FOLLOW ALL INSTRUCTIONS CAREFULLY

1. Remove the mailing label from the cover and attach the label to the top of page 1 of the report form to be filed. The mailing label should NOT be altered. If the name and address on the mailing label are incorrect, insert your correct name and address in the space provided to the left. The carrier mailing address is the company address where correspondence regarding accounting and reporting matters is to be directed, but not the address of an independent auditor or CAP.

2. All conferences, bureaus, committees, or other organizations, subject to Section 11145 (49 U.S.C. §10706) Part I of the Interstate Commerce Act, are required to file annual report Form RBO. This Form for annual report should be filled out in triplicate and 2 copies, the original of which must be the copy containing the mailing label, returned to the Interstate Commerce Commission, Bureau of Accounts, P.O. Box 2040, Rockville Pike Station, Rockville, MD. 20852, by March 31 of the year following the year for which the report is made. One copy is to be retained for reference in case of correspondence relative to the report. Attention is directed to Section 11145, Part I of the Interstate Commerce Act.

3. Carrier rate-making organizations as described in instruction 2., above, are classified into two classes. Class I rate bureaus are those with annual operating revenues of \$100,000 or more. Class II rate bureaus are those with annual operating revenues of less than \$100,000. Class I rate bureaus shall file the full report, Annual Report Form RBO. Class II rate bureaus shall file only the carrier statistics (ITEMS 1-9) and certification (page 4) portions of the Annual Report Form RBO.

4. The instructions in this Form should be carefully observed, and each question should be answered fully and accurately. If any inquiry does not apply to the respondent, such fact should be shown on the inquiry by the words "Not applicable." Where the word "None" truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of any inquiry. Where dates are called for, the month and day should be stated as well as the year. Customary abbreviations may be used in stating dates.

5. If it is necessary or desirable to insert additional statements, typewritten or other, in a report, they should be legibly made on durable paper, on sheets not larger than a page of the Form. The inserts should be securely bound in the report.

6. All entries must be made in permanent black ink. Those of a contrary and unusual character must be indicated by use of parentheses.

7. Throughout this report the Commission means the Interstate Commerce Commission; the respondent means the rate bureau or organization in whose behalf the report is made; the year ended December 31 for which the report is made; the close of the year means the close of business on December 31 of the year for which the report is made or, in case the report is made for a shorter period than one year, it means the close of the period covered by the report; the beginning of the year means the beginning of business on January 1 of the year for which the report is made or, in case the report is made for a shorter period than one year, it means the beginning of the period covered by the report.

8. Should there be doubt as to the reporting of any item or items or parts thereof, or advice is desired relative to the preparation of the report, address an inquiry to the Bureau of Accounts for consideration and decision.
