Dear Chairman Thune, Ranking Member Nelson, Subcommittee Chairman Fischer, and Subcommittee Ranking Member Booker:

We are writing to transmit a series of reports pertaining to the implementation of the Surface Transportation Board Reauthorization Act of 2015, Public Law 114-110 ("Reauthorization Act" or "Act"). The Board has prepared these reports with the goal of not just meeting the requirements of the law but also improving our transparency. Besides keeping Congress informed of our activities and our progress, we recognized that these reports are also important to our stakeholders.

We also appreciate receiving Chairman Thune's letter dated March 31, 2016, detailing expectations for the Board's reports, as well as other matters before the Board. We believe the enclosed reports closely comply with those expectations but are open to continued dialogue to ensure that the reports are as useful as possible.

The enclosed implementation status report for the month of March describes the progress made on the key initiatives of the Reauthorization Act. We also include the first quarterly reports on rate case review metrics, and formal and informal service complaints, which have been prepared pursuant to Section 6(b) of the Act and posted on the Board's website. Finally, enclosed is the second quarterly report on unfinished regulatory proceedings pursuant to Section 15 of the Act, reformatted to provide additional information on the status of these open matters.

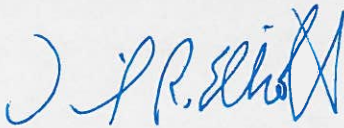

Investigative Authority. The Board is working to implement its new investigative authority in accordance with the objectives of the Reauthorization Act. This ongoing work will culminate in the issuance of a notice of proposed rulemaking and subsequent final rules, which we intend to complete by the end of this year.

Rate Cases. The Board continues implementation of the Act's provisions related to improving the processing of rate reasonableness cases. The Board began this implementation with rules issued on March 9, 2016, regarding rate case procedural schedules. Pursuant to Section 11 of the Act, the Board announced on March 15, 2016, that it will hold a series of informal meetings with practitioners, consultants, and stakeholders who have significant experience in litigation matters, including stand-alone cost rate cases, to share their views and ideas for expediting rate cases. Those meetings are scheduled to be held in April, and we will initiate a proceeding by June 15, 2016, in accordance with the Act.

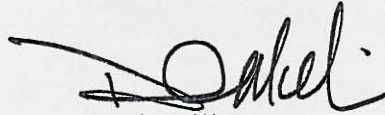

Board Member Communications. In March, we held another productive meeting pursuant to the Board's new collaborative discussion authority established by the Act, at which the Board and staff members discussed modifying our existing arbitration rules consistent with the requirements of the Reauthorization Act. A summary of this meeting is posted in the Reauthorization Act section of the Board's website.

Thank you for your ongoing interest in our work implementing the Reauthorization Act. We hope this information is helpful to you. Please do not hesitate to contact us with questions or concerns about this or any other matter before the Board.

Sincerely,

Daniel R. Elliott III  
Chairman

Deb Miller  
Vice Chairman

Ann D. Begeman  
Commissioner
