

Web Content Inventory and Publication Schedule

STB Web Site (<http://www.stb.dot.gov>)

Section 207(f)(2) of the E-Government Act of 2002 requires each Federal agency to develop an inventory of information to be published on their Web sites, establish a schedule for publishing information, and make schedules available for public comment.

In the table below, STB has identified existing and planned Web site content. If you have suggestions for additional information that should be made available, please send an e-mail to webmaster@stb.dot.gov.
