17.—COMPENSATING BALANCES AND SHORT-TERM BORROWING ARRANGEMENTS

Using the following notes as a guideline, show the requirements of compensating balances and short-term borrowing arrangements if operating revenues are \$10 million or more. Footnote disclosure is required even though the arrangement is not reduced to writing.

1. Disclose compensating balances not legally restricted, lines of credit used and unused, average interest rate of short-term borrowings outstanding at balance sheet date, maximum amount of outstanding borrowings during the period and the weighted average rate of those borrowings.
2. Time deposits and certificates of deposit constituting compensating balances not legally restricted should be disclosed.
3. Compensating balance arrangements need only be disclosed for the latest fiscal year.
4. Compensating balances under an agreement which legally restricts the use of such funds, and which constitute support for short-term borrowing arrangements, should be included in section 18, account 101, Special cash deposits.
5. Compensating balances under an agreement which legally restricts the use of such funds and which constitute support for long-term borrowing arrangements and are reported in account 121, Special deposits, should also be separately disclosed below.
6. Compensating balance arrangements are sufficiently material to require disclosure in footnotes when the aggregate of written and oral agreement balances amount to 15 percent or more of liquid assets (current cash balances, restricted and unrestricted plus marketable securities).
7. When a carrier is not in compliance with a compensating balance requirement, that fact should be disclosed along with stated and possible sanctions whenever such possible sanctions may be immediate (not vague or unpredictable) and material.

24.—RENTAL EXPENSE OF LESSEE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Otherwise, show total rental expense (reduced by rentals from subleases) entering into the determination of results of operations for each period for which an income statement is presented. Rental payments under short-term leases for a month or less which are not expected to be renewed need not be included. Contingent rentals, such as those based on usage or sales, shall be reported separately from the basic or minimum rentals.

NOTE: As used in sections 24 through 28, a "financing lease" is defined as a lease which, during the noncancellable lease period, either (a) covers 75% or more of the economic life of the property or (b) has terms which assure the lessor a full recovery of the fair market value (which would normally be represented by his investment) of the property at the inception of the lease plus a reasonable return on the use of the assets invested subject only to limited risk in the realization of the residual interest in the property and the credit risks generally associated with secured loans.

25.—MINIMUM RENTAL COMMITMENTS

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Show the minimum rental commitments under all noncancellable leases, as of the date of the latest balance sheet presented, in the aggregate (with disclosure of the amounts applicable to noncapitalized financing leases) for (a) each of the five succeeding fiscal years; (b) each of the next three five-year periods; and, (c) the remainder as a single amount. The amounts so determined should be reduced by rentals to be received from existing noncancellable subleases (with disclosure of the amounts of such rentals). For purposes of this rule, a noncancellable lease is defined as one that has an initial or remaining term of more than one year and is noncancellable, or is cancellable only upon the occurrence of some remote contingency or upon the payment of a substantial penalty.

Complete this schedule only if carrier operating revenues are \$10 million or more.

Relate in general terms: (a) the basis for calculating rental payments if dependent upon factors other than the lapse of time; (b) existence and terms of renewal or purchase options, escalation clauses, etc.; (c) the nature and amount of related guarantees made or obligations assumed; (d) restrictions on paying dividends, incurring additional debt, further leasing, etc.; and, (e) any other information necessary to assess the effect of lease commitments upon the financial position, results of operations, and changes in financial position of the lessee.

27.—LEASE COMMITMENTS—PRESENT VALUE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if the present value of the minimum lease commitments are more than five percent of the sum of the long-term debt, stockholders' equity and the present value of the minimum lease commitments, or if the impact on net income (as computed in section 28, Income impact—Lessee) is three percent or more of the average net income for the most recent three years.

Show all noncapitalized financing leases, the present value of the minimum lease commitments in the aggregate and by major categories of properties. Present values shall be computed by discounting net lease payments (after subtracting, if practicable, estimated, or actual amounts, if any, applicable to taxes, insurance, maintenance and other operating expenses) at the interest rate implicit in the terms of each lease at the time of entering into the lease.

Show either the weighted average interest rate (based on present value) and range of rates or specific interest rates for all lease commitments.

28.—INCOME IMPACT—LESSEE

Complete this schedule only if carrier operating revenues are \$10 million or more.

If the impact on net income is less than three percent of the average net income for the most recent three years, a statement to that effect will suffice to complete this schedule. Otherwise, show the impact on net income for each period for which an income statement is presented if all noncapitalized financing leases were capitalized, related assets were amortized on a straight-line basis and interest cost was accrued on the basis of the outstanding lease liability. The amounts of amortization and interest cost shall be separately identified.

In calculating average net income, loss years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test.

STATEMENT OF FACTS

1. National Carloading Corporation was purchased from ABC Trans National Transport, Inc. in February, 1977.
2. The offices of National Carloading Corporation, FF 465, were moved to Atlanta, Georgia in February, 1977.
3. National Carloading Corporation, by contract, came under the joint Financial and Administrative control of R. C. Van Lines, Inc. in February, 1977, through June, 1978.
4. R. C. Van Lines, Inc. by contract, was responsible for all filings of ICC, state, and federal reports, and all accounts, reports, payments, obligations, and all other items incident to the operation of National Carloading Corporation, and represented that same was being done.
5. Under the terms of the contract with R. C. Van Lines, Inc., National Carloading Corporation was to have no employees.
6. In June, 1978, it was discovered that R. C. Van Lines, Inc. had not honored the contract. Annual ICC reports were not filed, separate bank accounts were not established, separate accounting procedures were not instituted, and all funds of National Carloading Corporation were co-mingled with the funds of R. C. Van Lines, Inc. In addition, all accounting of National Carloading Corporation was co-mingled with the accounts of R. C. Van Lines, Inc. so as to make it impossible to separate either entity from the other.
7. No gross revenue figure could be established, nor could any gross expense figures be derived from these accounting practices.
8. In June, 1978, upon discovery that proper accounting was not maintained, National Carloading Corporation filed an action in Fulton Superior court, Fulton County, Georgia, case # B78-1684A for an accounting, and the contract between National Carloading Corporation and R. C. Van Lines, Inc. was abrogated.
9. On July 10, 1978, R. C. Van Lines, Inc. entered into a Chapter XI Bankruptcy, which operated as an automatic stay of proceedings in state court. Jurisdiction of this accounting case is in U. S. District Court, and pleadings have been filed so that the accounting may go forward.

10. National Carloading Corporation has filed with the Federal Bankruptcy court for relief from a stay of the accounting act in order to obtain accounting information so that necessary reports, income tax reports, ICC reports, etc., could be made.
11. No accounting has come forward so this report, due to the acts of R. C. Van Lines, Inc., cannot be made in it's entirety. No estimation can be made due to the condition of the R. C. Van Lines, Inc. accounting practices.
12. On July 1, 1978, National Carloading Corporation employed a certified public accountant to organize and make monthly financial statements for National Carloading Corporation.
13. National Carloading Corporation will now make all further ICC reports on time, and in their proper order. Records have been established for this purpose.
14. National Carloading Corporation has complied with all rules and regulations of the Interstate Commerce Commission from July 1, 1978 to date, and will continue to do so.
