADE CROSSINGS

A—RAILWAY WITH RAILWAY

A crossing with a railway is to be regarded as comprising all the tracks within the right-of-way of the respondent, owned or leased, that are crossed by the track or tracks either of its own lines or of another steam or electric railway at a definite point of intersection. Crossings on jointly operated tracks should be reported only by the companies maintaining them.

The term "protection", as related to the table, should be so applied as: (1) To include automatic and interlocking devices

and derailing appliances at crossings of electric with other railways, hand-operated signals (not interlocking), and gates and/or watchmen; and (2) To exclude stationary signs and other cautionary fixtures that simply signify the proximity of a crossing, without regard to the approach of trains or cars, as crossings having only such safety equipment are includible in returns as "unprotected." In the classification, crossings protected by an interlocking device or by a derailing appliance on an electric line,

with or without additional protection, should be included only with "interlocking devices" or "derailing appliances on electric lines", as the case may be.

A crossing should be assigned to but one of the classes listed for enumeration, although it may have more than one of the kinds of protection defined above. Observe "NOTE" at foot of table.

Line No.	Kind of protection, etc. (a)	NUMBER AT BEGINNING OF YEAR			NUMBER ADDED DURING YEAR			NUMBER ELIMINATED DURING YEAR			NUMBER AT END OF YEAR		
		With electric, interurban, or street railways (b)	With steam railways (c)	Total (d)	With electric, interurban, or street railways (e)	With steam railways (f)	Total (g)	With electric, interurban, or street railways (h)	With steam railways (i)	Total* (j)	With electric, interurban, or street railways (k)	With steam railways (l)	Total (m)

8	Total unprotected			NONE			NONE			NONE			NONE

* State here the number included in total figures that were respectively eliminated by separation of grades: PROTECTED—Col. (h) _____, col. (i) _____, col. (j) _____ UNPROTECTED—Col. (h) _____, col. (i) _____, col. (j) _____

NOTE.—Supplementary items applicable in total irrespective of any question of protection: New crossings added during year _____; Crossings existing on January 1, eliminated during year _____

B—RAILWAY WITH HIGHWAY

A highway crossing is to be regarded as a crossing comprising all the tracks within, or immediately adjacent to, the right-of-way of the respondent, owned or leased, at a definite point of intersection with a highway. The returns pertain to crossings with streets, avenues, and highways and should relate to public crossings only. Private crossings (such as farm lanes, or roads leading to or within industrial plants) are to be excluded. Highway crossings with industrial tracks, not owned or leased by the

respondent, over which it does switching should not be reported.

The general terms for signals on lines 15 to 17 are intended to cover devices that indicate the approach of trains or cars. Special fixed signs or barriers, includible on line 18, are such as "approach" or "distance" signs, special "stop" signs, and "island" or similar fixed barriers. Standard fixed signs, includible on line 19, are the common roadside signs of the simple "railway-crossing" type. On line 20 there should be entered

the number of reportable crossings, if any, without protection (as defined in sec. A), stationary signs, or other cautionary fixtures.

In the classification, a crossing should be assigned to but one of the classes listed for enumeration, although it may have more than one of the classes of protection defined. Observe "NOTE" at foot of table.

Line No.	Kind of protection, etc. (a)	Number at beginning of year (b)	Number added during year (c)	Number eliminated during year* (d)	Number at end of year (e)	Remarks (f)
11	Gates, with or without other protection, operated 24 hours per day	1			1	
12	Gates, with or without other protection, operated less than 24 hours per day					
13	Watchmen, alone or with protection other than gates, on duty 24 hours per day					
14	Watchmen, alone or with protection other than gates, on duty less than 24 hours per day					
15	Both audible and visible signals, without other protection					
16	Audible signals only					
17	Visible signals only					
18	Special fixed signs or barriers, with or without standard fixed signs					
19	Standard fixed signs only	51			51	
20	Otherwise unprotected					
21	TOTAL	52			52	

* Total includes _____ crossings eliminated by separation of grades.

NOTE.—Supplementary items applicable to total irrespective of any question of protection: New crossings added during year _____; Crossings existing on January 1, eliminated during year _____
