FOR THE YEAR ENDED DECEMBER 31, 1975

# NOTICE

- 1. This Form for annual report should be filled out in triplicate and two copies returned to the Interstate Commerce Commission, Bureau of Accounts, Washington, D.C. 20423, by March 31 of the year following that for which the report is made. Attention is specially directed to the following provisions of Part I of the Interstate Commerce Act:
- SEC. 20. (1) The Commission is hereby authorized to require annual, periodical, or special reports from carriers, lessors, \* \* \* (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, lessors, \* \* \* specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary, classifying such carriers, lessors, \* \* \* as it may deem proper for any of these purposes. Such annual reports shall give an account of the affairs of the carrier, lessor, \* \* in such form and detail as may be prescribed by the Commission.
- (2) Said annual reports shall contain all the required information for the period of twelve months ending on the 31st day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which report is made, unless additional time be granted in any case by the Commission.
- (7) (b). Any person who shall knowingly and willfully make, cause to be made, or participate in the making of, any false entry in any annual or other report required under this section to be filed, \* \* \* or shall knowingly or willfully file with the Commission any false report, or other document, shall be deemed guilty of a misdemeanor and shall be subject, upon conviction in any court of the United States of competent jurisdiction to a fine of not more than five thousand dollars or imprisonment for not more than two years, or both such fine and imprisonment: \* \* \* \*.
- (7) (c). Any carrier or lessor, \*\*\* or any officer, agent, employee, or representative thereof, who shall fail to make and file an annual or other report with the Commission within the time fixed by the Commission, or to make specific and full true and correct answer to any question within thirty days from the time it is lawfully required by the Commission so to do, shall forfeit to the United States the sum of one hundred dollars for each and every day it shall continue to be in default with respect thereto.
- (8) As used in this section \* \* \* the term "carrier" means a common carrier subject to this part, and includes a receiver or trustee of such carrier; and the term "lessor" means a person owning a railroad, a water line or a pipe line, leased to and operated by a common carrier subject to this part, and includes a receiver or trustee of such lessor, \* \* \* \*.

The respondent is further required to send to the Bureau of Accounts, immediately upon publication, two copies of its latest printed annual report to stockholders. See Schedule 108A, Page 3.

2. The instructions in this Form should be carefully observed, and each question should be answered fully and accurately, whether it has been answered in a previous annual report or not. Except in cases where they are specifically authorized, cancellations, arbitrary check marks, and the like should not be used either as partial or as entire answers to inquiries. If any inquiry, based on a preceding inquiry in the present report form, is, because of the answer rendered to such preceding inquiry, inapplicable to the person or corporation in whose behalf the report is made, such notation as "Not applicable; see page." Schedule (or line) number "should be used in answer thereto, giving precise ref-

erence to the portion of the report showing the face, which make the inquiry inapplicable. Where the word "None" truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of an inquiry. Where dates are called for, the month and day should be stated as well as the year. Customary abbreviations may be used in stating dates.

- 3. Every annual report should, in all particulars, be complete in itself, and references to the returns of former years should not be made to take the place of required et ries except as herein otherwise specifically directed or authorized.
- 4. If it be necessary or desirable to insert additional statements, type-written or other, in a report, they should be legibly made on durable paper and, wherever practicable, on sheets not larger than a page of the Form. Inserted sheets should be securely attached, preferably at the inner margin; attachment by pins or clips is insufficient.
- 5. All entries should be made in a perman at black ink. Those of a contrary character should be indicated in parenthesis. Items of an unusual character should be indicated by appropriate symbol and footnote.

Money items, except averages, throughout the annual report form should be shown in WHOLE DOLLARS adjusted to accord with footings. Totals for amounts reported in subsidiary accounts included in supporting schedules must be in agreement with related primary accounts.

- 6. Each respondent should make its annual report to this Commission in triplicate, retaining one copy in its files for reference in case correspondence with regard to such report becomes necessary. For this reason three copies of the Form are sent to each company concerned.
- Except where the context clearly indicates some other meaning, the following terms when used in this Form have the meanings below stated;

Commission means The Interstate Commerce Commission. Respondent means the person or company in whose behalf the report is made. The year means the year ended December 31 for which the report is made. The close of the year means the close of business on December 31 of the year for which the report is made; or, in case the report is made for a shorter period than one year, it means the close of the period covered by the report. The beginning of the year means the beginning of business on January 1 of the year for which the report is made; or, in case the report is made for a shipperiod covered by the report. The preceding year means the beginning of the period covered by the report. The preceding year means the vear ended December 31 of the year next preceding the year for which the report is made. The Uniform System of Accounts for Pipe Lines means the system of accounts in Part 1204 of Title 49. Code Federal Regulations, as amended.

# NORTHERN RAILROAD II Concord Street Nashua, New Hampshire 03060 REPORT OF ANNUAL MEETING OF THE STOCKHOLDERS HELD APRIL 7, 1975

Dear Stockholder:

The One Hundred Twenty-Sixth Annual Meeting of the Stockholders of Northern Railroad was held on Monday, April 7, 1975 at 11:00 A.M. at the Brick Tower Motel and Restaurant, Concord, New Hampshire. Of the 30,684 shares issued and outstanding, 22,080 shares were either represented in person or by proxy. The largest single shareholder present was the Boston and Maine Insurance Fund, which holds 21,410 or nearly 69% of the shares issued and outstanding.

As President, I called the meeting to order, and requested a moment of silence in memory of Robert B. Hamblett, former President and Director, who had deceased in April of 1974 shortly after completing his Third Report of the President.

I then requested counsel for the railroad, Hamblett, Kerrigan, La-Tourette and Lopez of Nashua, New Hampshire, to give a report on the significant events which had occurred with respect to the railroad since the date of the last report.

Counsel reported that the Boston and Maine Corporation, Debtor, had been found "reorganizable" independent from the Regional Rail Reorganization Act of 1973 by the Bankruptcy Court in July of 1974, and for a short period of time thereafter the Boston and Maine Corporation showed a profit which was the first in many years. This profit was the result of several factors, among which increased rates and more efficient management were paramount. However, the optimism was short lived, and the economic downturn in the last quarter of 1974 continuing into 1975 has resulted in both renewed losses and pessimism. In that the Boston and Maine Corporation is both a lessee of the Northern Railroad and its largest shareholder, any negative trend in the affairs of the Boston and Maine Corporation directly affects the Northern and its present and future ability to generate revenues from its lease.

Despite its continuing problems with the Boston and Maine Corporation, over the payment of rents due, the Northern continues to enjoy the ownership rights of a most important rail route within the State of New Hampshire. The State recognizes this fact and contacts with the Public Utilities Commission, the state agency charged with railroad planning, have continued to emphasize the vital economic importance of the route.

Recently, Parsons and Whittemore, Inc., announced plans to locate a paper pulp mill in this state, and one of the major considerations was adequate rail services. The Northern Railroad management has actively pursued this potential source of revenue.

The Directors of the Northern have been particularly concerned this past year over both the decreases in revenue since the Boston and Maine Corporation suspended its rental payments, and the increases in professional and consulting expenses deemed prudently necessary by the Board in its effort to maintain surveillance over the dynamic and rapidly changing relationship between the Northern and the Boston and Maine. Because of the limitations of income, the Directors have given strict instructions to counsel, Fay Associates, Inc., (consultant) and the accountant to limit activity only to those tasks specifically designated by the Directors. Very recently counsel has been ordered to actively pursue on behalf of the Northern the matter presently before the Bankruptcy Court regarding the payment of rents and other expenses due under the terms of the Lease.

Counsel then commented briefly on the difficulty the Federal Government was experiencing in implementing the Regional Rail Reorganization Act of 1973 due to the magnitude of the problem and the insufficiency of funds; and, the potential difficulty of accurately valuing the "road account" assets of the Northern, a matter frequently discussed in Mr. Hamblett's prior reports.

I then commented uriefly to emphasize several matters reported upon by counsel, particularly the strict fiscal policy being pursued by the Directors, and opened the meeting to a series of questions from the shareholders present.

The Stockholders then elected as Directors, Emmet J. Kelley, of Berlin, New Hampshire, Ralph C. Ordway, of Nashua, New Hampshire, Henry C. Waldo of Lincoln, New Hampshire, Chester H. Lopez, Jr. of Nashua, New Hampshire, and Sidney Weinberg of Brookline, Massachusetts.

In conclusion, it is my impression that the Northern Railroad might reasonably expect to find its lease "rejected" by the Boston and Maine Corporation and accordingly, be forced into a serious legal and accounting confrontation with the Boston and Maine Corporation. The outcome of such a confrontation cannot be predicted with any degree of certainty. The one certainty that does continue is the inherent value of the right-of-way, and the Directors' intent to preserve this entity for the Stockholders and the State of New Hampshire appears to support their effect in this direction.

I look forward to a new year in which issues, asset values, and a course of conduct become more clearly defined. And also, a year in which our optimism in the value of the Northern Railroad is reinforced.

NOTES AND REMARKS

## SCHEDULE 202.—COMPENSATING BALANCES AND SHORT-TERM BORROWING ARRANGEMENTS

Using the following notes as a guideline, show the requirements of compensating balances and short-term borrowing arrangements. Footnote disclosure is required even though the arrangement is not reduced to writing.

- 1. Disclose compensating balances not legally restricted, lines of credit used and unused, average interest rate of short-term borrowings outstanding at balance sheet date, maximum amount of outstanding borrowings during the period and the weighted average rate of those borrowings.
  - 2. Time deposits and certificates of deposit where not included elsewhere as part of compensating balances should be disclosed.
- 3. Compensating balance arrangements need only be disclosed for the latest fiscal year.
- Compensating balances under an agreement which legally restricts the use of such funds should be included in Schedule 203, account 703, Special deposits.
- 5. Compensating balance arrangements are sufficiently material to require disclosure or segregation when the aggregate of written and oral agreement balances amount to 15 percent or more of liquid assets (current cash balanced, restricted and unrestricted plus marketable securities).
- 6. When a carrier is not in compliance with a compensating balance requirement that fact should be disclosed along with stated and possible sanctions whenever such possible sanctions may be immediate (not vague or unpredictable) and material.

## 211. ROAD AND EQUIPMENT PROPERTY

11. Give particulars of changes during the year in accounts 731, "Road and equipment property," and 732, "Improvements on leased property," classified in accordance with the Uniform System of Accounts for Railroad Companies. Enter the names of the lessor companies in the column headings.

2. Gross charges during the year should include disbursements made for the specific purpose of purchasing, constructing, and equipping new lines, extensions of old lines, and for additionable tetterments. This column should also include both the debits and credits involved in each transfer, adjustment, or clearance between road and equipment accounts and all adjustments applica-

ble to expenditures for new lines and extensions and additions and betterments. Adjustments in excess of \$100,000 should be explained. Net charges is the difference between gross charges and credits for property retired. All changes made during the year should be analyzed by primary accounts.

3. If during the year an individual charge of \$100,000 or more was made to account No. 2, "Land for transportation purposes," state in a footnote the cost, location, area, and other details which will identify the property.

NOTES AND REMARKS REGARDING RETURNS IN SCHEDULE NO. 211 ON PAGES 18 AND 19

ABSTRACT OF THE PROVISIONS OF THE LEASE BEARING ON RESPONDENT'S LIABILITY TO REIMBURSE THE LESSEE FOR IMPROVEMENTS MADE ON THE LEASED RAILROAD PROPERTY

(See instructions on page 11)

### Copies of Articles 8 & 9

Eighth: It will, at its own cost and expense, maintain, preserve and keep the railroad, side-tracks, station-houses and all other buildings, appurtenances, turn-tables, fixtures, rolling stock and equipment of the party of the first part in as good order and condition as the same now are so that there shall be no depreciation in the same or in said railroad, or its location, superstructure, buildings and permanent way at any time during said term, and will renew and keep said equipment and property good and in sufficient quantity and proper quality and condition to do the business upon its road at all times during the said term.....

Ninth: It will during the term of this lease operate said demised railroad according to all requirements of law, --- and at the expiration or
earlier termination of this lease it will return said demised road and
property, with all equipment thereof, to the party of the first part,
in as good order and condition as the same now are, without diminution
or depreciation in any respect; provided, that in case of any additions
or improvements to said railroad or property shall have been made by the
party of the second part, at that time, with written consent of the
party of the first part, the same shall be paid for by the party of the
first part, at the value thereof, at the time this lease shall expire or
be terminated.

### GENERAL INSTRUCTIONS CONCERNING RETURNS IN SCHEDULES 217 AND 218

- 1. Schedules 217 and 218 should give particulars of stocks, bonds, other secured obligations, unsecured notes, and investment advances of affiliated companies and other investments held by the lessor companies included in this report at the close of the year specifically as investments, including the obligations of a State or local government, or of an individual, so held; investments made, disposed of, or written down during the year; and dividends and interest credited to income. They should exclude securities issued or assumed by respondents. For definition of affiliated companies, see the rules governing account No. 721, "Investments in affiliated companies," in the Uniform System of Accounts for Railroad Companies.
- 2. These investments should be subdivided to show the book value pledged, unpledged, and held in fund accounts. Under "pledged" include the book vale of securities recorded in accounts Nos. 721, "Investments in affiliated companies," and 722, "Other investments," which are deposited with some pledgee or other trustee, or held subject to the lien of a chattel mortgage, or subject to any other restriction or condition which makes them unavailable for general corporate purposes. "Unpledged" should include all securities held by or for the respondent free from any lien or restriction, recorded in the accounts mentioned above. Under "In sinking, insurance, and other funds" include the book value of securities recorded in accounts Nos. 715, "Sinking funds"; 716, "Capital and other reserve funds"; and 717, "Insurance and other funds."
- 3. For each lessor company, list the investments in the following order and show a total for each group and each class of investments by accounts in numerical order:
  - (A) Stocks:
    - (1) Carriers-active.
    - (2) Carriers-inactive.
    - (3) Noncarriers—active.
    - (4) Noncarriers-inactive.
  - (B) Bonds (Including U.S. Government bonds):
  - (C) Other secured obligations:
  - (D) Unsecured notes:
- (E) Investment advances:
- 4. The subclassification of classes (B), (C), (D), and (E) should be the same as that provided for class (A).
- 5. The kinds of industry represented by respondent's investments in the securities of other companies should be shown by symbol opposite the names of the issuing corporations, the symbols and industrial classifications to be as follows:

Symbol

Kind of Industry

- 1. Agriculture, ferestry, and fisheries
- II. Mining.
- III. Construction.
- IV. Manufacturing.
- V. Wholesale and retail trade.
- VI. Finance, insurance, and real estate.
- VIII. Transportation, communications, and other public utilities
- VIII. Services.
- IX. Government.
- X. All other.
- 6. By carriers, as the term is here used, is meant companies owning or operating railroads, facilities auxiliary thereto such as bridges, ferries, union depots and other terminal facilities, sleeping cars, parlor cars, dining cars, freight cars, express service and facilities, electric railways, highway motor vehicles, steamboats and other marine transportation equipment, pipe lines (other than those for transportation of water), and other instrumentalities devoted to the transportation of persons or property for hire. Telegraph and telephone companies are not meant to be included.
- 7. Noncarrier companies should, for the purposes of these schedules, include telephone companies, telegraph companies, mining companies, manufacturing companies, hotel companies, etc. Purely "holding companies" are to be classed as noncarrier companies, even though the securities held by such companies are largely or entirely those issued or assumed by carriers.
- 8. By an active corporation is meant one which maintains an organization for operating property or administering its financial affairs. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

### 217. INVESTMENTS IN AFFILIATED COMPANIES

Give particulars of investments in stocks, bonds, other secured obligations, unsecured notes, and investment advances of companies affiliated with respondent, included in accounts Nos. 715. "Sinking funds", 716, "Capital and other reserve funds", 721, "Investments in affiliated companies", and 717. "Insurance and other fur Enter the name of a reporting lessor in the body of the schedule and give, thereunder, particulars of its investments in affiliated..., anies before listing those of a second lessor. al and ratification of the stockholders has been obtained, state, in a footnote, the particulars of such condition and of the respondent's compliance therewith. It should be noted that section 20a of the Interstate Commerce Act makes it unlawful for a carrier to issue or assume any securities, unless and until, and then only to the extent that, the Commission by order authorizes such issue or assumption.

Entries in columns (f) and (n) should include stock nominally issued, nominally outstanding, and actually outstanding. For the purposes of this report, capital stock and other securities are considered to be nominally issued when certificates are signed and sealed and placed with the

proper officer for sale and delivery or are pledged or otherwise placed in some special fund of the respondent. They are considered to be actually issued when sold to a bona fide purchaser for valuable consideration, and such purchaser holds then free from control by the respondent. All securities actually issued and not reacquired by or for the respondent are considered to be actually outstanding. If reacquired by or for the respondent under such circumstances as require them to be considered as held alive, and not canceled or retired, they are considered to be nominally outstanding.

### 253. CAPITAL STOCK CHANGES DURING THE YEAR

Give full particulars of stocks actually or nominally issued (either original issues or reissues) and of stocks reacquired or canceled during the year. Enter the name of a reporting lessor company in the body of the schedule and give, thereunder, particulars of its capital stock changes during the year before listing those of a second lessor. These names should be listed in the order in which

they appear on the balance sheet. In column (c) state whether issued for construction of new properties, for additions and betterments, for purchase of railway or other property, for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. Also give the number and date of the authorization by the public authority under whose control such issue

For each class of par stock actually issued the sum of the entries in columns (e), (f), and (h), plus discounts or less premiums in column (g),

should equal the entry in column (d).

Particulars concerning the reacquirement of stock that was actually outstanding should be given in columns (a), (i), and (j).

NOTES AND REMARKS

### INSTRUCTIONS CONCERNING RETURNS TO BE MADE IN SCHEDULE 261 ON PAGES 38, 39, 40, AND 41

Give particulars of the various issues of securities in accounts Nos. 765, "Funded debt unmatured," 768, "Debt in default," 767, "Receivers' and Trustees' securities," 766, "Equipment obligations," and 764 "Equipment obligations and other debt due within 1 year," at the close of the year, together with interest accrued and interest paid during the year and total amount of matured interest in default. Include receipts outstanding for funded debt with their respective issues.

In column (a) enter the name of a reporting lessor company and give, thereunder, the name of each of its bonds or other obligations before listing those of a second lessor. The names of the lessors should be listed in the order in which they appear on the balance sheet. Classify the funded deby and securities of each lessor by accounts and according to the following designations in the numerical order given:

- (1) Mortgage bonds:
  - (a) With fixed interest.
  - (b) With contingent interest.
- (2) Collateral trust bonds:
  - (a) With fixed interest.
  - (b) With contingent interest.
- (3) Unsecured bonds (Debentures):
  - (a) With fixed interest
  - (b) With contingent interest.
- (4) Equipment obligations (Corporation):
  - (a) Equipment securities
  - (b) Conditional or deferred payment contracts.
- (5) Miscellaneous obligations.
- (6) Receivers' and trustees' securities:
  - (a) Equipment obligations.
  - (b) Other than equipment obligations.
- (7) Short-term notes in default.

Give totals for each group and subgroup of bonds or other obligations. Columns (f), (g), (h), (i), and (j) are intended further to classify the obligations of the company and are to be answered "Yes" or "No."

If an issue is a serial issue, the last date of maturity should be shown in column (c) preceded by the letter "S." If the payments required in the contracts for equipment obligations are unequal in amount (except for the last payment) or are to be made at irregular intervals, show a symbol against the entry made in column (c) opposite the name of such obligation and give particulars in a footnote.

If the issue is an income bond, the entry in column (d) should be the annual maximum rate of interest specified by the indenture. In column (k) show the approximate number of miles of road on which the mortgage is a direct first lien and in column (l) the approximate number of miles of road on which the mortgage is a direct junior lien. Do not consider any road or other property indirectly subject to either a first or junior lien through the pledge of collateral, leaseholds, or other contractual rights in making the returns required in columns (i), (j), (k), and (l).

In column (n) enter the amount of bonds both nominally and actually issued up to the date of the report and not the amount authorized.

Matured obligations amounting to less than \$50,000 which have not been presented for payment may be combined into a single entry designated "Minor items of matured obligations, each less than \$50,000," and the total of such items shown in a footnote.

No entries shall be made in this schedule with respect to issues of matured obligations nominally issued or nominally outstanding when no parts of such issues are actually outstanding.

For definitions of "nominally issued," "nominally outstanding," "actually issued," and "actually outstanding," see Schedule 251.

Entries in columns (v) and (w) should include interest accrued on funded debt reacquired, matured during the year, even though no portion of the issue is outstanding at the close of the year.

In column (y) enter the total in account No. 781, "Interest in default," at the close of the year.

On page 41, give particulars of changes during the year in funded debt and other obligations, following the same order in which they appear in the prior rages of this schedule.

In column (z) state whether issued for construction of new properties, for additions and betterments, for purchase of railroad or other property for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. Also give the number and date of authorization by the public authority under whose control such issue was made naming such authority. For nominally issued securities, show returns in columns (z) and (aa) only.

For each class of securities actually issued, the sula of the entries in columns (bb) and (cc), plus discounts or less premiums, such discounts or premiums to be shown in a footnote applicable to each issue, should equal the entry in column (aa). For definition of expense, reportable in column (cc), see Definition 10 in the Uniform System of Accounts for Railroad Companies.

Particulars concerning the reacquirement of securities that were actually outstanding should be reported in columns (a), (dd), and (ee).

Include those securities that have been called for payment during the year for which liability has been transferred to account No. 763, "Other current liabilities."
