### 282. DEPRECIATION BASE—EQUIPMENT OWNED

Show the ledger value of all equipment owned by each lessor company included in this report. The totals of columns (c) and (j) should correspond with the carrier's investment in equipment as carried in the accounts, as at the hearining and close of the

year, respectively. If the depreciation base is other than the ledger value a full explanation should be given, together with a statement by primary accounts reconciling the

difference between the figures used as the depreciation hase and those carried in the ledger as investment in equipment.
