396. MISCELLANEOUS ITEMS IN INCOME AND RETAINED INCOME ACCOUNTS FOR THE YEAR

Give a detailed analysis of each item in accounts 508, "Profits from sale or disposition of property"; 283, "Miscellaneous credits"; 285, "Miscellaneous debits"; 286, "Miscellaneous reservations of retained income"; 570, "Extraordinary items"; and 590, "Income taxes on extraordinary items". Entries should be grouped by number with respect

to each account, and a total should be stated for each group. For accounts 508, 283, 285, and 286, each item amounting to \$10,000 or more should be stated; items less than \$10,000 in any account may be combined in a single entry under the appropriate account designated "Minor items, each less than \$10,000".

Line No.	Account No. (a)	Item (b)	Debits (c)	Credits (d)

NOTES AND MEMORANDA RELATING TO INCOME AND TO RETAINED INCOME ACCOUNTS

413. FLOATING EQUIPMENT

1. Give particulars of each piece of floating equipment which the respondent had available for use in its operations at the close of the year. Starter may be repeated in groups according to type and size, listing in each groupings and reflect the year built and the year acquired, columns (1) and (2).

2. In column (3) show the use of the letters indicated, whether the vessel or other equipment is fully owned (FF), acquired under the terms of an equipment lease (FL), sold under lease from others (L), or chartered from others for a period not greater than one year (C). Do not include equipment acquired or chartered to others as this equipment is not available for use at the close of the year.

3. In column (4), if adapted solely to transportation of freight, enter the symbol (FF) if solely for passenger transportation, (FF) if principally for freight, incidentally for passenger, (PP) if principally for passenger, incidentally for freight, (PP) if for towing, (TT) if for lightering, (L), etc.

4. In column (5) show the cargo deadweight tonnage capacity of the ship in tons of 2,240 pounds by deducting the weight of the fuel, water, stores, and dunnage from the gross weight of the vessel. (6) show the difference between the displacement light and the displacement loaded after subtracting the weight of the fuel, stores, etc.

Line No.	Name or other designation of item or trademark, if known	Year built	Year acquired	Number of hulls	Service for which adapted	Cargo deadweight carrying capacity in gross tons	CUBIC CAPACITY (feet)		Indicated passenger carrying capacity (if any)

413. FLOATING EQUIPMENT—Concluded

5. In column (g) show the space available for cargo measured in cubic feet to the inside of the cargo battens, on the frames, and to the under side of the beams.

6. In column (h) show the bulk capacity based on measurement to the inside of the shell plating of the ship, or to the outside of the frames, and to the top of the beams or underside of the deck plating.

7. In column (i) show the number of passengers which the vessel named is lawfully

permitted to carry.

8. In column (j) enter "Yes" or "No," as may be appropriate.

9. Equipment not self-propelling may, if the respondent so desires, be shown by classes only, stating the number of units for each class.

10. Columns (f), (g), (h), (i), and (j) are not applicable to tugboats.

SCHEDULE 541. FREIGHT CARRIED DURING THE YEAR

INSTRUCTIONS

Under the Commission's order of September 13, 1963, effective January 1, 1964, all carriers by water (subject to the provisions of Parts I and III of the Interstate Commerce Act assigned to Class A and B are required to compile and report freight commodity statistics annually. Reports shall be filed in duplicate in the Bureau of Accounts, Interstate Commerce Commission, Washington, D.C. 20423, by March 31 of the year following that for which the report is made.

Tonnage and revenue should be on a billed basis. Classify the commodities carried by the respondent in its water-line and motortruck operations and for the respondent in the vessels and motortrucks of other companies (carriers) under contract, in revenue service, the domestic revenues from which are includable in accounts No. 401, "Freight revenue" and 341, "Motor Carrier revenue" in accordance with the order of this Commission dated September 31, 1963. Maritime carriers should classify commodities the revenue from which are includable in account No. 405, "Freight-Coastwise and intercoastal". Separate the tonnage and revenue for each commodity code between "Joint rail and water traffic" and "All other traffic". The separation as to joint rail and water traffic and all other traffic may be omitted for commodity code 471, "Small packaged freight shipments".

Include under "Joint rail and water traffic" all shipments that, so far as apparent from the information on the waybills or abstracts thereof, are being transported partly by railroad and partly by water when both are used under a common control, management, or arrangement for a continuous carriage or shipment such as traffic moving on joint rail-water and rail motor-water rates.

Include under "All other traffic" all shipments that, so far as apparent from the information on the waybills or abstracts thereof, are transported from point of origin to point of destination solely by water, solely by truck, partly by water and partly by truck, or by any other combination which does not involve the interchanging of traffic with a railroad company; also, shipments moving on water rates when the carrier by water absorbs out of its port-to-port rates certain charges for switching, terminal, drayage, or other services within a port terminal district.

"Passenger cars, assembled" is confined to vehicles carried as revenue freight on freight rates and does not include those carried as an adjunct to passenger business.

Fuel and stores carried on any vessel for the purpose of operating and maintaining it should not be included in this schedule.

Include under "Joint rail and water traffic" and "All other traffic", the revenues that are applicable to the tonnage.

"Gross freight revenue" means reporting carrier's gross revenue from freight without adjustment for absorption or corrections.

In the "Note" on page 55 show the extent of joint motor-water traffic included in columns (e) and (f).

Commodity codes 01 through 462 shall include shipments weighing 10,000 pounds or more. Shipments of less than 10,000 pounds of one commodity shall be reported under commodity code 471, "Small packaged freight shipments" unless the reporting carrier elects to distribute all revenue freight among the other designated classes.

"Classify" means to assign an article of freight to its appropriate commodity class which may be a 3-, 4-, or 5-digit number. Always classify an article in the highest digit level possible. Use a 5-digit code if the article may be properly assigned to it. If there is no applicable 5-digit code, use a 4-digit code if available. If there is no applicable 4-digit code, then the article is classified at the 3-digit level.

For a 5-digit code, report the sum of all freight classified thereunder. For a 4-digit code, report the sum of all freight classified thereunder plus the sum of all 5-digit codes where the first four digits match. For a 3-digit code, report the sum of all 4-digit code numbers where the first three digits match, plus 5-digit code numbers where the first three digits match (provided they are not included in 4-digit codes), plus any articles classified at the 3-digit level. Generally the 3-digit codes are used in summaries. The 2-digit level is a summary of 3-digit codes where the first two digits match.

Commodities must not be classified to the codes with a "T" designation. Codes at the 2 and 3-digit level followed by a "T" always are totals of the related higher level codes shown on the report form; codes not so designated may include commodities classified directly thereunder and may not total.

"Piggyback traffic" is classified in the applicable commodity code if the commodity can be identified; where the commodity cannot be identified, classify in code 461 and summarize in code 46.

Codes 44 and 441, "Freight Forwarder Traffic" includes freight traffic shipped by or consigned to any forwarder holding a permit under Part IV of the Interstate Commerce Act.

"Shipper Association or Similar Traffic" Codes 45 and 451, include freight traffic shipped by a non-profit shipper association where the commodity cannot be identified; where the commodity can be identified, classify in the applicable commodity code.

REMARKS

542. FREIGHT AND PASSENGERS CARRIED DURING THE YEAR (DOMESTIC AND FOREIGN)

1. Give particulars called for hereunder with respect to domestic and foreign freight and passengers carried during the year. Tonnage and revenue should be on a billed basis.

2. The term "regulated" in column (c) refers to traffic transported by the respondent in service subject to the Interstate Commerce Act.

3. The terms as herein used: (a) "Foreign traffic" means traffic trans-

ported by water between a United States port and a foreign port without transshipment at a United States port; and (b) "Domestic traffic" means traffic transported by water between two United States ports, including transshipped traffic contemplated by section 392 (1) and (2) of the Interstate Commerce Act.

Line No.	Item (a)	Foreign traffic (b)	DOMESTIC TRAFFIC		Total (c)
			Regulated (c)	Unregulated (d)	
	Operating revenue				
1	Freight revenue		3,809,817	16,975,363	20,785,180
2	Passenger revenue

	Traffic carried				
6	Number of tons of freight		385,727	3,821,391	4,207,118
7	Number of passengers				

561. EMPLOYEES, SERVICE AND COMPENSATION

1. Give particulars of persons employed by the respondent during the year (or during any portion thereof) in connection with its common and/or contract carrier operations, including incidental construction and auxiliary operations.

2. In classifying employees among the classes listed in column (a), where any individual is properly classifiable in two or more classes, assign him to that class in which the principal portion of his service was rendered at the time of the count. If any persons in the regular service of the respondent were serving without compensation, they should nevertheless be included in the returns in column (b) and the matter should be fully explained in a footnote.

3. In column (b) show, properly classified with respect to occupation, the average number of employees in the service of the respondent during the year for classes in service the year round, and during the period of navigation for classes in service only during that period. Under "Remarks" state the methods by which these averages are determined. The numbers shown in this column should include only persons directly employed by the respondent; it should not include

employees of a company or person with whom the respondent has contracts for certain classes of work, as, for example, stevedoring at a green port, etc.

4. In column (c) show the total number of hours worked (or held for work) by employees compensated on an hourly basis. This number should be accurately stated and should exclude time allowed for lunch hours, half holidays, holidays, vacations, sick leave, etc., even though full compensation or part compensation is allowed for such time. It should include all overtime actually spent on work for the respondent even though no additional compensation is paid for such work. If the duties of certain general officers, traveling agents, solicitors, and other classes of employees compensated on other than an hourly basis are of such a nature that it is impracticable to record accurately the number of hours during which they are on duty, such number may be fairly estimated and the estimate number included in the return, in which case the basis for the estimate for each class is to be shown in a footnote.

5. In column (d) include the total compensation paid employees for the work represented in

561. EMPLOYEES, SERVICE AND COMPENSATION—Concluded

column (a). If any compensation was paid or is payable under other awards of the current year, include the amount applicable to the current year in column (b) and show the portion applicable to prior years (check box) in a footnote to column (b). For purposes of this report, labor awards are intended to cover payments resulting from the decisions of State Boards and voluntary awards to the respondents included therein.

4. If any person is employed by two or more partners jointly, he should be reported in column (b) by the partner in whose name he is carried. If on the payroll of more than one of the joint employers he should be reported by each partner as a separate payroll he was, and full particulars should be given in order to prevent the duplication of duplications. If an officer serves two or more

compensations and receives benefits from one of them he should be reported in column (b) only by the controlling or highest ranking of such compensations reporting to the Commission.

This report, total net include any employees engaged with on the construction of new property, if any such and included, that fact should be stated and particulars should be given in a footnote.

5. This schedule does not include mid-year retirement, and unemployment insurance taxes. See schedule 561 for such taxes.

			13	TOTAL	\$3,687,444

562. COMPENSATION OF OFFICERS, DIRECTORS, ETC.

1. In columns (a) and (b) enter the name and position of each of five persons named in Schedules 102 and 103 of this report to whom the respondent paid the largest amount during the year as compensation for current or past service over and above necessary expenses incurred in discharge of duties. In addition, list all other officers, directors, pensioners or employees, if any, to whom the respondent paid \$40,000 or more in total compensation during the year.

2. The salary per annum to be entered in column (c) is the annual rate at which an employee is paid rather than the amount actually paid for a part of a year. If the salary of an individual was increased or decreased during the year, show salary before each change as well as at close of year.

3. If an officer, director, etc., receives compensation from one or more of the affiliated companies listed in Schedule 104, reference to this fact should be made if the aggregate compensation from all companies amounts to \$40,000 or more.

4. Other compensation to be entered in column (d) includes, but is not

limited to, commissions, bonuses, shares in profits, contingent compensation, moneys paid, set aside or accrued pursuant to any pension, retirement, savings, deferred compensation, or similar plan including premiums paid for retirement annuities, or life insurance where the respondent is not the beneficiary (Premiums on group life insurance for benefits less than \$50,000 need not be reported), or any other arrangement which constitutes a form of compensation. Give the details of any plan not previously reported, the basis of determining the ultimate benefits payable, and the payments or provisions made during the year.

5. Also include in column (d) all remuneration paid, directly or indirectly, in the form of securities, options, warrants, rights or other property. Furnish particulars concerning any options, warrants, or rights issued or granted during the year including prices, expiration dates and other information relating to exercise of the options, warrants, or rights. Specify the amount of such securities or assets so entitled to be purchased by each officer, director, etc.

CONFIDENTIAL SCHEDULE ENCLOSED

563. PAYMENTS FOR SERVICES RENDERED BY OTHER THAN EMPLOYEES

In the form below give information concerning fees, retainers, commissions, gifts, contributions, assessments, bonuses, pensions, subscriptions, allowance for expenses, or other amounts payable aggregating \$10,000 or more during the year to any corporation, institution, association, firm, partnership, committee, or any person (other than one of respondent's employees covered in Schedule 562 in this annual report) for services or as a donation. In the case of contributions of under \$10,000 which are made in common with other carriers under a joint arrangement in payment for the performance of services or as a donation, each such contribution shall be reported, irrespective of the amount thereof, if the total amount paid by all contributors for the performance of the particular service is equal to the sum of \$10,000 or more.

To be included are, among others, payments, directly or indirectly, for legal, medical, engineering, advertising, valuation, accounting, statistical, financial, educational, entertainment, charitable, advisory, defensive, detective, developmental, research, appraisal, registration, purchasing, architectural, and hospital services; payments for expert testimony and for handling wage disputes; and payments for services of banks, bankers, trust companies, insurance companies, brokers, trans-

act, promoters, solicitors, consultants, actuaries, investigators, inspectors, and efficiency engineers. The enumeration of these kinds of payments should not be understood as excluding other payments for services not excluded below.

To be excluded are: Rent of buildings or other property, taxes payable to the Federal, State, or local governments, payments for heat, light, power, telegraph, and telephone services, and payments to other carriers on the basis of lawful tariff charges, as well as other payments for services which both as to their nature and amount may reasonably be regarded as ordinarily connected with the routine operation, maintenance, or construction of a waterline, but any special and unusual payments for services should be reported.

If more convenient, this schedule may be filled out for a group of companies considered as one system and shown only in the report of the principal company in the system, with references thereto in the reports of the other companies.

If any doubt exists in the mind of the reporting officer as to the reportability of any type of payment, request should be made for a ruling before filing this report.

TOTAL

Water Carrier Annual Report W-1

ANNUAL REPORT
to the
INTERSTATE COMMERCE COMMISSION
for the year ended
December 31, 1978

Schedule 562. Compensation Of Officers.

		<u>Salary Per Annum</u>	<u>Bonus</u>
Frank R. Markland	President	\$75,000	\$2,500
Kenneth F. Blackburn	Vice Pres. - Oper.	50,000	2,083
John F. Hynes	Vice Pres. - Admin.	40,600	1,353
John R. McKenzie	Vice Pres.	41,500	1,383
Vernon K. Morrison	Vice Pres. - Sales	46,500	969
Gerald A. Weinmann	Trea. & Ass't. Sec.	41,000	1,708

591. CONTRACTS, AGREEMENTS, ETC.

Hereunder give a concise statement of each important contract, agreement, arrangement, etc., with other companies or persons, together with important revisions, modifications, terminations, and other changes thereof, which became effective during the year, and concerned in any way the transportation of persons or things at other than tariff rates, making such statements in the following order:

1. Express companies.
2. Mail.
3. Trucking companies.
4. Freight or transportation companies or lines.
5. Railway companies.
6. Other steamboat or steamship companies.
7. Telegraph companies.

8. Telephoning companies.

9. Other contracts.

Information concerning contracts of minor importance may be omitted. A contract of minor importance is defined as one involving receipts or payments of less than \$1,000 per year, and which by its terms is otherwise unimportant.

The basis for computing receipts and payments should be fully stated in the case of each such contract, agreement, or arrangement.

Instead of giving statements as above directed, the respondent may, if it so desires, furnish copies of the contracts, agreements, etc., in which case the titles thereof should be listed hereunder in the order above indicated.

NONE

592. IMPORTANT CHANGES DURING THE YEAR

Hereunder state the matters called for. Make the statements explicit and precise, and number them in accordance with the inquiries; each inquiry should be fully answered, and if the word "none" truly states the fact it may be used in answering any particular inquiry. Where the information here called for is given elsewhere in this report, it will be sufficient for the respondent to give detailed reference hereunder to the page, schedule, line, and item containing such information.

1. All new lines put in operation, giving—
 - (a) Terminals.
 - (b) Points of call, and
 - (c) Dates of beginning operation.
2. All lines abandoned, giving particulars as above.
3. All other important physical changes, including herein all new terminal properties and floating equipment built, giving for each portion of such new terminal property—
 - (a) Location.
 - (b) Extent.
 - (c) Cost.

For each item of new self-propelling floating equipment built give—

- (a) Its name.
4. All leaseholds acquired or surrendered, giving—
 - (a) Dates.
 - (b) Lengths of terms.

(c) Names of parties.

(d) Rents, and

(e) Other conditions.

Furnish copies (if in print) of all contracts made during the year in connection with the acquisition of leasehold interests.

5. All consolidations, mergers, and reorganizations effected, giving particulars.

This statement should show the mileage, equipment, and cash value of property of each company as well as the consideration received by each company party to the action. State the dates on which consolidated, etc., and whether the prior companies have been dissolved. Copies of the articles of consolidation, merger, or reorganization should be filed with this report.

6. Adjustments in the book value of securities owned, and reasons therefor.
7. Other financial changes of more than \$50,000, not elsewhere provided for, giving full particulars.

NONE

Schedule 595—COMPETITIVE BIDDING—CLAYTON ANTI-TRUST ACT

Section 10 of the Clayton Antitrust Act (15 U.S.C. 20) states that "no common carrier engaged in commerce shall have any dealings in securities, supplies or other articles of commerce, or shall make or have any contracts for construction or maintenance of any kind to the amount of more than \$50,000, in the aggregate, in any one year, with another corporation, firm, partnership or association when the said common carrier shall have upon its board of directors or as its president, manager or as its purchasing or selling officer, or agent in the particular transaction, any person who is at the same time a director, manager, or purchasing or selling officer of, or who has any substantial interest in, such other corporation, firm, partnership or association, unless and except such purchases shall be made from, or such

dealings shall be made with, the bidder whose bid is the most favorable to such common carrier, to be ascertained by competitive bidding under regulations to be prescribed by rule or otherwise by the Interstate Commerce Commission." The specification for competitive bids is found in the Code of Federal Regulations, Part 1010-Competitive Bids through Part 1010.7-Carriers Subject to the Interstate Commerce Act.

In column (g), identify the company awarded the bid by including company name and address, name and title of respondent officers, directors, selling officer, purchasing officer and/or general manager that has an affiliation with the seller.

Line No.	Nature of bid (a)	Date Published (b)	Contract number (c)	No. of bidders (d)	Method of awarding bid (e)	Date filed with the Commission (f)	Company awarded bid (g)
1	Drydock Maintenance and Repair work on	Chicago: 1/16/78 to 1/24/78	SC 79	one	Lowest Bidder	4/14/78	Lemont Shipbuilding and Repair Co.
