#### NOTES TO FINANCIAL STATEMENTS

#### MAY 31, 1978

- 1 General Accounting Policies
  - a. The company is a freight forwarder of household goods operating under the authority of an I.C.C. Freight Forwarder's Permit.
  - b. The company has in existence operating agreements with van lines and agents thru which the company's jobs are shipped.
  - c. Revenue and expense are accounted for on the accrual method.
  - d. Revenue and the related costs are released to operations upon the completion of the shipment with which they are associated.
- 2 The Prepaid Expenses represent costs incurred in shipments not yet completed or billed at the balance sheet date.
- 3 The Note Receivable Manilla Agent represents funds loaned to a company agent to build facilities from which to operate. The Note is being repaid currently by withholding a portion of funds owed to the agent for each completed shipment.
- 4 Revenue Equipment Containers represents the cost of approximately 7,200 shipment containers purchased from June 1, 1977, thru May 31, 1978. Prior to June 1, 1977, containers purchased were charged directly to expense as the company was acquiring only containers for its own shipments. However, on June 1, 1977, the company acquired the entire existing container inventory of another shipper. From that point forward, the company has been leasing these containers to other shippers as well as using them for its own shipments.
- 5 Depreciation charged to current operations is on the straight line basis.

Revenue Equipment - Containers (3 year life) 102,747.35
Office Equipment (5 year life) 101.55
Total Charged to Current Operations 102,848.90

- 6 Carrying value I.C.C. Freight Forwarder's permit established in prior periods by costs incurred in order to utilize this permit.
- 7 The Federal and State income taxes payable are in accordance with the company's current income tax returns. The Deferred Income Taxes are due to the company's current method of charging containers to expense. Due to prior procedures observed by the company in reporting it's Federal Income Tax purposes, only \$98,000.00 of the current year's container purchases of \$303,242.04 were able to be recognized as an esset. Future container purchases of the company will be treated as referred to in Note 4 until this differal is eliminated.

#### NOTES TO FINANCIAL STATEMENTS

#### MAY 31, 1978

- 8 During the year ended May 31, 1978, Routed Thru Pac, Inc., a New York corporation was merged into Routed Thru Pac, Inc. a Maryland corporation. The merger was effected by the issuing of one (1) share of Class A stock for each 11,000 shares originally outstanding. Fractions had to be sold at \$1.00 for each old share. This amount (\$12,458.50) has been charged to Capital Surplus. Ten (10) shares of Class B stock were issued to effect the transfer.
- 9 The credits used to pay Federal Income Taxes were as follows:

New Jobs Credit Investment Tax Credit 3,167.63 10,298.76 13,466.39

12. Give a list of companies under common control with respondent

NONE

13. Furnish a complete list of all companies controlled by the respondent, either directly or indirectly, at the close of the year. List under each interest controlled company the companies controlled by it and under each company any others of more remote control. Each step of control should be appropriately indented from the left margin. After each company state the percentage, if any, of the voting power represented by securities owned by the immediately controlling company:

INTERNATIONAL CONTRINER SERVICES, INC. - 10000

14. Give a complete list showing companies controlling the respondent, as of the close of the year. Commence with the company which is the most remove and list under each such company the company immediately controlled by it. Each step of control should be appropriately indented from the left margin. After each company state the percentage, if any, of the voting power represented by securities owned by the immediately controlling company. When any company listed is immediately controlled by or through two or more companies jointly. Jist all such companies and list the controlled company under each of them, indicating its status by appropriate cross references:

INTERNATIONAL FREGENT, INC. - 1000/0

15. States in which traffic is originated and/or terminated: (check appropriate boxes)

# 17.—COMPENSATING BALANCES AND SHORT-TERM BORROWING ARRANGEMENTS

Using the following notes as a guideline, show the requirements of compensating balances and short-term borrowing arrangements if operating revenues are \$10 million or more. Footnote disclosure is required even though the arrangement is not reduced to writing

- 1. Disclose compensating balances not legally restricted, lines of credit used and unused, average interest rate of short-term borrowings outstanding at balance sheet date, maximum amount of outstanding borrowings during the period and the weighted average rate of those borrowings.
- 2. Time deposits and certificates of deposit constituting compensating balances not legally restricted should be disclosed
- 3. Compensating balance arrangements need only be disclosed for the latest fiscal year.
- 4. Compensating balances under an agreement which legally restricts the use of such funds, and which constitute support for short-term borrowing arrangements, should be included in section 18, account 101, Special cash deposits.
- 5. Compensating balances under an agreement which legally restricts the use of such funds and which constitute support for long-term borrowing arrangements and are reported in account 121, Special deposits, should also be separately disclosed below.
- 6. Compensating balance arrangements are sufficiently material to require disclosure in footnotes when the aggregate of written and oral agreement balances amount to 15 percent or more of liquid assets (current cash balances, restricted and unrestricted plus marketable securities).
- 7. When a carrier is not in compliance with a compensating balance requirement, that fact should be disclosed along with stated and possible sanctions whenever such possible sanctions may be immediate (not vague or unpredictable) and material.

NOT APPLICABLE

#### 18.-SPECIAL CASH DEPOSITS

For other than compensating balances, state separately each item of \$10,000 or more reflected in account 101. Special cash deposits, at the close of the year. Items of less than \$10,000 may be combined in a single entry and described as "Minor items less than \$10,000". For compensating balances, state separately the total amounts held on behalf of respondent and held on behalf of others.

#### 24.—RENTAL EXPENSE OF LESSEE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if gross rental expense in the most recent fiscal year exceeds one percent of operating revenue.

Otherwise, show total rental expense (reduced by rentals from subleases) entering into the determination of results of operations for each period for which an income statement is presented. Rental payments under short-term leases for a month or less which are not expected to be renewed need not be included. Contigent rentals, such as those based on usage or sales, shall be reported separately from the basic or minimum rentals.

| ine | Type of lease                  | Current year | Prior year |
|-----|--------------------------------|--------------|------------|
| No. |                                | Ch.2         | (e)        |
| 1   | Financing leases:              |              | ,          |
|     | Minimum rentals                |              |            |

NOTE. As used in sections 24 through 28, a "financing lease" is defined as a lease which, during the noncancellable lease period, either (a) covers 75% or more of the economic life of the property or (b) has terms which assure the lessor a full recovery of the fair market value (which would normally be represented by his investment) of the property at the inception of the lease plus a reasonable return on the use of the assets invested subject only to limited risk in the realization of the residual interest in the property and the credit risks generally associated with secured loans.

# 25.-MINIMUM RENTAL COMMITMENTS

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) gross rental expense in the most recent fiscal year

Show the minimum rental commitments under all noncancellable leases, as of the date of the latest balance sheet presented, in the aggregate exceeds one percent of operating revenue (with disclosure of the amounts applicable to noncapitalized financing leases) for (a) each of the five succeeding fiscal years, (b) each of the next three five-year periods; and, (c) the remainder as a single amount. The amounts so determined should be reduced by rentals to be received from existing noncancellable subleases (with disclosure of the amounts of such rentals). For purposes of this rule, a noncancellable lease is defined as one that has an initial or remaining term of more than one year and is noncancellable, or is cancellable only upon the occurrence of some remote contingency or upon the payment of a substantial penalty.

#### 27.-LEASE COMMITMENTS-PRESENT VALUE

Complete this schedule only if (a) carrier operating revenues are \$10 million or more and (b) if the present value of the minimum lease commitments are more than five percent of the sum of the long-term debt, stockholders' equity and the present value of the minimum lease commitments, or if the impact on net income (as computed in section 28, Income impact—Lessee) is three percent or more of the average net income for the most recent three years.

Show all noncapitalized financing leases, the present value of the minimum lease commitments in the aggregate and by major categories of properties. Present values shall be computed by discounting net lease payments (after subtracting, if practicable, estimated, or actual amounts, if any, applicable to taxes, insurance, maintenance and other operating expenses) at the interest rate implicit in the terms of each lease at the time of entering into the lease.

Show either the weighted average interest rate (bised on present value) and range of rates or specific interest rates for all lease commitments.

|                 | Present value                                                                        |                                                                                                                                        | Range                                                                                                                                                                                                                      |                                                                                                                                 | Weighted average                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                           |

# 28.-INCOME IMPACT-LESSEE

Complete this schedule only if carrier operating revenues are \$10 million or more.

If the impact on net income is less than three percent of the average net income for the most recent three years, a statement to that effect will suffice to complete this achedule. Otherwise, show the impact on net income for each period for which an income statement is presented if all noncapitalized financing leases were capitalized, related assets were amortized on a straight-line basis and interest cost was accrued on the basis of the outstanding lease liability. The amounts of amortization and interest cost shall be separately identified.

In calculating average net income, loss-years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test.

38. Give the particulars as called for concerning the respondent's employees and their compensation for the year. The data on number of employees shall be based on the number of employees on the payroll at close of pay period containing the 12th day of the months specified. If operations were interrupted during such period due to strikes, fires, floods, etc., the data should be reported for the nearest respresentative payroll period. Enter the total number of employees in each class on the payrolls covered by this report who worked full or part time or received pay for any part of the period reported.

#### Schedule 42,-SUMMARY OF FREIGHT LOSS AND DAMAGE CLAIMS

This schedule was adopted by the Commission in No. 35345 (Sub-No. 2) July 1, 1977

#### Approved by GAO Effective 12-23-77

Exclude from this schedule the revenues and claims insurred in connection with freight forwarder services and shipments which have a prior of subsequent movement by air. Line I should show all freight forwarder revenue in Account 501 Line 2 should show the number of claims paid during the year for robbery, theft and pilferage, and other shortage as defined below

Robbery - Failure to deliver all or part of a shipment as the result of stealing, including hijacking, with the use of force or threat of force against Claims for physical damage to freight in the same or other shipments resulting from robbery should be reported under a person or persons.

Robbery Theft and Pilfereage - Failure to deliver all or part of a shipment as the result of known stealing, or under circumstances indicating the probable cause was stealing, without use of force or threat of force against a person or persons, when it is known the freight was in the carrier's custody. Claims for physical damage to freight in the same or other shipments resulting directly from theft or pifferage should be reported under

Theft and Pilferage Other Shoringe - Failure to deliver all or part of a shipment for unknown reasons. This includes the unexplained disappearance of all or part of a shipment for reasons other than robbery or theft and pilferage as defined above

Line 3 should show the number of all other claims paid in full or in part during the year not reported on line 2.

Line 4 should include the net dollar amount of claims paid during the year. This includes claims paid in full or paid in part, less amounts recovered from underlying carriers, salvage, insurance, and claim refund cancellations.

Line 5 should show the ratio in percentage form (two decimal places).
