#### Rail Notes in Dispute and Accrued Interest Applicable Thereto

On September 30, 1971, REA Express, Inc. filed a suit in U. S. District Court for the Southern District of New York contending, among other things, that notes held by various Railroads issued in 1959, amounting to \$27,206,376 are null and void. Such notes had a maturity date of December 31, 1973, and \$24,744,217 of the total was subordinated to all other Long-Term Debt. Interest on such notes has not been paid to the Railroads since April 1, 1971. The Board of Directors, on December 21, 1971, directed that such notes be removed as Long-Term Debt of the Company. Furthermore, it was directed that no provision be made for interest on such notes.

In 1975, the I.C.C. concluded that the notes had been validly approved by the Commission. After a petition for reconsideration was denied, a three Judge District Court, also sitting by special designation as a Second Circuit court of Appeals, affirmed the Commission on November 18, 1976.

The U.S. Supreme Court on June 13, 1977 refused to hear an appeal and affirmed prior decisions that the debt was legally incurred and valid.

The amount of the notes, \$27,206,376, has been restored as Long-Term Debt which arose prior to Chapter XI. The total is included in "Other Advances Payable" of \$27,911,457.

At February 18, 1975, when REA began operations as a Debtor in Possession, retained earnings (deficit) and current liabilities excluded \$5,267,427 of such interest.

Pursuant to the Railroad Settlement Agreement, the railroads' claims for principal and accrued prepetition interest will be recognized in REA's bankruptcy proceeding as general, pre-petition, unsecured claims, subject to the Trustee's reserving the right to seek equitable subordination of such principal and interest claims.
