ICC - P.O. 2040

to the
Interstate Commerce Commission
for the year ended December 31, 1979

NOTICE

All switching and terminal companies will be designated class III railroads. Switching and terminal companies are further classified as:

Class 1, Exclusively switching. This class of companies includes all those performing switching service only, whether for joint account or for revenue.

Class S2, Exclusively terminal. This class of companies includes all companies furnishing terminal trackage or terminal facilities only. Such as union passenger or freight stations, stockyards, etc., for which a charge is made, whether operated for joint account or for revenue. In case a bridge or ferry is part of the facilities operated by a terminal company, it should be included under this heading.

Class S3, Both switching and terminal. Companies which perform both a switching and a terminal service. This class of companies includes all companies whose operations cover both switching and terminal service, as defined above.

Class S4, Bridge and ferry. This class of companies is confined to those whose operations are limited to bridges and ferries exclusively.

Class S5, Mixed. Companies performing primarily a switching or a terminal service, but which also conduct a regular freight or passenger traffic. The revenues of this class of companies include, in addition to switching or terminal revenues, those derived from local passenger service, local freight service, participation in through movement of freight or passenger traffic, other transportation operations, and operations other than transportation.

200. COMPARATIVE STATEMENT OF FINANCIAL POSITION - EXPLANATORY NOTES

The notes listed below are provided for the purpose of disclosing supplementary information concerning matters which have an important effect on the financial condition of the carrier. The carrier shall give the particulars called for herein and where there is nothing to report, insert the word "none" and in addition thereto shall enter in separate notes with suitable particulars other matters involving material amounts of the character commonly disclosed in financial statements under generally accepted accounting and reporting principles, except as shown in other schedules. This includes explanatory statements explaining (1) service interruption insurance policies and indicate the amount of indemnity to which respondent will be entitled for work stoppage losses and the maximum amount of additional premium respondent may be obligated to pay in the event such losses are sustained by other railroads; (2) particulars concerning obligations for stock purchase options granted to officers and employees; and (3) what entries have been made for net income or retained income restricted under provisions of mortgages and other arrangements.

1. Amount (estimated, if necessary) of net income or retained income which has to be provided for capital expenditures, and for sinking and other funds pursuant to provisions of reorganization plans, mortgages, deeds of trust, or other contracts. None

2. Estimated amount of future earnings which can be realized before paying Federal income taxes because of unused and available net operating loss carryover on January 1 of the year following that for which the report is made. None

3. (a) Explain the procedure in accounting for pension funds and recording in the accounts the current and past service pension costs, indicating whether or not consistent with the prior year. None

(b) State amount, if any, representing the excess of the actuarially computed value of vested benefits over the total of the pension fund. None

(c) Is any part of pension plan funded? Specify: Yes No

(i) If funding is by insurance, give name of insuring company.

(ii) If funding is by trust agreement (or trust(s)).

Date of trust agreement or trust amendment.

If respondent is affiliated in any way with the trustee(s), explain affiliation.

(d) List affiliated companies which are included in the pension plan funding agreement and describe basis for allocating charges under the agreement.

(e) Is any part of the pension plan fund invested in stock or other securities of the respondent or any of its affiliates? Specify: Yes No

If yes, give number of the shares for each class of stock or other security.

(f) Are voting rights attached to any securities held by the pension plan? Specify: Yes No If yes, who determines how stock is voted?

4. State whether a segregated political fund has been established as provided by the Federal Election Campaign Act of 1971 (18 U.S.C. 610): YES NO X

210. RESULTS OF OPERATIONS

INSTRUCTIONS

1. Disclose the requested information for the respondent pertaining to the results of operations for the year.
2. List Breakdowns from the amounts requested for under the cost method on the appropriate line under subsection "Other Income" and provide breakdowns for under the equity method on the appropriate line under the "Income from Affiliated Companies" subsection of this schedule.
3. All dollar entries hereunder should be indicated in parentheses.

705. IMPORTANT CHANGES DURING THE YEAR

Hereunder state the following matters, numbering the statements in accordance with the inquiries, and if no changes of the character below indicated occurred during the year, state that fact. Changes in mileage should be stated to the nearest hundredth of a mile. If any changes reportable in this schedule occurred under authority granted by the Commission in certificates of convenience and necessity issued under paragraphs 1183 to 1223 of section 1 of the Interstate Commerce Act or otherwise, specially reference to such authority should in each case be made by check number or otherwise, as may be appropriate.

1. All portions of road put in operation or abandoned, giving for reasons, the length of road, and the dates of beginning operations or of abandonment.
2. All other important physical changes, including between all new tracks built.
3. All trackbeds acquired or surrendered, giving for dates, the length of track, the names of parties, the terms, and the other conditions.
4. All agreements for trackbed rights acquired or surrendered, giving for dates, the length of track, the names of parties, the terms, and the other conditions.
5. All consolidations, mergers, and reorganizations effected, giving particulars.
6. All stocks issued, giving for purposes for which issued, the names of stocks, and the amounts issued, and describing fully the actual consideration received, giving for amounts and the values, give similar information concerning all stocks retired in 1913.
7. All funded debt issued, giving for purposes for which issued, the names of securities and the amounts issued, and describing fully the actual consideration received, giving for amounts and the values, also give particulars concerning any funded debt paid or otherwise retired, stating whether acquired, the date retired or canceled, the par value of amount retired.
8. All other important financial changes.
9. All changes in and all additions to franchise rights, describing fully for the actual consideration given therefor, and stating fully the parties from whom acquired, if no consideration was given, state that fact.
10. In case the respondent has not yet begun operation, and no construction has been carried on during the year, state fully the reasons therefor.
11. All additional matters of any two clauses provided for which the respondent may desire to include in its report.

If returns under items 1 and 2 include any new main track owned by respondent representing new construction or permanent abandonment, give the following particulars:

Miles of road constructed.

Miles of road abandoned.

The new Miles of road constructed is submitted to show the mileage of first main track laid by a road respondent's road, and should not include tracks relocated and tracks laid to shorten the distance between two points without laying any new tracks.

718. INVENTORY OF EQUIPMENT

INSTRUCTIONS

1. Give particulars of each of the various classes of equipment which respondent owned or leased during the year.
2. In column (c) give the number of units of equipment purchased, built in company shops, or otherwise acquired.
3. Units leased to others for a period of one year or more are reportable in column (c); units temporarily out of respondent's service and returned to others for less than one year are to be included in column (c); units rented from others for a period less than one year should not be included in column (c). Units installed during the year and subsequently leased to others for a year or more should be shown as added in column (c), as retired in column (d), and included in column (e).
4. For reporting purposes, a "locomotive unit" is a self-propelled vehicle generating or converting energy into motion, and designed solely for moving other equipment. An "A" unit is the least number of wheel bases with superstructure designed for use singly or as a lead locomotive unit in combination with other locomotive units. A "B" unit is similar to an "A" unit, but not equipped for use singly or as a lead locomotive unit. A "B" unit may be equipped with booster controls for independent operating at terminals.
5. A "self-propelled car" is a rail motor car propelled by electric motors receiving power from third rail or overhead, or internal combustion engines located on the car itself. Trailers equipped for use only in trains of cars that are self-propelled are to be included as self-propelled equipment.
6. A "Diesel" unit includes all units propelled by diesel internal combustion engines irrespective of final drive, and whether power may at times be supplied from external induction. Units other than described in (c), e.g., Diesel-hydraulic, should be identified in a footnote giving the number and a brief description. An "Electric" unit includes all units which receive electric power from an overhead contact wire or third rail, and use the power to drive one or more electric motors that propel the vehicle. An "Other self-powered unit" includes all units other than diesel or electric, e.g., steam, gas turbine. Show the type of unit, service and number, as appropriate, in a brief description sufficient for positive identification. An "Auxiliary unit" includes all units used in conjunction with locomotives but which draw their power from the "mother" unit, e.g., boosters, shunters, etc.
7. Column (h) should show aggregate capacity for all units reported in column (g), as follows: For locomotive units, report the manufacturers' rated horsepower (the maximum continuous power output from the diesel engine or engines delivered to the main generator or generators for tractive purposes) or tractive effort of steam locomotive units; for freight-train cars report the nominal capacity (in tons of 2,000 lbs.) as provided for in Rule 46 of the AAR Code of Rules Governing Cars in Interchange. Convert the capacity of tank cars to capacity in tons of the commodity which the car is intended to carry customarily.
