24.—RENTAL EXPENSE OF LESSEE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Otherwise, show total rental expense (reduced by rentals from subleases) entering into the determination of results of operations for each period for which an income statement is presented. Rental payments under short-term leases for a month or less which are not expected to be renewed need not be included. Contingent rentals, such as those based on usage or sales, shall be reported separately from the basic or minimum rentals.

NOTE: As used in sections 24 through 28, a "financing lease" is defined as a lease which, during the noncancellable lease period, either (a) covers 75% or more of the economic life of the property or (b) has terms which assure the lessor a full recovery of the fair market value (which would normally be represented by his investment) of the property at the inception of the lease plus a reasonable return on the use of the assets invested subject only to limited risk in the realization of the residual interest in the property and the credit risks generally associated with secured loans.

25.—MINIMUM RENTAL COMMITMENTS

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Show the minimum rental commitments under all noncancellable leases, as of the date of the latest balance sheet presented, in the aggregate (with disclosure of the amounts applicable to noncapitalized financing leases) for (a) each of the five succeeding fiscal years; (b) each of the next three five-year periods; and, (c) the remainder as a single amount. The amounts so determined should be reduced by rentals to be received from existing noncancellable subleases (with disclosure of the amounts of such rentals). For purposes of this rule, a noncancellable lease is defined as one that has an initial or remaining term of more than one year and is noncancellable, or is cancellable only upon the occurrence of some remote contingency or upon the payment of a substantial penalty.

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if the present value of the minimum lease commitments are more than five percent of the sum of the long-term debt, stockholders' equity and the present value of the minimum lease commitments, or if the impact on net income (as computed in section 28, Income impact—Lessee) is three percent or more of the average net income for the most recent three years.

Show all noncapitalized financing leases, the present value of the minimum lease commitments in the aggregate and by major categories of properties. Present values shall be computed by discounting net lease payments (after subtracting, if practicable, estimated, or actual amounts, if any, applicable to taxes, insurance, maintenance and other operating expenses) at the interest rate implicit in the terms of each lease at the time of entering into the lease.

Show either the weighted average interest rate (based on present value) and range of rates or specific interest rates for all lease commitments.

28.—INCOME IMPACT—LESSEE

Complete this schedule only if carrier operating revenues are \$10 million or more.

If the impact on net income is less than three percent of the average net income for the most recent three years, a statement to that effect will suffice to complete this schedule. Otherwise, show the impact on net income for each period for which an income statement is presented if all noncapitalized financing leases were capitalized, related assets were amortized on a straight-line basis and interest cost was accrued on the basis of the outstanding lease liability. The amounts of amortization and interest cost shall be separately identified.

In calculating average net income, loss-years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test.

Schedule 42.—SUMMARY OF FREIGHT LOSS AND DAMAGE CLAIMS

This schedule was adopted by the Commission in No. 35345 (Sub-No. 2) July 1, 1977

Approved by GAO Effective 12-23-77

Exclude from this schedule the revenues and claims incurred in connection with freight forwarder services and shipments which have a prior or subsequent movement by air. Line 1 should show all freight forwarder revenue in Account 501. Line 2 should show the number of claims paid during the year for robbery, theft and pilferage, and other shortage as defined below:

Robbery - Failure to deliver all or part of a shipment as the result of stealing, including hijacking, with the use of force or threat of force against a person or persons. Claims for physical damage to freight in the same or other shipments resulting from robbery should be reported under Robbery.

Theft and Pilferage - Failure to deliver all or part of a shipment as the result of known stealing, or under circumstances indicating the probable cause was stealing, without use of force or threat of force against a person or persons, when it is known the freight was in the carrier's custody. Claims for physical damage to freight in the same or other shipments resulting directly from theft or pilferage should be reported under Theft and Pilferage.

Other Shortage - Failure to deliver all or part of a shipment for unknown reasons. This includes the unexplained disappearance of all or part of a shipment for reasons other than robbery or theft and pilferage as defined above.

Line 3 should show the number of all other claims paid in full or in part during the year not reported on line 2.

Line 4 should include the *net* dollar amount of claims paid during the year. This includes claims paid in full or paid in part, less amounts recovered from underlying carriers, salvage, insurance, and claim refund cancellations.
