to the

Interstate Commerce Commission

FOR THE YEAR ENDED DECEMBER 31, 1976

NOTICE

1. This Form for annual report should be filled out in triplicate and two copies returned to the Interstate Commerce Commission, Bureau of Accounts, Washington, D.C. 20423, by March 31, of the year following that for which the report is made. One copy should be retained in respondent's files. Attention is specially directed to the following provisions of Part I of the Interstate Commerce Act:

SEC. 20. (1) The Commission is hereby authorized to require annual, periodical, or special reports from carriers, lessors, * * * (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, lessors, * * * specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary, classifying such carriers, lessors, * * * as it may deem proper for any of these purposes. Such annual reports shall give an account of the affairs of the carrier, lessor, * * * in such form and detail as may be prescribed by the Commission.

(2) Said annual reports shall contain all the required information for the period of twelve months ending on the 31st day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which report is made, unless additional time be granted in any case by the Commission.

(7)(3) Any person who shall knowingly and willfully make, cause to be made, or participate in the making of, any false entry in any annual or other report required under this section to be filed, * * * or shall knowingly or willfully file with the Commission any false report or other document, shall be deemed guilty of a misdemeanor and shall be subject, upon conviction in any court of the United States of competent jurisdiction, to a fine of not more than five thousand dollars or imprisonment for not more than two years, or both such fine and imprisonment; * * *

(7)(c) Any carrier or lessor, * * * or any officer, agent, employee or representative thereof, who shall fail to make and file an annual or other report with the Commission within the time fixed by the Commission, or to make specific and full, true, and correct answer to any question within thirty days from the time it is lawfully required by the Commission so to do, shall forfeit to the United States the sum of one hundred dollars for each and every day it shall continue to be in default with respect thereto.

(b) As used in this section * * * the term "carrier" means a common carrier subject to this part, and includes a receiver or trustee of such carrier; and the term "lessor" means a person owning a railroad, a water line, or a pipe line, leased to and operated by a common carrier subject to this part, and includes a receiver or trustee of such lessor. * * *

The respondent is further required to send to the Bureau of Accounts immediately upon preparation, two copies of its latest annual report to stockholders. See schedule 108, page 6.

2. The instructions in this Form should be carefully observed, and each question should be answered fully and accurately, whether it has been answered in a previous annual report or not. Except in cases where they are specifically authorized, cancellations, arbitrary check marks, and the like should not be used either as partial or as entire answers to inquiries. If any inquiry, based on a preceding inquiry in the present report form is, because of the answer rendered to such preceding inquiry, inapplicable to the person or corporation in whose behalf the report is made, such notation as "Not applicable; see page _____ schedule (or line) number _____" should be used in answer thereto, giving precise reference to the portion of the report showing the facts which make the inquiry inapplicable. Where the word "none" truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of an inquiry. Where dates are called for, the month and day should be stated as well as the year. Customary abbreviations may be used in stating dates.

3. Every annual report should, in all particulars, be complete in itself, and references to the returns of former years should not be made to take the place of required entries except as herein otherwise specifically directed or authorized.

4. If it be necessary or desirable to insert additional statements, typewritten or other, in a report, they should be legibly made on durable paper and, wherever practicable, on sheets not larger than a page of the Form. Inserted sheets should be securely attached, preferably at the inner margin; attachment by pins or clips is insufficient.

5. All entries should be made in a permanent black ink. Those of a contrary character should be indicated in parenthesis.

6. Money items, except averages, throughout the annual report form should be shown in thousands of dollars adjusted to accord with footings. Totals for amounts reported in subsidiary accounts included in supporting schedules must be in agreement with related primary accounts. For purposes of rounding, amounts of \$500 but less than \$1,000 should be raised to the nearest thousand dollars, and amounts of less than \$500 should be lowered.

7. Railroad corporations, mainly distinguished as operating companies and lessor companies, are for the purpose of report to the Interstate Commerce Commission divided into classes. An operating company is one whose officers direct the business of transportation and whose books contain operating as well as financial accounts;

and, a lessor company, the property of which being leased to and operated by another company, is one that maintains a separate legal existence and keeps financial but not operating accounts. In making reports, lessor companies use Annual Report Form R-4.

Operating companies (including switching and terminal) are broadly classified, with respect to their operating revenues, according to the following general definitions:

Class I companies are those having annual operating revenues of \$10,000,000 or more. For this class, Annual Report Form R-1 is provided.

Class II companies are those having annual operating revenues below \$10,000,000. For this class, Annual Report Form R-2 is provided.

In applying this classification to any switching or terminal company which is operated as a joint facility of owning or tenant railroads, the sum of the annual railway operating revenues, the joint facility rent income, and the returns to joint facility credit accounts in operating expenses, shall be used in determining its class.

Switching and terminal companies are further classified as:

Class S1. Exclusively switching. This class of companies includes all those performing switching service only, whether for joint account or for revenue.

Class S2. Exclusively terminal. This class of companies includes all companies furnishing terminal trackage or terminal facilities only, such as union passenger or freight stations, stockyards, etc., for which a charge is made, whether operated for joint account or for revenue. In case a bridge or ferry is a part of the facilities operated by a terminal company, it should be included under this heading.

Class S3. Both switching and terminal. Companies which perform both a switching and a terminal service. This class of companies includes all companies whose operations cover both switching and terminal service, as defined above.

Class S4. Bridge and ferry. This class of companies is confined to those whose operations are limited to bridges and ferries exclusively.

Class S5. Mixed. Companies performing primarily a switching or a terminal service, but which also conduct a regular freight or passenger traffic. The revenues of this class of companies include, in addition to switching or terminal revenues, those derived from local passenger service, local freight service, participation in through movement of freight or passenger traffic, other transportation operations, and operations other than transportation.

8. Except where the context clearly indicates some other meaning, the following terms when used in this Form have the meanings below stated:

Commission means the Interstate Commerce Commission. Respondent means the person or corporation in whose behalf the report is made. This year means the year ended December 31 for which the report is made. The close of the year means the close of business on December 31 of the year for which the report is made; or, in case the report is made for a shorter period than one year, it means the close of the period covered by the report. The beginning of the year means the beginning of business on January 1 of the year for which the report is made; or, in case the report is made for a shorter period than one year, it means the beginning of the period covered by the report. The preceding year means the year ended December 31 of the year next preceding the year for which the report is made. The Uniform System of Accounts for Railroad Companies means the system of accounts in Part 1201 of Title 49, Code of Federal Regulations, as amended.

9. All companies using this Form should complete all schedules, with the following exceptions, which should severally be completed by the companies to which they are applicable:

Schedules restricted to Switching and Terminal Companies		Schedules restricted to other than Switching and Terminal Companies

100. SCHEDULES OMITTED BY RESPONDENT

1. The respondent, at it's option, may omit pages from this report provided there is nothing to report or the schedules are not applicable.
2. Show below the pages excluded and indicate the schedule number

- and title in the space provided below.
3. If no schedules were omitted indicate "NONE".

Page	Schedule No.	Title
		None

101. IDENTITY OF RESPONDENT

Answers to the questions asked should be made in full, without reference to data returned on the corresponding page of previous reports. In case any changes of the nature referred to under inquiry 4 or 5 on this page have taken place during the year covered by this report, they should be explained in detail on page 101.

1. Give in full the exact name of the respondent. Use the words "The" and "Company" only when they are parts of the corporate name. Be careful to distinguish between *railroad* and *railway*. The corporate name should be given uniformly throughout the report, notably on the cover, on the title page, and in the "Verification" (p. 134). If the report is made by receivers, trustees, a committee of bondholders, or individuals otherwise in possession of the property, state names and facts with precision.

2. If incorporated under a special charter, give date of passage of the act; if under a general law, give date of filing certificate of organization; if a reorganization has been effected, give date of reorganization. If a receivership or other trust, give also date when such receivership or

other possession began. If a partnership, give date of formation and also names in full of present partners.

3. Give specific reference to laws of each State or Territory under which organized, citing chapter and section. Include all grants of corporate powers by the United States, or by Canada or other foreign country; also, all amendments to charter.

4. Give specific reference to special or general laws under which each consolidation or merger or combination of other form was effected, citing chapter and section. Specify Government, State, or Territory under the laws of which each company consolidated or merged or otherwise combined into the present company was organized; give reference to the charters of each and to all amendments of them.

5. State the occasion for the reorganization, whether by reason of foreclosure of mortgage or otherwise, according to the fact. Give date of organization of original corporation and refer to laws under which organized.

1. Exact name of common carrier making this report Norfolk Southern Railway Company

2. Date of incorporation March 11, 1895 (NC) April 23, 1951 (Va.)

3. Under laws of what Government, State, or Territory organized? If more than one, name all. Give specific reference to each charter or statute and all amendments thereof, effected during the year. If previously effected, show the year(s) of the report(s) setting forth details. If in bankruptcy, give court of jurisdiction and dates of beginning of receivership or trusteeship and of appointment of receivers or trustees

North Carolina and Virginia. Amended and Restated Articles of Incorporation effective January 1, 1974.

4. If the respondent was formed as the result of a consolidation or merger during the year, name all constituent and all merged companies

No change

5. If respondent was reorganized during the year, give name of original corporation and state the occasion for the reorganization

No change

6. State whether or not the respondent during the year conducted any part of its business under a name or names other than that shown in response to inquiry No. 1, above; if so, give full particulars

Not applicable

7. Class of switching and terminal company

(See section Hu. 7 on inside of front cover)

Not applicable

102. DIRECTORS

1. Give particulars of the various directors and officers of the respondent at the close of the year.
 2. State in column (e) of schedule No. 102 and column (d) of schedule No. 103, the number of voting shares of the respondent, other than directors' qualifying shares, that were beneficially owned, directly or indirectly, by each director or principal general officer at the close of the year. This includes shares owned of record, shares owned through holding companies, trusts or other mediums, and shares owned but held in the names of brokers or other nominees. Insert the word "None" where applicable.

3. In schedule No. 103 give the title, name, and address of the principal general officers having system jurisdiction by departments, as follows: Executive, Legal, Fiscal and Accounting, Purchasing, Operating, and Traffic. If there are receivers, trustees, or committees, who are recognized as in the controlling management of the road or of some department of it, give also their names and titles, and the location of their offices, separately grouped and identified.
 4. If the duties of an officer extend to more than one department, or if his duties are not in accordance with the customary acceptance of his given title, state briefly the facts in a footnote.

200. COMPARATIVE GENERAL BALANCE SHEET-EXPLANATORY NOTES

The notes listed below are provided for the purpose of disclosing supplementary information concerning matters which have an important effect on the financial condition of the carrier. The carrier shall give the particulars called for herein and where there is nothing to report, insert the word "none"; and in addition thereto shall enter in separate notes with suitable particulars other matters involving material amounts of the character commonly disclosed in financial statements under generally accepted accounting and reporting principles, except as shown in other schedules. This includes explanatory statements

explaining (1) service interruption insurance policies and indicate the amount of indemnity to which respondent will be entitled for work stoppage losses and the maximum amount of additional premium respondent may be obligated to pay in the event such losses are sustained by other railroads; (2) particulars concerning obligations for stock purchase options granted to officers and employees; and (3) what entries have been made for net income or retained income restricted under provisions of mortgages and other arrangements. (Dollars in thousands)

1. Show hereunder the estimated accumulated tax reductions realized during current and prior years under Section 168 (formerly Section 124-A) and under Section 167 of the Internal Revenue Code because of accelerated amortization of emergency facilities and accelerated depreciation of other facilities and also depreciation deductions resulting from the use of the new guideline lives, since December 31, 1961, pursuant to Revenue Procedure 62-21 in excess of recorded depreciation. The amount to be shown in each case is the net accumulated reductions in taxes realized less subsequent increases in taxes due to expired or lower allowances for amortization or depreciation as a consequence of accelerated allowances in earlier years. Also, show the estimated accumulated net income tax reduction realized since December 31, 1961, because of the investment tax credit authorized in the Revenue Act of 1962. In the event provision has been made in the accounts through appropriations of surplus or otherwise for the contingency of increase in future tax payments, the amounts thereof and the accounting performed should be shown.

(a) Estimated accumulated net reduction in Federal income taxes since December 31, 1969, because of accelerated amortization of emergency facilities in excess of recorded depreciation under Section 168 (formerly Section 124-A) of the Internal Revenue Code \$ None

(b) Estimated accumulated savings in Federal income taxes resulting from computing book depreciation under Commission rules and computing tax depreciation using the items listed below \$ 520

—Accelerated depreciation since December 31, 1953, under Section 167 of the Internal Revenue Code.

—Guideline lives since December 31, 1961, pursuant to Revenue Procedure 62-21.

—Guideline lives under Class Life System (Asset Depreciation Range) since December 31, 1970, as provided in the Revenue Act of 1971.

(c)(i) Estimated accumulated net income tax reduction utilized since December 31, 1961, because of the investment tax credit authorized in the Revenue Act of 1962, as amended \$ 1,894

(ii) If carrier elected, as provided in the Revenue Act of 1971, to account for the investment tax credit under the deferral method, indicate the total deferred investment tax credit in account 786, Accumulated deferred income tax credits, at beginning of year \$ None

Add investment tax credits applied to reduction of current year's tax liability but deferred for accounting purposes \$ None

Deduct deferred portion of prior year's investment tax credit used to reduce current year's tax accrual \$ (None)

Other adjustments (indicate nature such as recapture on early disposition) \$ None

(iii) Show the amount of investment tax credit carryover at year end \$ None

(d) Estimated accumulated net reduction in Federal income taxes because of accelerated amortization of certain rolling stock since December 31, 1969, under provisions of Section 184 of the Internal Revenue Code \$ None

(e) Estimated accumulated net reduction in Federal income taxes because of amortization of certain rights-of-way investments since December 31, 1969, under the provisions of Section 185 of the Internal Revenue Code \$ 60

NOTES AND REMARKS

300. INCOME ACCOUNT FOR THE YEAR

1. Give the Income Account of the respondent for the year in accordance with the rules prescribed in the Uniform System of Accounts for Railroad Companies.

2. In column (a) show against the appropriate account the amount of income that is offset by deductions in other income accounts of respondent so far as they relate to companies the operations of which are covered by this operating report, the amount of such deductions or dispositions to be also shown against appropriate accounts. For example, road (A) operates road (B) under

lease for a rental of \$1,000,000, but road (A) owns 50 percent of the stock of road (B) on which it receives \$250,000 in dividends. The entries in column (d) should be: Account No. 513, "Dividend income," \$250,000; Account No. 542, "Rent for leased roads and equipment," \$250,000. Again, if road (C) has issued its own securities to acquire a part or all of the securities of road (D), a separately operated carrier, no entries should be made in column (a) by road (C) even though dividends or interest be received on such securities held by road (C). But if road (D) is a

INCOME ACCOUNT FOR THE YEAR—EXPLANATORY NOTES

The space below is provided for the purpose of disclosing additional information concerning items of income for the current year. Each carrier shall give the particulars of items herein. Enter in separate notes with suitable explanation, amounts included in income accounts in connection with any unusual and material accrual or changeover in accounting practice, and other matters of the character commonly disclosed in financial statements under generally accepted accounting and reporting principles. Minor items which have no consequential effect on net income for the

year need not be reported. If carrier has nothing to report, insert the word "None". The tax consequences of use of accelerated depreciation and tax guideline service lives, the investment tax credit, as well as other unusual and significant tax items and matters, are to be disclosed in Schedule 350, under Section C pertaining to analysis of Federal income taxes. The explanation of items included in accounts 570, "Extraordinary items"; and 590, "Income taxes on extraordinary items" are to be disclosed in Schedule 396, page 94.

305. RETAINED INCOME - UNAPPROPRIATED

1. Show hereunder the items of the Retained Income Accounts of the respondent for the year, classified in accordance with the Uniform System of Accounts for Railroad Companies.

2. All contra entries hereunder should be indicated in parentheses.

3. Indicate under "Remarks" the amount of assigned Federal income tax consequences, accounts 606 and 616.

4. Segregate in column (c) all amounts applicable to the equity in un-

distributed earnings (losses) of affiliated companies based on the equity method of accounting.

5. Line 3 (line 7 if debit balance), column (c), should agree with line 35, column (b), schedule 300. The total of columns (b) and (c), lines 3 and 7, should agree with line 63, column (b), schedule 300.

6. Include in column (b) only amounts applicable to retained income exclusive of any amounts included in column (c). (Dollars in Thousands)

309-STATEMENT OF CHANGES IN FINANCIAL POSITION

Give the information as requested concerning the source and application of funds during the year. Funds for the purpose of this schedule shall include all assets or financial resources even though a transaction may not directly affect cash or working capital. For example, the purchase of property in exchange for shares of stock or bonds would be an application of funds for investment in property provided by the issue of securities. Sources and uses of funds should be individually disclosed. For example, outlays for fixed assets should not be reported net of retirements.

Use reference columns (a), (b) and (c) as a guide in presenting and computing the requested information as follows:

Column Reference
(a) Schedules in this report where disclosure may be found.
(b) Applicable line number in reference schedule.
(c) Applicable column(s) in reference schedule.

When two or more line numbers of columns appear in reference columns, add or subtract the amounts as indicated. For example, the notation "(a)" - "(b)" in reference column (c) means to subtract the amount in column (b) from the amount in column (a).

Give brief description for each item or class of items of like description in accounts Nos. 702, "Temporary cash investments"; 704, "Loans and notes receivable"; 709, "Accrued accounts receivable"; 711, "Prepayments"; and 713, "Other current assets," at the close of the year. Show description of the temporary cash investments, the names of depositaries for the special deposits, the character of loans and notes, with name of debtor (or class of debtors), dates of issue and maturity, and appropriate description for each class of accrued accounts receivable and for the other current

assets. Show the three largest items in each account regardless of the dollar amount, and all other items (or the aggregate of a class of items of like description, amounting to less than \$250,000 many be combined into a single entry designated "Other items, each less than \$250,000". The entries for each account shall be listed and the account number and the total for each account shall be shown corresponding to the amounts in schedule 200. In case the character of any item is not fully disclosed by the entries in the columns hereunder, make a full explanation in a footnote.

Schedule 202.-COMPENSATING BALANCES AND SHORT-TERM BORROWING ARRANGEMENTS

Using the following notes as a guideline, show the requirements of compensating balances and short-term borrowing arrangements if operating revenues are \$10 million or more. Footnote disclosure is required even though the arrangement is not reduced to writing.

1. Disclose compensating balances not legally restricted, lines of credit used and unused, average interest rate of short-term borrowings outstanding at balance sheet date, maximum amount of outstanding borrowings during the period and the weighted average rate of those borrowings.
2. Time deposits and certificates of deposit constituting compensating balances not legally restricted should be disclosed.
3. Compensating balance arrangements need only be disclosed for the latest fiscal year.
4. Compensating balances under an agreement which legally restricts the use of such funds, and which constitute support for short-term borrowing arrangements, should be included in Schedule 203, account 703, Special deposits.
5. Compensating balances under an agreement which legally restricts the use of such funds and which constitute support for long-term borrowing arrangements and are reported in account 717, Insurance and other funds, should also be separately disclosed below.
6. Compensating balance arrangements are sufficiently material to require disclosure in footnotes when the aggregate of written and oral agreement balances amount to 15 percent or more of liquid assets (current cash balances, restricted and unrestricted plus marketable securities).
7. When a carrier is not in compliance with a compensating balance requirement, that fact should be disclosed along with stated and possible sanctions whenever such possible sanctions may be immediate (not vague or unpredictable) and material.

None

Schedule 203.—SPECIAL DEPOSITS

For other than compensating balances, state separately each item of \$250,000 or more reflected in account 703, Special deposits, at the close of the year. Items of less than \$250,000 may be combined in a single entry and described as "Minor items less than \$250,000". For compensating balances, state separately the total amounts held on behalf of respondent and held on behalf of others.

204. SINKING, CAPITAL, INSURANCE, AND OTHER RESERVE FUNDS

Give the particulars called for with respect to reserve funds included in accounts Nos. 715, "Sinking funds"; 716, "Capital and other reserve funds"; and 717, "Insurance and other funds."

Except for deposits held by trustees for proceeds from sale of mortgaged properties, unspent proceeds from sale of equipment obligations, or the value of cars destroyed pledged under equipment financing obligations, which may be reported in total for each category, the designation of the individual fund as carried in the respondent's records should be

entered in Column (b). The entry should indicate the kind of fund, such as sinking, capital, property insurance, pension or relief; the rate of interest, if any; and the date of maturity.

Show the three largest funds in each account, and funds earmarked incentive per diem, regardless of the dollar amount, and all other funds where the amount reportable in Columns (d), (e), (f) or (g) is \$250,000, or more. Each fund amounting to less than \$250,000 may be combined into a single entry designated "Other items, each less than \$250,000"

204. SINKING, CAPITAL, INSURANCE, AND OTHER RESERVE FUNDS—Concluded

Insert totals separately for each account. Such totals of columns (g) and (i) should be the same as those stated in short columns (a₁) and (a₂), respectively, in the comparative general balance sheet statement. Entries in column (g) should be the sums of corresponding entries in columns (d) and (e), less those shown in column (f), and the sum of entries in columns (h), (i), and (j) should equal those in column (g).

All conversions of cash into securities, or vice versa, shall be treated as withdrawals from the fund in column (f) and as additions to the fund in

column (e).

Funds representing net credit balances of earmarked incentive per diem should be reported separately for each year. The amount of income earned on these funds should be reported in footnote to this schedule.¹ Wholly owned Canadian subsidiary lines should subdivide the earmarked funds between monies received from Canadian parent companies as a result of incentive charges and the carrier's own credit balances.

NOTES AND REMARKS

GENERAL INSTRUCTIONS CONCERNING RETURNS IN SCHEDULES 205 AND 206

1. Schedules 205 and 206 should give particulars of stocks, bonds, other secured obligations, unsecured notes, and investment advances of affiliated and nonaffiliated companies held by respondent at close of year specifically as investments including obligations of the United States, of a State or local government, or of an individual, so held; investments made, disposed of, or written down during the year; and dividends and interest credited to income. They should exclude securities issued or assumed by respondent. For definition of affiliated companies, see the rules governing account No. 721, "Investments in affiliated companies," in the Uniform System of Accounts for Railroad Companies.

2. These investments should be subdivided to show the book value pledged, unpledged, and held in fund accounts. Under "pledged" include the book value of securities recorded in accounts Nos. 721, "Investments in affiliated companies," and 722 "Other investments," which are deposited with some pledgee or other trustee, or held subject to the lien of a chattel mortgage, or subject to any other restriction or condition which makes them unavailable for general corporate purposes. "Unpledged" should include all securities held by or for the respondent free from any lien or restriction, recorded in the accounts mentioned above. Under "In sinking, insurance, and other funds" include the book value of securities recorded in accounts Nos. 715, "Sinking funds"; 716, "Capital and other reserve funds"; and 717, "Insurance and other funds."

3. List the investments in the following order and show a total for each group and each class of investments by accounts in numerical order:

(A) Stocks:

- (1) Carriers—active.
- (2) Carriers—inactive.
- (3) Noncarriers—active.
- (4) Noncarriers—inactive.

(B) Bonds (including U. S. Government Bonds):

(C) Other secured obligations:

(D) Unsecured notes:

(E) Investment advances:

4. The subclassification of classes (B), (C), (D), and (E) should be the same as that provided for class (A).

5. The kinds of industry represented by respondent's investments in the securities of other companies should be shown by symbol opposite the names of the issuing corporations, the symbols and industrial classifications to be as follows:

Symbol	Kind of industry
I	Agriculture, forestry, and fisheries.
II	Mining.
III	Construction.
IV	Manufacturing.
V	Wholesale and retail trade.
VI	Finance, insurance, and real estate.
VII	Transportation, communications, and other public utilities.
VIII	Services.
IX	Government.
X	All other.

6. By carriers, as the term is here used, is meant companies owning or operating railroads, facilities auxiliary thereto such as bridges, ferries, union depots, and other terminal facilities, sleeping cars, parlor cars, dining cars, freight cars, express service and facilities, electric railways, highway motor vehicles, steamboats and other marine transportation equipment, pipe lines (other than those for transportation of water), and other instrumentalities devoted to the transportation of persons or property for hire. Telegraph and telephone companies are not meant to be included.

7. Noncarrier companies should, for the purposes of these schedules, include telephone companies, telegraph companies, mining companies, manufacturing companies, hotel companies, etc. Purely "holding companies" are to be classed as noncarrier companies, even though the securities held by such companies are largely or entirely those issued or assumed by carriers.

8. By an active corporation is meant one which maintains an organization for operating property or administering its financial affairs. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

9. Any balance in account 723, Reserve for adjustment of investment in securities - Credit, shall be disclosed by footnote to the securities against which such reserves were established.

10. Show dollars in thousands.

NOTES AND REMARKS

205. INVESTMENTS IN AFFILIATED COMPANIES

1. Give particulars of investments in stocks, bonds, other secured obligations, unsecured notes, and investment advances of companies affiliated with respondent, included in accounts Nos. 715, "Sinking funds"; 716, "Capital and other reserve funds"; 721, "Investments in affiliated companies"; and 717, "Insurance and other funds."

2. Entries in this schedule should be made in accordance with the definitions and general instructions given on page 27, classifying the investments by means of letters, figures, and symbols in columns (a), (b), and (c).

3. Indicate by means of an arbitrary mark in column (d) the obligation in support of which any security is pledged, mortgaged, or otherwise

encumbered, giving names and other important particulars of such obligations in footnotes.

4. Give totals for each class and for each subclass and a grand total for each account.

5. Entries in column (d) should show date of maturity of bonds and other evidences of indebtedness. In case obligations of the same designation mature serially, the date in column (d) may be reported as "Serially 19 ____ to 19 ____." In making entries in this column, abbreviations in common use in standard financial publications may be used where necessary on account of limited space.

In case any company listed is controlled other than through actual ownership of securities, give particulars in a footnote. In cases of joint control, give names of other parties and particulars of control.

7. If any advances reported are pledged, give particulars in a footnote.

8. Particulars of investments made, disposed of, or written down during the year should be given in columns (j) to (h) inclusive. If the cost of any investment made during the year differs from the book value report-

ed in column (j), explain the matter in a footnote. By "cost" is meant the consideration given minus accrued interest or dividends included therein. If the consideration given or received for such investments was other than cash, describe the transaction in a footnote. Identify all entries in column (k), which represent a reduction in the book value of securities by symbol and give full explanation in a footnote in each case.

9. This schedule should not include securities issued or assumed by respondent. (Dollars in Thousands)

206. OTHER INVESTMENTS

1. Give particulars of investments in stocks, bonds, other secured obligations, unsecured notes, and investment advances of others than affiliated companies, included in accounts Nos. 715, "Sinking funds"; 716, "Capital and other reserve funds"; 722, "Other investments"; and 717, "Insurance and other funds." Investments included in accounts Nos. 715, 716 and 717 held by trustees in lieu of cash deposits required under the governing instrument are not to be reported.

2. Entries in this schedule should be made in accordance with the definitions and general instructions given on page 27, classifying the investments by means of letters, figures, and symbols in columns (a), (b), and

(c). Investment in U. S. Treasury obligations may be reported as one item.

3. Indicate by means of an arbitrary mark in column (d) the obligation in support of which any security is pledged, mortgage, or otherwise encumbered, giving names and other important particulars of such obligations in footnotes.

4. Give totals for each class and for each subclass and a grand total for each account.

5. Entries in column (d) should show date of maturity of bonds and other evidences of indebtedness. In case obligations of the same designa-

tion mature serially, the date in column (d) may be reported as "Serially 19 ____ to 19 ____." In making entries in this column, abbreviations in common use in standard financial publications may be used where necessary on account of limited space.

6. If any advances reported are pledged, give particulars in a footnote.

7. Particulars of investments made, disposed of, or written down during the year should be given in columns (i) and (k). If the cost of any investment made during the year differs from the book value reported in

column (i), explain the matter in a footnote. By "cost" is meant the consideration given minus accrued interest or dividends included therein. If the consideration given or received for such investments was other than cash, describe the transaction in the footnote. Identify all entries in column (j) which represent a reduction in the book value of securities by symbol and give full explanation in a footnote in each case.

INSTRUCTIONS CONCERNING RETURNS TO BE MADE IN SCHEDULE 211 ON PAGES 38 and 39

1. Give particulars of balances at the beginning and close of the year and of all changes during the year in account No. 731, "Road and Equipment Property," and account No. 732, "Improvements on Leased Property," classified by primary accounts in accordance with the Uniform System of Accounts for Railroad Companies. The balances, by primary accounts, should, insofar as known, be stated in column (b) and all changes made during the year should be analyzed in columns (c) to (h), inclusive. Column (j) is the aggregate of columns (b) to (h), inclusive. Grand totals of columns (b) and (j) should equal the sum of accounts 731 and 732 for the respective periods; if not, full explanation should be made in a footnote.

2. In column (c) are to be shown disbursements made for the specific purpose of purchasing, constructing, and equipping new lines, and for the extension of old lines, as provided for in Instruction 2-1, "Items to be charged," of the Uniform System of Accounts for Railroad Companies, for such items.

3. In column (d) is to be shown the cost of a railway or portion thereof, acquired as an operating entity or system by purchase, merger, consolidation, reorganization, receivership sale or transfer, or otherwise.

4. In columns (e) and (f), should be included all entries covering expenditures for additions and betterments, as defined, whether replacing other property or not.

5. In column (f) show particulars for improvements made on property held under lease or other form of long-term contract and not charged to the owning company.

6. In columns (g) and (h) should be entered all credits representing property sold, abandoned, or otherwise retired.

7. Both the debit and credit involved in each transfer, adjustment, or clearance, between road and equipment accounts, should be included in the column in which the item was initially included; also the transfer of

prior years' debits or credits from investment in road and equipment to operating expenses or other accounts, or vice versa, should be included in the column applicable to current items of like nature. Each such transfer, adjustment, or clearance should be fully explained when in excess of \$100,000.

8. If during the year an individual charge of \$100,000 or more was made to account No. 2, "Land for transportation purposes," state in a footnote the cost, location, area, and other details which will identify the property.

9. Report on line 35 amounts not includible in the primary road accounts. The items reported should be briefly identified and explained under "Notes and Remarks," below. Amounts should be reported on this line only under special circumstances, usually after permission is obtained from the Commission for exceptions to prescribed accounting. Reference to such authority should be made when explaining the amounts reported. Respondents must not make arbitrary changes to the printed stub or column headings without specific authority from the Commission.

10. If during the year a segment of transportation property was acquired, state in a footnote the name of the vendor, the mileage acquired, and the date of acquisition, giving termini and the cost of the property to the respondent. Also furnish a statement of the amount included in each primary account representing such property acquired, referring to the column or columns in which the entries appear.

11. If an amount of less than \$1,500 is used as the minimum debit or credit for additions and betterments to property investment accounts as provided for in Instruction 2-2, of the Uniform System of Accounts for Railroad Companies, state in a footnote the amount used.

12. Show dollars in thousands.

NOTES AND REMARKS

211A. OTHER ELEMENTS OF INVESTMENT

1. Give particulars and explanation of all entries in account No. 80, "Other elements of investment," during the year.

2. In column (b) show the account number to which the entries in column (c) were credited and the account number to which the entries in

column (d) were charged. If more than one contra account is involved in an item, the amount applicable to each account and total for the item should be shown.

211B. DEPRECIATION BASE AND RATES—ROAD AND EQUIPMENT OWNED AND USED AND LEASED FROM OTHERS

1. Show in columns (b) and (e), for each primary account, the depreciation base used in computing the depreciation charges for the month of January and in columns (c) and (f) show the depreciation base used in computing the depreciation charges for the month of December; in columns (d) and (g) show the composite rates used in computing the depreciation charges for the month of December, and on lines 29 and 37 of these columns show the composite percentage for all road and equipment accounts, respectively, ascertained by applying the primary account composite rates to the depreciation base used in computing the charges for December and dividing the total so computed by the total depreciation base for the same month. The depreciation base should not include the cost of equipment, used but not owned, when the rents therefor are included in the rent for equipment accounts Nos. 536 to 540, inclusive. It should include the cost of equipment owned and leased to others when the rents therefrom are included in the rent for equipment accounts Nos. 503 to 507, inclusive. The composite rates used should be those prescribed or otherwise authorized by the Commission, except that where the use of component rates has been authorized, the composite rates to

be shown for the respective primary accounts should be recomputed from the December charges developed by the use of the authorized rates. If any changes in rates were effective during the year, give full particulars in a footnote.

2. All leased properties may be combined and one composite rate computed for each primary account, or a separate schedule may be included for each such property.

3. Show in columns (e), (f), and (g), data applicable to property, used but not owned, when the rent therefor is included in account 542.

4. If the depreciation base for accounts 1, 2-1/2, 3, 5, and 39 includes nondepreciable property, a statement to that effect should be made in a footnote.

5. If depreciation accruals have been discontinued for any account, the depreciation base should be reported, nevertheless, in support of depreciation reserves. Authority for the discontinuance of accruals should be shown in a footnote indicating the account(s) effected.

211B-1 DEPRECIATION BASE AND RATES—IMPROVEMENTS TO ROAD AND EQUIPMENT LEASED FROM OTHERS

1. Show in column (b) for each primary account, the depreciation base used in computing the depreciation charges for the month of January and in column (c) show the depreciation base used in computing the depreciation charges for the month of December; in column (d) show the composite rates used in computing the depreciation charges for the month of December, and on lines 28 and 36 of these columns show the composite percentage for all road and equipment accounts, respectively, ascertained by applying the primary account composite rates to the depreciation base used in computing the charges for December and dividing the total so computed by the total depreciation base for the same month. This schedule should include only improvements to leased property charged to account 732, Improvements to Leased Property. The composite rates used should be those prescribed or otherwise authorized by the Commission, except that where the use of component rates has been authorized, the

composite rates to be shown for the respective primary accounts should be recomputed from the December charges developed by the use of the authorized rates. If any changes in rates were effective during the year, give full particulars in a footnote.

2. All improvements to leased properties may be combined and one composite rate computed for each primary account or a separate schedule may be included for each such property.

3. If the depreciation base for accounts 1, 2-1/2, 3, 5, and 39 includes nondepreciable property, a statement to that effect should be made in a footnote.

4. If depreciation accruals have been discontinued for any account, the depreciation base should be reported, nevertheless, in support of depreciation reserves. Authority for the discontinuance of accruals should be shown in a footnote indicating the account(s) affected.

211C. DEPRECIATION BASE AND RATES—ROAD AND EQUIPMENT LEASED TO OTHERS

1. This schedule is to be used in cases where the related depreciation reserve is carried in the accounts of the respondent and the rent therefrom is included in account No. 509.

2. Show in columns (b) and (c), for each primary account, the depreciation base used in computing the depreciation for the months of January and December, respectively, with respect to road and equipment owned by the respondent but leased to others, the depreciation charges for which are not includible in operating expenses of the respondent, but for which the depreciation reserve is recorded in the accounts of the respondent. If the base for road is other than the original cost or estimated original cost as found by the Commission's Bureau of Accounts, brought to a current date by the respondent from its Order No. 3 records and accounts, or is other than ledger value for equipment, a full explanation should be given.

3. In column (d) show the composite rates used in computing the depreciation for the month of December and on lines 28 and 36 of this column show the composite percentage for all road and equipment accounts, respectively, ascertained by applying the primary accounts composite rates to the depreciation base used in computing the depreciation for December and dividing the total so computed by the depreciation base.

4. If the depreciation base for accounts 1, 2-1/2, 3, 5, and 39 includes nondepreciable property, a statement to that effect should be made in a footnote.

5. If depreciation accruals have been discontinued for any account, the depreciation base should be reported, nevertheless, in support of depreciation reserves. Authority for the discontinuance of accruals should be shown in a footnote indicating the account (s) affected.

211D. DEPRECIATION RESERVE—ROAD AND EQUIPMENT OWNED AND USED

1. Give the particulars called for hereunder with respect to credits and debits to account No. 735, "Accrued depreciation—Road and Equipment," during the year relating to road and equipment owned and used. This schedule should not include any entries for depreciation of equipment, used but not owned, when the rents therefor are included in the rent for equipment accounts Nos. 536 to 540, inclusive. It should include entries for depreciation of equipment owned but not used when the rents therefrom are included in the rent for equipment accounts Nos. 503 to 507, inclusive. (See schedule 211F for the reserve relating to road and equipment owned but not used by the respondent.) If any entries are

made for "Other credits" or "Other debits," state the facts occasioning such entries. A debit balance in column (b) or (g) for any primary account, should be shown in parenthesis or designated "Dr."

2. If there is any inconsistency between the credits to the reserve as shown in column (c) and the charges to operating expenses, a full explanation should be given.

3. All credits or debits to the reserve representing amortization other than for defense projects, if a general amortization program has been authorized, should be entered on line 28.

NOTES AND REMARKS

2111. UNIT COST OF EQUIPMENT INSTALLED DURING THE YEAR

1. Give particulars as requested, separately, for the various classes of new units and rebuilt units of equipment installed by respondent during the year. If information regarding the cost of any units installed is not complete at time of filing of report, the units should be omitted, but reference to the number of units omitted should be given in a footnote, the details as to cost to be given in the report of the following year. The cost of units under construction at the close of the year should not be reflected in this schedule even though part of the cost appears in the property account for the year. Indicate in column (e) whether an installation represents equipment purchased, (P); built or rebuilt by contract in outside railroad shops, (C); or built or rebuilt in company or system shops, (S).

2. In column (a) list each class or type of locomotive unit, car, or TOFC/COFC equipment on a separate line. By class is meant the standard classification used to distinguish types of locomotive units, freight cars or other equipment, adopted by the Association of American Railroads; and should include physical characteristics requested by Schedule 417: locomotive units should be identified as to power source, wheel arrangement, and horsepower per unit; such as Multiple purpose diesel locomotive A units (B-B), 2500 HP; and cars should be identified as to

special construction or service characteristics such as Aluminum covered hopper cars, LO; Steel boxcars—special service, XAP, etc.; for TOFC/COFC show type of equipment as enumerated in Schedule 417, lines 74-84 and type of construction.

3. In column (c) show the total weight in tons of 2,000 pounds. The weight of the equipment acquired should be the weight empty.

4. The cost should be the complete cost as entered on the ledger, including foreign line freight charges and handling charges.

5. Data for this schedule should be confined to the units reportable in columns (c), (e), (p), and (r) of schedule 417, showing returns for new units in the upper section of this schedule and showing returns for rebuilt units acquired and rebuilt units rewritten into respondent's property investment account in the lower section. The term "new" as used herein shall refer to and mean a unit or units placed in service for the first time on any railroad.

6. All unequipped box cars acquired in whole or in part with incentive per diem funds should be reported on separate lines and appropriately identified by footnote or sub-heading.

211N-1 INVESTMENT IN RAILWAY PROPERTY USED IN TRANSPORTATION SERVICE (SEE INSTRUCTION 2)

1. Give particulars, as requested, of the investment in transportation property at the close of the year, as related to "Net railway operating income," of the respondent for the year.

2. The term "Investment in railway property used in transportation service" means the aggregate of property owned, and property not owned but used by the respondent, in transportation service, (a) the investment in which is represented in accounts 731 and 732 of the respondent, including operating, lessor, and inactive railroads, (b) road and equipment property leased to or from others, the rentals of which are included in accounts 509 and 542, (c) equipment owned or leased, the lease-rental from which is included in accounts 303 to 507, inclusive, of the respondent, minus (d) investment in property leased to others, the lease-rental from which is included in account 509. It does not include investment of others in equipment used by the respondent, rent for which is included in accounts 536 to 540, inclusive, nor does it include investment of other carriers in property jointly used by the respondent, such as trackage rights, rent for which is included in account 541 of the respondent. In column (a), classify each company in this schedule as respondent (R), lessor railroad (L), inactive or proprietary company (P), and other leased properties (O).

3. In columns (a) to (e), inclusive, first show the data requested for the respondent (R); next the data for companies whose entire properties are used in transportation service of the respondent, divided between lessor (L) and proprietary (P) companies; followed by data for carriers and others (O), portions of whose property are used in transportation service of

the respondent. Show a total for each class of company. Then show, as deductions, data for transportation property leased to carriers and others, rentals from which are included in account 509.

4. In column (c) line-haul carriers should report the miles of road used in line-haul service, and switching and terminal companies should report the miles of all tracks owned.

5. In column (d) show the amount applicable in accounts 731 and 732 on the books of the companies whose names appear in column (b). Values of property of other carriers segregated by estimate or otherwise should correspond in amount to the deductions made by the owners in their reports. If separate value is not available, explanation should be given. Differences between the amounts in column (d) of this schedule and the amounts shown in column (c), line 33, on the asset side of the comparative general balance sheet of each individual railway should be explained in a footnote. Book value included in accounts 731 and 732 of the owner should be reported in column (d) in reference to the investment of the respondent in the securities of the owner unless a good reason can be given for the contrary. Methods of estimating (by capitalizing rentals at 6 percent or otherwise) value of property of private owners, or portions of property of other carriers, should be explained.

6. In column (e) show the amount of depreciation and amortization accrued as of the close of the year in accounts 735, 736, and 785 that is applicable to the property of the carriers whose names are listed in column (b), regardless of where the reserves therefor are recorded.

211N-2. INVESTMENT IN RAILWAY PROPERTY USED IN TRANSPORTATION SERVICE—Continued

1. In columns (b) through (e) give, by primary accounts, the amount of investment at the close of the year in property of respondent and each group or class of companies and properties.
 2. The amounts for respondent and for each group or class of companies and properties on line 53 herein, should correspond with the amount for respondent and with the aggregate amounts for each class of company and properties shown in schedule 211N-1 on page 50. Continuing records shall be maintained by respondent of the primary property accounts separately for each company or property included in this schedule.
 3. Report on line 35 amounts representing capitalization of rentals for leased property based on 6 percent per year where property is not classified by accounts by non-carrier owners, or where cost of property leased from other carrier is not ascertainable. Identify non-carrier owners, and briefly explain methods of estimating value of property of non-carriers or property of other carriers under "Notes and Remarks," page 48.
 4. Report on line 36 amounts not includable in the accounts shown, or in line 35. The items reported should be briefly identified and explained under "Notes and Remarks," page 48. Amounts should be reported on this line only under special circumstances, usually after permission is obtained from the Commission for exceptions to prescribed accounting. Reference to such authority should be made when explaining the amounts reported. Respondents must not make arbitrary changes to the printed stub or column headings without specific authority from the Commission.
 5. Report dollars in thousands.

Schedule 212A.—RENTAL EXPENSE OF LESSEE

Changes Approved by GAO
B-180230 (R0415)

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Otherwise, show total rental expense (reduced by rentals from subleases) entering into the determination of results of operations for each period for which an income statement is presented. Rental payments under short-term leases for a month or less which are expected to be renewed need not be included. Contingent rentals, such as those based on usage or sales, shall be reported separately from the basic or minimum rentals.

6	Contingent rentals		
7	Sublease rentals	()	()
8	Total other leases	1,021	1,077
9	Total rental expense of lessee	1,021	1,077

NOTE: As used in schedules 212A through 212E, a "financing lease" is defined as a lease which, during the noncancellable lease period, either (a) covers 75% or more of the economic life of the property or (b) has terms which assure the lessor a full recovery of the fair market value (which would normally be represented by his investment) of the property at the inception of the lease plus a reasonable return on the use of the assets invested subject only to limited risk in the realization of the residual interest in the property and the credit risks generally associated with secured loans.

Schedule 212B.—MINIMUM RENTAL COMMITMENTS

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Show the minimum rental commitments under all noncancellable leases, as of the date of the latest balance sheet presented, in the aggregate (with disclosure of the amounts applicable to noncapitalized financing leases) for (a) each of the five succeeding fiscal years; (b) each of the next three five-year periods; and, (c) the remainder as a single amount. The amounts so determined should be reduced by rentals to be received from existing noncancellable subleases (with disclosure of the amounts of such rentals). For purposes of this rule, a noncancellable lease is defined as one that has an initial or remaining term of more than one year and is noncancellable, or is cancellable only upon the occurrence of some remote contingency or upon the payment of a substantial penalty.

* The rental commitments reported in Part A of this schedule have been reduced by these amounts.

Schedule 212C.—LESSEE DISCLOSURE

Complete this schedule only if carrier operating revenues are \$10 million or more.

Relate in general terms: (a) the basis for calculating rental payments if dependent upon factors other than the lapse of time; (b) existence and terms of renewal or purchase options, escalation clauses, etc.; (c) the nature and amount of related guarantees made or obligations assumed; (d) restrictions on paying dividends, incurring additional debt, further leasing, etc.; and, (e) any other information necessary to assess the effect of lease commitments upon the financial position, results of operations, and changes in financial position of the lessee.

Schedule 212D.—LEASE COMMITMENTS—PRESENT VALUE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if the present value of the minimum lease commitments are more than five percent of the sum of the long-term debt, stockholders' equity and the present value of the minimum lease commitments, or if the impact on net income (as computed in schedule 212E, Income impact—Lessee) is three percent or more of the average net income for the most recent three years.

Show all noncapitalized financing leases, the present value of the minimum lease commitments in the aggregate and by major categories of properties. Present values shall be computed by discounting net lease payments (after subtracting, if practicable, estimated, or actual amounts, if any, applicable to taxes, insurance, maintenance and other operating expenses) at the interest rate implicit in the terms of each lease at the time of entering into the lease.

Show either the weighted average interest rate (based on present value) and range of rates or specific interest rates for all lease commitments.

Schedule 212E.—INCOME IMPACT—LESSEE

Complete this schedule only if carrier operating revenues are \$10 million or more.

If the impact on net income is less than three percent of the average net income for the most recent three years, a statement to this effect will suffice to complete this schedule. Otherwise, show the impact on net income for each period for which an income statement is presented if all noncapitalized financing leases were capitalized, related assets were amortized on a straight-line basis and interest cost was accrued on the basis of the outstanding lease liability. The amounts of amortization and interest cost shall be separately identified.

In calculating average net income, loss-years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test.

NOTES AND REMARKS

214. MISCELLANEOUS PHYSICAL PROPERTY

1. Give particulars of all investments of the respondent in physical property, includible in account No. 737, "Miscellaneous physical property," together with the revenue, income, expenses, taxes, and depreciation data on such property, as requested.

2. Show in column (a) a description and location of the physical property, and, if operated, the kind of business in which engaged, stating whether the respondent's title is that of ownership or whether the property is held under lease or other incomplete title. All peculiarities of title should be explained. Each item of property investment amounting to \$1,000,000 or more should be separately stated and each item whose net profit or net loss for the year (as per column (i)), regardless of amount of investment) is \$50,000 or more should also be separately stated. All other

items may be combined in a single entry designated "All other items."

3. If any of the individual items of property shown in column (a) were acquired in consideration of stocks, or of bonds or other evidence of debt, or in exchange for other property, enter in column (e) only the amount at which carried in respondent's books and in a footnote give a full description of the consideration actually paid. Also if the actual money cost to respondent is different from that shown in column (e), give particulars in a footnote.

4. If any property investment includible in this schedule, amounting to \$250,000 or more, was disposed of during the year, give particulars in a footnote.

5. In section B include in column (f) the gross amount of revenue or income included in accounts 502 and 511, in column (g) the gross amount of expenses (including depreciation) charged to accounts 511 and 534, in column (h) the amount of taxes charged to accounts 535 and 544 for the year, and in column (i) the net profit or loss of columns (f) minus (g) and (h).

6. Any differences between the total of column (h) and the totals of accounts 535 and 544, and differences between the total of column (i) and the net total of accounts 502, 511, 534, 535, and 544, of such accounts in Schedule 300, "Income Account for the Year," should be explained in a footnote.

7. In section C give an analysis of account 738, "Accrued depreciation—Miscellaneous physical property," for each item shown in column (a). Show in column (n) the percentage or composite rate used by the respondent for computing the amount of depreciation credited to the account during the year. Any adjustments of importance included in columns (j) and (k) should be fully explained in a footnote.

8. The word "item" as herein used means a unit or composite of an investment in or operation of property such as a powerplant, a mine, an amusement park, etc., together with ancillary property or operations. (Dollars in thousands)

216. OTHER ASSETS AND DEFERRED CHARGES

Give description and particulars for each item or class of items of like description in accounts Nos. 741, "Other assets," and 743, "Other deferred charges," at the close of the year. Show debtor (or class of debtors) for deferred assets and appropriate description for items or class of items of deferred charges. Show the three largest items regardless of the dollar amount and all other items (or the aggregate of a class of items of like description) amounting to \$250,000 or more. Each item or class of items of like description amounting to less than \$250,000 may be com-

bined into a single entry designated "Other items, each less than \$250,000". The entries for each account shall be listed and the account number and the total for each account shall be shown corresponding to the amounts in Schedule 200. In case the character of any item is not fully disclosed by the entries in the columns hereunder, make a full explanation in a footnote.

INSTRUCTIONS CONCERNING RETURNS TO BE MADE IN SCHEDULE 218 ON PAGES 56, 57, 58 AND 59

Give particulars of the various issues of securities in accounts Nos. 765, "Funded debt unmatured," 768, "Debt in default," 767, "Receivers' and trustees' securities," 766, "Equipment obligations," and 764, "Equipment obligations and other debt due within 1 year," at the close of the year, together with interest accrued and interest paid during the year and total amount of matured interest in default. Include receipts outstanding for funded debt with their respective issues. List entries under captions of account numbers and titles, and insert total for each account.

In column (a) show the symbol and name, and account number of each bond or other obligation according to the following designations in the numerical order given, and give a total for each such numerical alphabetical and each numerical group and for each account:

(1) MORTGAGE BONDS:

- (a) With fixed interest.
- (b) With contingent interest.

(2) COLLATERAL TRUST BONDS:

- (a) With fixed interest.
- (b) With contingent interest.

(3) UNSECURED BONDS (Debentures):

- (a) With fixed interest.
- (b) With contingent interest.

(4) EQUIPMENT OBLIGATIONS:

- (a) Equipment securities (Corporation).
- (b) Equipment securities (Receivers' and Trustees').
- (c) Conditional or deferred payment contracts.

(5) MISCELLANEOUS OBLIGATIONS.

(6) RECEIVERS' AND TRUSTEES' SECURITIES (Other than equipment obligations).

(7) SHORT-TERM NOTES IN DEFAULT.

Columns (f), (g), (h), (i), and (j) are interded further to classify the obligations of the company and are to be answered "yes" or "no."

If an issue is a serial issue, the last date of maturity should be shown in column (c) preceded by the letter "S." If the payments required in the contracts for equipment obligations are unequal in amount (except for the last payment) or are to be made at irregular intervals, show a symbol against the entry made in column (c) opposite the name of such obligations and give particulars in a footnote.

If the issue is an income bond, the entry in column (d) should be the annual maximum rate of interest specified by the indenture. In column (k) show the approximate number of miles of road on which the mortgage is a direct first lien and in column (h) the approximate number of miles of road on which the mortgage is a direct junior lien. Do not consider any road or other property indirectly subject to either a first or junior lien through the pledge of collateral, leaseholds, or other contractual rights in making the returns required in columns (i), (j), (k), and (l).

In column (m) enter the amount of debt both nominally and actually issued up to the date of the report and not the amount authorized. In the event debt is assumed, column (m) should include the amount of debt issued by the original debtor.

No entries shall be made in this schedule with respect to issues of matured obligations nominally issued or nominally outstanding when no parts of such issues are actually outstanding.

For definitions of "nominally issued," "nominally outstanding," "actually issued," and "actually outstanding," see schedule 228.

Entries in columns (v) and (w) should include interest accrued on funded debt reacquired, matured during the year, even though no portion of the issue is outstanding at the close of the year.

In column (y) enter the total in account No. 781, "Interest in default," at the close of the year.

The grand totals of columns (n) and (r), when combined, should equal the sum of the amounts stated in short column (a₂) for accounts Nos. 764, 765, 766, 767, and 768 in schedule 200, "Comparative General Balance Sheet—Liabilities and Shareholders' Equity."

On page 59 give particulars of changes during the year in funded debt and other obligations. In column (z), state whether issued for construction of new properties, for additions and betterments, for purchase of railroad or other property, for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. Also, give the number and date of authorization by the public authority under whose control such issue was made, naming such authority. For nominally issued securities, show returns in columns (z) and (aa) only.

For each class of securities actually issued or assumed, the sum of the entries in columns (bb) and (cc), plus discounts or less premiums, such discounts or premiums to be shown in a footnote applicable to each issue, should equal the entry in column (aa). For definition of expense, reportable in column (cc), see Definition 10 in the Uniform System of Accounts for Railroad Companies.

Particulars concerning the reacquirement of securities that were actually outstanding should be reported on pages 58 and 59 columns (a), (dd), and (ee). Include those securities that have been called for payment during the year for which liability has been transferred to account No. 763, "Other current liabilities."

220. INTEREST ON INCOME BONDS

1. Give particulars concerning interest payable, accrued, paid, and accumulated and unpaid on the securities having contingent interest provisions classified as (1) Mortgage Bonds, (2) Collateral Trust Bonds, and (3) Unsecured Bonds (Debentures), in schedule 218, "Funded Debt and Other Obligations."

2. In columns (a), (b), and (c) state the name, amount, and nominal rate of interest shown in columns (a), (v), and (d), respectively, in schedule 218, for each security of the kind indicated. List the names of such securities in the same order as in schedule 218.

3. In column (d) show the amount of interest payable for the year at the nominal rate, if earned, on all of the bonds outstanding at the close of the year plus those retired during the year.

4. In column (e) show the amount of interest charged to the income account for the year.

5. In column (f) show the difference between columns (d) and (e).

6. In columns (h), (i), and (j) show the amounts of interest actually paid during the year, segregated in columns (h) and (i) between payments applicable to the current year's accruals, and those applicable to past accruals.

7. In column (k) enter the maximum accumulation of unpaid interest as provided for in the bonds.

8. In column (l) show the sum of unearned interest accumulated under the provisions of the security plus the earned interest unpaid at the close of the year.

9. In the second section of this schedule show the particulars of the several items on the same line and in the same order as in the first section.

Give description and particulars for each item or class of items of like description in accounts Nos. 751, "Loans and notes payable"; 759, "Accrued accounts payable"; and 763, "Other current liabilities," at the close of the year. Show character of loans and notes, with name of creditor (or class of creditors), dates of issue and maturity, and appropriate description for each class of accrued accounts payable and for the other current liabilities. Show (1) all items (or the aggregate of a class of items of like description) amounting to \$250,000, or more; however, if the carrier has no items amounting to \$250,000, or more, show the three largest individual items of \$100,000, or more.

Show (2) each other item or class of items of like description amounting to less than \$250,000, or \$100,000, as applicable, combined into a single entry designated "other items, each less than \$250,000, or \$100,000, as applicable." The entries for each account shall be listed and the account number and the total for each account shall be shown corresponding to the amounts in Schedule 200. In case the character of any item is not fully disclosed by the entries in the columns hereunder, make a full explanation in a footnote.

NOTES AND REMARKS

228. CAPITAL STOCK

Give particulars of the various issues of capital stock of the respondent, distinguishing separate issues of any general class, if different in any respect.

In the second section list particulars of the various issues on the same lines and in the same order as in the first section.

Identify the entries in columns (a) to (s), inclusive, in a manner which will indicate whether par value or the number of shares is shown.

In stating the date of an authorization the date of the latest assent or ratification necessary to its validity should be shown; e.g., in case an authorization is required to be ratified by stockholders after action by the board of directors, but is not required to be approved by any State or other governmental board or officer, give the date of approval by stockholders; if the assent of

a State railroad commission or other public board or officer is necessary, give the date of such assent, or if subsequent to such assent notice has to be filed with a secretary of state or other public officer and a tax or other fee has to be paid as a condition precedent to the validity of the issue, give the date of such payment. In case some condition precedent has to be complied with after the approval and ratification of the stockholders has been obtained, state, in a footnote, the particulars of such condition and of the respondent's compliance therewith.

For the purposes of this report, capital stock and other securities are considered to be *nominally issued* when certificates are signed and sealed and placed with the proper officer for sale and delivery or are pledged or otherwise placed in some special fund of the respondent. They are considered to be *actually is-*

sued when sold to a bona fide purchaser for a valuable consideration, and such purchaser holds them free from control by the respondent. All securities actually issued and not reacquired by or for the respondent are considered to be *actually outstanding*. If reacquired by or for the respondent under such circumstances as require them to be considered as held alive, and not canceled or retired, they are considered to be *nominally outstanding*.

Column (d) refers to the initial preference dividend payable before any common dividend; columns (k) and (l) to participations in excess of initial preference dividend; at a specified percentage or amount (nonpar stock) (column (k)) or a percentage or proportion of the profits (column (l)).

229. CAPITAL STOCK CHANGES DURING THE YEAR

Give full particulars of stocks actually or nominally issued (either original issues or reissues) and of stocks reacquired or canceled during the year.

In the second section of the schedule show the particulars of the several issues on the same lines and in the same order as in the first section.

In column (c) state whether issued for construction of new properties, for additions and betterments, for purchase of railroad or other property, for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. If an issue of securities was authorized for more than one purpose, state amount applicable to each purpose. Also give the number and date of the authorization by the public authority

under whose control such issue was made, naming such authority. In column (e) include as cash all money, checks, drafts, bills of exchange and other commercial paper payable at par on demand. For nominally issued stock, show returns in columns (a), (b), (c), and (d) only. For each class of stock actually issued, the sum of the entries in columns (e), (f), and (h), plus discounts or less premiums in column (g), should equal the total par value or the book value represented by the total number of shares reported in column (d).

Particulars concerning the reacquirement of stock that was actually outstanding should be given in columns (a), (i), and (j).

Show the three largest items regardless of the dollar amount and all other items amounting to \$250,000, or more. If an actual monetary amount is not known and an estimate of the amount of any item involved is not feasible, disclosure should be made describing the contingency and explaining why an estimate is not determinable.

Examples of contingent liabilities are items which may become obliga-

tions as a result of pending or threatened litigation, assessments or possible assessments of additional taxes and agreements or obligations to repurchase securities or property.

2. Information concerning the guaranties and suretyships are to be shown in other schedules provided for those items and not in this schedule.

3. In column (a) give a description of each item of contingent assets and liabilities under an inserted caption "CONTINGENT ASSETS" or "CONTINGENT LIABILITIES," as appropriate, and in column (b) show the amount of each item.

310. RAILWAY OPERATING REVENUES

1. State the railway operating revenues of the respondent for the year classifying them in accordance with the Uniform System of Accounts for Railroad Companies and distribute the amounts among the classes of service as indicated. In the absence of records separating revenues between freight and passenger trains, the distribution should be estimated on the basis of the best data available.

2. Assign rail-line revenues, including revenues from water transfers and highway motor vehicle operations, to "Freight service" or to "Passenger and allied services" according to the type of train (or other equipment) by which the traffic moved.

3. Incidental revenues should be assigned as provided for in the schedule.

4. Revenues which are not assignable to freight service or to passenger and allied services are includible in column (e) only in cases where the related operating expenses are reportable in column (i) of schedule No. 20. If the expenses are assigned to the classes of service mentioned, the revenues, likewise, should be distributed on an equitable basis.

5. Any unusual accruals involving substantial amounts included in column (b) should be fully explained in a footnote.

C. Analysis of Federal Income Taxes

1. In column (a) are listed the particulars which most often cause a differential between taxable income and pretax accounting income. Other particulars which cause such a differential should be listed under the caption "Other", including State and other taxes deferred if computed separately. Minor items each less than \$100,000 may be combined in a single entry under "Other".

2. Indicate in column (b) the beginning of the year total of accounts 714, 744, 762 and 786 applicable to each particular item in column (a).

3. Indicate in column (c) the net change in accounts 714, 744, 762 and 786 for the net tax effect of timing differences originating and reversing in the current accounting period.

4. Indicate in column (d) any adjustments, as appropriate, including adjustments to eliminate or reinstate deferred tax effects (credits or debits) due to applying or recognizing a loss carry-forward or a loss carry-back.

5. The total of line 10 in columns (c) and (d) should agree with the total of the contra charges (credits) to account 533, provision for deferred taxes, and account 591, provision for deferred taxes - extraordinary items, for the current year.

6. Indicate in column (e) the cumulative total of columns (b), (c), and (d). The total of column (e) must agree with the total of accounts 714, 744, 762 and 786.

371A. ABSTRACT OF TERMS AND CONDITIONS OF LEASES

Give brief abstracts of the terms and conditions of the leases under which the above-stated rents are derived, showing particularly (1) the date of the grant, (2) the chain of title (in case of assignment or subletting) and dates of transfer connecting the original parties with the present parties, (3) the basis on which the amount of the annual rent is determined, and (4) the date when the lease will terminate, or, if the date of termination has not yet been fixed, the provisions governing the termination of the lease. Also give reference to the Interstate Commerce Commission's authority for the lease, if any. If none, state the reasons therefor. Only

changes during the year are required.—Indicate the year in which reference was made to the original lease, and also the year or years in which any change in lease was mentioned.

Copies of leases may be filed in lieu of abstracts above called for. References to copies filed in prior years should be specific.

If the respondent has any reversionary interest in railroad property from which it derives no rent, give the particulars hereunder; if it has no such reversionary interest, state that fact.

372. MISCELLANEOUS RENT INCOME

Give particulars of rents receivable accrued for use of all properties not otherwise specified under rents receivable. This account is for rent income from property not operated by the respondent but the cost of which is properly included in cost of road and equipment. It should not be confused with operating revenue account No. 142, "Rents of buildings and other property", which is for rent revenue from operated property in road and equipment the cost of operation of which cannot be separately

stated.

Show amount of rent from three properties producing largest income regardless of amount, and all properties producing income of \$250,000, or more. 375. SEPARATELY OPERATED PROPERTIES - PROFIT OR LOSS

Give particulars of the several separately operated properties of companies having a corporate existence separate and distinct from that of the respondent, the profits or losses resulting from the operation of which are receivable or payable in whole or in part by the respondent, and for each such separately operated property state the amount of such profits or losses accrued to the respondent during the year. Show the three largest

items regardless of the dollar amount and all other items amounting to \$250,000 or more. Each item less than \$250,000 may be combined into a single entry designated "Other items, each less than \$250,000". No dividends or other returns on securities held by or for the respondent should be shown hereunder nor any interest on construction advances or other loans. (Dollar in thousands)

INSTRUCTIONS CONCERNING RETURNS IN SCHEDULE 376. HIRE OF FREIGHT CARS, PAGE 90

1. Show a recapitulation of the total amounts credited and charged during the year to hire of freight cars on account of freight cars leased, freight cars interchanged, private and individual cars, auto racks and highway trailers. The difference between the total amount receivable and the total amount payable should be entered as a balance, receivable or payable as the case may be, and should be consistent with the entry for hire of freight cars in the Income Account, schedule 300.

2. In column (b) show the total car-miles, both loaded and empty whether paid for on loaded and empty basis or loaded basis only. Car-miles, loaded and empty, reported in column (b), lines 1 through 4, relate to total car-miles incurred on lines of respondent by cars rented on a mileage basis, for which payments are reported in columns (d) and (f). Exclude from lines 1 through 4, data applicable to TOFC and COFC cars and cars rented on a combination mileage and per diem* basis. These exclusions should be reported in lines 5 and 6 through 16.

3. On line 5, column (b), enter the total miles, loaded plus empty, incurred on lines of respondent by TOFC and COFC cars for which payments are reported in columns (d) and (f). In columns (c) through (f), as applicable, enter the rentals paid for TOFC and COFC cars regardless of basis for charges.

4. On lines 6, 7, and 8 report data applicable to all cars the rentals for

which are charged only on a combination mileage and per diem* basis. Car-miles loaded and empty, reported in column (b), lines 6, 7, and 8, relate to total car-miles incurred on lines of respondent by cars rented on a combination mileage and time basis* for which payments are reported in columns (d) and (f). Exclude from lines 6, 7, and 8, data reported on lines 1 through 5 and 9 through 16.

5. On lines 9 through 14 report the per diem (time portion) charges applicable to cars rented on a combination mileage and per diem* basis for which the mileage portion was reported on lines 6, 7, and 8. Report on line 15, columns (c) and (d), the car-days paid for and for which payments were received applicable to the unequipped boxcar charges reported on lines 9 through 12. Report on line 16, columns (c) and (d), the car-days paid for and for which payments were received applicable to cars, other than unequipped box cars, for which charges are reported on line 13.

6. Amounts payable to insurance companies and to other non-carrier companies for lease rental of cars should be included on line 17, column (f). Amounts receivable from railroads or other carriers for per diem rental of these cars should be reported on lines 6 through 16, column (c).

7. Line 21 refers to the auto racks separate and apart from the cars on which the racks are installed.

*Combination mileage and per diem refers to cars moving at rates per mile and per day prescribed by the Commission in Docket No. 31358 or updated computations thereof.

MEMORANDA RELATING TO SELECTED INCOME AND RETAINED INCOME ACCOUNTS

NOTES AND REMARKS

INSTRUCTIONS CONCERNING RETURNS IN SCHEDULE 411

State particulars of all tracks operated by the respondent at the close of the year, according to the following classification:

- (1) Line owned by respondent;
- (2) Line owned by proprietary companies;
- (3) Line operated under lease for a specified sum, lessor being (A) an affiliated corporation, or (B) independent or not affiliated with respondent;
- (4) Line operated under contract or agreement for contingent rent, owner being (A) an affiliated corporation, or (B) independent or not affiliated with respondent;
- (5) Line operated under trackage rights.

Give subtotals for each of the several numbered classes, in the order listed above, as well as the total for all classes.

Lengths of track should be reported to the nearest **WHOLE** mile adjusted to accord with footings, i.e.: counting one-half mile and over as a whole mile and disregarding any fraction less than one-half mile.

In column (a) insert the figure (and letter, if any) indicating its class in accordance with the preceding classification.

In column (b) give the various proportions of each class owned or leased by respondent, listing each proportion once in any grouping. Canadian mileage should be segregated and identified on separate lines in the various groupings. For each listing, in column (d) give its entire length (the distances between termini of single or first main track), and in the following columns the lengths of second main track; all other main tracks; passing tracks, cross-overs and turn-outs; way switching tracks; and yard switching tracks. These classes of tracks are defined as follows:

Running tracks.—Running tracks, passing tracks, cross-overs, etc., including turn-outs from those tracks to clearance points.

Way switching tracks.—Station, team, industry and other switching tracks for which no separate service is maintained.

Yard switching tracks.—Yards where separate switching services are maintained, including classification, house, team, industry and other tracks switched by yard locomotives.

The returns in columns (h) and (i) should include tracks serving industries, such as mines, mills, smelters, factories, etc., not classifiable under "branch lines" as defined below. Tracks belonging to an industry for which no rent is payable should not be included.

Tracks leading to and in gravel and sand pits and quarries, the cost of which is chargeable to a clearing account and which are used in getting out material for the respondent's use, should not be included.

Class (1) includes all lines operated by the respondent at the close of the year to which it has title in perpetuity.

In classifying the line between *main* and *branch* (column (c)), use the distinction usually followed by respondent. Branch lines are distinguished from industrial tracks or yard tracks and sidings in that branch lines serve one or more stations beyond the point of junction with the main line or another branch line and to or from which stations train service, or its equivalent, is performed.

Class (2) includes each line full title to which is in an inactive proprietary corporation of the respondent (i.e., one all of whose outstanding stocks or obligations are held by or for the respondent, and which is operated by the respondent or an affiliated system corporation without any accounting to the said proprietary corporation). It may also include such line when the actual title to all of the outstanding stocks or obligations rest in a corporation controlled by or controlling the respondent; but in the case of any such inclusion, the facts of the relation to the respondent of the corporation holding the securities should be fully set forth in a footnote. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

Class (3) includes all tracks operated under a lease or formal conveyance of less than the grantor's interest in the property, with a specific and unconditional rent reserved. The fact that the lessor does or does not maintain an independent organization for financial purposes is immaterial in this connection.

Class (4) is the same as class (3) except that the rent reserved is conditional upon earnings or other fact.

Class (5) includes all tracks operated and maintained by others but over which the respondent has the right to operate some or all of its trains. In the road of this class the respondent has no proprietary rights but only the rights of a licensee. Include in this class, also, all main tracks, industrial tracks and sidings owned by noncarrier companies and individuals when the respondent operates over them but does not have exclusive possession of them.

Road held by the respondent as *joint or common owner* or a *joint lessee* or under any *joint arrangement* should be shown in its appropriate class and the entry of length should be of the entire length of the portion jointly held. The class symbol should have the letter (J) attached.

Road operated by the respondent as agent for another carrier should not be included in this schedule.

413. TRACKS OPERATED AT CLOSE OF YEAR (For switching and terminal companies only)

Give particulars of all tracks operated by the respondent at the close of the year.

Classify the tracks, as follows:

- (1) Tracks owned by the respondent;
- (2) Tracks operated by the respondent but owned by the respondent's proprietary corporations;
- (3) Tracks operated under lease for a specified sum, lessor being (A) an affiliated corporation, or (B) independent or not affiliated with respondent;
- (4) Tracks operated under contract or agreement, or where the rent is contingent upon earnings or other consideration, owner being (A) an affiliated corporation, or (B) independent or not affiliated with respondent;
- (5) Tracks operated under trackage rights.

Name all the tracks of each class before any of a later class, and insert in column (a) before the name of each owner the figure (and letter, if any) indicating its class in accordance with the preceding classification.

Give subtotals for each of the several numbered classes.

Class (1) includes all tracks operated by the respondent at the close of the year to which it has title in perpetuity.

Class (2) includes each line full title to which is in an inactive proprietary corporation of the respondent (i.e., one all of whose

outstanding stocks or obligations are held by or for the respondent, and which is operated by the respondent or an affiliated system corporation without any accounting to the said proprietary corporation). It may also include such line when the actual title to all of the outstanding stocks or obligations rests in a corporation controlled by or controlling the respondent; but in the case of any such inclusion, the facts of the relation to the respondent of the corporation holding the securities should be fully set forth in a footnote. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

Class (3) includes all tracks operated under a lease or formal conveyance of less than the grantor's interest in the property, with a specific and unconditional rent reserved. The fact that the lessor does or does not maintain an independent organization for financial purposes is immaterial in this connection.

Class (4) is the same as class (3) except that the rent reserved is conditioned upon earnings or other fact.

Class (5) includes all tracks operated and maintained by another company but over which the respondent has the right to operate some or all of its trains. In the tracks of this class the respondent has no proprietary rights but only the rights of a licen-

see. Include in this class, also, all main tracks and sidings owned by noncarrier companies and individuals when the respondent operates over them but does not have exclusive possession of them.

Lengths of track should be reported to the nearest WHOLE mile adjusted to accord with footings, i.e.: counting one-half mile and over as whole mile and disregarding any fraction less than one-half mile.

Tracks belonging to an industry for which no rent is payable should not be reported.

Tracks held by the respondent as joint or common owner or a joint lessee or under any joint arrangement should be shown in its appropriate class and the entry of length should be of the entire length of the portion jointly held. The class symbol should have the letter (J) attached, and full particulars showing all of the joint or common title holders, and the extent of their respective interests should be shown in a memorandum attached to the schedule.

414. CHANGES DURING THE YEAR

Hereunder state the matters called for. Make the statements explicit and precise, and number them in accordance with the inquiries; each inquiry should be fully answered, and if the word "none" truly states the mileage should be reported by classes and stated to the nearest whole mile adjusted to accord with footings, i.e.: counting one-half mile and over as a whole mile and disregarding any fraction less than one-half mile.

1. For each railroad property used in respondent's transportation service, show all increases and decreases in mileage, classifying the changes in the tables below as follows:

- (Class 1) Line owned by respondent.
- (Class 2) Line owned by proprietary companies.
- (Class 3) Line operated under lease for a specified sum.
- (Class 4) Line operated under contract or agreement for contingent rent.
- (Class 5) Line operated under trackage rights.

2. For changes in miles of road, give dates of beginning or abandonment of operations. If any changes reportable in this schedule occurred under authority granted by the Commission in certificates of convenience and necessity, issued under paragraphs (18) to (22) of section 1 of the Interstate Commerce Act or otherwise, specific reference to such authority should in each case be made by docket number or otherwise, as may be appropriate.

3. All consolidations, mergers, and reorganizations effected, giving particulars.

This statement should show the mileage, equipment, and cash value of property of each company as well as the consideration received by each company party to the action. State the dates on which consolidated, etc., and whether the prior companies have been dissolved. Copies of the articles of consolidation, merger, or reorganization should be filed with this report.

4. Other important changes not elsewhere provided for involving more than \$50,000, giving full particulars.

If returns under Inquiry No. 1 above include any first main track owned by respondent or its proprietary companies representing new construction or permanent abandonment give the following particulars:

Owned by respondent:

Miles of road constructed _____ Miles of road abandoned _____

Owned by proprietary companies:

Miles of road constructed _____ Miles of road abandoned _____

The item "miles of road constructed" is intended to show the mileage of first main track laid to extend respondent's road, and should not include tracks relocated and tracks laid to shorten the distance between two points, without serving any new territory.

By road abandoned is meant "permanently abandoned," the cost of which has been or is to be written out of the investment accounts.

415. MILES OF TRACKS AT CLOSE OF YEAR—BY STATES AND TERRITORIES

(For switching and terminal companies only)

Give particulars, as of the close of the year, of all tracks operated and of all owned but not operated. The respondent's proportion of operated tracks held by it as joint or common owner, or under a joint lease, or under any joint arrangement, should be shown in columns (b), (d), or (e), as may be appropriate. The

remainder of jointly operated mileage should be shown in column (f). Tracks owned, not operated by respondent (including respondent's proportion of jointly owned tracks, not operated), should be shown in column (h). If any of the tracks returned in column (h) are operated by other than the respondent, the name

of the company or individual operating them and the conditions under which they are held for operation should be shown in a footnote. Tracks which have been permanently abandoned should not be included in column (h). Lengths should be stated to the nearest hundredth of a mile.

INSTRUCTION CONCERNING RETURNS IN SCHEDULE 417 ON PAGES 104 AND 105

Instructions for reporting locomotive and passenger-train car data, pages 104 and 105.

1. Give particulars of each of the various classes of equipment which respondent owned or leased during the year.

2. In column (c) give the number of units purchased new or built in company shops. In column (d) give the number of new units leased from others. The term "new" means a unit placed in service for the first time on any railroad.

3. Units leased to others for a period of one year or more are reportable in column (i); units temporarily out of respondent's service and rented to others for less than one year are to be included in column (h); units rented from others for a period less than one year should not be included in column (i).

4. For reporting purposes, a "locomotive unit" is a self-propelled vehicle generating or converting energy into motion, and designed solely for moving other equipment. An "A" unit is the least number of "wheel bases with superstructure designed for use singly or as a lead locomotive unit in combination with other locomotive units. A "B" unit is similar to an "A" unit, but not equipped for use singly or as a lead locomotive unit. A "B" unit

may be equipped with hostler controls for independent operating at terminals.

5. A "self-propelled car" is a rail motor car propelled by electric motors receiving power from third rail or overhead, or internal combustion engines located on the car itself. Trailers equipped for use only in trains of cars that are self-propelled are to be included as self-propelled equipment.

6. A "Diesel" unit includes all units propelled by diesel internal combustion engines irrespective of final drive, and whether power may at times be supplied from external conductor. Units other than diesel-electric, e.g., diesel-hydraulic, should be identified in a footnote giving the number and a brief description. An "Electric" unit includes all units which receive electric power from an overhead contact wire or third rail, and use the power to drive one or more electric motors that propel the vehicle. An "Other self-powered unit" includes all units other than diesel or electric, e.g., steam, gas turbine. Show the type of unit, service and number, as appropriate, in a brief description sufficient

for positive identification. An "Auxiliary unit" includes all units used in conjunction with locomotives but which draw their power from the "mother" unit, e.g., boosters, slugs, etc. For reporting purposes indicate radio-controlled self-powered diesel units on lines 1 through 8, as appropriate. Radio-controlled units that are not self-powered, i.e., those without a diesel, should be reported on line 17 under "Auxiliary units".

7. Column (k) should show aggregate capacity for all units reported in column (i), as follows: For locomotive units, report the manufacturers' rated horsepower (the maximum continuous power output from the diesel engine or engines delivered to the main generator or generators for tractive purposes). Exclude capacity data for steam locomotives. For passenger-train units, report the number of passenger seats available for revenue service, counting one passenger to each berth in sleeping cars.

8. Passenger-train car types and service equipment car types correspond to AAR Mechanical Division designations. Descriptions of car codes and designations are published in The Official Railway Equipment Register.

4. Column (m) should show aggregate capacity for all units reported in columns (k) and (l), as follows: for freight-train cars, report the nominal capacity (in tons of 2,000 lbs.) as provided for in Rule 86 of the AAR Code of Rules Governing Cars in Interchange. Convert the capacity of tank cars to capacity in tons of the commodity which the car is intended to carry customarily.

5. Freight-train car type codes shown in column (a) correspond to the AAR Multi-level Per Diem Master List. Dashes are used in appropriate places to permit a sin-

gle code to represent several car type codes. Descriptions of car codes and designations are published in *The Official Railway Equipment Register*.

6. Time-mileage cars refers to freight cars, other than cabooses, owned or held under lease arrangement, whose interline rental is settled on a per diem and line haul mileage basis under "Code of Car Hire Rules" or would be so settled if used by another railroad.

421. HIGHWAY MOTOR VEHICLE OPERATIONS

Give particulars of highway motor vehicles operated by respondent in revenue and nonrevenue service and of revenue traffic handled for the respondent by others under contractual arrangements.

In reporting highway motor vehicle miles in line-haul service, show the mileage of buses and combination bus-trucks on line 5; the mileage of trucks and of bogies, trailers and semitrailers with trucks on line 6; and the mileage of tractors and of bogies, trailers and semitrailers with tractors on line 7. Vehicle miles in terminal service should be reported on lines 8 and 9.

In reporting traffic carried and traffic handled 1 mile on lines 10 to 15, and on lines 20 to 23, both inclusive, show the total number of tons and ton-miles of revenue freight in column (i) and the total number of passengers carried and passenger-miles in column (c), regardless of the class of vehicle used to perform the transportation service.

In reporting highway motor vehicles in nonrevenue service include those used in maintenance, shops, and storehouses, and transportation of company material; also buses used for transportation of company employees. Exclude automobiles used by officials and employees.

510. GRADE CROSSINGS

A—Railroad With Railroad

1. A crossing of a railroad with a railroad means the intersection of all the tracks on one right-of-way with all of the tracks on another right-of-way, whether or not owned or operated by the same company; thus, the intersection of one double-track line with another double-track line shall be reported as one crossing. Each such crossing shall be reported only by the carrier who performs the actual maintenance of the signal or interlocking protection, if so provided, or by the carrier who maintains the crossing frogs where no protection exists. The carrier which actually performs the maintenance shall be the reporting carrier, even though other party, or parties, assume a part or all of the expense of such maintenance. Where portions of the apparatus are maintained by two or more companies, as for example—the condition where one crossing frog is maintained by one company and the second frog by the other company, agreement should be made between carriers as to which shall report. Report should be made of each crossing, whether main line, branch line, or switching tracks are involved, so long as separate rights-of-way are involved, regardless of whether or not the rights-of-way involved are

owned or leased by the same company. A cross-over from one track to another on the same right-of-way, or the use of a crossing frog for the intersection of two tracks in the same right-of-way, is not to be considered as a crossing in this connection. If one right-of-way intersects two or more rights-of-way in the same vicinity a separate crossing shall be reported for each such intersection, even though all are controlled by one interlocking plant. In such case, this fact should be explained in a footnote in order that the interlocking plant may not be counted more than once.

2. The term "Protection" as used in this connection should include all signalling or derailling devices which may restrict the use of the crossing by either carrier. It shall not include stationary or other cautionary signs which merely indicate the proximity of a crossing. Where crossings are protected by more than one of the types of protection shown in columns (b) to (i) inclusive, the kind of protection, etc., should be reported in only one classification and that of the more elaborate type.

510. GRADE CROSSINGS—Continued

B—Railroad With Highway

1. A highway grade crossing is to be regarded as a single crossing of all of the tracks within the adjacent owned or leased right(s) of way of the railroad(s) at the point of intersection with a publicly maintained highway, street or avenue at the same grade to the extent that the tracks are located within the limits of a single set of grade crossing signs or protective devices having an integrated set of actuating circuits.

2. Not to be included are crossings of tracks with private roads leading to or within industrial plants, or with other roads or driveways not dedicated to public use. All crossings of tracks at grade with public roads and streets should be included if any railroad operations are conducted thereover by the reporting company whether or not the track is located on railroad right-of-way.

3. A private grade crossing which becomes public during the year should be reported as a new grade crossing. A grade crossing of a dual or multi-lane highway should be reported as one crossing. In the classification of protection, a crossing having more than one of the classes of protection listed below should be reported once only, using the furthest left column that applies. To avoid

duplicate reporting of jointly owned, jointly maintained or jointly used crossings, one railroad shall be designated the reporting road by mutual agreement of the interested parties.

4. In columns (b) and (c) include grade crossings with or without audible signals. In columns (d) and (e) include grade crossings with or without any type of audible or visible supplemental device. Exclude from columns (f) and (g) those crossings where train movement is protected only by a member of the train crew. Audible signals reportable in column (h) include any train-actuated bell, whistle, siren or other audible device located adjacent to the crossing. Other automatic signals reportable in column (i) include wigwags, Highway Traffic Signals or special types of train-actuated devices with or without audible supplements. Include in column (j) in addition to "Railroad Crossing" crossbuck, any other static sign (except "Number of Tracks" sign) or any non-train-actuated signal such as amber continuous-flashing lights. In column (m) report other than railroad crossbuck. Totals in column (c), lines 9 and 10 should be equal, resulting in no change in the total number of crossings.

511. GRADE SEPARATIONS Highway-Railroad

1. (a) A highway-railroad grade separation is to be regarded as a single crossing of all of the tracks within the owned or leased right-of-way or contiguous rights-of-way of the railroad(s) at the point of intersection with a publicly maintained highway, street or avenue at separate grades.

(b) Not to be included are structures which serve some major purpose other than the avoidance of conflict of railway movements with highway movements and which contain no design features required for accommodation of the intersecting traffic flow as in the case of major tunnels.

(c) In order to avoid duplicate reporting and possible confusion, in reporting grade separations used or maintained by more than one railroad, the interested parties in each case should designate one line to be the reporting railroad.

2. All separated crossings of tracks with public roads and streets should be included if any railroad operations are conducted thereover by the reporting company whether or not the track is located on railroad owned right-of-way.

3. Not to be included are crossings of tracks with private roads leading to or within industrial plants, or with other roads not dedicated to public use.

4. A private crossing which becomes public during the year should be reported as a new crossing.

5. A crossing of a dual or multi-lane highway should be reported as one crossing.

513. TIES LAID IN REPLACEMENT

Give particulars of ties laid during the year in previously constructed tracks maintained by the respondent. Do not include any ties used in any new tracks or in track extensions.

In column (a) classify the ties as follows:

(L) Wooden ties untreated when applied.

(T) Wooden ties treated before application.

(S) Ties other than wooden (steel, concrete, etc.). Indicate type in column (h).

Report new and second-hand (relay) ties separately, indicating in column (h) which ties are new.

In columns (d) and (g) should be shown the total cost, including transportation charges on foreign lines, tie trains, loading, inspection, and the cost of handling ties in general supply, storage, and seasoning yards; and,

in the case of treated ties, also the cost of handling at treating plants and the cost of treatment. The cost of unloading, hauling over carrier's own lines and placing the ties in tracks, and of train service, other than that necessary in connection with loading or treatment, should not be included in this schedule. In these columns, "total cost" is to be reported in thousands.

The sum of entries on lines 21, 22, and 23 should equal the total of columns (d) and (g).

Any material difference between the return on line 22 and the charge to operating expense account No. 212, or between the sum of charges to additions and betterments shown in schedules Nos. 513 and 514 and the related charge to investment account No. 8, should be explained in a footnote.

NOTE: The difference between returns in Schedule 211, Account 8, Ties, and Schedules 513 and 514, is due to adjustments. The latter schedules include current items only.

515. RAILS LAID IN REPLACEMENT

Give particulars of all rails applied during the year in connection with replacement of rails in previously constructed tracks maintained by the respondent.

In column (a) classify the kind of rail applied as follows:

- (1) New steel rails, Bessemer process.
- (2) New steel rails, open-hearth process.
- (3) New rails, special alloy (describe more fully in a footnote).
- (4) Relay rails.

Returns in columns (c) and (g) should be reported in whole numbers. Fractions of less than one-half should be disregarded, and fractions of one-half or more reckoned as one.

The returns in columns (d) and (h) should include the cost of loading at the point of purchase ready for shipment, the freight charges paid foreign

lines, and the cost of handling rails in general supply and storage yards. The cost of unloading, hauling over carrier's own lines, and placing the rails in tracks, and of train service in connection with the distribution of the rails, should not be included in this schedule. In these columns, "total cost" is to be reported in thousands.

The sum of entries on lines 22, 23, and 24 should equal the total of columns (d) and (h).

517. GAUGE OF TRACK AND WEIGHT OF RAIL

Give the particulars below called for concerning the road and track operated by the respondent at the close of the year. Only the respondent's proportion of jointly-owned mileage should be included. Under "Weight of rail," the various weights of rails should be given. If any part of the road operated at the close of the year is other than standard gauge.

4 feet 8-1/2 inches, show the gauge of each part in column (d). Road and track occupied under trackage right or other form of license should not be included herein, but all road and track held under any form of lease (granting exclusive possession to the lessee) should be included.

INSTRUCTIONS CONCERNING SCHEDULE 531 ON PAGE 120

1. Give the various statistical items called for concerning the rail-line operations of respondent's road during the year. Train-miles, car-miles and other particulars are to be reported in accordance with the classification of train-miles and car-miles prescribed in the Uniform System of Accounts for Railroad Companies (Mileage Accounts 800 to 805 and 820 to 825). Locomotive unit-miles should include all miles made by each locomotive unit.

2. Time-mileage freight cars, as used herein, refers to freight cars other than cabooses owned or held under lease arrangement by U.S. class I line-haul railroads, whose interline rental is settled on a per diem and line-haul basis under "Code of Car Hire Rules," or would be so settled if used by another railroad.

3. Item No. 1 includes miles of road operated under trackage rights.

4. All statistics should be reported in whole numbers unless otherwise indicated in thousands. For gross ton-miles compute from conductors' or dispatchers' train reports weight in tons (2,000 pounds). Line 27 includes weight of all locomotive units moved one mile in transportation trains. Ton-miles of motorcars should be excluded. Lines 28 and 29 represent tons behind locomotive units (cars and contents, company-service equipment and cabooses) moved one mile in transportation trains. Include ton-miles of exclusive work service equipment and motorcars moving in

transportation trains. Use 150 pounds as the average weight per passenger and four tons as the average weight of contents of each head-end car.

5. Line No. 35 should represent the ton-miles of revenue freight in water transfer service on the Great Lakes involving a rail-line haul, the revenue from which is includible in account No. 101, "Freight." Ton-miles of revenue freight in water transfer service which was moved on the basis of lawful local tariff rates, the revenue from which is creditable to account No. 113, "Water transfers," should be excluded. Line 36, Total ton-miles—Revenue freight, should correspond to the ton-miles reported on Form OS-B, Item 2.

6. For net ton-miles, Line 40, compute from conductors' train reports. This item represents the number of tons of revenue and non-revenue freight moved one mile in transportation trains. Include a reasonable proportion of the weight of exclusive work equipment moved one mile. Include net ton-miles in motorcar trains. Exclude LCL shipments handled in mixed baggage-express cars.

7. The mileage of company service equipment, designed exclusively for work service and moved in transportation trains, should be classed as loaded freight car-miles.

8. Highway vehicle operations should not be included in Schedule 531 but particulars thereof given in a footnote below.

532. SWITCHING AND TERMINAL TRAFFIC AND CAR STATISTICS

(For switching and terminal companies only)

1. Give particulars of cars handled during the year. For descriptions of kinds of services included in switching operations, and in terminal operations, reference is made to the "Notice" on the inside of the front cover of this form. With respect to the term "cars handled" it should be observed that, when applied to switching operations, the movement of a car from the point at which a switching company receives it, whether loaded or empty, to the point where it is loaded or unloaded or delivered to another connecting line is to be counted as one car handled. The return of a car, whether loaded or empty, from the point where it is loaded or un-

loaded, to the point of delivery is to be counted as one car handled. No incidental movement is to be considered, unless such incidental movement involves the receipt of additional revenue. When applied to terminal operations, such as union station, bridge, ferry, or other joint facility terminal operations, the term "cars handled" includes all cars for which facilities are furnished.

2. The number of locomotive-miles in yard switching service should be computed in accordance with account No. 816, "Yard Switching Locomotive-miles."

NOTES AND REMARKS

562. COMPENSATION OF OFFICERS, DIRECTORS, ETC.

1. In columns (a) and (b) enter the name and position of each of the five persons named in Schedules 102 and 103 of this report to whom the respondent paid the largest amount during the year as compensation for current or past service over and above necessary expenses incurred in discharge of duties. In addition, list all other officers, directors, pensioners or employees, if any, to whom the respondent paid \$40,000 or more in total compensation during the year.

2. The salary per annum to be entered in column (c) is the annual rate at which an employee is paid rather than the amount actually paid for a part of a year. If the salary of an individual was increased or decreased during the year, show salary before each change as well as at close of year.

3. If an officer, director, etc., receives compensation from one or more of the affiliated companies listed in Schedule 104, reference to this fact should be made if the aggregate compensation from all companies amounts to \$40,000 or more. The detail as to division of the compensation should be reported in schedule 564.

4. Report in column (d) the total amount of compensation other than annual salary paid to each listed employee during the year. This includes forms of nonmonetary compensation given which directly benefits each employee. Examples:

Fair value of property given, such as exclusive use of an automobile;

Amounts paid for membership of the employee in nonbusiness associations, private clubs, etc.;

Commissions, bonuses, shares in profits;

Contingent compensation plans;

Monies paid or accrued for any pension, retirement, savings, retirement annuities, deferred compensation, or similar plan;

Premiums on life insurance where the respondent is not the beneficiary. Do not report premiums on group life insurance for benefits less than \$50,000.

Give the details of any plan not previously reported, the basis of determining the ultimate benefits payable, and the payments or provisions made during the year.

5. Also include in column (d) all remuneration paid, directly or indirectly, in the form of securities, options, warrants, rights or other property. Furnish particulars concerning any options, warrants, or rights issued or granted during the year including prices, expiration dates and other information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by each officer, director, etc. (Dollars in thousands)

563. PAYMENTS FOR SERVICES RENDERED BY OTHER THAN EMPLOYEES AND AFFILIATES

1. In the form below give information concerning payments, fees, retainers, commissions, gifts, contributions, assessments, bonuses, pensions, subscriptions, allowance for expenses, or any form of payments amounting in the aggregate to \$50,000 or more during the year to any corporation, institution, association, firm, partnership, committee, or any person, except:

(a) Payments to employees of the respondent shall be reported in Schedule 562.

(b) Payments for services rendered by affiliates shall be reported in Schedule 564.

(c) Payments for accounting and audit fees must be reported in full regardless of the \$50,000 limitation. These fees must not be included with management fees paid to parent companies.

2. The aggregate of payments to be reported in column (c) shall include amounts paid and/or accrued during the year which are applicable to the year.

3. When contributions under \$50,000 are made in common with other carriers under a joint arrangement in payment for the performance of services or as a donation, each such contribution shall be reported, irrespective of the amount thereof, if the total amount paid by all contributors for the performance of the particular service is equal to the sum of \$100,000 or more.

4. Payments to the independent public accountant reporting on the respondent's annual report shall be subdivided to show separately the amount paid for auditing and the total amount paid for other types of management services such as, but not limited to, compensation plans, pension plans, forecasts and budgets, and tax advice. All carriers, whether payments aggregate more or less than \$50,000, shall answer the following question.

Did the independent accountant reporting on the respondent's annual report provide any management services other than auditing?

Specify. Yes ☐ No ☐

5. To be included are, among others, payments, directly or indirectly, for legal, medical, engineering, advertising, valuation, accounting, statistical, financial, educational, entertainment, charitable, advisory, defensive, detective, developmental, research, appraisal, registration, purchasing, architectural, and hospital services; payments for expert testimony and for handling wage disputes; and payments for services of banks, bankers, trust companies, insurance companies, brokers, trustees, promoters, solicitors, consultants, actuaries, investigators, inspectors, and efficiency engineers. Payments to the various railroad associations, commissions, committees, bureaus, boards, and other organizations maintained jointly by railroads shall also be included. The enumeration of these kinds of payments should not be understood as excluding other payments for services not excluded below.

6. To be excluded are: Rent of buildings or other property, taxes payable to the Federal, State, or local Governments, payments for heat, light, power, telegraph, and telephone services, and payments to other carriers on the basis of lawful tariff charges or for the interchange of equipment between carriers, as well as other payments for services which both as to their nature and amount may reasonably be regarded as ordinarily connected with the routine operation, maintenance, or construction of a railroad, but any special and unusual payments for services should be reported. Payments of \$50,000 or more to organizations maintained jointly by railroads with other railroads are not to be excluded even if their services are regarded as routine.

7. If more convenient, this schedule may be filled out for a group of roads considered as one system and shown only in the report of the principal road in the system, with references thereto in the reports of the other roads. When the respondent is reporting on a system basis, audit fees must be reported separately for each individual railroad included in the system.

8. If any doubt exists in the mind of the reporting officer as to the reportability of any type of payment, request should be made for a ruling before filing this report.

564. TRANSACTIONS BETWEEN RESPONDENT AND COMPANIES OR PERSONS AFFILIATED WITH RESPONDENT FOR SERVICES RECEIVED OR PROVIDED

1. Furnish the information called for below concerning each contract, agreement or arrangement (written or unwritten) in effect at any time during the year between the respondent and the affiliated companies listed in Schedule 104, or persons affiliated with the respondent including officers, directors, stockholders, owners, partners or their wives and other close relatives, or their agents. Examples of transactions are, but not restricted to, management, legal, accounting, purchasing or other type of service including the furnishing of materials, supplies, purchase of equipment, leasing of structures, land and equipment, and agreements relating to allocation of officers salaries and other common costs between affiliated companies.

To be excluded are payments for the following types of services:

- (a) Lawful tariff charges for transportation services.
- (b) Payments to or from other railroads for interline services and interchange of equipment.
- (c) Payments to or from other railroads for services which may reasonably be regarded as ordinarily connected with routine operation, maintenance, or construction of a railroad, but any special or unusual transactions should be reported.
- (d) Agreements relating to joint pension plans with affiliated companies should be reported in explanatory notes section of Schedule 200 (p. 13)

2. In column (a) enter the name of the affiliated company, person, or agent with which respondent received or provided services aggregating \$30,000 or more for the year. If an affiliated company provides services to more than one affiliate, and the aggregate compensation amounts to \$30,000 or more for the year, list all the affiliates included in the agreement and describe the allocation of charges in column (d). If the respondent provides services to more than one affiliate, and the aggregate compensation amounts to \$30,000 or more for the year, reference to this fact should be made and the detail as to the allocation of charges should be stated. For those affiliates providing services to the respondent, also enter in column (a) the percent of affiliate's gross income derived from transactions with respondent.

Attach a balance sheet and income statement for each affiliate with which respondent had reportable transactions during the year. These statements should be prepared on the same accounting

year basis and in conformity with the balance sheet and income statement in annual report form A, and should be noted to indicate method of depreciating property, if any, furnished to the respondent. Balance sheet and income statement are not required for affiliated carriers filing annual reports with the Commission.

3. In column (b) indicate form of affiliation or control between the respondent and the company or person identified in column (a) as follows:

- (a) If respondent directly controls affiliate insert the word "direct".
- (b) If respondent controls through another company insert the word "indirect".
- (c) If respondent is under common control with affiliate insert the word "common".
- (d) If respondent is controlled directly or indirectly by the company listed in column (a) insert the word "controlled".
- (e) If control is exercised by other means such as a management contract or other arrangement of whatever kind insert the word "other" and footnote to describe such arrangements.

4. In column (c) fully describe the character of service involved such as management fees, lease of building, purchase of material, etc. When the affiliate listed in column (a) provides more than one type of service in column (c), list each type of service separately and show total for the affiliate. When services are both provided and received between the respondent and an affiliate they should be listed separately and the amounts shown separately in column (g).

5. In column (d) fully describe the basis for computing charges under each contract, agreement, etc.

6. In columns (e) and (f) indicate the date and term of each contract or arrangement. If oral contract, indicate with symbol "Q".

7. In column (g) report the total amount received, paid, or accrued during the year which is applicable to the year, for each type of service listed in column (c). Indicate purchase items with the symbol "P" and sales items with the symbol "S". Do not report net figures when services are both provided and received between the respondent and an affiliate.

565. OTHER TRANSACTIONS BETWEEN RESPONDENT AND COMPANIES OR PERSONS AFFILIATED WITH RESPONDENT

1. Furnish the information called for below concerning transactions between the respondent and the affiliated companies listed in Schedule 104, or persons affiliated with the respondent including officers, directors, stockholders, owners, partners or their wives and other close relatives, or their agents. Examples of transactions are, but not limited to, purchase, sale or transfer of equipment, land, structures, securities or other assets aggregating \$30,000 in value for the year.
2. In column (a) enter the name of the affiliated company, person, or agent with which respondent transacted purchase, sale or transfer.
3. In column (b) indicate form of affiliation or control between the respondent and company or person identified in column (a) in accord with instruction No. 3 to Schedule 564.
4. In column (c) briefly describe the kind of asset purchased, sold or transferred.

5. In column (d) report the total of all purchases, sales or transfers of property with a value of \$30,000 or more. If individual items are less than that amount, report the total of all purchases or sales with the company or individual named in column (a) when the aggregate of such items is \$30,000 for the year. Indicate purchase items with the symbol "p" and sales items with the symbol "s".
6. In column (e) summarize the book cost, less accrued depreciation if applicable, for each item reported in column (d).
7. In column (f) report the net profit or loss for each item (column (d) less column (e)).

Where any services provided or assets transferred between respondent and affiliated companies or individuals during the year for which no charges were assessed? Specify. Yes ___ No ___ If yes, explain.

566 A. TRANSACTIONS BETWEEN NONCARRIER SUBSIDIARIES OF RESPONDENT AND OTHER AFFILIATED COMPANIES OR PERSONS FOR SERVICES RECEIVED OR PROVIDED

1. Furnish the information called for below concerning transactions between noncarrier subsidiaries of the respondent and other affiliated companies for services received or provided in accord with instruction No. 1 to Schedule 564.
2. In column (a) enter the name of the noncarrier subsidiary of respondent.
3. In column (b) enter the name of other affiliated company with which the noncarrier subsidiary received or provided services aggregating \$30,000 or more for the year.
4. In column (c) indicate form of affiliation or control between noncarrier subsidiary and other affiliated company identified in column (b) in accord with instruction No. 3 to Schedule 564.
5. In column (d) fully describe the character of service involved such as management fees, lease of building, purchase of material, etc. If more

than one type of service is provided, list each type of service separately. When services are both provided and received between the noncarrier subsidiary and other affiliate they should be listed separately and the amounts shown separately in column (h).

6. In column (e) fully describe the basis for computing charges under each contract, agreement, etc.

7. In columns (f) and (g) indicate the date and term of each contract or arrangement. If only contract, indicate with symbol "C".

8. In column (h) report the total amount received, paid, or accrued during the year which is applicable to the year, for each type of service listed in column (d). Were any services provided or assets transferred between noncarrier subsidiaries of respondent and other affiliated companies or individuals for which no charge were assessed? If so, explain.

571. CONSUMPTION OF FUEL BY MOTIVE-POWER UNITS

Show hereunder the amounts of the various kinds of fuel consumed by locomotive units and motors or other self-propelled rail cars in the service of the respondent during the year, and the number of kilowatt-hours for such tractive equipment as was propelled by electricity. The ton of 2,000 pounds should be used.

Kilowatt-hours, for entry in column (c) of section A, and column (h) of section B, are to be figures at high tension taps (point of production or point of purchase), and divided among the several classes of service, the division being made on the respondent's best estimate if actual figures are not available.

The cost stated for the various kinds of fuel should be the total charges in the accounts specified, including freight charges and handling charges. The cost stated for electric current should be the total charges in the accounts enumerated. Fuel and power consumed by mixed and special trains that are predominantly freight should be included in freight service, but where the service of mixed or special trains is predominantly passenger, the fuel and power used should be included in passenger service. (Dollars in thousands)

581. CONTRACTS, AGREEMENTS, ETC.

1. Hereunder give a concise statement of each important contract, agreement, arrangement, etc., with other companies or persons, together with important revisions, modifications, terminations, and other changes thereof, which became effective during the year, and concerned in any way the transportation of persons or things at other than tariff rates, or the purchase of equipment under conditional sales plans without the issuance of securities by respondent, making such statements in the following order:

- (a) Express companies.
- (b) Mail.
- (c) Sleeping, parlor, and dining-car companies.
- (d) Freight or transportation companies or lines.
- (e) Other railway companies.
- (f) Steamboat or steamship companies.
- (g) Telegraph companies.
- (h) Telephone companies.
- (i) Equipment purchased under conditional sales contracts.
- (j) Routing traffic of affiliated companies.
- (k) Other contracts.

2. Under item 1(e), include particulars of joint facility arrangements entered into during the year by the respondent, including those maintained or operated by other carriers as well as those maintained or operated by respondent. For each joint facility, give a brief statement of the basis or bases on which revenues, expenses, taxes, interest on investment, and other items, if any, related to the facility are apportioned among the carriers using the facility or otherwise deriving benefit therefrom.

3. Under item 1(i), give particulars of conditional sales agreements, lease or rental contracts, and other similar instruments, entered into by respondent for the purchase of equipment, which provide for payment in installments and do not involve the issuance of securities by respondent. State the names of the parties to the contracts or agreements, the number

of units of each class of equipment covered, and the terms and conditions of payment.

4. Under item 1(j) give particulars of arrangements, written or oral with affiliated companies for routing of traffic. Through route arrangements for handling of traffic interchanged with carrier affiliates should not be reported.

5. Under item 1(k), Other contracts, describe briefly the particulars of all contracts or agreements, including estimated amounts receivable, under which a government agency, or instrumentality thereof, seeks to assist respondent with grants or aid for providing passenger commuter or other passenger-train services.

6. Information concerning contracts of minor importance may be omitted. A contract of minor importance is defined as one involving receipts or payments of less than \$25,000 per year, and which, by its terms, is otherwise unimportant.

7. In lieu of giving abstracts, copies of contracts may be filed. Every copy of a contract furnished in connection with the foregoing requirement should be listed hereunder.

8. The basis for computing receipts and payments should be fully stated in the case of each such contract, agreement, or arrangement.

9. Compliance with the requirements of this schedule does not relieve the respondent of the duty placed upon common carriers by section 6(5), Part I, of the Interstate Commerce Act, which reads as follows:

"Every common carrier subject to this part shall also file with said Commission copies of all contracts, agreements, or arrangements with other common carriers in relation to any traffic affected by the provisions of this part to which it may be a party. Provided, however, that the Commission, by regulations, may provide for exceptions from the requirements of this paragraph in the case of any class or classes of contracts, agreements, or arrangements, the filing of which, in its opinion, is not necessary in the public interest."

None

Schedule 585.—COMPETITIVE BIDDING — CLAYTON ANTITRUST ACT

Section 10 of the Clayton Antitrust Act (15 U.S.C. 20) states that "no common carrier engaged in commerce shall have any dealings in securities, supplies or other articles of commerce, or shall make or have any contracts for construction or maintenance of any kind, to the amount of more than \$50,000, in the aggregate, in any one year, with another corporation, firm, partnership or association when the said common carrier shall have upon its board of directors or as its president, manager or as its purchasing or selling officer, or agent in the particular transaction, any person who is at the same time a director, manager, or purchasing or selling officer of, or who has any substantial interest in, such other corporation, firm, partnership or association, unless and except such purchases shall be made from, or such

dealings shall be made with, the bidder whose bid is the most favorable to such common carrier, to be ascertained by competitive bidding under regulations to be prescribed by rule or otherwise by the Interstate Commerce Commission." The specification for competitive bids is found in the Code of Federal Regulations, Part 1010-Competitive Bids through Part 1010.7 - Carriers Subject to the Interstate Commerce Act.

In column (g), identify the company awarded the bid by including company name and address, name and title of respondent officers, directors, selling officer, purchasing officer and/or general manager that has an affiliation with the seller.
