TO THE

INTERSTATE COMMERCE COMMISSION

FOR THE

YEAR ENDED DECEMBER 31, 1969

NOTICE

1. This form for annual report should be filled out in triplicate and two copies returned to the Interstate Commerce Commission, Bureau of Accounts, Washington, D.C., 20423, by March 31 of the year following that for which the report is made. Attention is specially directed to the following provisions of Part I of the Interstate Commerce Act:

SEC. 20. (1) The Commission is hereby authorized to require annual, periodical, or special reports from carriers, lessors, * * * (as defined in this section), to prescribe the manner and form in which such reports shall be made, and to require from such carriers, lessors, * * * specific and full, true, and correct answers to all questions upon which the Commission may deem information to be necessary, classifying such carriers, lessors, * * * as it may deem proper for any of these purposes. Such annual reports shall give an account of the affairs of the carrier, lessor, * * * in such form and detail as may be prescribed by the Commission.

(2) Said annual reports shall contain all the required information for the period of twelve months ending on the 31st day of December in each year, unless the Commission shall specify a different date, and shall be made out under oath and filed with the Commission at its office in Washington within three months after the close of the year for which report is made, unless additional time be granted in any case by the Commission. * * *

(7) (b). Any person who shall knowingly and willfully make, cause to be made, or participate in the making of, any false entry in any annual or other report required under this section to be filed, * * * or shall knowingly or willfully file with the Commission any false report or other document, shall be deemed guilty of a misdemeanor and shall be subject, upon conviction in any court of the United States of competent jurisdiction to a fine of not more than five thousand dollars or imprisonment for not more than two years, or both such fine and imprisonment: * * *

(7) (c). Any carrier, or lessor, * * * or any officer, agent, employee, or representative thereof, who shall fail to make and file an annual or other report with the Commission within the time fixed by the Commission, or to make specific and full, true, and correct answer to any question within thirty days from the time it is lawfully required by the Commission so to do, shall forfeit to the United States the sum of one hundred dollars for each and every day it shall continue to be in default with respect thereto. * * *

(8) As used in this section * * * the term "carrier" means a common carrier subject to this part, and includes a receiver or trustee of such carrier; and the term "lessor" means a person owning a railroad, a water line, or a pipe line, leased to and operated by a common carrier subject to this part, and includes a receiver or trustee of such lessor, * * *

Each respondent is further required to send to the Bureau of Accounts, immediately upon preparation, two copies of its latest annual report to stockholders. See schedule 108, page 4.

2. The instructions in this form should be carefully observed, and each question should be answered fully and accurately, whether it has been answered in a previous annual report or not. Except in cases where they are specifically authorized, cancellations, arbitrary check marks, and the like should not be used either as partial or as entire answers to inquiries. If any inquiry, based on a preceding inquiry in the present report form, is, because of the answer rendered to such preceding inquiry, inapplicable to the person or corporation in whose behalf the report is made, such notation as "Not applicable; see page _____, schedule (or line) number _____" should be used in answer thereto, giving precise reference to the portion of the report showing the facts which make the inquiry inapplicable. Where the word "none" truly and completely states the fact, it should be given as the answer to any particular inquiry or any particular portion of an inquiry. Where dates are called for, the month and day should be stated as well as the year. Customary abbreviations may be used in stating dates.

3. Every annual report should, in all particulars, be complete in itself, and references to the returns of former years should not be made to take the place of required entries except as herein otherwise specifically directed or authorized.

4. If it be necessary or desirable to insert additional statements, typewritten or other, in a report, they should be legibly made on durable paper and, wherever practicable, on sheets not larger than a page of the form. Inserted sheets should be securely attached, preferably at the inner margin; attachment by pins or clips is insufficient.

5. All entries should be made in a permanent black ink. Those of a contrary character should be indicated in parenthesis. Items of an unusual character should be indicated by appropriate symbol and footnote.

Money items (except averages) throughout this annual report form should be shown in units of dollars adjusted to accord with footings.

6. Each respondent should make its annual report to this Commission in triplicate, retaining one copy in its files for reference in case correspondence with regard to such report becomes necessary. For this reason three copies of the form are supplied.

7. Railroad corporations, mainly distinguished as operating companies and lessor companies, are for the purpose of report to the Interstate Commerce Commission divided into classes. An operating company is one whose officers direct the business of transportation and whose books contain operating as well as financial accounts; and a lessor company, the property of which being leased to and operated by another company, is one that maintains a separate legal existence and keeps financial but not operating accounts. (In making reports, lessor companies use Annual Report Form E.)

Operating companies (including switching and terminal) are broadly classified, with respect to their operating revenues, according to the following general definitions:

Class I companies are those having annual operating revenues of \$5,000,000 or more. (For this class, Annual Report Form A is provided.)

Class II companies are those having annual operating revenues below \$5,000,000. (For this class, Annual Report Form C is provided.)

In applying this classification to any switching or terminal company which is operated as a joint facility of owning or tenant railways, the sum of the annual railway operating revenues, the joint facility rent income, and the returns to joint facility credit accounts in operating expenses, shall be used in determining its class.

8. Except where the context clearly indicates some other meaning, the following terms when used in this form have the meanings below stated:

Commission means the Interstate Commerce Commission. Respondent means each person or corporation in whose behalf the report is made. The year means the year ended December 31 for which the report is made. The close of the year means the close of business on December 31 of the year for which the report is made; or, in the case the report is made for a shorter period than one year, it means the close of the period covered by the report. The beginning of the year means the beginning of business on January 1 of the year for which the report is made; or, in case the report is made for a shorter period than one year, it means the beginning of the period covered by the report. The preceding year means the year ended December 31 of the year next preceding the year for which the report is made. The Uniform System of Accounts for Railroad Companies means the system of accounts in Part 1201 of Title 49, Code of Federal Regulations, as amended.

NOTES AND REMARKS REGARDING RETURNS IN SCHEDULE NO. 211 ON PAGES 202 AND 203

ABSTRACT OF THE PROVISIONS OF THE LEASE BEARING ON RESPONDENT'S LIABILITY TO REIMBURSE THE LESSEE FOR IMPROVEMENTS MADE ON THE LEASED RAILROAD PROPERTY

(See instructions on page 201A)

EXTRACT OF LEASE AND CONTRACT

"Fourteenth:- That if the said party of the second part shall, during the term hereby created, with the approval of the party of the first part, make any additionx, extensions, or improvements, to of or upon the premises hereby demised, or their appurtenances, then the said party of the second part, and to the extent of the lawful power of the said party of the first part, in the premises, issue to the said party of the second part an amount of bonds, bearing interest at the rate of six per cent., or shares of its Capital Stock, equal at par, to the cost of such additions, extensions or improvements, and thereafter the rental payable by the party of the second part to the party of the first part shall be increased by a sum equal to the amount required to pay the interest upon such bonds, of which would then be payable as a dividend upon a like amount of the now existing capital stock of the party of the first part at the rate of dividend hereinbefore specified."

GENERAL INSTRUCTIONS CONCERNING RETURNS IN SCHEDULES 217 AND 218

1. Schedules 217 and 218 should give particulars of stocks, bonds, other secured obligations, unsecured notes, and investment advances of affiliated companies and other investments held, by the lessor companies included in this report, at the close of the year, specifically as investments, including the obligations of a State or local government, or of an individual, so held; investments made, disposed of, or written down during the year; and dividends and interest credited to income. They should exclude securities issued or assumed by respondents. For definition of affiliated companies, see the rules governing account No. 721, "Investments in affiliated companies," in the Uniform System of Accounts for Railroad Companies.

2. These investments should be subdivided to show the par value pledged, unpledged, and held in fund accounts. Under "pledged" include the par value of securities recorded in accounts Nos. 721, "Investments in affiliated companies," and 722, "Other investments," which are deposited with some pledgee or other trustee, or held subject to the lien of a chattel mortgage, or subject to any other restriction or condition which makes them unavailable for general corporate purposes. "Unpledged" should include all securities held by or for the respondent free from any lien or restriction, recorded in the accounts mentioned above. Under "In sinking, insurance, and other funds" include the par value of securities recorded in accounts Nos. 715, "Sinking funds"; 716, "Capital and other reserve funds"; and 717, "Insurance and other funds."

3. For each lessor company, list the investments in the following order and show a total for each group and each class of investments by accounts in numerical order:

(A) Stocks:

- (1) Carriers—active.
- (2) Carriers—inactive.
- (3) Noncarriers—active.
- (4) Noncarriers—inactive.

(B) Bonds (Including U. S. Government bonds):

(C) Other secured obligations:

(D) Unsecured notes:

(E) Investment advances:

4. The subclassification of classes (B), (C), (D), and (E) should be the same as that provided for class (A).

5. The kinds of industry represented by respondent's investments in the securities of other companies should be shown by symbol opposite the names of the issuing corporations, the symbols and industrial classifications to be as follows:

Symbol	Kind of Industry
I.	Agriculture, forestry, and fisheries.
II.	Mining.
III.	Construction.
IV.	Manufacturing.
V.	Wholesale and retail trade.
VI.	Finance, insurance, and real estate.
VII.	Transportation, communications, and other public utilities.
VIII.	Services.
IX.	Government.
X.	All other.

6. By carriers, as the term is here used, is meant companies owning or operating railroads, facilities auxiliary thereto such as bridges, ferries, union depots and other terminal facilities, sleeping cars, parlor cars, dining cars, freight cars, express service and facilities, electric railways, highway motor vehicles, steamboats and other marine transportation equipment, pipe lines (other than those for transportation of water), and other instrumentalities devoted to the transportation of persons or property for hire. Telegraph and telephone companies are not meant to be included.

7. Noncarrier companies should, for the purposes of these schedules, include telephone companies, telegraph companies, mining companies, manufacturing companies, hotel companies, etc. Purely "holding companies" are to be classed as noncarrier companies, even though the securities held by such companies are largely or entirely those issued or assumed by carriers.

8. By an active corporation is meant one which maintains an organization for operating property or administering its financial affairs. An inactive corporation is one which has been practically absorbed in a controlling corporation, and which neither operates property nor administers its financial affairs; if it maintains an organization it does so only for the purpose of complying with legal requirements and maintaining title to property or franchises.

217. INVESTMENTS IN AFFILIATED COMPANIES

Give particulars of investments in stocks, bonds, other secured obligations, unsecured notes, and investment advances of companies affiliated with respondent, included in accounts Nos. 718, "Sinking funds"; 716, "Capital and other reserve funds"; 721, "Investments in affiliated companies"; and 717, "Insurance and other funds."

Enter the name of a reporting lessor company in the body of the schedule and give, thereunder, particulars of its investments in affiliated companies before listing those of a second lessor. These names should be listed in the order in which they appear on the balance sheet.

Entries in this schedule should be made in accordance with the definitions and general instruc-

tions given on page 211, classifying the investments by means of letters, figures, and symbols in columns (a), (b), and (c).

Indicate by means of an arbitrary mark in column (d) the obligation in support of which any security is pledged, mortgaged, or otherwise encumbered, giving names and other important particulars of such obligations in footnotes.

Give totals for each class and for each subclass, and a grand total for each account.

Entries in column (d) should show date of maturity of bonds and other evidences of indebtedness. In case obligations of the same designation mature serially, the date in column (d) may be

reported as "Serially 19..... to 19....." In making entries in this column, abbreviations in common use in standard financial publications may be used where necessary on account of limited space.

If any of the companies included in this schedule are controlled by respondent, the percent of control should be given in column (e). In case any company listed is controlled other than through actual ownership of securities, give particulars in a footnote. In cases of joint control, give names of other parties and particulars of control.

For nonpar stock, show the number of shares in lieu of the par value in columns (f), (g), (h), (i), (k), and (m).

In reporting advances, columns (f), (g), (h), (i), (k), and (m) should be left blank, if any advances are pledged, give particulars in a footnote.

Particulars of investments made, disposed of, or written down during the year should be given in columns (k) to (o), inclusive. If the cost of any investment made during the year differs from the book value reported in column (i), explain the matter in a footnote. By "cost" is meant the consideration given minus accrued interest or dividends included therein. If the consideration given or received for such investments was other than cash, describe the transaction in a footnote. Identify all entries in column (n) which represent a reduction in the book value of securities by symbol and give full explanation in a footnote in each case.

This schedule should not include securities issued or assumed by respondent.

6. Entries in column (d) should show date of maturity of bonds and other evidences of indebtedness. In case obligations of the same designation mature serially, the date in column (d) may be reported as "serially 19..... to 19.....". In making entries in this column, abbreviations in common use in standard financial publications may be used where necessary on account of limited space.

7. For nonpar stock, show the number of shares in lieu of the par value in columns (e), (f), (g), (h), (i), and (j).

8. In reporting advances, columns (e), (f), (g), (h), (i), and (j) should be left blank. If any advances are pledged, give particulars in a footnote.

9. Particulars of investments made, disposed of, or written down during the year should be given in columns (j) to (n), inclusive. If the cost of any investment made during the year differs from the book value reported in column (k), explain the netter in a footnote. By "cost" is meant the consideration given minus accrued interest or dividends included therein. If the consideration given or received for such investments was other than cash, describe the transaction in a footnote. Identify all entries in column (m) which represent a reduction in the book value of securities by symbol and give full explanation in a footnote in each case.

221. SECURITIES, ADVANCES, AND OTHER INTANGIBLES OWNED OR CONTROLLED THROUGH NONREPORTING CARRIER OR NONCARRIER SUBSIDIARIES—Concluded

This schedule should include all securities, open account advances, and other intangible property owned or controlled through nonreporting carrier and noncarrier subsidiaries, as well as those of other organizations or individuals whose actions respondent is able to determine.

Investments in U. S. Treasury obligations may be combined in a single item.

251. CAPITAL STOCK

Give particulars of the various issues of capital stock which were in existence at the close of the year.

Show separate returns for each lessor company included in this report, classifying the stocks as follows:

Common.

Preferred.

Debenture.

Receipts outstanding.

State, in a footnote, the class of stock covered by the receipts.

In case any "Preferred" or "Debenture" stock is outstanding, the rate of dividend requirements should be shown in column (b), and it should

be stated whether the dividends are cumulative or noncumulative. If the designation of any class of stock shown in column (b) is not sufficiently descriptive to indicate clearly its dividend rights and equity in the assets of the respondent, a complete statement of the facts should be given.

In stating the date of an authorization, the date of the latest assent or ratification necessary to its validity should be shown; e. g., in case an authorization is required to be ratified by stockholders after action by the board of directors, but is not required to be approved by any State or other governmental board or officer, give the date of approval by stockholders; if the assent of a State railroad commission or other public board or officer is necessary, give the date of such assent, or if subsequent

to such assent notice has to be filed with a secretary of state or other public officer and a tax or other fee has to be paid as a *condition precedent* to the validity of the issue, give the date of such payment. In case some *condition precedent* has to be complied with after the approval and ratification of the stockholders has been obtained, state, in a footnote, the particulars of such condition and of the respondent's compliance therewith. It should be noted that section 20a of the Interstate Commerce Act makes it unlawful for a carrier to issue or assume any securities, unless and until, and then only to the extent that, the Commission by order authorizes such issue or assumption.

Entries in columns (f) and (n) should include stock nominally issued,

nominally outstanding, and actually outstanding. For the purposes of this report, capital stock and other securities are considered to be *nominally issued* when certificates are signed and sealed and placed with the proper officer for sale and delivery or are pledged or otherwise placed in some special fund of the respondent. They are considered to be *actually issued* when sold to a bona fide purchaser for a valuable consideration, and such purchaser holds them free from control by the respondent. All securities actually issued and not reacquired by or for the respondent are considered to be *actually outstanding*. If reacquired by or for the respondent under such circumstances as require them to be considered as held alive, and not canceled or retired, they are considered to be *nominally outstanding*.

Give full particulars of stocks actually or nominally issued (either original issues or reissues) and of stocks reacquired or canceled during the year. Enter the name of a reporting lessor company in the body of the schedule and give, thereunder, particulars of its capital stock changes during the year before listing those of a second lessor. These

names should be listed in the order in which they appear on the balance sheet. In column (c) state whether issued for construction of new properties, for additions and betterments, for purchase of railway or other property, for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. In column (e) include as cash all money, checks, drafts, bills of exchange, and other commercial paper payable at par on demand. For nominally issued stock, show returns in columns (a), (b), (c), and (d) only. For each class of par

stock actually issued the sum of the entries in columns (e), (f), and (h), plus discounts or less premiums in column (g), should equal the entry in column (d).

Particulars concerning the reacquirement of stock that was actually outstanding should be given in columns (a), (i), and (j).

INSTRUCTIONS CONCERNING RETURNS TO BE MADE IN SCHEDULE 261 ON PAGES 228A, 228B, 228C, AND 228D

Give particulars of the various issues of securities in accounts Nos. 765, "Funded debt unmatured," 768, "Debt in default," 767, "Receivers' and trustees' securities," 766, "Equipment obligations," and 764, "Equipment obligations and other debt due within 1 year," at the close of the year, together with interest accrued and interest paid during the year and total amount of matured interest in default. Include receipts outstanding for funded debt with their respective issues.

In column (a) enter the name of a reporting lessor company and give, thereunder, the name of each of its bonds or other obligations before listing those of a second lessor. The names of the lessors should be listed in the order in which they appear on the balance sheet. Classify the funded debt and securities of each lessor by accounts and according to the following designations in the numerical order given:

- (1) Mortgage bonds:
 - (a) With fixed interest.
 - (b) With contingent interest.
- (2) Collateral trust bonds:
 - (a) With fixed interest.
 - (b) With contingent interest.
- (3) Unsecured bonds (Debentures):
 - (a) With fixed interest.
 - (b) With contingent interest.
- (4) Equipment obligations (Corporation):
 - (a) Equipment securities.
 - (b) Conditional or deferred payment contracts.
- (5) Miscellaneous obligations.
- (6) Receivers' and trustees' securities:
 - (a) Equipment obligations.
 - (b) Other than equipment obligations.
- (7) Short-term notes in default.

Give totals for each group and subgroup of bonds or other obligations. Columns (f), (g), (h), (i), and (j) are intended further to classify the obligations of the company and are to be answered "Yes" or "No."

If an issue is a serial issue, the last date of maturity should be shown in column (c) preceded by the letter "S." If the payments required in the contracts for equipment obligations are unequal in amount (except for the last payment) or are to be made at irregular intervals, show a symbol against the entry made in column (c) opposite the name of such obligation and give particulars in a footnote.

If the issue is an income bond, the entry in column (d) should be the annual maximum rate of interest specified by the indenture. In column (k) show the approximate number of miles of road on which the mortgage is a direct first lien and in column (l) the approximate number of miles of road on which the mortgage is a direct junior lien. Do not consider any road or other property indirectly subject to either a first or junior lien through the pledge of collateral, leaseholds, or other contractual rights in making the returns required in columns (i), (j), (k), and (l).

In column (n) enter the amount of bonds both nominally and actually issued up to the date of the report and not the amount authorized.

Matured obligations amounting to less than \$50,000 which have not been presented for payment may be combined into a single entry designated "Minor items of matured obligations, each less than \$50,000," and the total of such items shown in a footnote.

No entries shall be made in this schedule with respect to issues of matured obligations nominally issued or nominally outstanding when no parts of such issues are actually outstanding.

For definitions of "nominally issued," "nominally outstanding," "actually issued," and "actually outstanding," see Schedule 251.

Entries in columns (e) and (w) should include interest accrued on funded debt reacquired, matured during the year, even though no portion of the issue is outstanding at the close of the year.

In column (y) enter the total in account No. 781, "Interest in default," at the close of the year.

On page 228D, give particulars of changes during the year in funded debt and other obligations, following the same order in which they appear in the prior pages of this schedule.

In column (z) state whether issued for construction of new properties, for additions and betterments, for purchase of railroad or other property for conversion, for acquisition of securities, for reorganization, or for other corporate purposes. Also give the number and date of authorization by the public authority under whose control such issue was made, naming such authority. For nominally issued securities, show returns in columns (z) and (aa) only.

For each class of securities actually issued, the sum of the entries in columns (bb) and (cc), plus discounts or less premiums, such discounts or premiums to be shown in a footnote applicable to each issue, should equal the entry in column (aa). For definition of expense, reportable in column (cc), see Definition 10 in the Uniform System of Accounts for Railroad Companies.

Particulars concerning the reacquirement of securities that were actually outstanding should be reported in columns (a), (dd), and (ee).

Include those securities that have been called for payment during the year for which liability has been transferred to account No. 763, "Other current liabilities."

(For lessors to other than switching and terminal companies)

Give particulars of the mileage owned by each lessor company included in this report. If a company of this class controls any mileage by lease, and, in turn, subleases such mileage to another company, give particulars in a footnote. In giving "Miles of road", column (c), state the actual single-track distance between termini.

The classes of tracks are defined as follows:

Running tracks.—Running tracks, passing tracks, cross-overs, etc., including turn-outs from those tracks to clearance points.

Way switching tracks.—Station, team, industry, and other switching tracks for which no separate switching service is maintained.

Yard switching tracks.—Yards where separate switching services are maintained, including classification, house, team, industry, and other tracks switched by yard locomotives.

In the lower table, classify the mileage of road owned at close of year by States and Territories. The figures should apply to single-track mileage only. Enter names of States or Territories in the column headings. Lengths should be stated to the nearest hundredth of a mile.

581. CONTRACTS, AGREEMENTS, ETC.

Hereunder give a concise statement of each important contract, agreement, arrangement, etc., with other companies or persons, together with important revisions, modifications, terminations, and other changes thereof, which became effective during the year, and concerned in any way the transportation of persons or things at other than tariff rates, or the purchase of equipment under conditional sales plans without the issuance of securities by respondent, making such statements in the following order:

1. Express companies.
2. Mail.
3. Sleeping, parlor, and dining car companies.
4. Freight or transportation companies or lines.
5. Other railway companies.
6. Steamboat or steamship companies.
7. Telegraph companies.

9. Equipment purchased under conditional sales contracts.
10. Other contracts.

Under item 9, give particulars of conditional sales agreements, lease or rental contracts, and other similar instruments, entered into by respondent for the purchase of equipment, which provide for payment in installments and do not involve the issuance of securities by respondent. State the names of the parties to the contracts or agreements, the number of units of each class of equipment covered, and the terms and conditions of payment.

Information concerning contracts of minor importance may be omitted. A contract of minor importance is defined as one involving receipts or payments of less than \$5,000 per year, and which by its terms is otherwise unimportant.

In lieu of giving abstracts, copies of contracts may be filed. Every copy of a contract furnished in connection with the foregoing requirement should be listed hereunder.

The basis for computing receipts and payments should be fully stated in the case of each such contract, agreement, or arrangement.

Compliance with the requirements of this schedule does not relieve the respondent of the duty placed upon common carriers by section 6 (5), Part I, of the Interstate Commerce Act, which reads as follows:

"Every common carrier subject to this part shall also file with said Commission copies of all contracts, agreements, or arrangements with other common carriers in relation to any traffic affected by the provisions of this part to which it may be a party. Provided, however, that the Commission, by regulations, may provide for exceptions from the requirements of this paragraph in the case of any class or classes of contracts, agreements, or arrangements, the filing of which, in its opinion, is not necessary in the public interest."

591. CHANGES DURING THE YEAR

Hereunder state the matters called for. Make the statements explicit and precise, and number them in accordance with the inquiries; each inquiry should be fully answered, and if the word "none" truly states the fact it may be used in answering any particular inquiry. Changes in mileage should be reported by classes and stated to the nearest hundredth of a mile.

1. All increases and decreases in mileage, classifying the changes in the tables below as follows:

(Class 1) Line owned by respondent.

(Class 2) Line owned by proprietary companies.

2. For changes in miles of road, give dates of beginning or abandonment of operations. If any changes reportable in this schedule occurred under authority granted by the Commission in certificates of convenience and necessity, issued under paragraphs (18) to (22) of section 1 of the Interstate Commerce Act or otherwise, specific reference to such authority should in each case be made by docket number or otherwise, as may be appropriate.

3. All consolidations, mergers, and reorganizations effected, giving particulars.

This statement should show the mileage, equipment, and cash value of property of each company as well as the consideration received by each company party to the action. State the dates on which consolidated, etc., and whether the prior companies have been dissolved. Copies of the articles of consolidation, merger, or reorganization should be filed with this report.

4. Adjustments in the book value of securities owned, and reasons therefor.

5. Other financial changes of more than \$50,000, not elsewhere provided for, giving full particulars.
