Re: *STB Docket No. EP 724-3 - United States Rail Service Issues- Data Collection*

Dear Mr. Elliott, Ms Begeman and Ms Miller:

I am writing to provide comment on the service data that we are filing contemporaneous herewith in response to the Board's data collection order of October 8, 2014.

CP's US network continues to be fluid and in good operating condition, as it has for months. Again this week, system average train speed, weekly average terminal dwell, and cars on line data are all good.

Our outstanding grain car orders remain at zero this reporting week, as they have for the previous twenty one weeks. We spotted a total of 1820 grain cars this week, which total includes single cars and cars in dedicated trains, and we received 1207 new grain car orders. From a grain order perspective, we continue to be current in the United States.

The Rapid City, Pierre & Eastern Railroad (RCP&E) did not request any grain cars this week. On average there was a minus two CP/RCP&E locomotive balance this reporting week, meaning there were two more RCP&E locomotives on CP than CP locomotives on RCP&E.

Sincerely,

Robert Johnson
Senior Vice President Operations

EP 724(3) - US RAIL SERVICE ISSUES - DATA COLLECTION

Railroad: CPRS	Year: 2015	Reporting Week: 28	Date Week Began:	7/5/2015
			Date Week Ended:	7/11/2015

1. System-Average Train Speed by Train Type for the Reporting Week (MPH)	
Intermodal	32.7
Grain unit	27.4
Coal unit	23.6
Automotive unit	27.7
Crude oil unit	24.6
Ethanol unit	20.9
Manifest	24.1
All Other	22.7

2. Weekly Average Terminal Dwell Time Measured in Hours Excluding Cars on Run Through Trains	
System Average	15.5

2. Weekly Average Terminal Dwell Time Measured in Hours for 10 Largest Terminals In Terms Of Railcar Capacity	
ALBANY	6.5
BENSENVILLE	13.8
BINGHAMTON	19.3
GLENWOOD	11.3
HARVEY	10.3
LA CROSSE	24.9
